Stacey Gabel Inspired by her young son's fascinations with tractors and his equally strong desire to learn, read and inspect anything to do with tractors, Stacey wanted to create a book for a genre that didn't seem to exist. She wanted to give young readers, like her son, something more than just tractor brochures to read. As a result, Stacey has authored a first reader book dealing with tractors and what these great machines accomplish on a farm. As a young girl growing up in Northwest Ohio, Stacey spent countless hours reading books, playing school and babysitting children. These same activities shaped her career as a middle school teacher and now author. Stacey holds a bachelor's degree in elementary education from the Ohio State University and a master's degree in elementary education from Bowling Green State University. She still resides in rural northwest Ohio with her husband and two children.
