

Baby Zeke Rescue Mission The Diary Of A Chicken Jockey Book 3 An Unofficial Minecraft Autobiography Baby Zeke The Chicken Jockey Volume 3

He found out he was a father... One glance at the doe-eyed girl in the photo melted the icy walls around Zeke Chambers's heart. Till then, he'd kept his past secret, his feelings hidden. But now he had to reach out—for the help he needed to rescue his child.... Zeke needed a wife in twenty-four hours. But could he ask Elizabeth Egan, the woman he secretly loved, to marry him for a pretense, to put her life in danger? With a killer in pursuit and the fate of his child in the balance, Zeke had no other choice. When he looked at Elizabeth he dreamed of forming the perfect little family. But it was a fantasy, like hearing her say she loved him.... And fantasy was a luxury he couldn't afford...until he got his daughter back.... 43 Light St. Where suspense and romance meet!

People Farm tells the true story of a brilliant man whose tragic flaws destroy him, and the young man who wants nothing more than to be like his mentor. Is Rancho Vista the cradle of unconditional love or a wilderness sex cult? Dr. Cyrus Aaron calls the Ranch his "human relations laboratory." Is he a courageous advocate for youth or a psychopathic predator? Dr. Aaron's young protégés believe he is their savior, but are horrified by what they do with the power he gives them. Aaron's star pupil Steve yearns to be like his brilliant mentor. But growing up means becoming himself instead.

Storm Warnings by Judi Lind released on Jul 25, 1997 is available now for purchase.

He was selected from the cream of American youth, with admission standards much more restrictive than any other branch of the military. Well-trained pilots flying superior new fighter aircraft against an enemy, losing its best pilots and unable to afford the luxury of extended training, brought about the inevitable defeat of the Axis air forces. This is their story.

Spiritual adventurers are burning for truth, hungry for ways to affect and improve their destiny. Tarot can deliver, but most books offer impractical, confusing, irrelevant and regurgitated card interpretations, causing seekers to throw up their hands to say "I just don't get it!" The good news? No Golden Dawn snooze-fest or Crowley catatonia in the book you're holding. With raw simplicity and outrageous honesty, author Janet Boyer presents helpful, hilarious and relevant advice that will forever change how you see the cards, and finally equip you to understand, and read, the Tarot. No punches pulled. No sugarcoating. It's time to be forearmed, forewarned and foresighted. It's time to get...naked. '...a hard hitting, belly-laugh inducing, no nonsense guide to Tarot.' Jenne Perlstein

The heroine's journey echoes throughout ancient legend. Each young woman combats her dark side and emerges stronger. This quest is also a staple of

American comic books. Wonder Woman with semi-divine powers gives us a new female-centered creation story. Batgirl, Batwoman and Black Widow discover their enemy is the dark mother or shadow twin, with the savagery they've rejected in themselves. Supergirl similarly struggles but keeps harmony with her sister. From Jessica Jones and Catwoman to the new superwomen of cutting-edge webcomics, each heroine must go into the dark, to become not a warrior but a savior. Women like Captain Marvel and Storm sacrifice all to join the ranks of superheroes, while their feminine powers and dazzling costumes reflect the most ancient tales.

BLACK SABBATH The young woman had died hard. Detective Jon Steel was familiar with violent death in its many varied forms, but the slaughter which met his eyes at St. Mary's Cathedral was something entirely new. The evidence told him that the beautiful young victim had been brutally executed as a human sacrifice in some perverted black magic ceremony. Steel's task—to track the occult killers along a trail fraught with sudden death, and eradicate them before they can complete their hideous grand design.

To save a friend's life, she'll sacrifice anything. Even herself. Brynna Monet is on a man diet for the rest of her life. No more G-men, spies, or soldiers, period. Willpower comes easily from the scars left on her heart by a string of dominant bad boys who have all asked too high a price for her passion—her trust. When the unspeakable happens and her best friend is abducted by a madman, Brynn is assigned as a secret consultant on one of the military's riskiest rescue missions, but she's got help from a pair of the Special Forces' most notorious bad boys—Rhett Lange and Rebel Stafford. From the moment Brynn lands in the middle of a Texas wilderness with these two, she questions the sanity of her decision—and the survival of her willpower. Like the most decadent dominant dessert, Rhett and Rebel embody everything her body craves—and everything her spirit fears. Their control unravels her fantasies, their command exposes her desire...and their courage moves her heart. But, like all dreams, it's temporary. She knows better than to give up her trust—until the fate of the mission hinges on exactly that. Can she face her biggest fear to save a friend's life while retaining her own soul?

Returning to his hometown in the 1960s segregated South, decorated war veteran, Ezekiel Brown, learns his innocent, simpleminded brother, Luke, has been brutally tortured and lynched after being wrongfully accused of the rape and murder of a local white girl. When the town, gripped in the clutches of a racially charged Ku Klux Klan, turns a blind eye, he must track down the killers himself. Plagued by the demons of a war-ravaged mind, he seizes simple but deadly elements at hand to force them to face the excruciating horror of common justice, accelerating to a shockingly unpredictable conclusion.

Resulting from the authors' deep research into these two pre-Shuttle astronaut groups, many intriguing and untold stories behind the selection process are revealed in the book. The often extraordinary backgrounds and personal ambitions of these skilled pilots, chosen to continue NASA's exploration and knowledge of the space frontier, are

also examined. In April 1966 NASA selected 19 pilot astronauts whose training was specifically targeted to the Apollo lunar landing missions and the Earth-orbiting Skylab space station. Three years later, following the sudden cancellation of the USAF's highly classified Manned Orbiting Laboratory (MOL) project, seven military astronauts were also co-opted into NASA's space program. This book represents the final chapter by the authors in the story of American astronaut selections prior to the era of the Space Shuttle. Through personal interviews and original NASA documentation, readers will also gain a true insight into a remarkable age of space travel as it unfolded in the late 1960s, and the men who flew those historic missions.

Jan Cameron awakens in the night to total darkness and an eerie vacuum-like stillness. From her house on Cherokee Ridge above Knoxville, she sees that the lights are out across the city. Hovering above her house is a massive black form. Terrified, Jan retreats to her basement, locking herself in the old bomb shelter. Little does she know that when she emerges in the morning, the world she has known will be dead. First published in 1994. Routledge is an imprint of Taylor & Francis, an informa company.

Treason, torture and temptation haunt the GhostWalkers in their most dangerous adventure yet, as Christine Feehan's #1 New York Times bestselling series hits an explosive new high. Rescuing an industrial spy from the hands of a criminal mastermind is a suicide mission for the GhostWalkers. And there's no one more up to the task than Gino Mazza. He's the perfect killing machine--a man driven by demons so dark and destructive that his blighted soul has given up trying to find solace. But his laser-sharp focus on his target has transformed into something nearing desire. A treasonous senator dangled top secret GhostWalker data in front of a Chinese crime lord, and he bit. Zara Hightower, one of the world's leading experts on artificial intelligence, was sent in to psychically wipe the crime lord's computer network. She succeeded, but at a huge cost. Now she's the captive of a man who has descended into paranoid madness. Torture and death await her... But GhostWalkers never leave one of their own in enemy territory. And it's up to Gino to save Zara, or kill her if it turns out she's led them into a trap. Either way, heaven or hell won't stop him...

A biographical dictionary of noteworthy men and women of the Southern and Southwestern States.
