A noisy, bright and exciting activity book for babies to explore and giggle over for hours.

Connecting deeply with our kids can be difficult in our busy, technology-driven lives. Reading aloud offers us a chance to be fully present with our children. It also increases our kids' academic success, inspires compassion, and fortifies them with the inner strength they need to face life's challenges. As Sarah Mackenzie has found with her own six children, reading aloud long after kids are able to read to themselves can deepen relationships in a powerful way. Founder of the immensely popular Read-Aloud Revival podcast, Sarah knows first-hand how reading can change a child's life. In *The Read-Aloud Family*, she offers the inspiration and age-appropriate book lists you need to start a read-aloud movement in your own home. From a toddler's wonder to a teenager's resistance, Sarah details practical strategies to make reading aloud a meaningful family ritual. Reading aloud not only has the power to change a family—it has the power to change the world.

Part of a brand new series, from the team that brought you *Baby's Very First Play Books*, this engaging, interactive board book is specially designed for very young children, full of vivid colours, stylish illustrations and friendly animals. As well as the sliders, there are numerous die-cut holes and fingertrails, all different shapes and sizes, for children to explore too. Brilliant for developing essential motor skills and hand-eye coordination.

A brilliant satire of mass culture and the numbing effects of technology, *White Noise* tells the story of Jack Gladney, a teacher of Hitler studies at a liberal arts college in Middle America. Jack and his fourth wife, Babette, bound by their love, fear of death, and four ultramodern offspring, navigate the rocky passages of family life to the background babble of brand-name consumerism. Then a lethal black chemical cloud, unleashed by an industrial accident, floats over their lives, an "airborne toxic event" that is a more urgent and visible version of the white noise engulfing the Gladneys—the radio transmissions, sirens, microwaves, and TV murmurings that constitute the music of American magic and dread.

A bold, bright new book for babies containing beautifully designed high-contrast images that are easy for babies to focus on and a sound panel to
