The period between the end of World War I and Hitler's ascension to power witnessed an unprecedented cultural explosion that embraced the whole of Europe but was, above all, centered in Germany. Germany housed architect Walter Gropius and the Bauhaus movement; playwrights Bertolt Brecht and Erwin Piscator; artists Hans Richter, George Grosz, John Heartfield, and Hannah Hoch; composers Paul Hindemith, Arnold Schonberg, and Kurt Weill; and dozens of others. In *Art and Politics in the Weimar Period*, John Willett provides a brilliant explanation of the aesthetic and political currents which made Germany the focal point of a new, down-to-earth, socially committed cultural movement that drew a significant measure of inspiration from revolutionary Russia, left-wing social thought, American technology, and the devastating experience of war.

"This official book of photographs houses the 50-year collection of the most iconic and beloved photographs taken by prolific fashion photographer Bill Cunningham, the King of Street Style. The iconic Bill Cunningham was known for wearing a blue work jacket and riding a bicycle around New York City as he captured cutting-edge street style (before street style was even a thing). He took pictures for The New York Times from 1978 until his death in 2016 and wrote the beloved columns "On the Street" and "Evening Hours," which began in 1989. This book will be an oversized collection of Bill's hallowed photography--a mixture of published and unpublished--organized by decade with essays by and about Bill's muses and subjects like Anna Wintour, Cathy Horyn, Vanessa Friedman, and Ruth La Ferla. Every fashion lover and fashionista--from NYC and beyond--will have to add this book to their collection"--

"This intimate, moving, and timely collection of essays points the way to a world in which the burden of grief is shared, and pain is reconfigured into a powerful force for social change and collective healing." —Astra Taylor, author *The People's Platform* "A primary message here is that from tears comes the resolve for the struggle ahead." —Ron Jacobs, author of *Daydream Sunset* "Rebellious Mourning uncovers the destruction of life that capitalist development leaves in its trail. But it is also witness to the power of grief as a catalyst to collective resistance." —Silvia Federici, author of *Caliban and the Witch* We can bear almost anything when it is worked through collectively. Grief is generally thought of as something personal and insular, but when we publicly share loss and pain, we lessen the power of the forces that debilitate us, while at the same time building the humane social practices that alleviate suffering and improve quality of life for everyone. Addressing tragedies from Fukushima to Palestine, incarceration to eviction, AIDS crises to border crossings, and racism to rape, the intimate yet tenacious writing in this volume shows that mourning can pry open spaces of contestation and reconstruction, empathy and solidarity. With contributions from Claudia Rankine, Sarah Schulman, David Wojnarowicz, Leanne Betasamosake Simpson, David Gilbert, and nineteen others. Cindy Milstein is the author of *Anarchism and Its Aspirations*, co-author of *Paths toward Utopia: Graphic Explorations of Everyday Anarchism*, and editor of the anthology *Taking Sides: Revolutionary Solidarity and the Poverty of Liberalism*.

The phenomenal Number One Bestseller Winner of the Specsavers National Book Award and Waterstones Book of the Year A Richard and Judy Book Club selection There is nothing hidden that will not be revealed . . . On an autumn day in 1686, eighteen-year-old Nella Oortman knocks at the door of a grand house in the wealthiest quarter of Amsterdam. She has come from the country to begin a new life as the wife of illustrious merchant trader Johannes Brandt, but instead she is met by his sharp-tongued sister, Marin. Only later does Johannes appear and present her with an extraordinary wedding gift: a cabinet-sized replica of their home. It is to be furnished by an elusive miniaturist, whose tiny creations mirror their real-life counterparts in unexpected ways . . . Nella is at first mystified by the closed world of the Brandt household, but as she uncovers its secrets she realizes the escalating dangers that await them all. Does the miniaturist hold their fate in her hands? And will she be the key to their salvation or the architect of their downfall? Beautiful, intoxicating and filled with heart-pounding suspense, Jessie Burton's magnificent debut novel *The Miniaturist* is a story of love and obsession, betrayal and retribution, appearance and truth.

A story of hope, from Afghanistan to Wales. Herat, Afghanistan, 2000. A young mother makes a speech demanding freedom for Afghan women, angering local Taliban leaders who issue a warrant for her execution. With no choice but to run, the Amiri family embark on a long and terrifying journey out of Afghanistan and across Europe with the UK as their ultimate goal. Thrown into an unfamiliar world of fake passports and untrustworthy handlers, the Amiris must learn how to live with nothing and avoid capture at all costs. But with their eldest son Hussein's life-threatening heart condition growing steadily worse, the journey soon becomes a race against time. Will they beat the odds and reach the UK in time for Hussein to receive the surgery he so badly needs? *The Boy with Two Hearts* is the story of a family in danger and a love letter to the NHS. This extraordinary true story reveals the courage and humanity behind each refugee story, showing that hope and a sense of home can be found in the most unlikely places. This edition was published to coincide with the world premiere at Wales Millennium Centre in 2021.

A remarkable, fascinating and beautiful visual guide to the world as you have never seen it. Vargic's Miscellany of Curious Maps is a wonderfully weird collection of meticulous and striking cartographic creations, such as the infamous Map of Stereotypes. Based on a Westerner's stereotypical view of the world, Slovakian artist and cartophile Martin Vargic assigns more than two thousand labels and prejudices to cities, states, countries, continents, oceans and seas on a large-scale, visually stunning world map, which alone took more than four months to create. The conceptual Map of the Internet and the Map of Sports are exquisite and surprising, and infographic maps showing the number of heavy-metal bands per capita, the probability of getting struck by lightning, average penis length, and the number of tractors per 1,000 inhabitants make it hard not to share with the person next to you. Including more than 70 maps, four foldout maps and

two oversized removable posters, this book is a treasure trove of unexpected facts of our quirky, glorious and diverse big beautiful world.

On the night of October 2, 1968, there occurred a bloody showdown between student demonstrators and the Mexican government in Tlatelolco Square. At least two hundred students were shot dead and many more were detained. Then the bodies were trucked out, the cobblestones were washed clean. Detainees were held without recourse until 1971. Official denial of the killing continues even today: In the first week of February 2003, Mexico's Education Secretary Reyes Tamiz ordered a new history textbook that mentions the massacre-Claudia Sierra's History of Mexico: An Analytical Approach-removed from shelves and classrooms. (Public outcry led Tamiz to reverse his decision days later.) No one has yet been held accountable for the official acts of savagery. With provocative, anecdotal, and analytical prose, Taibo claims for history "one more of the many unredeemed and sleepless ghosts that live in our lands."

The martial arts are various methods of armed and unarmed combat, originally used in warfare in the Far East and shaped by Oriental philosophical concepts. The history of martial arts is challenging to document precisely, because of the lack of historical records, secretive nature of the teacher-student relationships and political circumstances during much of its history. The martial arts are popular in many parts of the world today as forms of self-defense, law enforcement tactics, competitive sports, and exercises for physical fitness. Among them are KARATE , Kung fu, jujitsu, JUDO, aikido, Tai chi chuan, Sumo wrestling, and kendo. This informative book takes it's reader on a journey throughout time and across the globe for a close up look at the history of many martial arts styles .

Musical drama of Judy Garland's "come-back" concerts Christmas 1968: with a six week booking at London's Talk of the Town, it looks like Judy Garland is set firmly on the comeback trail. The failed marriages, the suicide attempts and the addictions are all behind her. At forty-six and with new flame Mickey Deans at her side, she seems determined to carry it off and recapture her magic. But lasting happiness always eludes some people, and there was never any answer to the question with which Judy ended every show: "If happy little bluebirds fly beyond the rainbow, why, oh, why, can't I?" End of the Rainbow is a savagely funny drama featuring a glorious ensemble of Judy Garland hits and infused with the glamour and the melancholy of stardom. "Every note she sings, every racket she makes, every tear she sheds, every joke she cracks, every pill she pops - is conveyed with alarming honesty. This knockout portrait of a living catastrophe should not be missed." What's On Published to tie-in with the premiere at the Sydney Opera House in July 2005

In the second edition of The Idea of Nature in Disney Animation, David Whitley updates his 2008 book to reflect recent developments in Disney and Disney-Pixar animation such as the apocalyptic tale of earth's failed ecosystem, WALL-E. As Whitley has shown, and Disney's newest films continue to demonstrate, the messages animated films convey about the natural world are of crucial importance to their child viewers. Beginning with Snow White, Whitley examines a wide range of Disney's feature animations, in which images of wild nature are central to the narrative. He challenges the notion that the sentimentality of the Disney aesthetic, an oft-criticized aspect of such films as Bambi, The Jungle Book, Pocahontas, Beauty and the Beast, and Finding Nemo, necessarily prevents audiences from developing a critical awareness of contested environmental issues. On the contrary, even as the films communicate the central ideologies of the times in which they were produced, they also express the ambiguities and tensions that underlie these dominant values. In distinguishing among the effects produced by each film and revealing the diverse ways in which images of nature are mediated, Whitley urges us towards a more complex interpretation of the classic Disney canon and makes an important contribution to our understanding of the role popular art plays in shaping the emotions and ideas that are central to contemporary experience.
