A savage indictment of religious extremism and man's inhumanity to man, *Lajja* was banned in Bangladesh, but became a bestseller in the rest of the world. The Duttas—Sudhamoy and Kironmoyee, and their children, Suranjan and Maya—have lived in Bangladesh all their lives. Despite being members of a small, vulnerable Hindu community, they refuse to leave their country, unlike most of their friends and relatives. Sudhamoy believes with a naive mix of optimism and idealism that his motherland will not let him down. And then, on 6 December 1992, the Babri Masjid is demolished. The world condemns the incident, but its immediate fallout is felt most acutely in Bangladesh, where Muslim mobs begin to seek out and attack Hindus. The nightmare inevitably arrives at the Duttas' doorstep, and their world begins to fall apart. An authentic, heartfelt and compelling narrative – straight from the horse's mouth – that reveals for the first time numerous unknown aspects of the life and times of one of the greatest legends of all time who stands out as a symbol of secular India. Dilip Kumar (born as Yousuf Khan), who began as a diffident novice in Hindi cinema in the early 1940s, went on to attain the pinnacle of stardom within a short time. He came up with spellbinding performances in one hit film after another – in his almost six-decade-long career – on the basis of his innovative capability, determination, hard work and never-say-die attitude. In this unique volume, Dilip Kumar traces his journey right from his birth to the present. In the process, he candidly recounts his interactions and relationships with a wide variety of people not only from his family and the film fraternity but also from other walks of life, including politicians. While seeking to set the record straight, as he feels that a lot of what has been written about him so far is 'full of distortions and misinformation', he narrates, in graphic detail, how he got married to Saira Banu, which reads like a fairy tale! Dilip Kumar relates, matter-of-factly, the event that changed his life: his meeting with Devika Rani, the boss of Bombay Talkies, when she offered him an acting job. His first film was *Jwar Bhata* (1944). He details how he had to learn everything from scratch and how he had to develop his own distinct histrionics and style, which would set him apart from his contemporaries. After that, he soon soared to great heights with movies such as *Jugnu*, *Shaheed*, *Mela*, *Andaz*, *Deedar*, *Daag* and *Devdas*. In these movies he played the tragedian with such intensity that his psyche was adversely affected. He consulted a British psychiatrist, who advised him to switch over to comedy. The result was spectacular performances in laugh riots such as *Azaad* and *Kohinoor*, apart from a scintillating portrayal as a gritty tonga driver in *Naya Daur*. After a five-year break he started his 'second innings' with *Kranti* (1981), after which he appeared in a series of hits such as *Vidhaata*, *Shakti*, *Mashaal*, *Karma*, *Saudagar* and *Qila*.

Dhaka may be one of the most densely populated cities in the world - noisy, grid-locked, short on public amenities, and blighted with sprawling slums - but, as these stories show, it is also one of the most colourful and chaotically joyful places you could possibly call home. Slum kids and film stars, day-dreaming rich boys, gangsters and former freedom fighters all rub shoulders in these streets, often with Dhaka's famous rickshaws ferrying them to and fro across cultural, economic and ethnic divides. Just like Dhaka itself, these stories thrive on the rich interplay between folk culture and high art; they both cherish and lampoon the city's great tradition of political protest, and they pay tribute to a nation that was borne out of a love of language, one language in particular, Bangla (from which all these stories have been translated).

“Saath ensured communities understood not just their rights when it came to basic services but also their responsibilities. With three decades of experience in partnerships for equitable and rights-based urban development, Saath is well positioned not just to be a player, important as that is, but to also be a resource agency, a teacher and a guru, sharing its successes and failures to other institutions who are treading a similar path.” Mr Shankar Venkateswaran, Former Chief, TATA Sustainability Group and former Country Head, American India Foundation “This book not only highlights the good work done by Saath, but also provides food for thought in terms of what needs to be done to make our cities a much better place to live than what they are today. This book will certainly help inspire people to join NGOs in their own ways and help create an atmosphere for social change that will lead to a more inclusive growth.” Mr Dilip Chenoy, Secretary General, Federation of Indian Chamber of Commerce and Industries “Urban India needs a large number of initiatives like those taken by SAATH to solve its large and diversified problems.” Prof Chetan Vaidya, former Director of the National Institute of Urban Affairs and School of Planning and Architecture, Delhi, Trustee of Saath

The “uproariously funny” second book in the Rosy Crucifixion trilogy, “may be Miller’s masterpiece” (Choice). “Plexus is the core volume in The Rosy Crucifixion: the volume which has the most complete description of Henry Miller’s basic values, beliefs, opinions, judgments, both at the time of his ‘Crucifixion’ and at the later time when the trilogy was written. Plexus is simply the most marvelous volume of emotion and ideas and visions and nightmares about man and society in the twentieth century—with art as the link perhaps, or as the soul’s refuge—that I have read in many a long year. There is absolutely no subject in the world that Henry Miller does not seem to know about, want to talk about, and to evaluate with the deep authority of wisdom. He is probably the most learned of all our American writers, the most open to ideas and feelings, and yes, the most worshipful of all the aspects of life, as well as the most critical literary spokesman of our time.” —Maxwell Geismar

When P.V. Narasimha Rao became the unlikely prime minister of India in 1991, he inherited a nation adrift, violent insurgencies, and economic crisis. Despite being unloved by his people, mistrusted by his party, and ruling under the shadow of 10 Janpath, Rao transformed the economy and ushered India into the global arena. With exclusive access to Rao’s never-before-seen personal papers and diaries, this definitive biography provides new revelations on the Indian economy, nuclear programme, foreign policy and the Babri Masjid. Tracing his early life from a small town in Telangana through his years in power, and finally, his humiliation in retirement, it never loses sight of the inner man, his difficult childhood, his corruption and love affairs, and his lingering loneliness. Meticulously researched and brutally honest, this landmark political biography is a must-read for anyone interested in knowing about the man responsible for transforming India.

The book serves as a complete guide and elaborately explains the different usages of nouns, adjectives, adverbs, phrases, proverbs and so on. Hence, it will undoubtedly serve as a bible for both the lovers and wizards of English language. #v&spublishers

This is a volume about the life and power of ritual objects in their religious ritual settings. In this Special Issue, we see a wide range of contributions on material culture and ritual practices across religions. By focusing on the dynamic interrelations between objects, ritual, and belief, it explores how religion happens through symbolic materiality. The ritual objects presented in this volume include: masks worn in the Dogon dance; antique ecclesiastical silver objects carried around in festive processions and shown in shrines in the southern Andes; funerary photographs and films functioning as mnemonic objects for grieving children; a dented rock surface perceived to be the god’s footprint in the archaic place of pilgrimage, Gaya (India); a recovered manual of rituals (from Xiapu county) for Mani, the founder of Manichaeism, juxtaposed to a Manichaean painting from southern China; sacred stories and related sacred stones in the Alor–Pantar archipelago, Indonesia; lotus symbolism, indicating immortalizing plants in the mythic traditions of Egypt, the Levant, and Mesopotamia; lavishly illustrated variations of portrayals of Ravana, a Sinhalese god-king-demon; figurines made of cow dung sculptured by rural women in Rajasthan (India); and mythical artifacts called ‘Apples of Eden’ in a well-known interactive game series.

Traces the Islamic healing tradition's interaction with Indian society and politics as these evolved in tandem from 1600 to 1900, and demonstrates how an in-house struggle for hegemony can be as potent as external power in defining medical, social and national modernity. Stunning and elegiac, Norwegian Wood first propelled Haruki Murakami into the forefront of the literary scene. Toru, a serious young college student in Tokyo, is devoted to Naoko, a beautiful and introspective young woman, but their mutual passion is marked by the tragic death of their best friend years before. As Naoko retreats further into her own world, Toru finds himself drawn to a fiercely independent and sexually liberated young woman. A magnificent coming-of-age story steeped in nostalgia, Norwegian Wood blends the music, the mood, and the ethos that were the sixties with a young man's hopeless and heroic first love.

This text offers a light-hearted account of life in British India with 40 vignettes accompanied by watercolor illustrations. The First Promise is a translation of Ashapura Debi's novel, Pratham Pratisruti, originally published in Bengali in 1964. Celebrated as one of the most popular and path-breaking novels of its time, it has received continual critical acclaim: the Rabindra Puraskar (the Tagore Prize) in 1966 and the Bharitiya Jnanpith, India's highest literary award, in 1977.

Spanning the late eighteenth and early twentieth centuries, Ashapura tells the story of the struggles and efforts of women in nineteenth-century, colonial Bengal in a deceptively easy and conversational style. The charming eight-year-old heroine, Satyabati is a child bride who leaves her husband's village for Calcutta, the capital of British India where she is caught in the social dynamics of women's education, social reform agendas, modern medicine and urban entertainment. As she makes her way through this complex maze, making sense of the rapidly changing world around her, Satyabati nurtures hopes and aspirations for her daughter. But the promises held out by modernity turn out to be empty, instigating Satyabati to break away from her inherited world and initiate a quest that takes her to the very heart of tradition.

An exiled Bengali dissident and former women's newspaper columnist traces her Muslim childhood in conflict-stricken Bangladesh, describing her philanderer father, fundamentalist mother, and sometimes violent community life. In a contemporary setting of increasing social division and marginalisation, Policing Hate Crime interrogates the complexities of prejudice motivated crime and effective policing practices. Hate crime has become a barometer for contemporary police relations with vulnerable and marginalised communities. But how do police effectively lead conversations with such communities about problems arising from prejudice? Contemporary police are expected to be active agents in the pursuit of social justice and human rights by stamping out prejudice and group-based animosity. At the same time, police have been criticised in over-policing targeted communities as potential perpetrators, as well as under-policing these same communities as victims of crime. Despite this history, the demand for impartial law enforcement requires police to change their engagement with targeted communities and kindle trust as priorities in strengthening their response to hate crime. Drawing upon a research partnership between police and academics, this book entwines current law enforcement responses with key debates on the meaning of hate crime to explore the potential for misunderstandings of hate crime between police and communities, and illuminates ways to overcome communication difficulties. This book will be important reading for students taking courses in hate crime, as well as victimology, policing, and crime and community.

The best and funniest material from the bandwagon-jumping MAD imitators, with work by Jack Davis, Will Elder, Dick Ayers, Bill Everett, Jack Kirby and many more, plus expert commentary. Casual comics readers are probably familiar with the later satirical magazines that continued to be published in the '60s and '70s, such as Cracked and Sick, but the comics collected in this volume were imitations of the MAD comic book, not the magazine, and virtually unknown among all but the most die-hard collectors. For the first time, Fantagraphics is collecting the best of these comics in an unprecedented collection!

In End of Days, Browne tackles the most daunting of subjects with her trademark clarity, wisdom, and serenity, answering such difficult questions as: What's coming in the next fifty years? What do the great prophecies of Nostradamus and the Book of Revelation mean? If the world is really going to end, what will unfold in our final hours?
