The Materials Handling Manual Westbury Cement Works An Illustrated History Amberley Publishing Limited

"This colossal reference book documents the timeless urge to reshape the world, and the machines used to do so from the 1088's to today. From utility tractors and loaders up to the largest diggers and bulldozers, every piece of heavy equipment is listed here by model and manufacturer, making this the most exhaustive book on the world's most hard-working vehicles and machines"--Publisher's description.

With an array of original and archive photography, take a fascinating look at the history behind the famous Westbury Cement Works.

Grantham at Work is a fascinating pictorial history of the working life of the Lincolnshire town of Grantham in the last hundred and more years.

Primarily utilising previously unpublished photographs, Gordon Edgar explores the industrial and minor railways of North East England.

Management of Off-highway Plant and Equipment provides a working knowledge of plant management for today's engineers, managers and students, and explains concisely and clearly the factors to be considered during investment in, and management of, construction equipment. It compares the cost of leasing with those of purchase, discusses ways of achieving optimum economic usage of plant, and covers issues of health and safety, licensing and the logistics of maintenance.
