The award-winning journalist reveals the untold story of why America is so culturally and politically divided in this groundbreaking book. Armed with startling demographic data, Bill Bishop demonstrates how Americans have spent decades sorting themselves into alarmingly homogeneous communities—not by region or by state, but by city and neighborhood. With ever-increasing specificity, we choose the communities and media that are compatible with our lifestyles and beliefs. The result is a country that has become so ideologically inbred that people don't know and can't understand those who live just a few miles away. In *The Big Sort*, Bishop explores how this phenomenon came to be, and its dire implications for our country. He begins with stories about how we live today and then draws on history, economics, and our changing political landscape to create one of the most compelling big-picture accounts of America in recent memory.

Students preparing for the Advanced Placement U.S. History exam will welcome this revised and updated set of flash cards. The cards encompass the entire AP course and offer students the flexibility to study American history in ways not available with textbooks and study guides. The 500 cards run chronologically from the Colonial era of the early 1600s to the present day, and are divided into seven general categories: Arts and Sciences, Domestic Policies, Presidential Matters, Wars and Foreign Relations, Economy and Business, Legal Issues, and Society and Culture. They are numbered and labeled so that students can arrange them within a chronological time frame or according to any of the above-noted categories. Students can use the enclosed metal ring to rearrange the cards in any order that fits their study needs. Each card has a small corner punch hole to accommodate the ring.

An educational interactive coloring book perfect for students and art enthusiasts, offering a lively tour of the greatest artworks and artists in world history, featuring more than 150 black-and-white line illustrations to color, and information on each work of art with accompanying colored photos. Art History Coloring Book tells the story behind some of the most significant artistic creations from around the world. Whether you're studying for the Art History AP exam, an aficionado of great art, or want to put your own coloring spin on some of the greatest works ever created by masters such as Michelangelo, Monet, and Picasso, this engaging coloring book has something for everyone. Each work of art is accompanied by educational text that uses Coloring Concepts Inc.'s unique methodology for kinesthetic

learning, which involves physically interacting with a subject to facilitate understanding. Kinesthetic techniques are used in combination with visual and/or auditory study techniques, producing multi-sensory learning. Art History Coloring Book comes complete with a Table of Contents, Index, Glossary and References, and a full-color photo insert.

The redesigned AP Art History Framework contains a challenging list of 250 required works of art. The units on Africa, West and Central Asia, South, East, and Southeast Asia, the Pacific, and Global Contemporary pose a particular problem. Existing textbooks and review books provide limited coverage that includes either short paragraphs or a list of bullet points. In addition, many AP Art History courses must rush to cover these works of art. Beyond the European Tradition with Global Contemporary is designed to provide concise, clear, and interesting narratives for each of the 84 works in Content Areas 6 - 10. Each narrative begins with a quarter page picture of the required image. The essay then describes the work's form, function, context, and content. In addition, each narrative concludes with a Making Connection feature linking the work to other required works. For example, the Making Connections feature for Travelers among Mountains and Streams compares Fan Kuan's use of shifting perspective with Bruegel's use of linear perspective in Hunters in the Snow. The volume concludes with 80 realistic multiple-choice practice questions testing key points about the works covered in this volume. A distinctive glossary provides concise definitions along with relevant examples from the required list of 250 works.
