Last year, Wyatt Palmer was the hero of middle school, having foiled a plot against the president of the United States. But now he and his friends are in Coral Cove High School—home of the Fighting Conchs—and Wyatt is no longer a hero: He's just another undersized freshman, hoping to fit in, or at least not be unpopular. Things start to go wrong when Matt Diaz, who is Wyatt's best friend but also unfortunately an idiot, decides to bring his pet ferret, Frank, to school. Through an unfortunate series of events Frank ends up in the hands of the Bevin brothers, who are the most popular boys at Coral Cove High, but are also, as Matt soon discovers, the nastiest. When Wyatt and Matt try to get Frank back, they concoct a plan to attend a party for the cool clique at the Bevin's waterfront mansion and stumble onto the Bevin family's dark and deadly secret. That's when Wyatt learns that some things are worse than being unpopular in high school. MUCH worse.

From renowned Newbery-winning author Jerry Spinelli comes a powerful story about how not fitting in just might lead to an incredible life. This classic book is perfect for fans of Gordon Korman and Carl Hiaasen. Just like other kids, Zinkoff rides his bike, hopes for snow days, and wants to be like his dad when he grows up. But Zinkoff also raises his hand with all the wrong answers, trips over his own feet, and falls down with laughter over a word like "Jabip." Other kids have their own word to describe him, but Zinkoff is too busy to hear it. He doesn't know he's not like everyone else. And one winter night, Zinkoff's differences show that any name can someday become "hero." With some of his finest writing to date and great wit and humor, Jerry Spinelli creates a story about a boy's individuality surpassing the need to fit in and the genuine importance of failure. As readers follow Zinkoff from first through sixth grade, it becomes impossible not to identify with and root for him through failures and triumphs. The perfect classroom read.

Video Shooter is a guide to both the mechanics of the video camera and the craft of shooting. Written by a veteran in the industry and utilizing an engaging, conversational style (including illustrative anecdotes from the author's many years of experience), the book takes the reader beyond "button pushing" to teach the complete range of skills required to capture compelling images. Topics include equipment selection, camera setup and operation, shooting techniques, and working with lighting and audio.
