**Creating Magic** Lee Cockerell, 2008-10-14 "It's not the magic that makes it work; it's the way we work that makes it magic." The secret for creating "magic" in our careers, our organizations, and our lives is simple: outstanding leadership—the kind that inspires employees, delights customers, and achieves extraordinary business results. No one knows more about this kind of leadership than Lee Cockerell, the man who ran Walt Disney World® Resort operations for over a decade. And in *Creating Magic*, he shares the leadership principles that not only guided his own journey from a poor farm boy in Oklahoma to the head of operations for a multibillion dollar enterprise, but that also soon came to form the cultural

bedrock of the world's number one vacation destination. But as Lee demonstrates, great leadership isn't about mastering impossibly complex management theories. We can all become outstanding leaders by following the ten practical, common sense strategies outlined in this remarkable book. As straightforward as they are profound, these leadership lessons include: Everyone is important. Make your people your brand. Burn the free fuel: appreciation, recognition, and encouragement. Give people a purpose, not just a job. Combining surprising business wisdom with insightful and entertaining stories from Lee's four decades on the front lines of some of the world's best-run companies, *Creating Magic* shows all of us - from small business owners to managers at every level - how to become better leaders by infusing quality, character, courage, enthusiasm, and integrity into our workplace and into our lives.

Legendary Service Great customer service is a concept organizations love to be known for. Yet most people consider the service they receive to be average, at best. Successful companies make the connection between legendary customer service and a thriving business--they recognize that the way employees treat customers is directly related to the way managers treat employees. Kelsey Young is an optimistic but disillusioned sales associate working her way through college. Her world opens up when one of her professors challenges her to create a culture of service at her workplace by putting the five components of Legendary Service into practice. Although Ferguson's, the store where Kelsey works, certainly isn't known for service excellence, Kelsey believes she can make a positive difference. **Four Seasons** Isadore Sharp, 2009-04-30 The founder of Four Seasons Hotels shares the philosophy and values that have made his legendary brand. How did a child of immigrants, starting with no background in the hotel business, create the world's most admired and successful hotel chain? And how has Four Seasons grown dramatically, over nearly a half century, without losing its focus on exceptional quality and unparalleled service? Isadore Sharp answers these questions in his engaging memoir, which doubles as a powerful guide for leaders in any field. He recalls the surprising history of his company, starting with its roots in his father's small construction business, which Sharp joined after getting a degree in architecture. Shifting into hotels wasn't easy, and he learned by trial and error. His breakthrough was a vision for a new kind of hotel, featuring superior design, top-quality amenities, and, above all, a deep commitment to service. Sharp realized that customers would gladly pay extra for a home away from home experience. But that would be possible only if everyone—from managers and supervisors to bellmen, servers, and housekeepers—was fully engaged. The front-line staff, who have the most contact with guests, can make or break a five-star reputation. Readers will be fascinated to learn how Four Seasons does it, year after year, in more than thirty countries around the world.

*Start with Why* Simon Sinek, 2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY. Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. *START WITH WHY* asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. *START WITH WHY* shows that the leaders who have had the greatest

influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.
