Excerpt from The Coronation Souvenir: June 1911 A few years ago an internal-combustion motor tractor was a scarcity. To - day a trip through Western Canada brings hundreds of them into view, every one of them making money for the owners. No machine introduced to the Canadian farmer has ever met the instant popularity which has come to the gasoline tractor. This popularity is rightly deserved. For no one machine has done more to make possible the great wheat crops which have given Western Canada the name, The Breadbasket of the World. One of five beloved Christmas classics *A Merry Christmas* collects the treasured holiday tales of Louisa May Alcott, from the dearly familiar Yuletide benevolence of Marmee and her "little women" to the timeless "What Love Can Do," wherein the residents of a boarding house come together to make a lovely Christmas for two poor girls. Wildly popular at the time of their publication—readers deluged Alcott with letters demanding sequels—and drawing on Alcott's family and experiences in the abolitionist and women's suffrage movements, these stories have the authentic texture and detail of Christmas in nineteenth-century America, while their emphasis on generosity and charity make them timeless embodiments of the Christmas spirit. Penguin Christmas Classics Give the gift of literature this Christmas. Penguin Christmas Classics honor the power of literature to keep on giving through the ages. The five volumes in the series are not only our most beloved Christmas tales, they also have given us much of what we love about the holiday itself. A Christmas Carol revived in Victorian England such Christmas hallmarks as the Christmas tree, holiday cards, and caroling. The Yuletide yarns of Anthony Trollope popularized throughout the British Empire and around the world the trappings of Christmas in London. The holiday tales of Louisa May Alcott shaped the ideal of an American Christmas. *The Night Before Christmas* brought forth some of our earliest Christmas traditions as passed down through folk tales. And *The Nutcracker* inspired the most famous ballet in history, one seen by millions in the twilight of every year. Collect all five Penguin Christmas Classics: *A Christmas Carol* by Charles Dickens *Christmas at Thompson Hall: And Other Christmas Stories* by Anthony Trollope *A Merry Christmas: And Other Christmas Stories* by Louisa May Alcott *The Night Before Christmas* by Nikolai Gogol *The Nutcracker* by E. T. A. Hoffmann

At the height of the building industry boom in the 1970s a remarkable campaign stopped billions of dollars worth of indiscriminate development that was turning Australian cities into concrete jungles. Enraging employers and politicians but delighting many in the wider community, the members of the New South Wales Builders Labourers' Federation risked their jobs in order to preserve buildings, bush and parkland. Green Bans, Red Union documents the development of a union that took a stand on a number of social issues. Apart from the green bans movement, union members also used their industrial power to defend the rights of oppressed groups, such as Aborigines, women and homosexuals. In telling the colourful story that inspired many environmentalists and ordinary citizens - and gave the word 'green' an entirely new meaning - Meredith Burgmann and Verity Burgmann open a window on a period when Australian workers led the world in innovative and stunningly effective forms of environmental protest.

It was not without considerable trouble that she had induced Mr. Brown to come as far as Paris. Most unwillingly had he left Pau; and then, twice on his journey-both at Bordeaux and Tours-he had made an attempt to return. From the first moment he had pleaded his throat, and when at last he had consented to make the journey, he had stipulated for sleeping at those two towns and at Paris. Mrs. Brown, who, with no slightest feeling of fatigue, could have made the journey from Pau to Stratford without stopping, had assented to everything, so that they might be at Thompson Hall on Christmas-eve. When Mr. Brown uttered his unavailing complaints at the first two towns at which they stayed, she did

not, perhaps, quite believe all that he said of his own condition. We know how prone the strong are to suspect the weakness of the weak-as the weak are to be disgusted by the strength of the strong. There were, perhaps, a few words between them on the journey, but the result had hitherto been in favor of the lady. She had succeeded in bringing Mr. Brown as far as Paris.
