

Bear Walker And Other Tales

"The ancient storytelling and picture-making traditions of the Ojibway (Anishinaubae) people find new expression in the myths and legends collected by Basil Johnston and illustrated with vibrant contemporary native art." "In celebration of these traditions, The Star-Man brings together legends told by current narrators Basil Johnston, Sam Ozawamik, and Frank Shawbedees with others told by Jonas George, of the Rama First Nation, early this century. The tales are exquisitely illustrated by Ken Syrette of the Batchewana First Nation."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Walker the Goose is lonely. She is new to the farm and wants to find a family. During her search, she meets the cows, the sheep and the pigs. Will Walker ever find her place on the farm?

In a brilliant and ambitious thriller that combines elements of Jean Auel's *The Clan of the Cave Bear* and Ken Follett's *The Pillars of the Earth* into a riveting, multifaceted tale of love, art, courage, and war, Martin Walker brings to life the creation of an extraordinary work of prehistoric cave art and the struggle to possess it in our own time. Walker's richly interwoven novel opens with the arrival of a mysterious package for a young American woman working in a London auction house. Brought by a British officer, it contains a 17,000-year-old fragment of a cave painting left to him by his father, a former World War II hero. The fragment, significant and stunning in itself, is also the key to the existence of an un-known cave that may be more important in the history of art and human creation than the world-famous one at Lascaux. It triggers a storm of publicity and commands the attention of the French authorities all the way up to the President of the Republic, who seems to know more about the painting's origins than anyone else... As the young American woman, the British officer, and a French government art historian explore the ancient province of Périgord to determine the painting's origins, their search serves as backdrop for three compelling stories. There is the tale of the British officer's father who lands in Nazi-occupied France in 1944 to organize the Resistance, culminating in a series of battles to prevent the SS Das Reich Panzer Division from reaching the Normandy beaches in time to repel the D-Day invasion, which leads to an account of the subsequent discovery -- and cover-up -- of the lost cave and its paintings. And there is also the moving story of the young artist who painted them, the woman he loved, and the ancient culture that produced the first recognizable human art but required the sacrifice of its own creators. Filled with vivid, historically accurate details and imaginative re-creations of prehistoric life, *The Caves of Périgord* blends a complex plot and richly diverse characters into a seamless narrative of romance, tragedy, and heroism from past to present.

Describes both humorous and deadly contacts between humans and bears in Alaska and reviews the precautions for avoiding a bear attack. Storytelling has the capacity to address feelings and demonstrate themes – to illuminate beyond argument and theoretical exposition. In *Otter's Journey*, Borrows makes use of the Anishinaabe tradition of storytelling to explore how the work in Indigenous language revitalization can inform the emerging field of Indigenous legal revitalization. She follows Otter, a dodem (clan) relation from the Chippewas of Nawash First Nation, on a journey across Anishinaabe, Inuit, M?ori, Coast Salish, and Abenaki territories, through a narrative of Indigenous resurgence. In doing so, she reveals that the processes, philosophies, and practices flowing from Indigenous languages and laws can emerge from under the layers of colonial laws, policies, and languages to become guiding principles in people's contemporary lives.

From Joseph Bruchac, the author of the award-winning middle-grade thrillfest *Skeleton Man*, comes another creepy tale inspired by the folklore of indigenous Americans. Baron has always been fascinated by bears—their gentle strength and untamed power. But the Bearwalker legend, passed down by his Mohawk ancestors, tells of a different kind of creature—a terrible mix of human and animal that looks like a bear but is really a bloodthirsty monster. The tale never seemed to be more than a scary story . . . until a class camping trip deep in the Adirondacks, when Baron comes face-to-face with an evil being that is all too real.

A 25-year-old backcountry wanderer, a man happiest exploring wild places with his dog, Dan Bigley woke up one midsummer morning to a day full of promise. Before it was over, after a stellar day of salmon fishing along Alaska's Kenai and Russian rivers, a grizzly came tearing around a corner in the trail. Dan barely had time for "bear charging" to register before it had him on the ground, altering his life forever. "Upper nose, eyes, forehead anatomy unrecognizable," as the medevac report put it. Until then, one thing after another had fallen into place in Dan's life. He had a job he loved taking troubled kids on outdoor excursions. He had just bought a cabin high in the Chugach Mountains with a view that went on forever. He was newly in love. After a year of being intrigued by a woman named Amber, they had just spent their first night together. All of this was shattered by the mauling that nearly killed him, that left him blind and disfigured. Facing paralyzing pain and inconceivable loss, Dan was in no shape to be in a relationship. He and Amber let each other go. Five surgeries later, partway into his long healing journey, they found their way back to each other. The couple's unforgettable story is one of courage, tenacious will, and the power of love to lead the way out of darkness. Dan Bigley's triumph over tragedy is a testament to the ability of the human spirit to overcome physical and emotional devastation, to choose not just to live, but to live fully. A trio of misbehaving, mango-loving monkeys have a close call as the creator of *Don't Worry, Little Crab* gives readers a taste of vicarious mischief. Three little monkeys and their big monkey are sitting high on a branch in the forest canopy. "OK, monkeys! I'm off," says the big monkey. "Remember . . . Whatever you do, do NOT go down to the mango tree. There are tigers down there." Mmm . . . mangoes! think the little monkeys. They LOVE mangoes. Hmm . . . Maybe . . . maybe they could just look at the mangoes. That would be OK, right? With vivid colors, bold shapes, and his trademark visual humor, Chris Haughton is back with a deliciously suspenseful cautionary tale about pushing boundaries--and indulging your more impish side (when nobody is looking).

The history of Aboriginal people in Canada taught in schools and depicted in the media tends to focus on Aboriginal displacement from native lands and the consequent social and cultural disruptions they have endured. Collectively, they are portrayed as passive victims of European colonization and government policy, and, even when well intentioned, these depictions are demeaning and do little to truly represent the role Aboriginal peoples have played in Canadian life. *Hidden in Plain Sight* adds another dimension to the story, showing the extraordinary contributions Aboriginal peoples have made – and continue to make – to the Canadian experience. From treaties to contemporary arts and literatures, Aboriginal peoples have helped to define Canada and have worked to secure a place of their own making in Canadian culture. For this volume, editors David R. Newhouse, Cora J. Voyageur, and Daniel J.K. Beavon have brought together leading scholars and other impassioned voices, and together, they give full treatment to the Aboriginal contribution to Canada's intellectual, political, economic, social, historic, and cultural landscapes. Included are profiles of several leading figures such as actor Chief Dan George, artist Norval Morrisseau, author Tomson Highway, activist Anna Mae Pictou Aquash, and politician Phil Fontaine, among others. Canada simply would not be what it is today without these contributions. The first of two volumes, *Hidden in Plain Sight* is key to understanding and appreciating Canadian society and will be essential reading for generations to come.

Bear is walking through a deep dark forest when he meets a hungry-looking wolf, a giant, a scary witch and a family of three bears. With each encounter, Bear draws his way out of danger with the help of his magic red and yellow pencil.

This text is an innovative, evidence-based approach to facilitating students' journey to becoming multiculturally competent counselors. Comprehensive, thoughtful, and in-depth, *Developing Multicultural Competence* goes beyond general discussions of race and ethnicity to include discourse on a broader, more complex view of multiculturalism in clients' and trainees' lives. Both scholarly and highly interactive, this new text strives to present trainees with empirically-based information about multicultural counseling and social advocacy paired with engaging self-reflective activities, discussion questions, case inserts, and study aids, creating opportunities for experiential learning related to cultural diversity considerations and social advocacy issues within clients' social systems. Addressing CACREP (2001/2009) Standards related to the Social and Cultural Diversity core area, the book is broken into four parts: Part One covers key concepts and terms regarding multicultural constructs and cross-cultural communication; Part Two defines social advocacy and identifies the major forms of oppression; Part Three discusses the major cultural and diversity groups; and Part Four develops trainee skills for working with diverse clients, including infusing multiculturalism in how they conceptualize, evaluate, and treat these clients.

Collector of bear lore for nearly half a century, author Larry Kaniut has chosen these tales and legends for their focus on the wisdom of bears and the strength of the human spirit in encounters with them. An Alaskan legend himself, Larry brings together 28 amazing stories of encounters with this four-legged wonder of the woods, spanning the time period from 1816 to 1999.

Maria Sibylla Merian, a German painter and naturalist, produced an innovative work on tropical insects based on lore she gathered from the Carib, Arawak, and African women of Suriname.

Post-Colonial Literatures in English, together with English Literature and American Literature, form one of the three major groupings of literature in English, and, as such, are widely studied around the world. Their significance derives from the richness and variety of experience which they reflect. In three volumes, this Encyclopedia documents the history and development of this body of work and includes original research relating to the literatures of some 50 countries and territories. In more than 1,600 entries written by more than 600 internationally recognized scholars, it explores the effect of the colonial and post-colonial experience on literatures in English worldwide.

Looking Back and Living Forward: Indigenous Research Rising Up shares the research of a diverse group of scholars from a variety of disciplines, addressing historical legacies and present issues in the contexts of Indigenous: resistance, revitalization, reconciliation, relationality, and resurgence.

In a sequel to "Alaska's Bear Tales," Larry Kaniut offers more true stories of encounters between bears and humans that are action-packed and compelling.

From the rich oral culture of his own Ojibway Indian heritage, Basil Johnston presents a collection of legends and tales depicting manitous, mystical beings who are divine and essential forces in the spiritual life of his people.

Paul Bunyon and Babe, Native American Indians, ghosts, river mysteries, and more populate the pages of *Spooky Wisconsin*. You'll meet the shrouded horseman of Milwaukee, the troll of Mount Horeb, the dark horse of the Dells, and more as you join folklorist S. E. Schlosser to discover the spooky stories from the Badger state, from the Illinois border to Lake Superior, and the Mississippi River to Lake Michigan.

One of the first American Gothic novels, Edgar Huntly mirrors the social and political temperaments of the postrevolutionary United States.

A playful story that incorporates classic fairy tale themes introduces young Ella, who insists that stories require magical fairies, beautiful princesses and even the occasional monster, but absolutely no bears.

A New York Times Best Illustrated Children's Book of 2011! A picture-book delight by a rising talent tells a cumulative tale with a mischievous twist. Features an audio read-along! The bear's hat is gone, and he wants it back. Patiently and politely, he asks the animals he comes across, one by one, whether they have seen it. Each animal says no, some more elaborately than others. But just as the bear begins to despond, a deer comes by and asks a simple question that sparks the bear's memory and renews his search with a vengeance. Told completely in dialogue, this delicious take on the classic repetitive tale plays out in sly illustrations laced with visual humor-- and winks at the reader with a wry irreverence that will have kids of all ages thrilled to be in on the joke.

The Ojibway Indians' sense of humor sparkles through these stories set on the fictional Moose Meat Point Indian Reserve, connected by a dirt road to the town of Blunder Bay. If some of them seem "farfetched and even implausible," Basil L. Johnston writes, "it is simply because human beings very often act and conduct their affairs and those of others in an absurd manner." ø These twenty-two stories were originally collected under the title *Moose Meat and Wild Rice*. Among the most memorable of the stories is "They Don't Want No Indians," in which all attempts are made to circumvent bureaucratic red tape and transport a dead Indian to his home for burial. One of the funniest is "Indian Smart: Moose Smart," which pits a moose in a lake against six Moose Meaters in two canoes. "If You Want to Play" and "Secular Revenge" are the result of misunderstanding or imperfect communication. Still other stories, like "What Is Sin?" and "The Kiss and the Moonshine," reveal the clash of different cultural approaches. All show the warm-heartedness and good will

of the Ojibway Indians. If they are gently satirized, so are the whites who would change them, and with good reason. Government ineptitude and rigid piety are foisted on the Moose Meaters, who have only thirty thousand acres to move around in.

A picture book account of the true story that inspired the Winnie-the-Pooh classics follows the experiences of a World War I veterinarian and soldier who rescued a baby bear, made her his regiment's mascot and introduced her to Christopher Robin at the London Zoo.

A #1 New York Times Bestseller and Winner of the Caldecott Medal about the remarkable true story of the bear who inspired Winnie-the-Pooh. In 1914, Harry Colebourn, a veterinarian on his way to tend horses in World War I, followed his heart and rescued a baby bear. He named her Winnie, after his hometown of Winnipeg, and he took the bear to war. Harry Colebourn's real-life great-granddaughter tells the true story of a remarkable friendship and an even more remarkable journey--from the fields of Canada to a convoy across the ocean to an army base in England... And finally to the London Zoo, where Winnie made another new friend: a real boy named Christopher Robin. Before Winnie-the-Pooh, there was a real bear named Winnie. And she was a girl!

Prominent feminist author Barbara Walker has revamped, retold, and infused with life some of your favorite classic fairy tales. No longer are women submissive, helpless creatures in need of redemption through the princely male! Instead they are vibrantly alive, strong women who take fate into their own hands.

This book is the humorous, bitter-sweet autobiography of a Canadian Ojibwa who was taken from his family at age ten and placed in Jesuit boarding school in northern Ontario. It was 1939 when the feared Indian agent visited Basil Johnston's family and removed him and his four-year-old sister to St. Peter Claver's school, run by the priests in a community known as Spanish, 75 miles from Sudbury. "Spanish! It was a word synonymous with residential school, penitentiary, reformatory, exile, dungeon, whippings, kicks, slaps, all rolled into one," Johnston recalls. But despite the aching loneliness, the deprivation, the culture shock and the numbing routine, his story is engaging and compassionate. Johnston creates marvelous portraits of the young Indian boys who struggled to adapt to strange ways and unthinking, unfeeling discipline. Even the Jesuit teachers, whose flashes of humor occasionally broke through their stern demeanor, are portrayed with an understanding born of hindsight.

A study of western, romance, detective, horror, and science fiction genres that highlights the range of Native American images in modern popular fiction and the numerous agendas these images serve.
