To most effectively "sell the hay," it is important to evaluate the best balance between what is profitable and beneficial. This record book is helpful to farmers utilizing a grass-hay operation whose primary focus is on maintaining the quantity and quality of the grasses to be sold for profitability. This standard annual record book consists of enough space to record up to 10 grass, hay and pasture fields. In the past, old-timer's relied on visual inspection of the colors, the varying shades of green, or brown, in the fields themselves to determine the need for fertilization. They also visually inspected the growing grasses, and developing seed heads, to determine the times to cut, or mow, the grasses in the hay fields. This record book offers a consistent written method of record keeping beneficial to the modern day farmer. This record book was created for the farmer and tax preparer, providing a basic, time efficient, record-keeping log book compatible with the Schedule F (Form 1040), "Profit or Loss From Farming" form.

Coon hunting is mostly done with specialty bred dogs called, coonhounds. A long-time family tradition for many folks where the coonhounds are turned loose, trailing and putting the coon up a tree without human assistance. These quality bred dogs can find, and follow, that coon scent; sometimes, following that scent through water. Competition hunts demonstrate the speed and skill of the dog "treeing" the coon; which is "treed" and then released. Track and record valuable coon hunting experience in this durable, high-quality, seasonal log book. Easy and convenient fill-in-the blank and check box entries. Fits perfectly between most seats and center consoles in hunting vehicle. Book spine has space to write "year" and "area hunted" for the most avid hunters.
