

Beneath The Cypress Tree

Naomi J. Williams

Beneath the Cypress Tree Margaret Pemberton,2017-03-23 A war that could turn friends into enemies, lovers into fighters . . . Summer 1935. In Margaret Pemberton's Beneath the Cypress Tree best friends Kate Shelton, Ella Tetley and Daphne St. Maur are on the cusp of a new life, having graduated with Classics degrees. Kate is desperate to start work on an archaeological dig straightaway and she is thrilled to be given a position at the famous Knossos palace site in Crete. However, she doesn't bargain for working with gruff site director Lewis Sinclair - nor for her own complex feelings towards him. In Yorkshire, Ella's family expect her to marry Sam, her steady friend who is training to be a doctor, but Ella too feels pulled to the Mediterranean by the promise of freedom. When she meets Christos, life as a country GP's wife seems even less appealing . . . Daphne however throws herself into London's high society, falling madly in love with diplomat and heir Sholto Hertford - but then his work brings them to Crete, and Daphne becomes enchanted by the island as well. Meanwhile, the threat of war rumbles on, as reports of Hitler's rapid expansion across Europe become impossible to ignore. It seems that nothing can touch the perfect, glittering sea and snow-capped mountains, but Kate, Ella and Daphne know that the island haven they now call home will never be the same again.

Under the Cypress Tree Ashleigh Zavarelli,2015-03-27 When Archer blew out of town six years ago, he took Annabeth Richard's heart with him. With a head full of hope and promises, she waited for his return. But when he didn't, Annabeth was left to pick up the pieces without him. Archer Beaufait signed up for the Army fresh on the heels of Graduation. He wanted to make something of himself, but he never expected to be going to war. He'd made his fair share of mistakes, but after six long years, he realized it was time to come home. The only problem was, the life he'd left behind and the people he hurt weren't real eager to see him return. Especially not Annabeth Richards. When the two meet again, old wounds are brought to the surface along with some feelings that never quite went away. But when secrets start coming out of the woodworks, and they realize that time has changed them both, it's one obstacle they aren't certain they can overcome.

The Old House Under the Cypress Tree Фазиль Искандер,1996

The Island of Missing Trees Elif Shafak,2021-11-02 A REESE'S BOOK CLUB PICK Winner of the 2022 BookTube Silver Medal in Fiction * Shortlisted for the Women's Prize for Fiction A wise novel of love and grief, roots and branches, displacement and home, faith and belief. Balm for our bruised times. -David Mitchell, author of Utopia Avenue A rich, magical

new novel on belonging and identity, love and trauma, nature and renewal, from the Booker-shortlisted author of *10 Minutes 38 Seconds in This Strange World*. Two teenagers, a Greek Cypriot and a Turkish Cypriot, meet at a taverna on the island they both call home. In the taverna, hidden beneath garlands of garlic, chili peppers and creeping honeysuckle, Kostas and Defne grow in their forbidden love for each other. A fig tree stretches through a cavity in the roof, and this tree bears witness to their hushed, happy meetings and eventually, to their silent, surreptitious departures. The tree is there when war breaks out, when the capital is reduced to ashes and rubble, and when the teenagers vanish. Decades later, Kostas returns. He is a botanist looking for native species, but really, he's searching for lost love. Years later a *Ficus carica* grows in the back garden of a house in London where Ada Kazantzakis lives. This tree is her only connection to an island she has never visited--- her only connection to her family's troubled history and her complex identity as she seeks to untangle years of secrets to find her place in the world. A moving, beautifully written, and delicately constructed story of love, division, transcendence, history, and eco-consciousness, *The Island of Missing Trees* is Elif Shafak's best work yet.

South Sea Dreamer Hector A. Stuart,1886

Beneath the Wings of Geronimo's Spirit R. James Roybal,2013-09-17 San Augustino said quietly. Be careful with that blade Robert. You might cut yourself! San Augustino was rewarded with Robert shouting a fearful battle cry and charging with his saber held high in an anticipated downward thrust! Gasps of horror could be heard at the display of the ungentlemanly like conduct! Robert on the other hand, was beginning to become disheartened with what he thought was going to be an easy victory with his surprise attack. He was mentally out of balance because his saber had only cut air and hit the ground! Worse was the sudden realization that he had complexly missed San Augustino and was now lying with his face in the mud! Robert immediately jumped up screaming in frustrated anger aided by the feeling of the pain of an imaginary saber blade in his back! Robert knew in his heart that he would have taken advantage of the situation, if the tables had been turned and Augustino had been the one sliding on his face. Robert neednt have feared, because San Augustino was still standing perfectly poised about ten feet away almost in the same position that he had been standing when Robert had originally charged! It was almost as if San Augustino had not moved! Robert suddenly felt a stinging sensation on his chest and looking down was horrified to see a thin red streak that was starting to spread his across his white shirt! It was the thinnest of cuts and although not very wide looked painfully deep and more importantly, was rapidly bleeding his strength away!

More Tales from the Blue Gonk Cafe Thirteen O'Clock Press,2016-06-19 The Blue Gonk Café decided to hold a storytelling day... some of the best writers from Thirteen Press went to the sessions... the result being an anthology of almost 170 pieces of flash fiction, ranging from SF through gentle humour to outright horror. Pick up and put down or start at the

beginning and read through all the storytelling sessions, either way the collection is a delight for the senses, far ranging stories covering all aspects of Life. Come on in and be part of the storytelling sessions. You won't regret it!

Plants Of The Bible Harold N. Moldenke, Alma L. Moldenke, 2017-07-28 First published in 2005. This reference guide includes 230 identified plants mentioned in the bible, currently known of from the present day knowledge of Biblical botany. It includes translations from Hebrew into English, biblical cross-referencing, as well as illustrations and a section on unidentified plants.

Landfalls Naomi J. Williams, 2015-08-04 The gripping story of a dramatic eighteenth-century voyage of discovery from Naomi J. Williams In her wildly inventive debut novel, Naomi J. Williams reimagines the historical La Pérouse expedition, a voyage of exploration that left Brest in 1785 with two frigates, two hundred men, and overblown Enlightenment ideals and expectations, in a brave attempt to circumnavigate the globe for science and the glory of France. Deeply grounded in historical fact but refracted through a powerful imagination, *Landfalls* follows the exploits and heartbreaks not only of the men on the ships but also of the people affected by the voyage-natives and other Europeans the explorers encountered, loved ones left waiting at home, and those who survived and remembered the expedition later. Each chapter is told from a different point of view and is set in a different part of the world-ranging from London to Tenerife, Alaska to remote South Pacific islands and Siberia, and eventually back to France. The result is a beautifully written and absorbing tale of the high seas, scientific exploration, human tragedy, and the world on the cusp of the modern era. By turns elegiac, profound, and comic, *Landfalls* reinvents the maritime adventure novel for the twenty-first century.

Rivers Under Siege Jim W. Johnson, 2007 *Rivers under Siege* is a wrenching firsthand account of how human

interventions, often well intentioned, have wreaked havoc on West Tennessee's fragile wetlands. For more than a century, farmers and developers tried to tame the rivers as they became clogged with sand and debris, thereby increasing flooding. Building levees and changing the course of the rivers from meandering streams to straight-line channels, developers only made matters worse. Yet the response to failure was always to try to subdue nature, to dig even bigger channels and construct even more levees-an effort that reached its sorry culmination in the U.S. Army Corps of Engineers' massive West Tennessee Tributaries Project during the 1960s. As a result, the rivers' natural hydrology descended into chaos, devastating the plant and animal ecology of the region's wetlands. Crops and trees died from summer flooding, as much of the land turned into useless, stagnant swamps. The author was one of a small group of state waterfowl managers who saw it all happen, most sadly within the Obion-Forked Deer river system and at Reelfoot Lake. After much trial and error, Johnson and his colleagues in the Tennessee Wildlife Resources Agency began by the 1980s to abandon their old methods, resorting to management procedures more in line with the natural contours of the floodplains and the natural behavior of rivers. Preaching their new stewardship philosophy to anyone who might listen-their supervisors, duck hunters, conservationists, politicians, federal agencies-they were often ignored. The campaign dragged on for twenty years before an innovative and rational plan came from the Governor's Office and gained wide support. But then, too, that plan fell prey to politics, legal wrangling, self-interest, hardheadedness, and tradition. Yet, despite such heartbreaking setbacks, the author points to hopeful signs that West Tennessee's historic wetlands might yet be recovered for the benefit of all who use them and recognize their vital importance. Jim W. Johnson, now retired, was for many years a lands management biologist with the Tennessee Wildlife Resources Agency. He was responsible for the overall supervision and coordination of thirteen wildlife management areas and refuges, primarily for waterfowl, in northwest Tennessee.

Whispering the Secrets of Language: An Emotional Journey through **Beneath The Cypress Tree**

In a digitally-driven earth wherever displays reign great and instant connection drowns out the subtleties of language, the profound strategies and emotional subtleties concealed within phrases often get unheard. Yet, located within the pages of **Beneath The Cypress Tree** a interesting literary treasure pulsating with fresh emotions, lies an exceptional journey waiting to be undertaken. Composed by an experienced wordsmith, this marvelous opus attracts viewers on an introspective journey, softly unraveling the veiled truths and profound impact resonating within the fabric of each word. Within the mental depths with this moving evaluation, we shall embark upon a heartfelt exploration of the book is key themes, dissect their interesting publishing style, and fail to the effective resonance it evokes strong within the recesses of readers hearts.
