Tell Me, Kenyalang Kulleh Grasi, 2019 Poetry. Asian & Asian American Studies. Translated by Pauline Fan. TELL ME, KENYALANG is a collection of poems by Kulleh Grasi, a writer and musician from Sarawak, a Malaysian state on the island of Borneo. This groundbreaking book is one of a handful of contemporary works of poetry written in Malay to be translated into English and the first in decades to include Malaysian indigenous languages. Translator Pauline Fan brings the work into a thrilling, living English. Kulleh Grasi's poems are entirely new and yet intimate. They are entwined with myth and nature and yet are fully post-modern. They are outside the context of American poetry and also deeply inside the questions and experiences American poets are grappling with today: questions of identity in relation to nation and language and sexuality. Grasi, both a known poet and rock star in Malaysia, writes new rivers and islands into the landscape of identity. Grasi says: I was reading all kinds of Malay literature. None of it spoke from the experience of Borneo's indigenous people, so I started keeping journals, writing about the lives of indigenous communities that I observed with my own eyes. This was the true beginning of my poetry. TELL ME, KENYALANG will change the way people think of contemporary poetry throughout the world and about the role of indigenous languages in global literature and in translation. The book is a powerhouse.

Television, Nation, and Culture in Indonesia Philip Kitley, 2014-07-31 The culture of television in Indonesia began with its establishment in 1962 as a public broadcasting service. From that time, through the deregulation of television broadcasting in 1990 and the establishment of commercial channels, television can be understood, Philip Kitley argues, as a part of the New Order's national culture project, designed to legitimate an idealized Indonesian national cultural identity. But Professor Kitley suggests that it also has become a site for the contestation of elements of the New Order's cultural policies. Based on his studies, he further speculates on the increasingly significant role that television is destined to play as a site of cultural and political struggle.

Music in the World of Islam Amnon Shiloah, 1995 The story of music told in this book begins in pre-Islamic times with musical forms that bear strong imprints of the Bedouin's tribal way of life. Pre-Islamic music can be viewed as the forerunner of the art music that acquired a foothold after the advent of Islam. The history of Arab music then became inextricably

entwined with the musical traditions of the conquered lands. The merging of diverse forms into a unique common style marked the advent of the Great Musical Tradition that gained favor throughout an extensive geographical area. By the end of Islam's third century, distinct autonomous styles began to appear involving Persians and Turks in particular.
