

Beyond The Valley Of The Dolls

Dakota Walker Randell had lived in the valley all his younger years with no plan to leave. His friends were all there, most importantly Linda Martin, who was his girlfriend—even if he did not know it at first. Still they spent a great deal of time together horseback riding in the valley. Linda lived in the biggest house in the valley, while Dakota lived in a small house in a ghost town. Linda's family had money, while Dakota's father was the former pastor of the valley church. Now he was the valley drunk, and all he had was his horse and his dog. In Dakota's senior year of high school, he was sick of caring for his father. He wanted a life of his own, maybe with Linda. You think you have nothing, then you have it all, and then she is gone. What happened after that makes a new life as well as a story of a man in search of answers. This is also a story of a girl searching for answers, as well as what they find in a truck stop one morning, sixteen year later. In this seventh installment in the Hannah of Fort Bridger series, twin tragedies set the stage for God's glorious provision. A vicious mountain lion attack leaves beautiful, young rancher Carrie Wright a widow. An outlaw on his way to prison escapes the law long enough to shoot Doug McClain's wife, making him the lonely father of a young daughter. Then heroine Hannah Cooper, newly widowed herself, comforts Carrie with the knowledge that while God's servants will tread through the valley of weeping, they will also keep moving toward another mountaintop. When employment opportunities bring Doug and Carrie together, unexpected sparks fly and finally they can envision a future "beyond the valley."

The second dazzling installment in Patrick Carman's masterful Land of Elyon trilogy! Alexa thought her troubles were over when she defeated the man who had threatened to bring down Bridewell from within. But now that the walls around her land have fallen, a new, unexpected threat has risen from outside. Suddenly, Alexa is involved in a battle much, much larger than her own life . . . a battle in which she is destined to play a key role. In order to help good defeat evil, Alexa and her friends must venture farther than they've ever gone before -- confronting giants, bats, ravenous dogs, and a particularly ghoulish mastermind in order to bring back peace.

The Great Gatsby (1925) is a novel by F. Scott Fitzgerald. Published at the height of Fitzgerald's career as a leading writer of American fiction, The Great Gatsby was reviewed poorly by contemporary critics, but has since been recognized as a groundbreaking work for its vision of American decadence and decay. Adapted into several influential films and adored by generations of readers and writers, The Great Gatsby is not only Fitzgerald's crowning achievement, but one of the finest novels ever written. Nick Carraway is a young veteran and Yale graduate who moves to New York in search of work. He rents a bungalow on Long Island next door to the extravagant mansion of Jay Gatsby, a magnanimous millionaire with a mysterious past. There, he reconnects with his distant cousin Daisy and her husband Tom Buchanan, a flagrant philanderer who brings Nick to the city in order to spend time with Myrtle, his impoverished mistress. Soon, he receives an invitation to a party at the Gatsby mansion, where he gets terribly drunk and meets his neighbor, who swears they served together in the Great War. As time goes by, the two begin a tenuous friendship bolstered by stories of the war and a mutual fondness for alcohol. When Nick discovers that Gatsby and Daisy have a complicated history with one another, he starts to question not only the nature of his neighbor's kindness, but his own desire to make it big in New York. The Great Gatsby is a tragic tale of ambition and romance set in the Roaring Twenties, a decade born from war and lost to economic disaster. With a beautifully designed cover and professionally typeset manuscript, this new edition of F. Scott Fitzgerald's The Great Gatsby is a classic work of American literature reimagined for modern readers.

Shots rang out in Savannah's grandest mansion in the misty, early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. John Berendt's sharply observed, suspenseful, and witty narrative reads like a thoroughly engrossing novel, and yet it is a work of nonfiction. Berendt skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married Woman's Card Club; the turbulent young redneck gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the "soul of pampered self-absorption"; the uproariously funny black drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young blacks dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and intrigues that thrive in a town where everyone knows everyone else. *Midnight in the Garden of Good and Evil* is a sublime and seductive reading experience. Brilliantly conceived and masterfully written, this enormously engaging portrait of a most beguiling Southern city has become a modern classic. After being kidnapped and sold as an indentured servant in the American colonies, Sarah Carr, a widow, endures hardships and loneliness as she becomes separated from a doctor who had offered to help her.

The spectacular bestseller from the author of *VALLEY OF THE DOLLS*. In a time when steak, vodka, and Benzedrine were the three main staples of a healthy diet, when high-powered executives called each other "baby" and movie stars wore wigs to bed, network tycoons had a name for the TV set: they called it "the love machine." But to supermodel Amanda, socialite Judith and journalist Maggie, "the love machine" meant something else: Robin Stone, "a TV-network titan around whom women flutter like so many moths... The novel deals with his rise and fall as he makes the international sex scene (orgying in London, transvestiting in Hamburg), drinks unlimited quantities and checks out the latest Niensens."—*Newsweek* "I READ IT IN ONE GREEDY GULP, ENJOYING EVERY MINUTE."—Liz Smith "[Susann's] pulp poetry resonates to this day. *WITH HER FORMULA OF SEX, DRUGS, AND SHOW BUSINESS*, Susann didn't so much capture the tenor of her times as she did predict the Zeitgeist of ours."—*Detour*

Deftly written and utterly addictive, this Western literary horror debut will find a home with fans of authors like Joe Hill, Cormac McCarthy, and Anne Rice. One night in 1980, a man becomes a monster. Haunted by his past, Travis Stillwell spends his nights searching out women in West Texas honky-tonks. What he does with them doesn't make him proud, just quiets the demons for a little while. But after Travis crosses paths one night with a mysterious pale-skinned girl, he wakes weak and bloodied in his cabover camper the next morning—with no sign of a girl, no memory of the night before. Annabelle Gaskin spies the camper parked behind her motel and offers the cowboy a few odd jobs to pay his board. Travis takes her up on the offer, if only to buy time, to lay low and heal. By day, he mends the old motel, insinuating himself into the lives of Annabelle and her ten-year-old son. By night, in the cave of his camper, he fights an unspeakable hunger. Before long, Annabelle and her boy come to realize that this strange cowboy is not what he seems. Half a state away, a grizzled Texas Ranger is hunting Travis for his past misdeeds, but what he finds will lead him to a revelation far more monstrous. A man of the law, he'll have to decide how far into the darkness he'll go for the sake of justice. When these lives converge on a dusty autumn night, an old evil will find new life—and new blood.

In this heart-wrenching memoir, former NFL star Kermit Alexander tells the devastating true story of the horrific massacre of his family and his subsequent years of despair, followed by a spiritual renewal that showed him a way to rebuild his family and reclaim his life. On the morning of August 31, 1984, in the South Central section of Los Angeles, three armed men broke into a house, brutally murdering two women and two young boys. The victims were Ehora Alexander, Dietra Alexander, Damani Garner, and Damon Bonner—the mother, sister, and nephews of retired All-Pro cornerback for the San Francisco 49ers Kermit Alexander. In his own words, Kermit Alexander finally shares the full story of what happened to his loved ones and the aftermath of that tragic day. He recounts the hours leading up to the massacre, and how afterward he lost himself in the LA underworld, pleading, bribing, and threatening in a search for answers. He describes his journey through the "wilderness" of despair—the years of isolation living out of his car, broke, depressed, and sick.

We also learn about his coming-of-age in 1950s LA, the following decade he spent in the NFL, the events leading up to that fateful August day, and finally the shocking truth behind the murders. Kermit opens up about his darkest hours, but also what it took to turn his life around, rebuild his family, and ultimately find peace. Ominous and intense, powerful and uplifting, tragic and triumphant, *The Valley of the Shadow of Death* is more than a rendering of one man's adversity; it's testament to the value of family and the resilience of the human spirit in the face of overwhelming loss.

This evocative work of nature writing traverses the world's largest temperate rainforest to uncover the legend of the Sasquatch. Canada's Great Bear Rainforest is home to trees as tall as skyscrapers and moss as thick as carpet. According to the people who live there, another giant may dwell in these woods. For centuries, locals have reported encounters with the Sasquatch—a species of hairy man-ape that could inhabit this pristine wilderness. Driven by his childhood obsession with the Sasquatch, yet trying to remain objective, journalist John Zada seeks out the people and stories surrounding this enigmatic creature. He speaks with local Indigenous peoples and a Sasquatch-studying scientist. He hikes with a former bear hunter. Soon, he finds himself on quest for something infinitely more complex, cutting across questions of human perception, scientific inquiry, Indigenous traditions, the environment, and the power of the human imagination to believe in—or to outright dismiss—one of nature's last great mysteries. How to repair the disconnect between designers and users, producers and consumers, and tech elites and the rest of us: toward a more democratic internet. In this provocative book, Ramesh Srinivasan describes the internet as both an enabler of frictionless efficiency and a dirty tangle of politics, economics, and other inefficient, inharmonious human activities. We may love the immediacy of Google search results, the convenience of buying from Amazon, and the elegance and power of our Apple devices, but it's a one-way, top-down process. We're not asked for our input, or our opinions—only for our data. The internet is brought to us by wealthy technologists in Silicon Valley and China. It's time, Srinivasan argues, that we think in terms beyond the Valley.

Srinivasan focuses on the disconnection he sees between designers and users, producers and consumers, and tech elites and the rest of us. The recent Cambridge Analytica and Russian misinformation scandals exemplify the imbalance of a digital world that puts profits before inclusivity and democracy. In search of a more democratic internet, Srinivasan takes us to the mountains of Oaxaca, East and West Africa, China, Scandinavia, North America, and elsewhere, visiting the “design labs” of rural, low-income, and indigenous people around the world. He talks to a range of high-profile public figures—including Elizabeth Warren, David Axelrod, Eric Holder, Noam Chomsky, Lawrence Lessig, and the founders of Reddit, as well as community organizers, labor leaders, and human rights activists.. To make a better internet, Srinivasan says, we need a new ethic of diversity, openness, and inclusivity, empowering those now excluded from decisions about how technologies are designed, who profits from them, and who are surveilled and exploited by them.

"Rojas re-creates the nineteenth-century corridors of power and portrays the relationship between Goya and King Fernando VII, a despot bent on establishing a cruel regime after Spain's War of Independence. Goya obliges the king's request for a portrait, but his depiction not only fails to flatter but reflects a terrible darkness and grotesqueness. More than a century later, transcending conventional time, Goya observes Franco's body lying in state and experiences again a dark and monstrous despair."--

Named a Garden & Gun and Atlanta Journal Constitution best book of the year Winner of the 2020 Thomas Robinson Prize for Southern Literature "Mesmerizing...He's one of the best living American writers."--Janet Maslin, New York Times Book Review From bestselling and award-winning writer Ron Rash ("One of the great American authors at work today."--The New York Times) comes a collection of ten searing stories and the return of the villainess who propelled *Serena* to national acclaim, in a long-awaited novella. Ron Rash has long been a revered presence in the landscape of American letters. A virtuosic novelist, poet, and story writer, he evokes the beauty and brutality of the land, the relentless tension between past and present, and the unquenchable human desire to be a little bit better than circumstances would seem to allow (to paraphrase Faulkner). In these ten stories, Rash spins a haunting allegory of the times we live in--rampant capitalism, the severing of ties to the natural world in the relentless hunt for profit, the destruction of body and soul with pills meant to mute our pain--and yet within this world he illuminates acts of extraordinary decency and heroism. Two of the stories have already been singled out for accolades: "Baptism" was chosen by Roxane Gay for inclusion in *The Best American Short Stories 2018*, and "Neighbors" was selected by Jonathan Lethem for *The Best American Mystery Stories 2019*. And in revisiting *Serena Pemberton*, Rash updates his bestselling parable of greed run amok as his deliciously vindictive heroine returns to the North Carolina wilderness she left scarred and desecrated to make one final effort to kill the child that threatens all she has accomplished. "A gorgeous, brutal writer" (Richard Price) working at the height of his powers, Ron Rash has created another mesmerizing look at the imperfect world around us.

"A blissful treasure trove of gossipy insider details that Dolls fans will swiftly devour." --Kirkus Reviews The unbelievable-but-true, inside story of Jacqueline Susann's pop culture icon *Valley of the Dolls*--the landmark novel and publishing phenomenon, the infamous smash hit film ("the best worst movie ever made"), and Dolls's thriving legacy today Since its publication in 1966, Jacqueline Susann's *Valley of the Dolls* has reigned as one of the most influential and beloved pieces of commercial fiction. Selling over thirty-one million copies worldwide, it revolutionized overnight the way books got sold, thanks to the tireless and canny self-promoting Susann. It also generated endless speculation about the author's real-life models for its larger-than-life characters.

Turned in 1967 into an international box-office sensation and morphing into a much-beloved cult film, its influence endures today in everything from films and TV shows to fashion and cosmetics tributes and tie-ins. Susann's compulsive readable exposé of three female friends finding success in New York City and Hollywood was a scandalous eye-opener for its candid treatment of sex, naked ambition, ageism, and pill-popping, and the big screen version was one of the most-seen and talked-about movies of the time. Dolls! Dolls! Dolls! digs deep into the creation of that hugely successful film--a journey nearly as cut-throat, sexually-charged, tragic, and revelatory as Susann's novel itself--and uncovers how the movie has become a cherished, widely imitated camp classic, thanks to its over-the-top performances, endlessly quotable absurd dialogue, outré costumes and hairdos, despite the high aspirations, money, and talent lavished on it. Screenwriter-journalist-film historian Stephen Rebello has conducted archival research and new interviews to draw back the velvet curtain on the behind-the-scenes intrigue, feuds and machinations that marked the film's production. In doing so, he unveils a rich, detailed history of fast-changing, late 1960s Hollywood, on screen and off.

This Handbook offers an invaluable and up-to-date resource on this critical and fascinating World Heritage site.

Welcome Home
Sitting on the steps of his cabin Dakota Walker Randell sipped his coffee as he looked toward the mountains. He had never expected his family to throw him a party when he started spending more time at home. Still it would have been nice if they had at least been happy to see him. His kids didnt really know him, his ex-wife wasnt talking to him even Susan was ignoring him. All he had for company was the dog and he wasnt even sure where the dog had come from. It was hard to explain the dog was just there at the cabin when he was in the valley. Dakota was a man who had to set things straight with his family but that was not going to be as easy as he had hoped. After all where do you start? What do you say to your children and their mothers? He had parked his truck for a time because his father and uncle had asked for his help. They hadnt told him what they needed his help with. Over the years the valley had changed it was a place for tourists these days Dakota wasnt sure he liked that. He wasnt sure being around his ex-wife and his ex-girlfriend at the same time really sound like a fun time to him. Those two women were not the sharing type years earlier. He was sure they were not going to be in a sharing mood now. He should have stayed in his truck but he had said he would help the family. If he was going to keep his word he was going to have to stay around. If he was going to have any company at all while he was in the valley it looked like the dog was going to have to learn how to talk.

*Named one of Wall Street Journal's Best Books of 2015 *Selected as a Military Times's Best Book of the Year "You're going up the Valley." Black didn't know its name, but he knew it lay deeper and higher than any other place Americans had ventured. You had to travel through a network of interlinked valleys, past all the other remote American outposts, just to get to its mouth. Everything about the place was myth and rumor, but one fact was clear: There were many valleys in the mountains of Afghanistan, and most were hard places where people died hard deaths. But there was only one Valley. It was the farthest, and the hardest, and the worst. When Black, a deskbound admin officer, is sent up the Valley to investigate a warning shot fired by a near-forgotten platoon, he can only see it as the final bureaucratic insult in a short and unhappy Army career. What he doesn't know is that his investigation puts at risk the centuries-old arrangements that keep this violent land in fragile balance, and will launch a shattering personal odyssey of obsession and discovery as Black reckons with the platoon's dark secrets, accumulated over endless hours fighting and dying in defense of an indefensible piece of land. The Valley is a riveting tour de force that changes our understanding of the men who fight our wars and announces John Renehan as one of the great American storytellers of our time.

When thirteen-year-old Alexa embarks on a mysterious quest, she finds that her old friends Yipes the little man, Murphy the squirrel, Odessa the wolf, and Squire the hawk have been designated to help her.
