This package contains the complete two-volume set of First Corinthians and Second Corinthians from the MacArthur New Testament Commentary series. The MacArthur New Testament Commentary series continues to be one of today's top-selling commentary series. In First Corinthians and Second Corinthians, respected preacher and Bible teacher John MacArthur demonstrates how the Corinthian church required Paul's repeated care as the apostle sought to correct errors of unchristian practice, worship, and doctrine. Concerned with false apostles who were leading the church astray, Paul defended his own authority as God's apostle and sought reconciliation within the church. MacArthur explores these issues by giving a verse-by-verse analysis in context and providing points of application for passages, illuminating the biblical text in practical and relevant ways. Both volumes form yet another set of comprehensive

and compelling commentaries in his New Testament series, and are a must-have for every pastor's library.

In this comprehensive look at life in the time of Jesus, Edersheim examines Jewish homelife, marriage customs, worship, literature, and much more. This publication from Boomer Books is specially designed and typeset for comfortable reading.

THE NEW TESTAMENT was written in Koine Greek during the first century AD. From the time of its original revelation, handwritten copies continually were prepared in order to maintain and preserve that original text into the modern era. All copies made prior to the invention of movable-type printing were made by hand, resulting in various scribal alterations, most of these being of a minor nature. Although the autographs no longer exist and no two manuscript copies are completely identical, sufficient evidence exists by which one can produce an accurate representation of the original text by comparing and evaluating the overall manuscript consensus. Robinson and Pierpont have taken the utmost care in preparing that text for this edition. Various other methods for restoration of the original NT text have fallen short of their goal, in part due to methodological subjectivity, and in part to a presuppositional bias against the claims of the Byzantine Textform. The texts created under such a bias tend to be based on only a handful of favored manuscripts, and fail to consider all transmissional factors in the preservation of the original text. As a result, the modern eclectic texts tend to preserve more of a caricature than the essence of the originals. In contrast, Robinson and

Pierpont have applied many of the same methods of textual criticism to their task, but without the anti-Byzantine bias. Their method of "reasoned transmissionism" is based on the wider scope of manuscript transmission throughout history. The preface of this edition explains the basic method by which the present editors have arrived at their basic text. The appendix contains Robinson's essay, "The Case for Byzantine Priority," which presents a rationale for and defense of the theory and methodology that has been applied in the preparation of this edition.

A unique combination of biblical teaching, scientific research, and personal biography shows those who follow Jesus how to live joyful, purposeful lives. Hopelessness has invaded much of our culture, even reaching deep into the church. But while the world is awash in negativity, Christians have resources to live differently. In *The Happy Christian*, professor and pastor David Murray blends the best of modern science and psychology with the timeless truths of Scripture to create a solid, credible guide to positivity. The author of the acclaimed *Christians Get Depressed Too*, Murray exposes modern negativity's insidious roots and presents ten perspective-changing ways to remain optimistic in a world that keeps trying to drag us down. *The Happy Christian* invites readers to shed negativity and become countercultural missionaries by demonstrating the positive power of the gospel in their lives.

Studying the theology of the New Testament can be a daunting task, even to the knowledgeable Bible student or pastor. Each of the twenty-seven books, written by various authors, has its own theological emphasis and nuances. How do we elicit a coherent message from such theological diversity, especially given that some of the theological statements in the New Testament seem to be at odds with one another? Is such an endeavor achievable or even valid? Theology of the New Testament takes a balanced approach in response to these challenges. Frank Thielman presents a theology of the New Testament that is careful to take into account the cultural and historical circumstances surrounding each book and the New Testament as a whole. He not only examines each book's theological content individually, but also in relation to the rest of the New Testament, particularly within each of the three theological units that comprise the New Testament: the gospels and Acts, the Pauline epistles, and the general epistles and Revelation. This canonical and synthetic approach honors both the theological diversity of the various books and the theological connections between the books. In the end, Thielman finds a unified theological vision of the New Testament, anchored in the centrality of Jesus Christ. Frank Thielman's *Theology of the New Testament* is an

outstanding achievement. The book is marked by scholarly depth, exegetical rigor, and theological profundity. Both students and professors will profit immensely from this lucid treatment of the theology contained in the New Testament documents. Thomas R. Schreiner Professor of New Testament, The Southern Baptist Theological Seminary An accessible presentation of the key theological points of the New Testament books by an accomplished New Testament scholar and teacher. Its clear style, lucid organization, and sound theological insight make it a prime resource for serious students in both the academy and the church. Karen H. Jobes, PhD Associate Professor of New Testament, Westmont College

The doctrines treated in this book are dealt with from the standpoint of Biblical rather than Dogmatic theology. This is evident from the plan which is followed in the work, namely, to gather together all the Scripture passages dealing with the subject under consideration, and from them choose a required number that may be called representative; then seek to understand the meaning of these references by the study of the text itself as well as its context and parallel passages; and finally, from the selected proof-texts, formulate the doctrinal teaching, and place such results under appropriate headings. The doctrines of God, Jesus Christ, and the Holy Spirit are more fully dealt with than the doctrines which follow. This is especially true of the doctrine of God. The reason for this is to set forth the method pursued in these studies, and to give a pattern for the study of the doctrines to follow. (William Evans, The

Great Doctrines of the Bible)

The Book of Melchizedek. Despite the few references to him in the Bible, the Holy Book refers to Melchizedek as a wise king of a land called Salem and "priest of the Most High God. (Genesis 14:18). In the New Testament, he is equated with Jesus, who is said to be "after the order of Melchizedek" (Epistle to the Hebrews).

The work of Dr. Argimiro Ruano on Eschatology truly impacted me. And when I read his "Cuadernos de Teología Pastoral" / Notebooks about Pastoral Theology, I decided to base my doctoral thesis on them, especially on the topic of Biblical Eschatology, which has caught the attention and attracted the interest of readers - not only of Christian readers, but of everyone who seek knowledge about "the hereafter", about what takes

place after death. In accordance with Roberto Fernández Valladares, Professor at the University of Puerto Rico, this work "is essential to learn the theological and biblical foundation regarding Purgatory as well as Martin Luther's thoughts about this doctrine". Dr. Fernández also states: "The analysis of faith and of purification by faith is one of the best parts of the book, above all the explanation of these two principles: 'believing to have been justified is not to be justified' and 'faith does not justify, but the grace that comes from faith' [...]. This is a fundamental book for every believer as well as for pastoral leaders in our communities" (El Visitante de Puerto Rico / Puerto Rico's Visitor, Oct. 19, 1991, p. 19).

Excerpt from The Temple: Its Ministry and Services as They Were at the Time of Jesus Christ While thus deriving my materials at first hand, I have also thankfully made use of any and every help within my reach.. Foremost I place here the writings of Maimonides, not only because he is of greatest authority among the Jews, but because his vast and accurate knowledge of these subjects, and the clear ness and subtlety of his intellect, entitle him to that position. Next to him come the numerous writers on Biblical Antiquities, in Latin and German works on Typology - scientific and popular; treatises on the Life and Times of our Lord; histories of the Jewish Nation, or of Judaism commentaries on such passages in the Old and New Testament as bore on these subjects; and numerous treatises on cognate points. In my study of ancient Jerusalem, I had the benefit of the labours of recent explorers, from Robinson and Barclay to the volumes published under the auspices of the Palestine Exploration Fund.
