* Indie Next List Selection * Winner of the Oscar's Book Prize * From Benji Davies, the award-winning creator of The Storm Whale and illustrator of the Goodnight Already! series, comes a heartwarming and tender tale about courage and growth, featuring a special tadpole named Tad. Tad is small. In fact, she is the smallest almost-a-frog in the whole, wide pond. That makes it hard for her to do big things like follow her tadsiblings who swim to other parts of the pond when they outgrow the nest. As her tadbrothers and tadsisters swim up, up, up, they leave poor Tad by her lonesome. That's until...Big Blub shows up! He's not only bigger than Tad, but Big Blub isn't exactly what a tadpole would consider friendly. Swimming at her own pace, Tad soon learns how to be bigger than her fears. Benji Davies creates a memorable and timeless tale that proves sometimes the mightiest creature comes in the smallest package.

This volume addresses the fraught relationship between market and society in times of social and economic crisis, exploring how they interact in key social, cultural, and political arenas on a global scale. The contributors examine the neoliberal market in anthropological and ethnographic terms to question whether "market logic" has won out against social aspects of human existence in a framework of minimal state protection and the devaluation of human labor. Fruitfully combining empirical data and theoretical approaches, the volume investigates the extent to which ordinary people accept unequal allocations of resources and examines their sense of belonging in an expansive neoliberal economy.

In this graphic novel, presented in English for the first time, the Italian "Crumb" portrays a lost generation of late 1970s/early 1980s teenagers coping with family problems, school, sex, and drugs. A true visionary, with a fluid line and an uncanny sense of color and

composition, Pazienza's innovative graphic style served up stories that were iconoclastic, outrageous, humorous, and deeply personal, often based on himself and his microcosm of friends and collaborators. Pazienza was a revolutionary cartoonist who ushered an underground sensibility to Italian and European comics, breaking from the more staid tradition of genteel adult (and children's) graphic albums.

This unique portrait of Mark Rothko captures his astonishing use of color as it illustrates the story of his life, career, struggles, and philosophy. Mark Rothko's work is among the most recognizable in modern art history. His huge color-field works enjoy enormous popularity for their luminosity, moodiness, and immersive qualities. But he didn't always paint in bold, simple swaths of color. This graphic biography traces Rothko's entire life, from his boyhood emigration from Russia to America, to his suicide in 1970. It touches on his schooling and early work for the WPA in the 1930s; the evolution of his art from representational to purely abstract; and the dawning of his artistic philosophy, which took him farther and farther away from the material world and toward a universally emotional and expressionist modality. The book's finely detailed drawings are Rothko's signature colors and draw readers into his fascinating creative journey. While Rothko the artist was largely misunderstood during his lifetime, this unique graphic biography offers a way of making sense of his life and of decoding the visual language he invented.

On March 5, 2007, Daniele Mastrogiacomo, his driver, and his interpreter were captured by the Taliban. His captors threatened to execute him if Italy did not immediately withdraw its troops from Afghanistan. When Italy refused this demand, the driver, twenty-five-year old Sayed Agha, was decapitated before Mastrogiacomo's eyes. A video of this horrifying event was shown around the world, and Mastrogiacomo spent the rest of his time in captivity, convinced that a similar fate would soon befall him. His jail, however, was not a dark room hidden away in some urban periphery, but a kind of open-air prison: to escape detection, his captors dragged him from village to village, through opium plantations, along dusty roads and over rugged mountains, from one end of Afghanistan to the other. It was a captivity that consisted in a continuous and nerve-racking confrontation with a world that bore no resemblance to that which he had ever known. Mastrogiacomo draws from his experience not only a hostage's tale of captivity but also a story that lies at the heart of the eternal human drama: that of a man's encounter with The Other. As brilliantly crafted as a first-rate suspense novel and with the kind of emotional impact associated with the best literary fiction, Mastrogiacomo's story of courage and tenacity in the face of imminent danger is unforgettable.
