**Artificial Hells** Claire Bishop,2012-07-24 Since the 1990s, critics and curators have broadly accepted the notion that participatory art is the ultimate political art: that by encouraging an audience to take part an artist can promote new emancipatory social relations. Around the world, the champions of this form of expression are numerous, ranging from art historians such as Grant Kester, curators such as Nicolas Bourriaud and Nato Thompson, to performance theorists such as Shannon Jackson. *Artificial Hells* is the first historical and theoretical overview of socially engaged participatory art, known in the US as social practice. Claire Bishop follows the trajectory of twentieth-century art and examines key moments in the development of a participatory aesthetic. This itinerary takes in Futurism and Dada; the Situationist International; Happenings in Eastern Europe, Argentina and Paris; the 1970s Community Arts Movement; and the Artists Placement Group. It concludes with a discussion of long-term educational projects by contemporary artists such as Thomas Hirschhorn, Tania Bruguera, Paweł Althamer and Paul Chan. Since her controversial essay in *Artforum* in 2006, Claire Bishop has been one of the few to challenge the political and aesthetic ambitions of participatory art. In *Artificial Hells*, she not only scrutinizes the emancipatory claims made for these projects, but also provides an alternative to the ethical (rather than artistic) criteria invited by such artworks. *Artificial Hells* calls for a less prescriptive approach to art and politics, and for more compelling, troubling and bolder forms of participatory art and criticism.

Letterman Jason Zinoman,2017-04-11 New York Times comedy critic Jason Zinoman delivers the definitive story of the life and artistic legacy of David Letterman, the greatest television talk show host of all time and the signature comedic voice of a generation. In a career spanning more than thirty years, David Letterman redefined the modern talk show with an ironic comic style that transcended traditional television. While he remains one of the most famous stars in America, he is a remote, even reclusive, figure whose career is widely misunderstood. In *Letterman*, Jason Zinoman, the first comedy critic in the history of the New York Times, mixes groundbreaking reporting with unprecedented access and probing critical analysis to explain the unique entertainer's titanic legacy. Moving from his early days in Indiana to his retirement, Zinoman goes behind the scenes of Letterman's television career to illuminate the origins of his revolutionary comedy, its overlooked influences, and how his work intersects with and reveals his famously eccentric personality. Zinoman argues that Letterman had three great artistic periods, each distinct and part of his evolution. As he examines key broadcasting moments—Stupid Pet Tricks and other captivating segments that defined *Late Night with David Letterman*—he illuminates Letterman's relationship to his writers, and in particular, the show's co-creator, Merrill Markoe, with whom Letterman shared a long professional and personal connection. To understand popular culture today, it's necessary to understand David Letterman. With this revealing biography, Zinoman offers a perceptive analysis of the man and the artist whose ironic voice and caustic meta-humor was critical to an entire generation of comedians and viewers—and whose singular style ushered in new tropes that have become clichés in comedy today.

*Miles* Miles Davis,Quincy Troupe,1990-09-15 Miles discusses his life and music from playing trumpet in high school to the new instruments and sounds from the Caribbean.

*La Misère Du Monde* Pierre Bourdieu,Alain Accardo,1999 This book can be read like a series of short stories - the story of a steel worker who was laid off after twenty years in the same factory and who now struggles to support his family on

unemployment benefits and a part-time job; the story of a trade unionist who finds his goals undermined by the changing nature of work; the story of a family from Algeria living in a housing estate in the outskirts of Paris whose members have to cope with pervasive, everyday forms of racism; the story of a school teacher confronted with urban violence; and many others as well. Reading these stories enables one to understand these people's lives and the forms of social suffering which are part of them. And the reader will see that this book offers not only a distinctive method for analysing social life, but also another way of practising politics.

*Bohemians of the Latin Quarter* Henri Murger, 2022-09-15 *Bohemians of the Latin Quarter* is a work by Henri Murger, published in 1851. Although it is commonly called a novel, it does not follow the standard novel form. Rather, it is a collection of loosely related stories, all set in the Latin Quarter of Paris in the 1840s, playfully romanticizing bohemian life. Most of the stories were originally published individually in a local literary magazine, *Le Corsaire*. Many of them were semi-autobiographical, featuring characters based on actual individuals who would have been familiar to some of the magazine's readers.

**Black Tooth Grin** Zac Crain, 2009-06-02 *Black Tooth Grin* is the first biography of Dimebag Darrell Abbott, the Texas-bred guitarist of the heavy metal band Pantera, who was murdered onstage in 2004 by a deranged fan-24 years to the day after John Lennon met a similar fate. Darrell Abbott began as a Kiss-inspired teenage prodigy who won dozens of local talent contests. With his brother, drummer Vinnie Abbott, he formed Pantera, becoming one of the most popular bands of the '90s and selling millions of albums to an intensely devoted fan base. While the band's music was aggressive, Dime was outgoing, gregarious, and adored by everyone who knew him. From Pantera's heyday to their implosion following singer Phil Anselmo's heroin addiction to Darrell's tragic end, *Black Tooth Grin* is a moving portrait of a great artist.

**Stradivari's Genius** Toby Faber, 2012-05-09 "'Tis God gives skill, but not without men's hands: He could not make Antonio Stradivari's violins without Antonio.'" -George Eliot Antonio Stradivari (1644–1737) was a perfectionist whose single-minded pursuit of excellence changed the world of music. In the course of his long career in the northern Italian city of Cremona, he created more than a thousand stringed instruments; approximately six hundred survive. In this fascinating book, Toby Faber traces the rich, multilayered stories of six of these peerless instruments—five violins and a cello—and the one

towering artist who brought them into being. Blending history, biography, meticulous detective work, and an abiding passion for music, Faber embarks on an absorbing journey as he follows some of the most prized instruments of all time. Mysteries and unanswered questions proliferate from the outset—starting with the enigma of Antonio Stradivari himself. What made this apparently unsophisticated craftsman so special? Why were his techniques not maintained by his successors? How is it that even two and a half centuries after his death, no one has succeeded in matching the purity, depth, and delicacy of a Stradivarius? In Faber’s illuminating narrative, each of the six fabled instruments becomes a character in its own right—a living entity cherished by artists, bought and sold by princes and plutocrats, coveted, collected, hidden, lost, copied, and occasionally played by a musician whose skill matches its maker’s. Here is the fabulous Viotti, named for the virtuoso who enchanted all Paris in the 1780s, only to fall foul of the French Revolution. Paganini supposedly made a pact with the devil to transform the art of the violin—and by the end of his life he owned eleven Strads. Then there’s the Davidov cello, fashioned in 1712 and lovingly handed down through a succession of celebrated artists until, in the 1980s, it passed into the capable hands of Yo-Yo Ma. From the salons of Vienna to the concert halls of New York, from the breakthroughs of Beethoven’s last quartets to the first phonographic recordings, Faber unfolds a narrative magnificent in its range and brilliant in its detail. “A great violin is alive,” said Yehudi Menuhin of his own Stradivarius. In the pages of this book, Faber invites us to share the life, the passion, the intrigue, and the incomparable beauty of the world’s most marvelous stringed instruments.

Improvising Cinema Gilles Mouëllic,2013 Gilles Mouëllic examines improvisational practices that can be specifically attributed to the cinema and argues in favor of their powers as instigators of unprecedented forms of expression. Improvising Cinema reflects both on the permanence of attempting improvisation and the relationship between technology and aesthetics. Mouëllic concludes preservation becomes even more invaluable in the case of improvisation, as the creative act exists only within the brief time span of the performance.

**Relentless** Yngwie J. Malmsteen,2013-05-21 The rock-and-roll memoir of one of the world's greatest guitarists Yngwie Malmsteen's revolutionary guitar style—combining elements of classical music with the speed and volume of heavy metal—made him a staple of the 80s rock scene. Decades later, he's still a legend among guitarists, having sold 11 million albums and influenced generations of rockers since. In *Relentless*, Malmsteen shares his personal story, from the moment he burst onto the scene seemingly out of nowhere in the early 80s to become a household name in the annals of heavy metal. Along the way, he talks about his first bands, going solo, his songwriting and recording process, and the seedy side of the rock business. Malmsteen was named one of Time magazine's ten greatest electric guitar players The author's most recent album, *Spellbound*, was released in December 2012 Ideal for guitar players, heavy metal fans, and those who enjoy rock memoirs

Godard On Godard Jean-luc Godard,1986-03-22 Jean-Luc Godard, like many of his European contemporaries, came to filmmaking through film criticism. This collection of essays and interviews, ranging from his early efforts for *La Gazette du*

Cinéma to his later writings for Cahiers du Cinéma, reflects his dazzling intelligence, biting wit, maddening judgments, and complete unpredictability. In writing about Hitchcock, Welles, Bergman, Truffaut, Bresson, and Renoir, Godard is also writing about himself-his own experiments, obsessions, discoveries. This book offers evidence that he may be even more original as a thinker about film than as a director. Covering the period of 1950-1967, the years of *Breathless*, *A Woman Is a Woman*, *My Life to Live*, *Alphaville*, *La Chinoise*, and *Weekend*, this book of writings is an important document and a fascinating study of a vital stage in Godard's career. With commentary by Tom Milne and Richard Roud, and an extensive new foreword by Annette Michelson that reassesses Godard in light of his later films, here is an outrageous self-portrait by a director who, even now, continues to amaze and bedevil, and to chart new directions for cinema and for critical thought about its history.

**What You See Is What You Get** Alan Sugar, 2010-09-30 'Lord Sugar is a self-made man and one of Britain's finest business brains. His story so far is inspirational to the end' *The Sun* 'Sugar is unusual among celebrity memoirists in that he's a clever man who has done a lot with his life, and the tale of his rise from nothing, and nowhere is genuinely revealing' *Private Eye* From a Hackney council estate to the House of Lords, this is the extraordinary story of one of our greatest entrepreneurs. Alan Sugar was born in 1947 and brought up on a council estate in Clapton, in Hackney. As a kid he watched his dad struggle to support the family, never knowing from one week to the next if he'd have a job. It had a huge impact on him, fuelling a drive to succeed that was to earn him a sizeable personal fortune. Now he describes his amazing journey, from schoolboy enterprises like making and selling his own ginger beer to setting up his own company at nineteen; from Amstrad's groundbreaking ventures in hi-fi and computers, which made him the darling of the stock exchange, to the dark days when he nearly lost it all; from his pioneering deal with Rupert Murdoch to his boardroom battles at Tottenham Hotspur FC. In this compelling autobiography, he takes us into the world of *The Apprentice*, and describes his appointment as advisor to the government and elevation to the peerage. Like the man himself, *What You See Is What You Get* is forthright, funny and sometimes controversial. 'I'm addicted to autobiographies and *What You See Is What You Get* is one of the best I've read. Love him or loathe him, Baron Sugar of Clapton is the walking, snarling embodiment of all the values he espouses on *The Apprentice*' Piers Morgan
