From the famed publisher and poet, author of the million-copy-selling collection A Coney Island of the Mind, his literary last will and testament -- part autobiography, part summing up, part Beat-inflected torrent of language and feeling, and all magical. "A volcanic explosion of personal memories, political rants, social commentary, environmental jeremiads and cultural analysis all tangled together in one breathless sentence that would make James Joyce proud. . ." --Ron Charles, The Washington Post In this unapologetically unclassifiable work Lawrence Ferlinghetti lets loose an exhilarating rush of language to craft what might be termed a closing statement about his highly significant and productive 99 years on this planet. The "Little Boy" of the title is Ferlinghetti himself as a child, shuffled from his overburdened mother to his French aunt to foster childhood with a rich Bronxville family. Service in World War Two (including the D-Day landing), graduate work, and a scholar gypsy's vagabond life in Paris followed. These biographical reminiscences are interweaved with Allen Ginsberg-esque high energy bursts of raw emotion, rumination, reflection, reminiscence and prognostication on what we may face as a species on Planet Earth in the future. Little Boy is a magical font of literary lore with allusions galore, a final repository of hard-earned and durable wisdom, a compositional high wire act without a net (or all that much punctuation) and just a gas and an inspiration to read.

The Office Organizer: The Office Organizer is a to-do list notepad for tracking daily activities, events, and errands. Helps you track and remember all your daily goals. To-do list and note. Marshal disobeys his mother and father causing pain and confusion for all involved.

"When something special...something good – or bad – happens to you, note the date. Years later...maybe more, maybe less...on that same date, something else will happen. I'm not saying what. It could be good. It could be bad. But it'll be something you'll remember. Note the date. It could be the same day and/or the same month. And if it is the same day and/or the same month, it is a date of fate."

The dramatic, fictionalized account of Robert Falcon Scott's famed and fatal expedition to Antarctica by one of Britain's best-loved authors. Departing from Cardiff in 1910, the Terra Nova entered dark waters and headed south. On board were Petty Officer Edgar "Taff" Evans, Dr. Edward "Uncle Bill" Wilson, Capt. Robert Falcon "Con" Scott, Lt. Henry Robertson "Birdie" Bowers, and Capt. Lawrence Edward "Titus" Oates. Through an imaginative yet historically accurate retelling of the crew's mission to become the first explorers to reach the South Pole—and with each of the book's five chapters narrated from the unique perspective of one of these men—author Beryl Bainbridge imbues a tragic and thrilling adventure story with profound psychological, metaphysical, and emotional insight. The first three chapters of *The Birthday Boys*—recounted by Evans, Wilson, and Scott, respectively—tell of the preparations and fundraising required for the journey, two stopovers in Madeira and South Trinidad Island, and the difficult conditions the expedition faces when they land on Antarctica. It is Wilson who first fears for the safety of the crew, when from atop the ship's crow's-nest he spies a fantastical half-man-half-bird creature flying above the sea. The doctor is certain this apparition is a harbinger of death. Troubles then ensue when Scott sets up a base camp at Cape Evans as well as several depots in the direction of the South Pole. The motor sledge breaks down almost immediately, several ponies are lost to the harsh elements, and it is revealed that a competing polar expedition led by Norwegian explorer Roald Amundsen is already well ahead of Scott's team. In the final two chapters—told by Bowers and Oates—readers are taken on a dangerous but spectacular detour to a penguin rookery, where the men witness gorgeous auroras, build an igloo, gather eggs, and slaughter the arctic birds for their blubber. When a violent blizzard hits, it looks as if no one will make it out alive. But brotherly love in the face of all odds gives the men the power to survive, and the five heroes set off on their final march to the South Pole. Though history has already revealed the catastrophic end of this tale, Bainbridge shows us the bravery, courage, and humanity essential to the adventure. Masterfully blurring the boundaries between fact and fiction, *The Birthday Boys* is a compelling historical biography that challenges readers to discover truths that can only be reached through the imagination. This ebook features an illustrated biography of Beryl Bainbridge including rare images from the author's estate.

From the author of *THE PARENT AGENCY* comes a thrilling, funny and touching new adventure.

A boy who was born on Halloween, sees nothing wrong with wearing costumes all year long. Although his parents are not thrilled with his talent for tailoring, the challenge arises when he is expected to make a costume for a contest. Will Leon rise to the occasion or will he be spooked?
