

## Birthright

Since the beginning of time, the angelic forces of the High Heavens and the demonic hordes of the Burning Hells have been locked in an eternal conflict for the fate of all Creation. That struggle has now spilled over into Sanctuary -- the world of men. Determined to win mankind over to their respective causes, the forces of good and evil wage a secret war for mortal souls. This is the tale of the Sin War -- the conflict that would forever change the destiny of man. Three thousand years before the darkening of Tristram, Uldyssian, son of Diomedes, was a simple farmer from the village of Seram. Content with his quiet, idyllic life, Uldyssian is shocked as dark events rapidly unfold around him. Mistakenly blamed for the grisly murders of two traveling missionaries, Uldyssian is forced to flee his homeland and set out on a perilous quest to redeem his good name. To his horror, he has begun to manifest strange new powers -- powers no mortal man has ever dreamed of. Now, Uldyssian must grapple with the energies building within him -- lest they consume the last vestiges of his humanity. The karma of the U.S. has descended. The nation has been crippled by fire and flood, by economic collapse, by EMP attacks, by plague and invasion, by earthquake and volcanic ash. Everything that could happen has happened except nuclear war. Something has held it back. But what? The paths of a Tibetan trader and a young family converge, linked by the death of a soldier and the mysterious series of numbers that is his legacy and the birthright of his children. Together, the trader and the little family embark on a search for answers. Tashi comes from the western Rocky Mountains, where his isolated Tibetan community has taken extraordinary measures to preserve their culture and their spiritual life. Tara has raised her teenagers alone, keeping the memory of their father alive through stories, and passing on their long-ago Gurus teachings and practice from all that is left her memory. John and Hope, 16 and 13, are working through feelings of loss and abandonment, as an astonishing new life is about to open before them. Follow Tashi, Tara, John, and Hope on their individual and collective journey high in the Rockies, into an abundant future.

"After the death of her parents, Vivi reunites with her long-lost family and learns more about her heritage as a haguara--a person who can shapeshift into a jaguar"--

The award-winning author of *At Day's Close* describes the 18th-century kidnapping of British aristocratic heir James Annesley, which inspired Robert Louis Stevenson's *Kidnapped*, and explains how Annesley escaped indentured servitude in America to return to Dublin, bring down his nemesis and reclaim his rightful place in society.

Overseeing the excavation of an ancient skeleton at a small-town construction site, archaeologist Callie Dunbrook copes with accidents and rumors that the project is cursed, a situation that is complicated by a stranger's claims about her past.

**Jessica Ruddick's award-winning Legacy series is now available in one set!** "A thrilling roller coaster ride of suspense and emotion." -Amazon reviewer "I was held captive by the words on the page." -Exposure Book Blog "Highly addictive book, once you sink your teeth in you won't let it go until the last page." -Amazon reviewer **How do you live with yourself when you decide who dies?**

**Book One: *Birthright*** Ava Parks would have killed for an iPhone for her sixteenth birthday. Anything would have been better than coming into her birthright of being a seeker for the Grim Reaper, an arrangement made by her fallen angel ancestor in exchange for his re-admittance to heaven. And she isn't just any seeker—she finds souls that have the potential for becoming angels and sentences them to death. A year and two souls into her role as a seeker with her conscience overflowing with guilt, Ava comes up with a plan to thwart the system. When it goes awry, she is forced to submit the name of a classmate, Cole Fowler, an ornery, rough around the edges guy who always seems to come to her rescue, whether she likes it or not. Her feelings for Cole prompt her to intervene, and she saves him from death, upsetting the Grim Reaper's agenda. While Ava schemes to find a way to save Cole, she learns he has some secrets of his own. She lets him believe he is protecting her, and not the other way around, until a final showdown with the Grim Reaper forces Ava to make choices Cole may never forgive. **Book Two: *Retribution*** Ava Parks' job as a seeker for the Grim Reaper is one she wouldn't wish on anyone. It's her responsibility to find souls with the potential to become angels. Last fall she learned the hard way that bucking the system has its own set of consequences, as her choices nearly killed the two people she cares about most—her mother and the boy she's come to love, Cole. Now, Ava's mother is fading fast. Her former handler—and the root of her problems—seems set on revenge. And Ava must confess to Cole the price he has to pay for her saving his life—a decision he may never forgive her for. Ava's path to retribution is filled with twists, turns, and a whole heap of heartache. As problems mount and push her to the breaking point, she's forced into the unthinkable, making her question everything she thought she knew about life, loyalty, and love. **Book Three: *Sacrifice*** Still reeling from a recent debilitating loss, Ava is convinced she has nothing left to lose. She is proven wrong when she's forced to cut herself off from the love of her life, Cole, in order to keep his new role as a seeker a secret. Without him by her side, Ava sets out to find other seekers and they help her embrace her new reality and better understand the system she's entrenched in. As time passes though, nothing quells her need for vengeance against Xavier, her rogue former handler, who's gone into hiding. Independence isn't easy and tough choices await Ava at every turn. She must decide how much she's willing to sacrifice to change her destiny—if she can change it at all. **Book Four: *Redemption*** Since coming into her birthright of being a seeker for the Grim Reaper, Ava has made countless missteps trying to protect her loved ones, only to have it all backfire. Now she finally has the chance to settle the score with Xavier, the source of much of her

misery, but sometimes revenge isn't all it's cracked up to be. Will she allow herself to take the vengeance she has thirsted for? Can she forgive herself if she doesn't? Even worse, her enemies are after Cole, who hasn't forgiven her leaving, and they'll stop at nothing to find him. Ava is tired of the corruption and lies. Most of all, she's done hiding. This time, she's ready to rid herself—and the world—of the twisted handler-seeker system... for good.

Cassarah, the firstborn child of a baron, is finally ready to be presented at the royal court. Every step of the way, her mother has been planning out each detail of her life—who she's going to marry, how she's going to dress, and even what she's allowed to say. But Cassarah's ability to quietly submit to her mother has come to an end. Hopeful that being accepted into court will change things for the better, Cassarah doesn't realize how quickly her life will turn upside down. At the release of her magical Birthright, something unexpected happens. A clutch of dragons begins to hatch early, and the newly accepted firstborn nobles get their chance at a pair-bond. As if this wasn't enough, Cassarah discovers her family has been hiding a dark secret that comes to change her life in the dead of night. What will she do when she finally has the chance to decide her own fate? Book 1 of the Mercenary Queen series. This is a slow burn series where she collects her harem along the way. This is a reverse harem, why choose romance where the leading lady doesn't have to choose who she loves or how many. Book contains 18+ content—swearing, sexual situations, and abuse. **WARNING**— this book contains emotional and physical abuse.

If you're one of the millions of Christians weighed down by the guilt of things done, and undone, feeling you are falling short of God's expectations, The Birthright is a liberating, life-changing celebration of your birthright as a child of the King. Whether you are of Reformed, grace-based roots, or Arminian, works-driven traditions, you may have a gnawing sense that you are failing to please the Father. The Birthright will liberate you from the drudgery of "doing" and help you discover the joy of "being" — moving out of the servant's quarters and into the Father's house where you are loved, accepted and celebrated . . . simply because you are His child.

No matter your circumstance, everyone is born with a birthright and an inheritance. God has promised this inheritance to each and every one of us, although many of us may not know how to access our birthright—and some of us may not even know what we will inherit. Birthright of Freedom is an in-depth Bible study centered on the Old Testament book of Judges. It focuses on seven major oppressors of Israel during that period, explaining their origins and the generational sins that typified their relationship with Israel. The study looks at the importance of covenant, covenant blessings, and consequences of covenant violations. There is opportunity to discover contemporary manifestations of those same generational curses, using the biblical model to deal with generational sin. Alongside each curse, authors Doyle & Rebecca Musser look at the covenant blessings God has given us through the redemptive gifts and the redeemer himself, Jesus. As Jesus proclaimed, we are all heirs to the throne of the kingdom of God, and he has given us the freedom to claim our place alongside him in this coming kingdom. By identifying the specific areas that hold us back from the freedom God intends, you too can apply the Word to your life and begin following kingdom protocol.

Explains the origins of the Fourteenth Amendment's birthright citizenship provision, as a story of black Americans' pre-Civil War claims to belonging.

The vast majority of the global population acquires citizenship purely by accidental circumstances of birth. In *The Birthright Lottery*, Ayelet Shachar argues that birthright citizenship in an affluent society can be thought of as a form of property inheritance: that is, a valuable entitlement transmitted by law to a restricted group of recipients under conditions that perpetuate the transfer of this prerogative to their heirs.

Arleth, a 17 year old slave in a backwater world, has no idea her life is about to be turned upside down. She is too busy trying to avoid the abuse from her owner Bella. But when the legendary king of Oherra comes to Tocarra, Arleth soon finds herself being chased by assassins, sought out by spies and smack dab in the middle of a decades long war. It soon becomes clear to Arleth that powerful forces are at play. Not everyone is who they seem, even those she wants to trust the most. Haunted by an ancient magic, Arleth must decide who she can trust and fast. The wrong choice would cost her the ultimate price - a fate worse than death - to end up as an enchantment. A hollowed out shell of a person; devoid of thought, consciousness and feeling. That's if the birthright she's completely unaware of doesn't kill her first.

Facing the threat of war, can two families be united in peace amid the heartbreak?

BirthrightPenguin

Family can be the best ally—or the worst enemy. The saga continues in the third book in Bridget E. Baker's *Birthright Series*, where trust is the ultimate political weapon. Accept the world as it is... Days before her eighteenth birthday, Chancery Alamecha has more to worry about than the flowers at her celebration. She's no closer to learning who killed her mother. Her twin sister is missing, fate unknown. And she's the new ruler of an empire with abilities she has yet to harness. Or do something to change it... When her first act as a merciful queen is met with resistance, Chancery realizes her mission to improve the world will be harder than expected. She's attacked on multiple fronts, distrust simmers within her ranks, and her list of allies grows shorter by the day. But to unite the evian families and gain control of five powerful rings, the most direct path to peace may be through war... keywords: fantasy, ya fantasy, sword and sorcery, ya love triangle, urban fantasy, paranormal romance, urban paranormal romance, contemporary fantasy, ya love story, love triangle, villain origin story, science fiction, ya science fiction, christian science fiction, christian fantasy, clean fantasy, clean fiction, magical realism, teen fantasy, superhuman, powers, genetic engineering, academy, unique fiction, unique fantasy, strong female fiction, strong female mc, woman warrior, royal fantasy, royal fiction, throne of glass, throne at risk, crown, throne, sibling rivalry, twins, end of the world, dystopian, female dystopian, clean teen fantasy.

Human health and well-being are inextricably linked to nature; our connection to the natural world is part of our biological inheritance. In this engaging book, a pioneer in the field of biophilia—the study of human beings' inherent affinity for nature—sets forth the first full account of nature's powerful influence on the quality of our lives. Stephen Kellert asserts that our capacities to think, feel, communicate, create, and find meaning in life all depend upon our relationship to nature. And yet our increasing disconnection and alienation from the natural world reflect how seriously we have undervalued its important role in our lives. Weaving scientific findings together with personal experiences and perspectives, Kellert explores specific human tendencies—including affection, aversion, intellect, control, aesthetics, exploitation, spirituality, and communication—to discover how they are influenced by our relationship with nature. He observes that a beneficial relationship with the natural world is an instinctual inclination, but must be earned. He discusses how we can restore the balance in our relationship by means of changes in childhood development, education, conservation, building design, ethics, and everyday life. Kellert's moving book provides exactly what is needed now: a

fresh understanding of how much our essential humanity relies on being a part of the natural world.

For the Rhodes family, losing their son was the most devastating thing that could have occurred...but it couldn't prepare them for what happened when he returned. Skybound's newest hit turns fantasy into reality in this all-new series from the creator of NAILBITER and GHOSTED. Pick up this introductory-priced collection and see what everyone's talking about!

Birthright citizenship has a deep and contentious history in the United States, one often hard to square in a country that prides itself on being "a nation of immigrants." Even as the question of citizenship for children of immigrants was seemingly settled by the Fourteenth Amendment, vitriolic debate has continued for well over a century, especially in relation to U.S. race relations. Most recently, a provocative and decidedly more offensive term than birthright citizenship has emerged: "anchor babies." With this book, Leo R. Chavez explores the question of birthright citizenship, and of citizenship in the United States writ broadly, as he counters the often hyperbolic claims surrounding these so-called anchor babies. Chavez considers how the term is used as a political dog whistle, how changes in the legal definition of citizenship have affected the children of immigrants over time, and, ultimately, how U.S.-born citizens still experience trauma if they live in families with undocumented immigrants. By examining this pejorative term in its political, historical, and social contexts, Chavez calls upon us to exorcise it from public discourse and work toward building a more inclusive nation.

How do you live with yourself when you decide who dies? Ava Parks would have killed for an iPod for her sixteenth birthday. Anything would have been better than coming into her birthright of being a seeker for the Grim Reaper, an arrangement made by her fallen angel ancestor in exchange for his re-admittance to heaven. And she isn't just any seeker--she finds souls that have the potential for becoming angels and sentences them to death. A year and two souls into her role as a seeker with her conscience overflowing with guilt, Ava comes up with a plan to thwart the system. When it goes awry, she is forced to submit the name of a classmate, Cole Fowler, an ornery, rough around the edges guy who always seems to come to her rescue, whether she likes it or not. Her feelings for Cole prompt her to intervene, and she saves him from death, upsetting the Grim Reaper's agenda. While Ava schemes to find a way to save Cole, she learns he has some secrets of his own. She lets him believe he is protecting her, and not the other way around, until a final showdown with the Grim Reaper forces Ava to make choices Cole may never forgive.

Suffering scoliosis and chronic pain, fatigue, and depression due to a back injury, Ellen Tart-Jensen became determined to take charge of her life. She began researching natural health care and discovered that by listening to one's body and following nature's simple laws, health is attainable for everyone--herself included. Now a nutritional consultant and certified iridologist, she's at her absolute healthiest and travels the world coaching others in self-care. Filled with

a wealth of tips on nutrition, therapeutic teas, exercise, cleanses, and more, HEALTH IS YOUR BIRTHRIGHT is a roadmap for those looking to take charge of their ailments, or at least lead a more balanced, vibrant lifestyle.

A guide for anyone affected by adoption includes guidance on making the decision to search, negotiating legalities, surviving the emotional turbulence of a reunion, and dealing with the impact on adoptive parents

David Needham asks "Christian, do you know who you are?" in this remarkable and easy-to-understand rerelease of his book about the Christian's birthright. He offers fresh insight into the theological problem of Christian identity, biblically based teaching, and a challenge for personal enrichment and further Bible study. Birthright achieves an excellent balance between the theological and the practical. The author's sincerity and candid writing style are guaranteed to buoy the spirits of readers.

Is an inheritance a privilege or a right? As their mother's health deteriorates, will long-held secrets and childhood rivalries smash a family into pieces? And who will get the money? An addictive and page-turning story of the relationships between siblings and of deceit, betrayal and revenge.

Brennan has become one of the most powerful mages on EarthÉ but at what cost to his family? Hollywood News: Skybound and Universal Pictures are currently adapting for film!

For fans of Victoria Aveyard's Red Queen, Sarah J. Maas' A Court of Thorns and Roses, and Tahereh Mafi's Shatter Me, Bridget E. Baker begins a saga of shocking truths, deadly intrigue, violent battle, and sisterly betrayal. My mom should have killed me the day I was born. Being a twin complicates the Evian line of succession, but Chancery Alamecha is fine letting Judica inherit the throne. After all, she's the stronger sister—the merciless fighter, the ruthless politician, and the groomed heir. But something unexpected happens when Chancery tries on her mother's staridium ring, forcing her into a role that she never wanted: the prophesied queen who will prevent the destruction of Earth. Now I have to kill my sister. Judica, enraged by this turn of events, vows to do anything to reclaim her rightful place as empress. Including challenging Chancery to a battle to the death. While Chancery is away training, she gets a taste of the human world, where she can do whatever she wants without family obligations. Now torn between a life she was born into and one that makes her happy, she must confront her treacherous sister—or cause the end of the world. Displaced presents a unique fantasy world that exists within the layers of modern day earth. Humans have no idea that evians, super humans with perfect DNA that hasn't yet broken down by repeated replications, secretly rule the world. Displaced is X-Men meets Game of Thrones with a compelling romantic subplot that develops over the course of the series. ???? AWARDS!! ???? SOVAS 2020 Finalist in Fantasy-Best Voiceover (Audiobook) Whitney Award 2020 Finalist in Fantasy Publisher's Weekly BookLife Prize 2020, Quarter Finalist CRITIC REVIEWS: What are people saying about Displaced? Publisher's Weekly BookLife Prize gave it a 9.25/10: Displaced, the first novel in Baker's Birthright Saga, boasts a fleet, often inspired story of matriarchal superheroes on a Hawaiian island. The story's heart is the conflict between royal teen twins Chancery, the kind-hearted protagonist, and Judica, her cruel sister and the heir to the throne. Baker's story pulses with exciting incident, and even though this is the first book in a series the climax is consequential and exciting, even as it entices readers with the promise of more. Baker's writing is swift but potent. She invests each scene with the heart of her protagonist, so it's always clear what's most important in each moment. The large cast is clearly described and differentiated,

and scenes of action and romance both prove exciting. Chancery's perspective is likably wry for a royal narrator. The dialogue varies from flirty teen banter to regal proclamations, but always is crisply crafted. Baker brings fresh energy and invention to even familiar elements like the inevitable royal succession crisis. Her Evians' powers and customs fascinate, and Displaced never misses an opportunity to jolt readers with a surprise. Chancery is a strong and appealing protagonist, split between two worlds and ultimately dragged into battle against her own twin. Both sisters are vividly drawn, as are their paramours, guards, relations, and friends. A letter from Chancery's mother, after that queen's death, is a moving highlight of the story, and Chancery's exciting choices power the narrative from start to epic climax. Kirkus: The notoriously stingy Kirkus called Displaced, "a fast moving, engaging tale in what promises to be an epic fantasy romance series." Check out their full review here:

<https://www.kirkusreviews.com/book-reviews/bridget-e-baker/battle-song/> And best of all, READERS: "This book drew me in from the first page. Bridget is a fantastic writer, and the story is intense and beautifully written right out the gate. The authenticity of the characters, coupled with the well thought out and complete character storylines made me feel as if I was in the thick of the story with Chancery and Judica. I couldn't put it down. I read this book in my spare time over the course of 48 hours. It was absolutely irresistible. I quickly purchased the rest of the books in The Birthright Series, and am anxiously awaiting the sixth installment. After finishing this series, I actually read through all of Bridget's work, and each and every time, I was blown away by the care and attention to detail that she put into the story. I am in awe of the way that she can manage the entire universe so beautifully. I haven't been this excited waiting for a new book to be released since I was a kid waiting for Harry Potter, or Twilight to come out." "It's been a long time since I've gotten addicted to reading a book, but Bridget is a very compelling author!" "She's phenomenal at laying hints, and she leaves no thread unfinished. What you get is a complete, clean story, everything answered beautifully. Her timing and pacing is incredible as well!" "If you love romance, if you don't mind starting a book and never wanting to put it down, and you want a strong female character who is written by a woman with insight into what that really looks like, this is it. Read it. Enjoy it." For fans of magical realism, urban fantasy, or contemporary fantasy, for people who want a believable romantic subplot, for fans of warrior women, or characters who grow and develop in believable ways, or for fans of stories with vampires, or werewolves, or witches, Displaced is for you! It's different enough from the typical succession crisis or throne dispute to be new and fresh, but contains familiar elements you like to see--like the princess growing into the queen the nation needs. Like the royal heir who uses more than her sword arm--who rules fairly and kindly in the face of ferocity and betrayal. The suspense and carefully laid clues will keep you guessing, and the sizzling heat between Chancery and Edam will keep you turning pages. Best of all, you can try it for free today! No risk involved. So get to reading!

This volume collects the 12-issue miniseries that features the entire modern-day retelling of Superman by writer Mark Waid and artists Leinil Francis Yu and Gerry Alanguilan. Plus, an introduction by Smallville television producers Al Gough and Miles Millar and a sketchbook section!

uncovered. - Gameplay details and tactics on how to get the best from your game. - Details on features new to the Fire Emblem series. - Skills, monsters, Promotions and Reclassing explained and much, much more!

The Bible says that Methuselah, seven generations removed from Adam and Eve, lived 969 years. Most scientists don't believe it. Many historians are skeptical. Even devout Christians wonder. But Chancery Alamecha knows it's true. After all, she's seven generations removed from Eve, and her mother's celebrating her nine-hundredth birthday tomorrow. Chancery thinks her morning will consist of last minute party planning. She has no idea that a single mistake is about to destroy all her future plans and set her on a forked path. She'll have to choose. Kill her sister and ascend her mother's throne--something she never wanted. Or. Run and hide while her sociopathic twin takes over the world, starting with China. Can Chancery do what it takes to defeat Judica? And even if she can, how can she do it without becoming a monster herself? Still not convinced? Displaced has won several awards and gotten reviews from professional reviewers: **???? AWARDS!!** **???? 14 years ago, Mike Resnick created a carefully constructed blueprint of Mankind's history -- social, political, economic, scientific, and religious -- for the next 18,000 years! A new foreword by best-selling author Raymond E. Feist and a chronology of Resnick's "Birthright Universe." Birthright is a book that balances the weight of place. The pride and shame and worth of homeland. Palestine, a homeland under siege and under scrutiny from a world that doesn't occupy its borders. It is a book of immense nuance, pulling together all corners of the author's pride in home, but also a desire to understand the violent cycles of the American machinery of war.

She's a wolf in sheep's clothing.. Maggie's a wolf shifter who's never shifted. She's

blended with humans her whole life, but lately, her shifter side has been restless. But when a hot shifter tracks her down at work and makes outrageous claims about her destiny, she blows him off. Her mother left that world behind for a reason. Porter's home is in turmoil, and his pack lives in fear of their cruel leader. But there's one female who can help them. If only she'll listen. Because he's not the only one who knows Maggie can wipe out the power imbalance in his colony. Only they don't want to talk to her. They want to destroy her. After Maggie's attacked, her mom goes missing. Maggie has no choice but to follow Porter and let him teach her the ways of her kind. Even if it includes stripping down in the woods with the handsome shifter. Birthright kicks off a thrilling wolf shifter world in the paranormal romance series Pale Moonlight. For the Rhodes family, losing their son was the most devastating thing that could have occurred...but it couldn't prepare them for what happened when he returned.

As the search for Brennan and Kallista begins, Mikeystill has much to atone for. In the wake of last volume, can he become Earth's greatest protector, or have his actions already doomed his newquest? Collects BIRTHRIGHT#31-35.

From beloved author Nora Roberts comes the #1 New York Times bestseller about shattering loss and shocking discovery—set in a small town nestled in the Blue Ridge Mountains... When five-thousand-year-old human bones are found at a construction site in the small town of Woodsboro, the news draws archaeologist Callie Dunbrook out of her sabbatical and into a whirlwind of adventure, danger, and romance. While overseeing the dig, she must try to make sense of a cloud of death and misfortune that hangs over the project—fueling rumors that the site is cursed. She must cope with the presence of her irritating—but irresistible—ex-husband, Jake. And when a stranger claims to know a secret about her privileged Boston childhood, she must question her own past as well...
