George Orwell's celebrated novella, *Animal Farm*, is a biting, allegorical, political satire on totalitarianism in general and Stalinism in particular. One of the most famous works in modern English literature, it is a telling comment on Soviet Russia under Stalin's brutal dictatorship based on a cult of personality which was enforced through a reign of terror. The book tells a seemingly simple story of farm animals who rebel against their master in the hope of stopping their exploitation at the hand of humans and creating a society where animals would be equal, free and happy. Ultimately, however, the rebellion is betrayed and the farm ends up in a state as bad as it was before. The novel thus demonstrates how easily good intentions can be subverted into tyranny. Orwell has himself said that it was the first book in which he had tried, with full consciousness of what he was doing, 'to fuse political purpose and artistic purpose into one whole.' The book was first published in England in 1945, and has since then remained a favourite with readers all over the world, and has consistently been included in all prestigious bestseller lists for the past many years.

In the nearby City of Green Meadow Burrows, there lives a humble guinea pig whose name is Biscuit. At first glance, Biscuit looks like many other guinea pigs. She is small, round and chubby with golden fur that grows in all directions. Her eyes are shiny beads of black. Like all guinea pigs, she eats a vegetarian diet. Her favorite foods are hay, lettuce and all sorts of carrots, whether big or small, orange or yellow, or shredded and chopped. She is neither a genius nor an athlete nor a rock star; she can do nothing to make herself rich and famous. Biscuit is a very ordinary guinea pig, you see. So, you might be left wondering why anyone would take notice of her. Why!? Well, it's because she has accomplished greatness by living her life with a loving heart and good stewardship. How did she do this? Well, let's peek into her world and see what we find! As you accompany Biscuit during her story, you will meet several animal characters, as follows (in the order of their appearance): Coal, the friendly Poodle who prefers to be called a "Goldendoodle"; Mr. Scrub Jay, the tame, Western Scrub Jay who lives in Biscuit's garden; Boris, the salad-eating, Russian tortoise; Lily Muttsarella, the Maltepo dog who plays in dual character roles as Miss Sugar and Police Officer Lily; Spirit, the docile, Ringneck dove; and Daisy, the basket-ball playing, Lesser Sulfur-Crested Cockatoo. Biscuit teaches us that it is more important to be loving than it is to be loved for our importance. In her adventures, she loves everyone and never behaves like a bully; she is honest; she takes a stand against injustice; she is charitable and shares with others; she takes responsibility for her actions; she does her best, even when it's difficult; she remembers to love herself and have fun; and she appreciates and gives thanks to God and everyone who demonstrates kindness. This book offers an alternative to the violent images that bombard today's youth on television, in the movies, in the virtual world of electronic games and in the real world.
