The blockchain has been carefully built to make it hard for robbers to change or tamper with data. Second, your transactions cannot be traced back to you unless you publicize your wallet address. Third, there is no paperwork involved, unlike what is obtainable with traditional bank accounts. You can start trading cryptocurrencies without providing proof of address, ID card, or passport. However, the opposite may hold if you intend to trade large sums. But if you are trading small amounts, all you will be needing is your wallet and address. Fourth, as cryptocurrencies are highly anonymous, you do not have to worry about identity theft when dealing in them. Besides, cryptocurrency transactions are completed within few minutes, unlike traditional debt settlement systems which always take time. Now that you have an idea on how cryptocurrencies can benefit you, this eBook aims to provide even more information to help you grow digital currency literacy and critical thinking further.
