The Bitcoin mania continues to sweep the world like never seen before. The soaring value of cryptocurrencies provides a massive incentive for individuals, dummies and businesses to join the party. Those who cashed in during the meteoric rise of digital currencies, like bitcoin,

know just how much difference the right investment decisions can make. However, it is never too late for anyone to make a killing with cryptocurrency, bitcoin inclusive. There are many reasons why people are adopting digital currencies in droves besides the profit potential. First, cryptocurrencies, like Bitcoin, are incredibly secure. Technology aficionados and enthusiasts worldwide would agree that the blockchain, the ledger which underpins cryptocurrencies is hugely secure, especially for digital currencies like bitcoin. The blockchain has been carefully built to make it hard for robbers to change or tamper with data. Second, your transactions cannot be traced back to you unless you publicize your wallet address. Third, there is no paperwork involved, unlike what is obtainable with traditional bank accounts. You can start trading cryptocurrencies without providing proof of address, ID card, or passport. However, the opposite may hold if you intend to trade large sums. But if you are trading small amounts, all you will be needing is your wallet and address. Fourth, as cryptocurrencies are highly anonymous, you do not have to worry about identity theft when dealing in them. Besides, cryptocurrency transactions are completed within few minutes, unlike traditional debt settlement systems which always take time. Now that you have an idea on how cryptocurrencies can benefit you, this eBook aims to provide even more information to help you grow digital currency literacy and critical thinking further.

The real-life trades and strategies of a successful cryptocurrency trader Glen Goodman's goal was to retire young and wealthy, escaping the daily grind. He taught himself how to trade everything from shares to Bitcoin and made enough money to realise his dream and quit his day job while still in his 30s. In The Crypto Trader, Glen will show you exactly how he made huge profits trading Bitcoin, Ethereum, Ripple and more, so that you can do it too - without risking your shirt. Glen publicly called the top of the market in December 2017 and took his profits before the crash. But there are still tons of trading opportunities out there and Glen continues to trade crypto successfully. Inside you'll see his multi-hundred-percent gains on a raft of cryptocurrencies and learn how he builds his profits and holds onto them. Glen reveals all his trading strategies, the proven methods and rules that make him one of the most followed traders in the world on social media. (He is also frequently interviewed by the BBC, Forbes and LBC, and is a contributing expert on cryptocurrency at the London School of Economics.) It took Glen years of study and trial and error to become a consistent money maker. He learnt his trading lessons the hard way - so you don't have to. With The Crypto Trader by your side, you'll learn how to grab opportunities, make money - and keep it.

Bitcoin, the landmark digital money and financial technology, has spawned a global social movement with utopian ambitions. The notion of a new currency, maintained by the computers of users around the world, has been the butt of many jokes, but that has not stopped it from growing into a technology worth billions of dollars, supported by the hordes of followers who have come to view it as the most important new idea since the creation of the Internet. Believers from Beijing to Buenos Aires see the potential for a financial system free from banks and governments, and a new global currency for the digital age. An unusual tale of group invention, Digital Gold tells the story of the colorful characters who have built Bitcoin, including a Finnish college student; an Argentinian millionaire; a Chinese entrepreneur; Tyler and

Cameron Winklevoss; Bitcoin's elusive creator, Satoshi Nakamoto; and the founder of the Silk Road online drug market, Ross Ulbricht. With Digital Gold, New York Times reporter Nathaniel Popper offers a brilliant and engrossing account of this new technology. At each step of the way, Bitcoin has provided one of the most fascinating tests of how money works, who benefits from it, and what it might look like in the future.
