It's easy to read and there are lots of tips and tricks on filming techniques and how to use the camera efficiently. I am so excited to make my first GoPro video on my next trip now." Alisha Van B, Photojournalist

Information technology is revolutionizing healthcare, and the uptake of health information technologies is rising, but scientific

research and industrial and governmental support will be needed if these technologies are to be implemented effectively to build capacity at regional, national and global levels. This book, "Improving Usability, Safety and Patient Outcomes with Health Information Technology", presents papers from the Information Technology and Communications in Health conference, ITCH 2019, held in Victoria, Canada from 14 to 17 February 2019. The conference takes a multi-perspective view of what is needed to move technology forward to sustained and widespread use by transitioning research findings and approaches into practice. Topics range from improvements in usability and training and the need for new and improved designs for information systems, user interfaces and interoperable solutions, to governmental policy, mandates, initiatives and the need for regulation. The knowledge and insights gained from the ITCH 2019 conference will surely stimulate fruitful discussions and collaboration to bridge research and practice and improve usability, safety and patient outcomes, and the book will be of interest to all those associated with the development, implementation and delivery of health IT solutions.

The GoPro Karma Drone is the first foldable drone. The announcement was made in December of 2015, but the long-awaited GoPro is not yet up for purchase until October of this year. It is lightweight and easy to use when compared to other drones currently on the market. It is a professional-grade drone that can be used by anyone and comes with its own backpack. In addition, the GoPro Karma drone requires no assembly, simply remove from the backpack, unfold the propeller and you are ready to use. The parts can be easily replaced if damaged and the GoPro Karma is able to stand up to everyday wear- and- tear.

The award-winning third edition of 'The Underwater Photographer' dragged the topic kicking and screaming in to the digital age and with the fully updated fourth edition highly respected photographer and tutor Martin Edge takes you deeper in to the world of Underwater Photography. Practical examples take you step-by-step through the basic techniques from photographing shipwrecks, divers, marine life and abstract images to taking photographs at night. Brand new chapters cover not only highly specialist Underwater Photography techniques such as low visibility/greenwater photography, but also the digital workflow needed to handle your images using the latest software such as Lightroom. Packed with breathtaking images and an easy to read style honed from over twenty years of diving photography courses, this book is sure to both educate and inspire underwater photographers of all skill levels.

Emmy Award winner, renowned lawyer and journalist, The View cohost, and National Bestselling author Sunny Hostin dazzles with this brilliant novel about a life-changing summer along the beaches of Martha's Vineyard. Welcome to Oak Bluffs, the most exclusive black beach community in the country. Known for its gingerbread Victorian-style houses and modern architectural marvels, this picturesque town hugging the sea is a mecca for the crème de la crème of black society—where Michelle and Barack Obama vacation and Meghan Markle has shopped for a house for her mom. Black people have lived in this pretty slip of the Vineyard since the 1600s and began buying property in the 1800s, making this posh town the embodiment of “old money.” Thirty years ago, Amelia Vaux Tanner and her husband built a house high on the bluffs, a cottage they named Chateau Laveau. For decades, “Ama” played host to American presidents, Wall Street titans, and cultural icons. But her favorite guests have always

been her three “goddaughters:” Esperanza “Perry” Soto, a beautiful, talented Afro-Latina lawyer with Ama’s strong, yet guarded personality; Olivia Jones, a gifted Wall Street analyst with Ama’s brilliant, logical mind; and Billie Hayden, a gifted marine biologist and rule-breaker with Ama’s courageous free spirit. Growing up, these three goddaughters from different backgrounds came together each summer at Chateau Laveau. As adults, the cottage is a place this trio of successful yet very different women go to escape, to slow down from their hectic lives, share private time with Ama, and enjoy the gorgeous weather, cool water, and stunning views Oak Bluffs offers. This summer on the Bluffs, however, will be different. An era is ending: Ama, now nearing seventy-one, is moving to the south of France to reunite with her college sweetheart. She has invited Perry, Olivia, and Billy to spend one last golden summer together with her the way they did when they were kids. And when fall comes, she is going to give the house to one of them. Each of the women wants the house desperately. Each is grappling with a secret she fears will hurt her and her chances. By the end of summer, old ties will fray, new bonds will be created, and these three found sisters will discover they aren’t the only ones with something to hide. Ama has a few secrets of her own. What she has to give them is far more than property. Between Memorial Day and Labor Day, she will tell these surrogate daughters she fiercely loves and protects everything they never knew they needed to know.

Chilling Adventures of Sabrina meets Stranger Things in award-winning author S. A. Hunt’s Burn the Dark, first in the Malus Domestica horror action-adventure series about a punk YouTuber on a mission to bring down witches, one vid at a time. Robin is a YouTube celebrity gone-viral with her intensely-realistic witch hunter series. But even her millions of followers don't know the truth: her series isn’t fiction. Her ultimate goal is to seek revenge against the coven of witches who wronged her mother long ago. Returning home to the rural town of Blackfield, Robin meets friends new and old on her quest for justice. But then, a mysterious threat known as the Red Lord interferes with her plans.... “Brilliant!” —Jonathan Maberry, New York Times bestselling author The Malus Domestica series #1: Burn the Dark #2: I Come with Knives #3: The Hellion At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

and How to share your first edited videos and photos. Let's get started!

My GoPro Hero Camera offers a comprehensive introduction to using the most recently released GoPro Hero camera models, including the basic GoPro Hero, GoPro Hero3+ and the GoPro Hero4. All three of these cameras utilize the same basic operating system and menus, but each has slightly different features, functions and possible shooting resolutions for digital images and video. After offering an initial introduction to the cameras themselves, as well as their menus and buttons, this book offers an overview of the different camera housings and mounts available, plus explains how to utilize the GoPro mobile app and computer software. How to best use other "must have" GoPro accessories, including the Wi-Fi Remote and the LCD Touch BacPac display are also be covered. Throughout the book are hundreds of shooting tips and strategies that teach readers how to capture the best possible photos and videos in a wide range of situations. Strategies for shooting professional-quality first and third-person photos/videos, as well as traditional photos/video, plus ways to achieve the best possible results indoors, outdoors, underwater, in low-light situations, and in high-action situations are covered. This book appeals to those who purchased a GoPro camera to take on vacation or to capture "family moments," as well as to more active people who want to capture crystal-clear "action" images or videos of themselves engaged in various activities, using their GoPro camera in conjunction with the best combination of optional camera accessories, housings and mounts, based on their activity and the shooting conditions. How and why all of the accessories, housings, mounts, menu options and camera settings were used to capture the sample content is explained in the text and with plenty of visual examples within the book. Some additional companion video content is available through the Que website.

Specifically for the GoPro HERO 4 Black Edition, this is the perfect guide book for anyone who wants to learn how to use a GoPro HERO 4 Black camera to get great videos and photos. Designed for an active lifestyle, travelers, snowboarders, bikers, hikers, kayakers, surfers, skiers, standup paddlers, boaters and more will find valuable knowledge with the lessons in this book.

GoPro Cameras For Dummies John Wiley & Sons

A timeless classic with more than 165,000 copies sold, The Bare Bones Camera Course for Film and Video has been chosen by over 700 colleges to teach basic film and video techniques. Written by a working professional, The Bare Bones Camera Course is the most user-friendly book available on the subject of film and video production; it reduces the shooting experience to its essence, making complicated concepts easy to grasp. Using simple clear language and more than 150 illustrations, the book explains: Exposure Lenses Composition Basic sequence Crossing the line Lighting And much more! When you finish this book, you will know and understand how to shoot good pictures that will edit together seamlessly in post-production. With added chapters on sound and editing, this new edition of The Bare Bones Camera Course for Film and Video rounds out the education of any filmmaker. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the

author whose expertise can help our audience of readers.

FROM THE #1 AMAZON BEST SELLING AUTHOR ON GoPro CAMERAS. Specifically for the GoPro HERO 4 Black Edition, this is the perfect guide book for anyone who wants to learn how to use a GoPro HERO 4 Black camera to get great videos and photos. This book is perfect for beginners, but also provides in depth knowledge that will be useful for intermediate camera users. Written specifically for the HERO camera.

An enlightening narrative exploring an oft-overlooked aspect of the sixteenth president's life, *An American Marriage* reveals the tragic story of Abraham Lincoln's marriage to Mary Todd. Abraham Lincoln was apparently one of those men who regarded "connubial bliss" as an untenable fantasy. During the Civil War, he pardoned a Union soldier who had deserted the army to return home to wed his sweetheart. As the president signed a document sparing the soldier's life, Lincoln said: "I want to punish the young man—probably in less than a year he will wish I had withheld the pardon." Based on thirty years of research, *An American Marriage* describes and analyzes why Lincoln had good reason to regret his marriage to Mary Todd. This revealing narrative shows that, as First Lady, Mary Lincoln accepted bribes and kickbacks, sold permits and pardons, engaged in extortion, and peddled influence. The reader comes to learn that Lincoln wed Mary Todd because, in all likelihood, she seduced him and then insisted that he protect her honor. Perhaps surprisingly, the 5'2" Mrs. Lincoln often physically abused her 6'4" husband, as well as her children and servants; she humiliated her husband in public; she caused him, as president, to fear that she would disgrace him publicly. Unlike her husband, she was not profoundly opposed to slavery and hardly qualifies as the "ardent abolitionist" that some historians have portrayed. While she provided a useful stimulus to his ambition, she often "crushed his spirit," as his law partner put it. In the end, Lincoln may not have had as successful a presidency as he did—where he showed a preternatural ability to deal with difficult people—if he had not had so much practice at home.

Nowadays, society loves to capture their lives in colorful shots and movies they can place on YouTube, Facebook, or their own websites. Rugged and lightweight, GoPro cameras empower their users by providing powerful technology to tell stories that strike the right balance of

words and pictures. These high-tech cameras enable users to capture powerful images--whether it's the miraculous beauty of a shark swimming by a coral reef or a motor cross biker flying. However, users can't just thrust this camera underwater or mount the camera to a bike and hope for the best. They need to understand the basics about how to correctly operate, mount, and care for this camera in all types of environments. They need to learn the camera's capabilities before they start spending serious cash on accessories and actually using it. The full-color illustrated *Idiot's Guides: GoPro Cameras* covers:

- The fundamental basics of the GoPro and understanding your personal expertise.
- Familiarizing yourself with your camera and understanding lighting in differing environments (land, air, sea).
- The pros and cons of getting it wet.
- Mounting the camera to an object or mounting it to your person for shoots.
- Accessorizing with specialty mounts, differing housing, electronic additions, and items like fog filters.
- Knowing how to frame and photograph great shots and capture action.
- 40 step-by-step projects utilizing your GoPro camera to capture your favorite active sports (such as biking, basketball, archery, etc.), in addition to engaging home life (such as pet antics, nature, childplay, etc.)

Shoot, edit, and share action-packed video with a GoPro The world moves fast—so if you want to capture it in real time, only a fast-moving camera will do. Enter the GoPro! This small but powerful camera is easy to hold, wear, or mount to capture video of all your high-speed adventures. Unfortunately, to the uninitiated, it can be a bit intimidating—but fear not! With the help of this revised edition of *GoPro Cameras For Dummies*, you'll acquire the skills needed to shoot high-quality video or photos, edit raw footage into a final masterpiece, and share your GoPro works of art with the world. Compared with traditional digital video devices, the GoPro is a superhero. Okay, so it can't scale high rises, but it can go virtually anywhere and produce thrilling new perspectives of an epic slalom down the slopes or awesomely scenic hike—and everything in between. When still photos simply won't do the trick, *GoPro Cameras For Dummies* shows you step by step how to use your GoPro camera to make movies, work with available light, create time-lapse sequences, and so much more. Meet the full line of GoPro cameras, including the HERO5, and find the one that's right for you Get help setting your GoPro to shoot better video Discover what you need (or don't need) to shoot in the water Find step-by-step guidance for capturing better sound Edit your work like a GoPro guru Packed with full-color photos and updated to cover the latest GoPro cameras and software, this fun and accessible guide is a gadget lover's dream.

This “deeply immersive novel” (The Washington Post) from the author of the award–winning *Preparation for the Next Life* is an

“epic coming-of-age tale filled with pain, heartache, fear, and undying love” (The Associated Press), as a young man’s yearning to protect his dying mother requires him to risk destroying his estranged, enigmatic, powerful father. “From its hypnotic opening pages, we find ourselves in the sure hands of a roaming omniscient narrator, one who knows intimately the beating hearts of its two central characters” —Andre Dubus III, The New York Times Book Review Corey Goltz grows up in the working-class outskirts of Boston as the only child of Gloria, whose ambitions were derailed early but who has always given her son everything she can. Corey, restless, dreams of leaving home for a great adventure. Instead, when he is fifteen, the world comes crashing down upon him, when Gloria is diagnosed with ALS and, too late, his estranged father, Leonard—a man of great charisma but dubious moral character—reenters the picture. Determined to be his mother’s hero at any cost, Corey begins shouldering responsibility for her expensive medical care, pushing himself to his physical and emotional limits as her disease cruelly progresses. And as Leonard’s influence over Corey grows, Corey must dismantle the myth of his father’s genius and confront the evil that lurks beneath it. Gritty, visceral, and profoundly stirring, *The War for Gloria* tells the story of a young man, straddling childhood and adulthood, whose yearning to protect his mother requires him to risk destroying his father. An indelible work from a strikingly original voice in American fiction.

The definitive insider story of the cheating scandal that rocked Major League Baseball in 2019, bringing down high-profile coaches and players, and exposing a long-rumored "sign-stealing" dark side of baseball. By the fall of 2019, most teams around Major League Baseball suspected that the Houston Astros had been stealing signs for several years. The Astros had won the 2017 World Series and made the playoffs the next two seasons. All the while, opponents felt that Houston's hitters knew what pitches were coming. The ensuing scandal rivaled that of the 1919 "Black Sox" and the more recent steroid era, and became one of the most significant that the game had ever seen. The fallout ensnared many other teams, either as victims, alleged cheaters or both. The Los Angeles Dodgers felt robbed of a World Series title, and fended off accusations about their organization. Same for the New York Yankees. The Boston Red Sox were soon under investigation themselves. The New York Mets lost a promising

manager before he ever managed a game. Andy Martino, an award-winning journalist who has covered Major League Baseball for more than a decade, has broken numerous stories about the Astros and sign-stealing in baseball. In *Cheated*, Martino takes readers behind the scenes and into the heart of the events that shocked the baseball world. With inside access to the people directly involved, Martino breaks down not only exactly what happened and when, but reveals the fascinating explanations of why it all came about. The nuance and detail of the scandal reads like a true sports whodunnit. How did otherwise good people like Astros' manager A.J. Hinch, bench coach Alex Cora and veteran leader Carlos Beltran find themselves on the wrong side of clear ethical lines? And did they even know when those lines had been crossed? *Cheated* is an explosive, electrifying read.

The newest release FROM THE #1 AMAZON BEST SELLING AUTHOR ON GoPro CAMERAS. Advances in Arthropod Repellents offers the most current knowledge on arthropod repellents. This area of study is quickly evolving as mosquito- and tick-borne diseases become more prevalent worldwide. Written by global arthropod repellent experts, this book begins by delving into molecule discovery and assay development that is followed by the latest research and investigations of repellent developments and effects. The book then offers readers a look into the global field, semi-field, and laboratory trials using various insect repellents, ranging from Africa, Australia, Europe, South America and the United States. Lastly, it examines the future of spatial repellents and expert insight. This book is a valuable resource for entomologists and vector control researchers and practitioners. Public health officials and developers in private pest control companies, as well as readers in academia will find this a useful resource to learn the latest information available on controlling the spread of arthropod-borne diseases with repellents. Discusses recent progress on understanding how insect repellents work, as well as modern methods for finding new molecules and formulations Edited by a team whose expertise includes cutting-edge insect repellent research and development Serves as a reference and resource that will be useful to a wide variety of professionals, particularly those in public health and vector control

Provides information on creating films using a GoPro camera, discussing the camera standard and experimental mounts, video modes, settings, and editing features, with several filmmakers discussing their experiences working with a GoPro.

"This book is a message from autistic people to their parents, friends, teachers, coworkers and doctors showing what life is like on the spectrum. It's also my love letter to autistic people. For too long, we have been forced to navigate a world where all the road signs are written in another language." With a reporter's eye and an insider's perspective, Eric Garcia shows what it's like to be autistic across America. Garcia began writing about autism because he was frustrated by the media's coverage of it; the myths that the disorder is caused by vaccines, the narrow portrayals of autistic people as white men working in Silicon Valley. His own life as an autistic person didn't look anything like that. He is Latino, a graduate of the University of North Carolina, and works as a journalist covering politics in Washington D.C. Garcia realized he needed to put into writing what so many autistic people have been saying for years; autism is a part of their identity, they don't need to be fixed. In *We're Not Broken*, Garcia uses his own life as a springboard to discuss the social and policy gaps that exist in supporting those on the spectrum. From education to healthcare, he explores how autistic people wrestle with systems that were not built with them in mind. At the same time, he shares the experiences of all types of autistic people, from those with higher support needs, to autistic people of color, to those in the LGBTQ community. In doing so, Garcia gives his community a platform to articulate their own needs, rather than having others speak for them, which has been the standard for far too long.

Ein paar Zutaten und eine Pfanne reichen noch lange nicht aus, um ein köstliches Essen zu zaubern. Genauso wenig reichen eine Kamera und ein Videobearbeitungsprogramm, um spektakuläre Videos zu erstellen. Vielmehr musst du wissen, wie du damit umgehst. Beim Kochen helfen dir Rezepte. Beim Filmen mit der GoPro hilft dir dieses Buch. Du lernst, wie du spektakuläre GoPro-Videos mit System erstellst, einen Haufen Zeit sparst und dabei richtig Spaß hast – auch wenn du bisher noch nicht so ganz zufrieden mit deinen Ergebnissen warst und kaum Erfahrung mit dem Filmen oder der Videobearbeitung hast. Das Buch begleitet dich bei jedem Schritt auf dem Weg zu deinem Wunsch-Video. Die Kapitel sind so aufgebaut, dass du von A bis Z durch den gesamten Prozess der GoPro-Videoerstellung geführt wirst: • die Planung und Vorbereitung • das Verständnis der Kamera • das Filmen • die Nachbearbeitung Gleichzeitig ermöglicht der Aufbau ein schnelles, gezieltes Nachschlagen der Tipps, die du in deiner Situation gerade brauchst: Welche Einstellung wähle ich? Wie beginne ich mein Video? Wie vermeide ich verwackelte Aufnahmen? Welche Befestigung oder Perspektive eignet sich am besten? Wie hole ich die beste Bildqualität heraus? Wo finde ich gute, passende und legale Musik? Was muss ich überhaupt bei der Videobearbeitung machen? Welche Effekte kann ich wie einbauen? Erspare dir endloses Rumprobieren, zahlreiche Fehlschläge und tonnenweise "papierkorbreifes" Filmmaterial mit diesen bewährten Tipps und Techniken.

FOR HERO 3+ and HERO 3 CAMERAS. This is the perfect guide book for Adventure Sports enthusiasts who want to learn how to use their GoPro HERO 3+ or HERO 3 cameras to get great videos and photos. Snowboarders, bikers, hikers, kayakers, travelers, skiers, standup paddlers, boaters and more will find valuable knowledge with the lessons in this book. With more than 100+ images, this book provides clear, step-by-step lessons to get you out there using your GoPro camera to document your adventures. This book covers everything you need to know about using your GoPro

HERO 3+ or HERO 3 camera.
