

Black Square Adventures In Post Soviet Ukraine

Dixie is an amazing dog, but when cancer causes her to lose her right front leg, she shows how truly amazing she really is. Through her many adventures she teaches her family and friends that, in spite of cancer, life can be a fun, exciting, and even delicious adventure! When the author's mother died he discovered over 200 letters in a shoe box that his father had written to her during their separation during World War II. Captain Lashley was stationed first at a hospital in England as a supply officer and then as the commander of a prisoner of war camp in France. During those months his letters tell of the events of his life. Some are boring and seem to be of little consequence, others are filled with emotional turmoil. Rene Lashley, his wife, has his fourth child while he is away, moves in with her mother and sister and raises her other three children. Kirk, the second son, is puzzled by what is happening, but continues doing those things a normal child does. The book is an effort to show the common, everyday concerns of all the family members in what is an unprecedented time in the life of the family and the world. The story is told through the voices of the soldier, the mom, and the child.

Midge and Moo are best friends. They came home from the hospital together when Midge was just two days old. They do everything together. When Mommy says, "Stop right there! You are tracking in mud all over the floor." Midge tells Moo, "Bad Moo! You got mud all over the floor!" Midge learns what it is like to have a partner in crime, a best friend, and someone who is there for you no matter what. Snuggle up with your little one and spend the day with Midge and Moo. Part of the Adventures of Midge and Moo series.

Adventures in Realism offers an accessible introduction to realism as it has evolved since the 19th century. Though focused on literature and literary theory, the significance of technology and the visual arts is also addressed. Comprises 16 newly-commissioned essays written by a distinguished group of contributors, including Slavoj Žižek and Frederic Jameson. Provides the historical, cultural, intellectual, and literary contexts necessary to understand developments in realism. Addresses the artistic mediums and technologies such as painting and film that have helped shape the way we perceive reality. Explores literary and pictorial sub-genres, such as naturalism and socialist realism. Includes a brief bibliography and suggestions for further reading at the end of each section.

A distinctive writer's fascinating journey into the heart of a troubled region. Ukraine has rebuilt itself over and over again in the last century, plagued by the same conflicts: corruption, poverty, substance abuse, ethnic clashes, and Russian aggression. Sophie Pinkham saw all this and more in the course of ten years working, traveling, and reporting in Ukraine and Russia, over a period that included the Maidan revolution of 2013–14, Russia's annexation of Crimea, and the ensuing war in eastern Ukraine. With a keen eye for the dark absurdities of post-Soviet society, Pinkham presents a dynamic account of contemporary Ukrainian life. She meets—among others—a charismatic doctor helping to smooth the transition to democracy even as he struggles with his own drug addiction, a Bolano-esque art gallerist prone to public nudity, and a Russian Jewish clarinetist agitating for Ukrainian liberation. These fascinating personalities, rendered in a bold, original style, deliver an indelible impression of a country on the brink. Black Square is necessary reading for anyone who wishes to learn not only the political roots of the current conflict in Ukraine but also the personal stories of the people who live it every day.

A story about a young villager girl, Cherrie Bloom, the only child of an old forester, who goes into a forbidden land - the Blood Forest - and gets captured by savage tribesmen known as the Asashins, who are famous for their mercilessness and bloodthirstiness throughout the lands. But there in the camp she meets a kind young prince, swordsman Chao Lin, and falls in love... Though their happiness is short-lived - a war starts between the young princes and the chief, and Chao and Cherrie get to be separated. Cherrie returns to her homeland, and soon forms a new family - she acquires a husband and has a son. However, the young woman cannot forget about her lost beloved, and dreams to someday reunite with him again... *NOTE* This story is written in a fantasy world, so no culture is directly involved. The Asashins resemble East Asian people (Japanese and Chinese) by their culture and language, however, the tribe is created purely out of fantasy.

Memoir of a heart-wrenching life of a little girl who made it through, though adult life got worse, even through six abusive marriages and lots of illnesses.

When I first lived in Ukraine, I was preoccupied with its ideas of the past and future. Once Maidan started, there was nothing but the present; every hour held the possibility of transformation, and of terrible violence. After leaving university in 2004, Sophie Pinkham moved to Siberia to volunteer for the Red Cross, tackling the rising AIDS crisis by folding origami tulips. Over the next decade, she travelled and worked across the post-Soviet world, from Lake Baikal to the Black Sea, at a time when the young countries of the region were struggling to define their new identities. Square is a multidimensional portrait of a period of tumultuous change, and of a generation that came of age after the fall of the USSR, only to see protestors shot on Kiev's main square, Crimea annexed by Russia, and a bitter war in eastern Ukraine. We meet a charismatic doctor fighting the AIDS epidemic even as he struggles with his own drug addiction; an iconoclastic artist with a penchant for public nudity; and a Russian-Jewish clarinetist agitating for Ukrainian liberation. With a deep knowledge of the literature and legends of the region, and a keen outsider's eye for the dark absurdities of post-Soviet society, Black Square delivers an indelible impression of a region, and a world, on the brink. Little Boys have secrets, Most secrets don't hurt, Men in high places want this secret - They will Kill for it - The First Book of the Jeremy Ruhl saga! The son of the English explorer Lord Baron Ruhl, Jeremy Ruhl, is lost in America. In the late 1800's The civil war is over, balloons dot the skies of Europe, and a boy begins an adventure! Greg Gilmore fought hard against returning to Hershey, PA. He has trouble breathing in a town with so many Morrisons running around. Janine Morris, a woman as deeply entrenched in secrets and special military skills as him, only adds to his discomfort. Keeping his family safe is his number one goal. So why do Janine's haunted amber eyes keep enticing him to throw away all his cares and concerns to join forces with a woman who could bring all his enemies right down on the Morrison Family?

When Zane and Megan crack the Secret, they stumble across Project Net Rider. The awesome Cyber Warfare program immerses the user in virtual reality, and has a netbike to infiltrate any computer in the new global network. But the software is dangerous and in the wrong hands, capable of unlimited destruction. So when the Underground's most notorious hacker steals a copy, the entire world is threatened. And the two friends have to risk everything to stop him. "You're in luck, Alfred," he declared. "That's the most interesting man in New York-one of the most interesting in the world. That's Sanford Quest." "Who's he?" "You haven't heard of Sanford Quest?" "Never in my life." The young man whose privilege it was to have been born and lived all his days in New York, drank half a glassful of wine and leaned back in his chair. Words, for a few moments, were an impossibility. "Sanford Quest," he pronounced at last, "is the greatest master in criminology the world has ever known. He is a magician, a scientist, the Pierpont Morgan of his profession." "Say, do you mean that he is a detective?" The New Yorker steadied himself with an effort. Such ignorance was hard to realise-harder still to deal with. "Yes," he said simply, "you could call him that-just in the same way you could call Napoleon a soldier or Lincoln a statesman..."

Gus is a very curious indoor cat that just wants a taste of the outdoors. He finds out in this story that he may be in for more than he bargained for. This story was inspired by the antics of our very own cat who was able to sneak outside on more than one occasion. It was born when our children would ask if he was okay, and if he would return. We often talked about the fun adventures he was probably having, but it also provided the opportunity to talk about loss at the child's pace. This wonderfully illustrated book follows Gus in his adventure. This book is great for kid's imaginations and can be a good tool to help cope with a lost pet.

GOD FOR A DAY is a comic extravaganza which touches on the deeper mysteries of love and spirituality. The characters are God, Adam and Eve, a cosmic adventuress named Scherezade, a wizard named Abracadabra, the Archangel or All Archangels...you get the picture. God decides to take a day off, and Eve comes out of retirement to win the universe-wide God for a Day contest. She introduces the Heavenly Games of Love (a sort of cosmic Olympics), Earth fields a team, and the rest is, well, if not history, an awfully good read.

Pandemic Performance chronicles the many ways that people are surviving/thriving through performance in a global pandemic. Covering artists and events from across the United States: from New York to California and from South Dakota to Texas, the chapters are equal parts theory and practice, weaving scholarship with personal experience from contributors who are interdisciplinary artists, scholars, journalists, and community organizers providing unique and invaluable perspectives on the complicated work of resilience during COVID-19. This study will hold interest for students and scholars in the performing arts, arts, and social justice as well as professional artmakers and creative community organizers.

Black Square: Adventures in Post-Soviet Ukraine W. W. Norton & Company

The Adventures of Bones. Read about a 150 pound half mastiff and half newfoundland therapy dog as he goes camping This book examines how contemporary women novelists have successfully transformed and rewritten the conventions of post-apocalyptic fiction. Since the dawn of the new millennium, there has been an outpouring of writing that depicts the end of the world as we know it, and women writers are no exception to this trend. However, the book argues that their fiction is distinctive. Contemporary women's work in this genre avoids conservatism, a nostalgic mourning for the past, and the focus on restoring what has been lost, aspects key to much male authored apocalyptic fiction. Instead, contemporary women writers show readers the ways in which patriarchy and neo-colonialism are intrinsically implicated in the disasters they envision, and offer qualified hope for a new beginning for society, culture and literature after an imagined apocalyptic event. Exploring science, nature and matter, the posthuman body, the maternal imaginary, time, narrative and history, literature and the word, and the post-secular, the book covers a wide variety of writers and addresses issues of nationality, race and ethnicity, as well as gender and sexuality.

"Lost on Purpose" is the non-fiction adventure narrative of a former technology executive who reinvented himself as a 21st century mountain man. In October/November 2013, Patrick Taylor crossed the Rocky Mountains alone on foot. He passed through one of the largest wilderness areas in the Lower 48 to reach and retrace the route of Lewis & Clark in the winter. The sacrifices - vocationally, financially, emotionally - are measured against the benefits by the author in a refreshingly honest, humorous, and inspirational fashion. If you liked "Wild" (and who didn't), you will love this wilderness adventure.

Book Three in the Day Soldiers Trilogy. After more than a decade of fighting, the end has finally arrived. The war is almost over. Topia has been born. As a young child, becoming a beautiful bride seemed like the ultimate fairy-tale dream. But for Alex Payne, the fantasy of marriage has transformed into a shattering nightmare. Facing constant verbal abuse, sexual violence, and intimidation from her husband Greg, Alex has become a broken shell of the person she used to be. And since Greg slaughtered her beloved puppy Beatrice, she's even more terrified than ever to leave. When Alex learns Greg has been unfaithful, she finally shares her entire story with her best friend Elise, who has also experienced the horror of an abusive relationship. With the help of Elise's boyfriend David, the trio devise a cunning plan to rescue Alex from her misery for good. But with a serial killer on the loose, this grand escape becomes more dangerous than Alex ever imagined-between a deranged murderer roaming the streets and a husband who has already threatened to kill her if she ever attempts to leave, will she manage to survive brutality at home and live to enjoy a new life of freedom?

A dense black cloud boiled up in the southeastern sky. It rose high and fast, like a time-lapse movie of the birth of a thunderhead. But it was no rain cloud. Wholly black, it reached up and up until it loomed over her, blocking out the sun. Somehow, she knew, it was Death coming for her. Pre-med student Coral is on vacation in Idaho when something terrible happens. The black cloud is followed by a wildfire and searing heat that lasts for days. She survives deep in a cave but emerges days later to find the world transformed, with blackened trees, an ash-filled sky, and no living creatures stirring--except for her. So begins her desperate journey: to find water, and food, and other survivors...and the answer to the mystery of what happened. Gray I is the first novel in a series.

How and why does the stage, and those who perform upon it, play such a significant role in the social makeup of modern Russia, Ukraine and Belarus? In New Drama in Russian, Julie Curtis brings together an international team of leading scholars and practitioners to tackle this complex question. New Drama, which draws heavily on techniques of documentary and verbatim writing, is a key means of protest in the Russian-speaking world; since the fall of the Soviet Union in 1991, theatres, dramatists, and critics have collaborated in using the genre as a lens through which to explore a wide range of topics from human rights and state oppression to sexuality and racism. Yet surprisingly little has been written on this important theatrical movement. New Drama in Russian rectifies this. Through providing analytical surveys of this outspoken transnational genre alongside case-studies of plays and interviews with playwrights, this volume sheds much-needed light on the key issues of performance, politics, and protest in Russia, Ukraine and Belarus. Meticulously researched and elegantly argued, this book will be of immense value to scholars of Russian cultural history and post-Soviet literary studies.
