

## Black White Just Right

For decades, Katie D'Angelo and Valerie Harrison engaged in conversations about race and racism. However, when Katie and her husband, who are white, adopted Gabriel, a biracial child, Katie's conversations with Val, who is black, were no longer theoretical and academic. The stakes grew from the two friends trying to understand each other's perspectives to a mother navigating, with input from her friend, how to equip a child with the tools that will best serve him as he grows up in a white family. Through lively and intimate back-and-forth exchanges, the authors share information, research, and resources that orient parents and other community members to the ways race and racism will affect a black child's life—and despite that, how to raise and nurture healthy and happy children. These friendly dialogues about guarding a child's confidence and nurturing positive racial identity form the basis for *Do Right by Me*. Harrison and D'Angelo share information on transracial adoption, understanding racism, developing a child's positive racial identity, racial disparities in healthcare and education, and the violence of racism. *Do Right by Me* also is a story about friendship and kindness, and how both can be effective in the fight for a more just and equitable society.

Fraser and Franny are two Fraser Fir trees who have grown up on a tree farm in the North Carolina mountains. After spending all their days together, they don't know what to expect as Christmas approaches and each is chosen by a family to adorn their homes for the holidays. Copyright June 2013 J Yates. Re-edited version by the marvellous Mr Chris Keppie. June 2014 This version March 2015 Set in the 1980's most of the drama for this time traveling adventure is set in the Pitt Rivers Museum Oxford UK. Lilly's family has an extraordinary secret, one they have kept for four generations. Lilly's proud to be different and special. At Halloween she's happy to stay at home and cast spells with her mum and her Grandmother rather than go out trick or treating like the other kids. At 12 years old, she thinks she knows it all. But then Lilly becomes unsettled by odd events, like seeing the sinister man in the white shoes staring at her while she walks the dogs, and then local children start to go missing. When her mum doesn't come back from one of her regular night-time jaunts, Lilly's grandmother thinks it's time to tell her the whole story. Lilly has second thoughts about whether her family's secret is a blessing, or a curse...

Reggie Dabbs and John Driver--a Black man and a white man, and longtime friends--engage in a respectful, challenging exploration of racism in America, including how Black and white Christians can come together to fight the sin of racism within our hearts and our churches. White privilege. Black Lives Matter. George Floyd. When it comes to racism in America, many of us feel confused, overwhelmed, angry--and eager to know how to engage in meaningful, action-oriented conversation about such a difficult topic. In *Not So Black and White*, public school communicator and internationally acclaimed speaker Reggie Dabbs and pastor John Driver team up to offer a hope-filled, convicting, inspiring look at how to be anti-racist in America today. Through Reggie and John's honest conversations, you will: Hear the stories of fellow believers who have found ways to reach across the racial barrier with humility, empathy, and forgiveness Understand a simple yet robust history of racism in America and in the church, including its role in systems, policies, and individual actions Discover fully biblical yet culturally wise responses to the challenges of racism in yourself, your community, and your church Come away with fresh thought processes and practical steps for what you can do to think rightly and engage bravely in conversations and actions to end racism *Not So Black and White* is a compelling resource for pastors, teachers, and community leaders who want to read about issues of racism from a biblical and a historical perspective. For readers of all denominations and backgrounds, *Not So Black and White* equips us to engage together in the intentional work

## Read Online Black White Just Right

of dismantling racism, just as the gospel calls us to do.

This simple story celebrates how the differences between one mother and father blend to make the perfect combination in their daughter. As this little family moves through the world, the girl notes some of the ways that her parents are different from each other, and how she is different from both of them. With each difference she lists, she highlights the ways that their individual characteristics join together to make her family. The fact that her mother is African American and her father is white is just one of the many interesting things that make this little girl and her family "just right."

The popular media have portrayed the Black Panthers mainly for the rhetoric of violence some members employed and for the associations between the Panthers and a black militancy drawing on racial hostility to whites in general. Overlooked have been the efforts that branches of the organization undertook for practical economic and social progress within African-American neighborhoods, frequently in alliance with whites. Yohuru Williams' study of black politics in New Haven culminating in the arrival of the Panthers argues that the increasing militancy in the black community there was motivated not by abstractions of black cultural integrity but by the continuing frustrations the leadership suffered in its dealings with the city's white liberal establishment. *Black Politics/White Power* is an important contribution to a discovery of the complexities of racial politics during the angry late sixties and early seventies.

In the Changing Room Before we kick off I have to say this, these are my memories, and it has to be said, some of them have been befuddled by drink and erased from the mental back-up disc due to needing more space for uploading new stuff. Phrases you will see often are 'I really can't remember' 'if I remember correctly' and 'I may be wrong'...yes I will admit it, I have been wrong before...1969 I think it was...oh and once in 1973 as well. I have checked where possible but half the time I can't be arsed so there. One area where some clever shite will immediately contradict me is numbers we took to away games, this was and still is impossible to estimate, so whilst some will try to claim we took thousands to every away match I have tried to judge by how much of the stands we filled in the days when the majority of the travelers all stood together. Characters, there have been 'legends' both on and off the pitch over the years, some have moved on to 'a better place' ...yes living in Pattaya, others have went off to the 'Big Match' in the sky where Jesus grabs the Number Nine shirt every game because he thinks he's Alan Shearer...only for St. Peter to point out that Jackie Milburn's name is already on the team sheet as Centre Forward. No doubt someone will bemoan the absence of some of the terrace 'heroes' but I have only mentioned those I clearly remember. I was never a member of any 'crews' 'firms' or 'gangs' unless you count our collective 70's name the 'Geordie Boot Boys', I was never a ringleader or organiser I knew who they were and often found myself in their company but chose to stay incognito. This is not a book of statistics, scorers, results or team line ups, they are well documented elsewhere. These are just my, sometimes possibly inaccurate recollections of being a supporter and a footsoldier in the Black & White Army for over fifty years...and if you don't like it...then write yer own...chances are of got your money anyway ...so who's the numbnutz now?

Presents a compilation of essays, personal accounts, historical fiction, and poetry about the White House in each period of American history. Brown-skinned momma, the color of chocolate milk and coffee pumpkin pie, whose face gets ginger red when she puffs and yells the children into bed. White-skinned daddy, not white like milk or snow, lighter than brown, With pinks and tiny tans, whose face gets tomato red when he puffs and yells their children into bed. Children who are all the colors of the race, growing up happy in a house full of love. This is the way it is for them; this is the way they are, but the joy they feel extends to every reader of this book. Black is brown is tan is a story poem about being, a beautiful true song about a family delighting in each other and in the good things of the earth.

She emerged as innocent as any newborn. The party of starbursts and sparkles came to a standstill. In awe, millions of heavenly beings paused. Shine Star, Princess of the Universe, was the most precious and rare of all creations. As an expression of perfect happiness, thus was the king's daughter born. A magical love story unfolds in Vikrant Malhotra's wondrous debut, *The Stories of Goom'pa: Book One*. Meet Goom'pa. He is a Poofy, a small furry creature who resides on Earth in a place called Palidon, on the edge of the Miron National Forest. His world is a quiet one-until he spies Shine Star, a glorious star in the sky and the daughter of Prime Ray, the king of the universe. Enchanted by her elegance, Goom'pa knows he is willing to do anything to win the love of this celestial beauty. As the two meet and fall in love, Shine Star's father worries about his only daughter. Exploiting that concern is the Star Lord, Rath, who wants nothing more than to wrestle control of the universe away from Prime Ray. Will Goom'pa and Shine Star find a way to be together? Or will Rath's evil plan doom them all?

Even in 1960s Detroit, race isn't everything. Tom Daniels and "Cookie" Marsh will be the first to tell you that race isn't everything. But it did shape the way they experienced the world growing up in Detroit in the 1950s and 60s. Tom "Cookie" Marsh grew up in a black neighborhood on Detroit's west side. Tom Daniels grew up in a mixed, working-class neighborhood on Detroit's east side. Both men grew up in strict households where they "always got what we needed, and sometimes what we wanted" and both saw their city, their country, and their world transform around them through the Civil Rights movement, riots, and the Viet Nam War. But sometimes parallel lines intersect. As each man tells his story, it is apparent that race isn't just "black and white" but it is part of what makes their friendship extraordinary. Their experiences will show you that race made for huge differences in their experiences, while, in spite of race, there are also touching similarities that made it possible for two men, in their older years, to overcome decades of racial turbulence of their upbringing to become lifelong friends. Follow Tom and Cookie. Hear about their lives, their upbringing, their successes and regrets growing up in black and white Detroit - and how when it boils down to it, the things that are truly important are actually black and white, like you and me.

Meili, who is six years old and adopted from China, learns that her parents are going to adopt a baby from Haiti. She's not happy. Why do they need a new baby? Their family is just right as it is. As Meili learns more about her new sibling and the importance of being a big sister, will she realize that a new addition can be just right for their family too?

Dr. Anni Reinking is a scholar and researcher in multicultural education. She is white. Her biracial son is seen as black. Millions of families share this experience in today's racially polarized America, marked by bias, discrimination and racism. In this inspiring memoir, Anni shares her family's experiences and helpful research in parenting.

Ernest C. Withers was one of the most prominent African-American photographers of the civil rights era. During the

course of his work, he took thousands photographs that document the civil rights movement--from the Emmett Till trial in 1955 to the assassination of Martin Luther King in 1968. What set his work apart was that he goes beyond the political struggles to explain the civil rights movement that changed the country. Withers was primarily a local photographer, working as a freelancer for the Memphis World and Tri-State Defender starting in 1948. His photographs of the everyday world--bridge clubs, funerals, people at work and play, and street life--create a stunning record of what it was like to live in Memphis and the Mid-South. He was also a noted baseball photographer, documenting Negro League baseball in Memphis, and a noted music photographer, taking thousands of photographs of jazz, blues, rock 'n' roll and R&B performers. This book combines this work for the first time and uses first-hand accounts of people who lived in the South to explain these transformative years. The photographs, taken as bare-bones journalism, rises to the level of fine art decades later. They are also important examples of photojournalism, documenting decades of struggle in Memphis and the Mid-South. They serve as an important missing link in the civil rights narrative. In 2010, three years after his death, the Memphis Commercial Appeal newspaper published a series of articles that showed that Withers was a paid informant of the FBI. This book goes beyond the headlines to show how Withers created an essential record for all of us to better understand life in the South during this crucial era.

A sumptuously photographed tour of the celebrated designer's interiors features examples from more than 75 homes complemented by inspirational tips and professional tricks on everything from choosing paints and finishes to building nature-themed rooms.

Another body in a string of ritualistic murders. A serial killer who's getting cocky. Detective Derek Childress thinks this day just can't get any worse. And then he meets his new partner. Investigator Kayle Perrine is a Variant: one of several races of once-thought mythical creatures who now live among and lord-over humankind. Led by a group of vampires called the Clan Gentry, the Variants protect their own, just as they did when Derek's previous partner was killed by one, nearly a year ago. Now that Perrine's on the case, Derek expects a cover-up. Kayle Perrine has worked his whole life to prove himself, but being paired up with a boorish mundane like Derek Childress is feeling more like punishment than reward. Derek is so blinded by his prejudice against Variants, that he refuses to see the evidence Kayle finds blatantly obvious. The sooner Kayle can close this case, the sooner he can go back home and forget about the infuriating human detective. A brutal attack forges a fragile truce between the two men, driving them together. Derek and Kayle must learn to trust and depend on each other while tempers flare and passions of every kind run hot between them. Yet as they begin to grow closer, one fact continues to keep them apart: they are from different worlds. With time running out to solve this case, Derek and Kayle understand that love may not be enough to overcome prejudice, politics, and murder.

The Civil Rights movement brought author Alice Walker and lawyer Mel Leventhal together, and in 1969 their daughter, Rebecca, was born. Some saw this unusual copper-colored girl as an outrage or an oddity; others viewed her as a symbol of harmony, a triumph of love over hate. But after her parents divorced, leaving her a lonely only child ferrying between two worlds that only seemed to grow further apart, Rebecca was no longer sure what she represented. In this book, Rebecca Leventhal Walker attempts to define herself as a soul instead of a symbol—and offers a new look at the challenge of personal identity, in a story at once strikingly unique and truly universal.

Through a series of ingenious die-cut pages, the young reader discovers things that are the opposite of what they seem within eighteen questions and their answers. By the author of *Lemons Are Not Red*.

In this thought-provoking volume, David R. Roediger has brought together some of the most important black writers throughout history to explore the question: What does it really mean to be white in America? From folktales and slave narratives to contemporary essays, poetry, and fiction, black writers have long been among America's keenest students of white consciousness and white behavior, but until now much of this writing has been ignored. *Black on White* reverses this trend by presenting the work of more than fifty major figures, including James Baldwin, Derrick Bell, Ralph Ellison, W.E.B. Du Bois, bell hooks, Toni Morrison, and Alice Walker to take a closer look at the many meanings of whiteness in our society. Rich in irony, artistry, passion, and common sense, these reflections on what Langston Hughes called "the ways of white folks" illustrate how whiteness as a racial identity derives its meaning not as a biological category but as a social construct designed to uphold racial inequality. Powerful and compelling, *Black on White* provides a much-needed perspective that is sure to have a major impact on the study of race and race relations in America.

In 1955 the murderers of Emmett Till, a black Mississippi youth, were acquitted of their crime, undoubtedly because they were white. Forty years later, O. J. Simpson, whom many thought would be charged with murder by virtue of the DNA evidence against him, went free after his attorney portrayed him as a victim of racism. Clearly, a sea change had taken place in American culture, but how had it happened? In this important new work, distinguished race relations scholar Shelby Steele argues that the age of white supremacy has given way to an age of white guilt -- and neither has been good for African Americans. As the civil rights victories of the 1960s dealt a blow to racial discrimination, American institutions started acknowledging their injustices, and white Americans -- who held the power in those institutions -- began to lose their moral authority. Since then, our governments and universities, eager to reclaim legitimacy and avoid charges of racism, have made a show of taking responsibility for the problems of black Americans. In doing so, Steele asserts, they have only further exploited blacks, viewing them always as victims, never as equals. This phenomenon, which he calls white guilt, is a way for whites to keep up appearances, to feel righteous, and to acquire an easy moral authority -- all without addressing the real underlying problems of African Americans. Steele argues that calls for diversity and programs of affirmative action serve only to stigmatize minorities, portraying them not as capable individuals but as people defined by their membership in a group for which exceptions must be made. Through his articulate analysis and engrossing recollections of the last half-century of American race relations, Steele calls for a new culture of personal responsibility, a commitment to principles that can fill the moral void created by white guilt. White leaders must stop using minorities as a means to establish their moral authority -- and black leaders must stop indulging them. As *White Guilt* eloquently concludes, the alternative is a dangerous ethical relativism

## Read Online Black White Just Right

that extends beyond race relations into all parts of American life.

Describes how changing concepts of racial identity will impact race relations, discussing such topics as discrimination, immigration, diversity, globalization, and the mixed-race movement.

For many parents, curling up with a book for a bedtime story with their kid is a daily ritual. For others, it is the perfect time to spend time with their children after a busy day, and for some, it is something they should do but are not entirely sure why. Discover these benefits of bedtime stories for kids. Sharpen their brains Research shows that one of the greatest benefit of interacting with children, including reading to them stories, is that children learn a great deal of things- from improved logic skills to lowering their stress levels. Bedtime stories rewire the brain of a child and quicken their mastery of language. Their vocabulary repertoire is expanded and their listening and oral communication skills enhanced. bedtime stories for kids Enhance creativity and Stimulate imagination If you are a good storyteller, then you should teleport your kid to a different realm- from reality to fantasy for the child to learn the difference between these two. This will enhance and stimulate his imagination. children's books kindle Emotion development The kid will learn to experience different emotions while empathizing with the characters of the story. The common emotions of sadness, happiness and anger may be encountered and he will learn to control these in real life. bedtime story for kids

"I Am Whole is a delightful picture book to celebrate children of mixed backgrounds and cultures. Written with love to embrace the differences that come with being multi-racial, including language, family and cultural traditions. This book encourages children to embrace their diversity and recognise that such differences make us whole. A fun rhythmic read aimed at children aged 0-7."--Amazon.com

The adventures of a little boy in the city on a very snowy day. On board pages.

Highly acclaimed dissection of the "new racism," from one of the greatest radical black intellectuals of our time Many in the United States, including Barack Obama, have called for a "post-racial" politics; yet race still divides the country politically, economically, and socially. In this highly acclaimed work, Manning Marable rejects both liberal inclusionist strategies and the separatist politics of the likes of Louis Farrakhan. Looking back at African-American politics and the fight against racism of the recent past, he argues powerfully for a "transformationist" strategy that retains a distinctive black cultural identity but draws together all the poor and exploited in a united struggle against oppression. This illustrated book of 5 Jack the Rabbit and Friends stories is a collection of short read-aloud stories about a community of animals who love life, share adventures, and care for each other. This is Book 3 in the series.

Across the realms of multimedia production, information design, web development, and usability, certain truisms are apparent. Like an Art of War for design, this slim volume contains guidance, inspiration, and reassurance for all those who labor with the user in mind. If you work on the web, in print, or in film or video, this book can help. If you know someone working on the creative arena, this makes a great gift. Funny, too.

Greg Gilmore fought hard against returning to Hershey, PA. He has trouble breathing in a town with so many Morrisons running around. Janine Morris, a woman as deeply entrenched in secrets and special military skills as him, only adds to his discomfort. Keeping his family safe is his number one goal. So why do Janine's haunted amber eyes keep enticing him to throw away all his cares and concerns to join forces with a woman who could bring all his enemies right down on the Morrison Family?

The Amazing Book of No was just announced as a Winner of the 2015 Readers Favorite Award for K-3rd grade readers. "The Amazing Book of No" is a deceptively simple story that will teach your 3-7 year old how to accept the word "no" when you say it, and why they shouldn't

## Read Online Black White Just Right

argue. The story is about two moms and their children. One mom says "no" all the time, while the other says "yes" to everything. It is cute and engaging all in one, and designed not to take up too much of a parents valuable time, with the idea being to try and imprint wholesome ideals while kids are young. Reading this just a few times to your boy or girl at bedtime will ensure you don't have any misunderstandings with your children about the word "NO" as they grow older. This really is: The Amazing Book of No!

Immigration is one of the driving forces behind social change in the United States, continually reshaping the way Americans think about race and ethnicity. How have various racial and ethnic groups—including immigrants from around the globe, indigenous racial minorities, and African Americans—related to each other both historically and today? How have these groups been formed and transformed in the context of the continuous influx of new arrivals to this country? In *Not Just Black and White*, editors Nancy Foner and George M. Fredrickson bring together a distinguished group of social scientists and historians to consider the relationship between immigration and the ways in which concepts of race and ethnicity have evolved in the United States from the end of the nineteenth century to the present. *Not Just Black and White* opens with an examination of historical and theoretical perspectives on race and ethnicity. The late John Higham, in the last scholarly contribution of his distinguished career, defines ethnicity broadly as a sense of community based on shared historical memories, using this concept to shed new light on the main contours of American history. The volume also considers the shifting role of state policy with regard to the construction of race and ethnicity. Former U.S. census director Kenneth Prewitt provides a definitive account of how racial and ethnic classifications in the census developed over time and how they operate today. Other contributors address the concept of panethnicity in relation to whites, Latinos, and Asian Americans, and explore socioeconomic trends that have affected, and continue to affect, the development of ethno-racial identities and relations. Joel Perlmann and Mary Waters offer a revealing comparison of patterns of intermarriage among ethnic groups in the early twentieth century and those today. The book concludes with a look at the nature of intergroup relations, both past and present, with special emphasis on how America's principal non-immigrant minority—African Americans—fits into this mosaic. With its attention to contemporary and historical scholarship, *Not Just Black and White* provides a wealth of new insights about immigration, race, and ethnicity that are fundamental to our understanding of how American society has developed thus far, and what it may look like in the future. This book examines the representation of blackness on television at the height of the southern civil rights movement and again in the aftermath of the Reagan-Bush years. In the process, it looks carefully at how television's ideological projects with respect to race have supported or conflicted with the industry's incentive to maximize profits or consolidate power. Sasha Torres examines the complex relations between the television industry and the civil rights movement as a knot of overlapping interests. She argues that television coverage of the civil rights movement during 1955-1965 encouraged viewers to identify with black protestors and against white police, including such infamous villains as Birmingham's Bull Connor and Selma's Jim Clark. Torres then argues that television of the 1990s encouraged viewers to identify with police against putatively criminal blacks, even in its dramatizations of police brutality. Torres's pioneering analysis makes distinctive contributions to its fields. It challenges television scholars to consider the historical centrality of race to the constitution of the medium's genres, visual conventions, and industrial structures. And it displaces the analytical focus on stereotypes that has hamstrung assessments of television's depiction of African Americans, concentrating instead on the ways in which African Americans and their political collectives have actively shaped that depiction to advance civil rights causes. This book also challenges African American studies to pay closer and better attention to television's ongoing role in the organization and disorganization of U.S. racial politics.

It's Now or Now! What are YOU doing to change the narrative? All around the world, racism has become a big topic of discussion. The recent

## Read Online Black White Just Right

rise in the number of reported cases of racist attacks as well as the level of brutality of them has led the world to the point where we now recognize the need to bring racism to its knees and declare its end. Yes, it's now, or now! This book is set to serve as an introduction into the truth about Racism and how it affects society. Its aim is to help kids understand the concept of equality of persons early enough so as to train their minds to see people equally, regardless of skin color or race. Now, here's what you and your children can expect from "Black, White and Beyond" The different skin colors that exist and why there are variations in them. Colorism and how it affects our views of a lot of things. What society thinks of skin color and how it has served as a basis for racism. Recent real life accounts of Racist attacks Racism and how it affects the lives of Racists, recipients of racist attacks, and even third-party onlookers. 7 major ways to contribute to the Anti racist movement as a kid. Key safety measures to be taken during a racist attack. Powerful ways to speak up against racism. The KEY difference between a non racist and an anti racist. How to spot a racist from their actions and statements. Why being anti racist not only helps you, but helps us all. These and much more, make up the long list of values that "Black, White and Beyond" offers. Racism is first a mind thing, before anything else. Once you kill it in the mind, it is portrayed in your action. So what are you waiting for? Click "Add To Cart" now and invest rightly in the reality of our next generation and beyond.

Growing up in a predominantly white culture and having dark skin was challenging. If you want to understand why so many with a dark complexion feel isolated and angry, then this book is for you. If you want to look for solutions to help fix racial divides then this books for you. If you want to leave the world of racial perception and face world of racial reality then this books for you. Fixing racial divides takes strength courage and the desire for truth, even if it means uncovering things you may not like. This book is my story, my truth and my effort to help heal so much racial unrest.

"Tell anyone who asks that you're half-black and half-white, just like David Hasselhoff from Knight Rider."—Angela's mother "Love has no color," insist Angela Nissel's parents, but does it have a clue? In this candid, funny, and poignant memoir, Angela recounts growing up biracial in Philadelphia—moving back and forth between black inner-city schools and white prep schools—where her racial ambiguity and doomed attempts to blend in dog her teen years. Once in college, Angela experiments with black activism (hoping to find clarity in extremism), capitalizes on her "exotic" look at a strip club, and ends up with a major case of the blues (aka, a racial identity problem). Yet Angela is never down for the count. After moving to Los Angeles, she discovers that being multiracial is anything but simple, especially in terms of dating and romance. By turns a comedy of errors and a moving coming-of-age chronicle, *Mixed* traces one woman's unforgettable journey to self-acceptance and belonging. Praise for *Mixed* "Mixed is a hilarious must-read for anyone searching for the enchanting path to self-discovery. Angela Nissel's precise account of living the mixed race experience not only hit home with me, but the journey is deliciously enlightening and heart-rending at the same time. It's a journey well worth taking."—Halle Berry "I love Angela Nissel's writing. Reading *Mixed* was like getting a letter from a best friend I forgot I had. How ironic that a book written by someone who felt like no one "got" her will surely be one of those rare books everyone gets- black, white, both, neither. Hilarious, sweet, and honest, *Mixed* is the perfect read if you've ever felt like the one standing on the outside—and let's face it, who hasn't?"—Jill Soloway, author of *Tiny Ladies in Shiny Pants* "If David Sedaris was a straight biracial female, this is the book he'd write. This book is so funny I've already started telling people I helped Angela write it."—Bill Lawrence, creator of *Scrubs* "Nissel is humorous, poignant, and proud yet also empathetic and generous as she recounts her constant struggle to answer the perennial question persons of mixed race seem required to ask of themselves in our society—where do I fit in?.... All readers stand to learn from her account."—Booklist "Colorful anecdotes, marvelous dialogue and a thoughtful narrative make this memoir a

delight.”—Kirkus Reviews (starred review)

Bible Stories for Children By Rev. Jefferson Mitchell, Kellie O'Connor

Black, White, Just Right!

Every so called, Black man, woman, child wants to believe that slavery is over. The reason being for this belief is because times have changed. But that's not true, times may have change, and the institution of slavery has changed with it, in how its introduced. Slavery has taken on a new form, and its through words, words that would imprison our minds

A story about the trials and triumphs of a Black chef from Queens, New York, and a White media entrepreneur from Staten Island who built a relationship and a restaurant in the Deep South, hoping to bridge biases and get people talking about race, gender, class, and culture. “Black, White, and The Grey blew me away.”—David Chang In this dual memoir, Mashama Bailey and John O. Morisano take turns telling how they went from tentative business partners to dear friends while turning a dilapidated formerly segregated Greyhound bus station into The Grey, now one of the most celebrated restaurants in the country. Recounting the trying process of building their restaurant business, they examine their most painful and joyous times, revealing how they came to understand their differences, recognize their biases, and continuously challenge themselves and each other to be better. Through it all, Bailey and Morisano display the uncommon vulnerability, humor, and humanity that anchor their relationship, showing how two citizens commit to playing their own small part in advancing equality against a backdrop of racism.

When a black family moves to an all-white neighborhood, prejudice rears its ugly head as the white adults behave rudely and children's friendships break up.

This American classic has been corrected from the original manuscripts and indexed, featuring historic photographs and an extensive biographical afterword.

Spot the difference is an amazing activity that boosts your child's fine-ground perception. Fine-ground perception is the skill that would allow children to see in-between the negative spaces. This makes it possible to locate hidden objects, which is an important element to learning math and reading. Don't forget to checkout with a copy of this activity book today!
