

Black Wings Of Cthulhu Tales Of Lovecraftian Horror

“[Lovecraft's] dream fantasy works are as terrifying and haunting as his tales of horror and the macabre. A master craftsman, Lovecraft brings compelling visions of nightmarish fear, invisible worlds and the demons of the unconscious. P. Joshi has expanded his interests to include the entire range of horror fiction from such classics as Lord Dunsany and Algernon Blackwood to such contemporaries as Ramsey Campbell, Stephen King, and Clive Barker. In this generous sampling of the reviews that Joshi has written in nearly thirty years as a critic, we find trenchant analyses of writers ranging from Arthur Machen, E. F. Benson, and Shirley Jackson to Peter Straub, Thomas Ligotti, Norman Partridge, and David J. Schow. Joshi also addresses such significant themes in horror fiction as the subgenre of dark suspense, the haunted house, Arkham House and its legacy, and the work of the small press. Of particular note is a lengthy section devoted to H. P. Lovecraft, including studies of an array of Cthulhu Mythos writings and detailed examinations of recent Lovecraft scholarship. Joshi's essays and reviews are enlivened with a pungent wit and literary flair that bring to mind the work of John Clute and Brian Aldiss. S. T. Joshi is the author of such works as *The Weird Tale* (1990), *H. P. Lovecraft: A Life* (1996), and *The Modern Weird Tale* (2001). He has edited or coedited such important reference works as *Supernatural Literature of the World: An Encyclopedia* (2005) and *Icons of Horror and the Supernatural* (2006). His numerous publications have received the World Fantasy Award, the British Fantasy Award, the Horror Writers Association Award, and the International Horror Guild Award.

Part of a new six-volume series of the best in classic horror, selected by Academy Award-winning director of *The Shape of Water* Guillermo del Toro *American Supernatural Tales* is the ultimate collection of weird and frightening American short fiction. As Stephen King will attest, the popularity of the occult in American literature has only grown since the days of Edgar Allan Poe. The book celebrates the richness of this tradition with chilling contributions from some of the nation's brightest literary lights, including Poe himself, H. P. Lovecraft, Shirley Jackson, Ray Bradbury, Nathaniel Hawthorne, and—of course—Stephen King. This volume also includes "The Yellow Sign," the most horrific story from *The King in Yellow*, the classic horror collection by Robert W. Chambers featured on HBO's hit TV series *True Detective*. By turns phantasmagoric, spectral, and demonic, this is a frighteningly good collection of stories. Filmmaker and longtime horror literature fan Guillermo del Toro serves as the curator for the Penguin Horror series, a new collection of classic tales and poems by masters of the genre. Included here are some of del Toro's favorites, from Mary Shelley's *Frankenstein* and Ray Russell's short story "Sardonicus," considered by Stephen King to be "perhaps the finest example of the modern Gothic ever written," to Shirley Jackson's *The Haunting of Hill House* and stories by Ray Bradbury, Joyce Carol Oates, Ted Klein, and Robert E. Howard. Featuring original cover art by Penguin Art Director Paul Buckley, these stunningly creepy deluxe hardcovers will be perfect additions to the shelves of horror, sci-fi, fantasy, and paranormal aficionados everywhere.

"The oldest and strongest emotion of mankind is fear, and the oldest and strongest kind of fear is fear of the unknown." --H. P. LOVECRAFT, "Supernatural Horror in Literature" Howard Phillips Lovecraft forever changed the face of horror, fantasy, and science fiction with a remarkable series of stories as influential as the works of Poe, Tolkien, and Edgar Rice Burroughs. His chilling mythology established a gateway between the known universe and an ancient dimension of otherworldly terror, whose unspeakable denizens and monstrous landscapes--dread Cthulhu, Yog-Sothoth, the Plateau of Leng, the Mountains of Madness--have earned him a permanent place in the history of the macabre. In *Tales of the Cthulhu Mythos*, a pantheon of horror and fantasy's finest authors pay tribute to the master of the macabre with a collection of original stories set in the fearsome Lovecraft tradition: , *The Call of Cthulhu* by H. P. Lovecraft: The slumbering monster-gods return to the world of mortals. , *Notebook Found in a Deserted House* by Robert Bloch: A lone farmboy chronicles his last stand against a hungering backwoods evil. , *Cold Print* by Ramsey Campbell: An avid reader of forbidden books finds a treasure trove of deadly volumes--available for a bloodcurdling price. , *The Freshman* by Philip José Farmer: A student of the black arts receives an education in

horror at notorious Miskatonic University. PLUS EIGHTEEN MORE SPINE-TINGLING TALES!

H. P. Lovecraft wrote "The Call of Cthulhu" in 1926, initiating the Cthulhu Mythos, one of the most widely imitated shared-world universes in weird fiction. Even in his lifetime, many other writers added to the Mythos, and after his death hundreds if not thousands of authors of weird, fantasy, and science fiction have added their distinctive elaborations on Lovecraft's basic themes and ideas. This volume features some of the best Cthulhu Mythos writing over the past century. Beginning with such rare but classic stories as Mearle Prout's "The House of the Worm" and Robert Barbour Johnson's "Far Below," from the pages of *Weird Tales*, the anthology moves on to James Wade's novella "The Deep Ones" and Ramsey Campbell's refreshing riff on the "forbidden book" motif, "The Franklyn Paragraphs." Acclaimed stories by T. E. D. Klein, Thomas Ligotti, Neil Gaiman, and W. H. Pugmire are also included.

H. P. Lovecraft was the eerily prescient genius who first electrified readers in *Weird Tales* magazine. His tales changed the face of horror forever and inspired the bloodcurdling offerings of a new generation. These brilliant dark visionaries forge grisly trails through previously uncharted realms of mortal terror. THE PLAIN OF SOUND by Ramsey Campbell: In the beginning they could find no source for the throbbing vibrations; in the end they could find no escape. THE HORROR ON THE BEACH by Alan Dean Foster: Along the coast of Santa Barbara, the mighty Pacific Ocean can no longer contain—or conceal—an ancient, insatiable evil stirring in its depths. THE KISS OF BUGG-SHASH by Brian Lumley: It mattered not how innocent the students' motives seemed; the demon had been summoned, and the price had to be paid—every last red drop of it. THE FISHERS FROM OUTSIDE by Lin Carter: A man obsessed with unlocking the secrets of a race older than time would not be disappointed—doomed perhaps, devoured possibly, but definitely not disappointed. AND TWENTY-ONE MORE TALES OF FEAR . . . THE STONE ON THE ISLAND by Ramsey Campbell THE STATEMENT OF ONE JOHN GIBSON by Brian Lumley DEMONIACAL by David Sutton THE SLITHERER FROM THE SLIME by H. P. Lovecraft THE DOOM OF YAKTHOOB by Lin Carter THE KEEPER OF THE FLAME by Gary Myers DEAD GIVEAWAY by J. Vernon Shea THOSE WHO WAIT by James Wade THE KEEPER OF DARK POINT by John Glasby THE BLACK MIRROR by John Glasby I'VE COME TO TALK WITH YOU AGAIN by Karl Edward Wagner THE HOWLER IN THE DARK by Richard L. Tierney THE WHISPERERS by Richard A. Lupoff LIGHTS! CAMERA! SHUB-NIGGURATH! by Richard A. Lupoff SAUCERS FROM YADDITH by Robert M. Price VASTARIEN by Thomas Ligotti THE MADNESS OUT OF SPACE by Peter H. Cannon ALIAH WARDEN by Roger Johnson THE LAST SUPPER by Donald R. Burleson THE CHURCH AT GARLOCK'S BEND by David Kaufman THE SPHERES BEYOND SOUND (THRENODY) by Mark Rainey

Six timeless stories of supernatural terror and macabre imagination by "the 20th century's greatest practitioner of the classic horror tale" (Stephen King). H. P. Lovecraft's unique literary vision has influenced generations of authors whose work comprises its own subgenre: Lovecraftian horror. His legacy can be seen everywhere, from the HBO drama series *Lovecraft Country* to the enduring Cthulhu Mythos—a fictional universe first developed by Lovecraft in several of the stories included here. An essential collection for any horror fan, this volume presents some of Lovecraft's finest short fiction, including "The Call of Cthulhu," "The Dunwich Horror," and "The Shadow Over Innsmouth," among others. WIKIPEDIA says: 'H.P. Lovecraft's reputation has grown tremendously over the decades, and he is now commonly regarded as one of the most important horror writers of the 20th century, exerting an influence that is widespread, though

often indirect.' His tales of the tentacled Elder God Cthulhu and his pantheon of alien deities were initially written for the pulp magazines of the 1920s and '30s. These astonishing tales blend elements of horror, science fiction and cosmic terror that are as powerful today as they were when they were first published. THE NECRONOMICON collects together the very best of Lovecraft's tales of terror, including the complete Cthulhu Mythos cycle, just the way they were originally published. It will introduce a whole new generation of readers to Lovecraft's fiction, as well as being a must-buy for those fans who want all his work in a single, definitive volume.

Let your imagination sink deep into more than a dozen classic tales of dark horror by an early master of the genre. The stories of H. P. Lovecraft have been a source of fascination for readers since they were published in the early twentieth century, and legions of fans continue to reinvent his dark and fantastical world to this day. This collection of short stories by the master of the macabre contains more than twenty of his most popular works, including "The Call of Cthulhu," "The Shadow Over Innsmouth," and "The Dunwich Horror." Each story will leave the reader feeling unsettled and uncertain, but also appreciative of the unique elements that Lovecraft introduced to the literary world.

The publication in 2001 of "The Ancient Track: The Complete Poetical Works of H. P. Lovecraft" was a landmark. For the first time, all of Lovecraft's 500 or more poems-including hundreds of Christmas greetings, untitled poems, fragments, and poems embedded in his published and unpublished letters-were gathered in accurate texts, with critical commentary and full bibliography. Since that time, a dozen or more poems or poetic fragments have been discovered by scholars and researchers, and this new edition prints these items along with several other works of interest. Poems that Lovecraft revised for various authors are included, along with (where extant) the original poems that served as the basis for the revisions. The original versions of poems by Ovid, Horace, and other classical poets that Lovecraft translated are provided. And the commentary and bibliography have been thoroughly revised and updated. It can well be said that this second edition of "The Ancient Track" is the definitive collection of Lovecraft's entire poetic output. It has been edited by S. T. Joshi, a leading authority on Lovecraft and the editor of Lovecraft's collected fiction, revisions, essays, and letters. Respected horror anthologist Stephen Jones edits this collection of 17 stories inspired by the 20th century's master of horror, H.P. Lovecraft's "The Shadow Over Innsmouth," in which a young man goes to an isolated, desolate fishing village in Massachusetts, and finds that the entire village has interbred with strange creatures that live beneath the sea, and worship ancient gods.

As Persons investigates the horrible McKinsey, he realizes that he carries something far darker. He's infected with an alien presence, and he's spreading that monstrosity far and wide. Luckily Persons is no stranger to the occult, being an ancient and magical intelligence himself. The question is whether the private dick can take down the abusive stepdad without releasing the holds on his own horrifying potential. This terrifying selection of ghost stories brings together the very best classic works from the masters of the supernatural. Phantom coaches, evil familiars, shadowy houses, spectral children and mysterious doppelgangers haunt these tales. They range from the famous, such as M. R. James's tale of an ancient curse, 'Oh, Whistle, and I'll Come To You, My Lad' and W. W. Jacobs's story of gruesome wish-fulfilment, 'The Monkey's Paw', to lesser-known masterpieces: Robert Louis Stevenson's 'Thrawn Janet', telling of a parish priest tormented for life by his encounter with the undead; Charles Dickens's unsettling account of a railway signal-man and an ominous portent; and Edward Bulwer Lytton's 'The Haunted and the Haunters', where a cursed house harbours a diabolical secret. Michael Newton's introduction discusses why ghost stories scare us and why they flourished from the mid-nineteenth to early-twentieth century, examining their changing conventions throughout history. This edition also includes further reading, notes, a glossary and a chronology. Edited with an introduction and notes by Michael Newton

For more than 80 years H. P. Lovecraft has inspired writers of horror and supernatural fiction with his dark vision of humankind's insignificant place in a vast, uncaring cosmos. At the time of his death in 1937, Lovecraft was virtually unknown, but from early cult status his readership expanded exponentially; his nightmarish visions laying down roots in the collective imagination of his readers. Now this master of the macabre is accepted as part of the literary mainstream, as an American author of note, and the impact of his work on modern popular culture

- in literature, film, television, music, the graphic arts, gaming and theatre - has been profound. As Stephen King wrote in *Danse Macabre*, the shadow of H. P. Lovecraft 'underlies almost all of the important horror fiction that has come since.' Today, Lovecraft's themes of cosmic indifference, the utter insignificance of humankind, minds invaded by the alien, and the horrors of history remain not only viable motifs for modern speculative fiction, but are more relevant than ever as we explore the mysteries of a universe in which our planet is infinitesimal. This outstanding anthology of original stories - from both established award-winning authors and exciting new voices - collects tales of cosmic horror inspired by Lovecraft from authors who do not merely imitate, but reimagine, re-energize, and renew the best of his concepts in ways relevant to today's readers, to create fresh new fiction that explores our modern fears and nightmares. From the depths of R'lyeh to the heights of the Mountains of Madness, some of today's best weird fiction writers traverse terrain created by Lovecraft and create new eldritch geographies to explore . . . With stories by: Laird Barron, Nadia Bulkin, Amanda Downum, Ruthanna Emrys, Richard Gavin, Lois H. Gresh, Lisa L. Hannett, Brian Hodge, Caitlín R. Kiernan, John Langan, Yoon Ha Lee, Usman T. Malik, Helen Marshall, Silvia Moreno, Norman Partridge, W. H. Pugmire, Veronica Schanoes, Michael Shea, John Shirley, Simon Strantzas, Sandra McDonald, Damien Angelica Walters, Don Webb, Michael Wehunt and A.C. Wise Praise for the editor: 'For fans of Lovecraftian fiction and well-wrought horror' - *Library Journal* 'Guran smartly selects stories that evoke the spirit of Lovecraft's work without mimicking its style.' - *Publishers Weekly* 'It's a pretty impressive line-up, with nary a clunker to be found. . . . You don't have to be a Lovecraft fan to enjoy this anthology... You'll find alienation, inhumanity, desperation, cruelty, insanity, hopelessness and despair, all set against the backdrop of a vast, unknowable universe filled with vile, indifferent monstrosities. You'll also find beauty, hope, redemption, and the struggle for survival. What more can you ask for?' - *Tor.com* 'I highly recommend this collection... If you have even the slightest interest in contemporary horror fiction, you'll want to try this one on for size!' - *BookGuide*

The best and most interesting stories by Robert Aickman, a master of the supernatural tale, the uncanny, and the truly weird. Robert Aickman's self-described "strange stories" are confoundingly and uniquely his own. These superbly written tales terrify not with standard thrills and gore but through a radical overturning of the laws of nature and everyday life. His territory of the strange, of the "void behind the face of order," is a surreal region that grotesquely mimics the quotidian: Is that river the Thames, or is it even a river? What does it mean when a prospective lover removes one dress, and then another—and then another? Does a herd of cows in a peaceful churchyard contain the souls of jilted women preparing to trample a cruel lover to death? Published for the first time under one cover, the stories in this collection offer an unequalled introduction to a profoundly original modern master of the uncanny.

Last year, Night Shade Books unleashed *The Book of Cthulhu* onto an unsuspecting world. Critically acclaimed as "the ultimate Cthulhu anthology" and "a 'must read' for fans of Lovecraft's Cthulhu mythos," *The Book of Cthulhu* went where no collection of mythos tales had gone before: to the very edge of madness... and beyond. For nearly a century, H. P. Lovecraft's tales of malevolent Great Old Ones existing beyond the dimensions of this world, beyond the borders of sanity, have captured and held the imaginations of writers and aficionados of the dark, the macabre, the fantastic, and the horrible. Now, because you demanded more, anthologist Ross E. Lockhart has risked all to dive back into the Cthulhu canon, combing through mind-shattering manuscripts and moldering tomes to bring you *The Book of Cthulhu 2*, with even more tales of tentacles, terror, and madness. Featuring monstrous stories by many of weird fiction's brightest lights, *The Book of Cthulhu 2* brings you even more tales inspired by H. P. Lovecraft's greatest creation: The Cthulhu mythos. This year, the stars are right... Iä! Iä! Cthulhu Fhtagn!

The stories are legendary, the characters unforgettable, the world horrible and disturbing. Howard Phillips Lovecraft may have been a writer for only a short time, but the creations he left behind after his death in 1937 have shaped modern horror more than any other author in the last two centuries: the shambling god Cthulhu, and the other deities of the Elder Things, the Outer Gods, and the Great Old Ones, and Herbert West, Reanimator, a doctor who unlocked the secrets of life and death at a terrible cost. In *Lovecraft Unbound*, more than twenty of today's most prominent writers of literature and dark fantasy tell stories set in or inspired by the works of H. P. Lovecraft.

Inspired by H.P. Lovecraft and brought together by editor S. T. Joshi, the tales in this horror short story collection explore the very essence of fear. H. P. Lovecraft's brand of cosmic horror has long forced readers to an inexorable truth—there are powers in the universe whose immensity dwarfs petty human conflicts. Between these covers lie many of the finest Lovecraftian authors, including Sunni K Brock, Donald R. Burleson, Mollie L. Burleson, Nicole Cushing, Jason C. Eckhardt, Sam Gafford, Wade German, Cody Goodfellow, David Hambling, Lynne Jamneck, Mark Howard Jones, Caitlín R. Kiernan, Nancy Kilpatrick, W. H. Pugmire, John Reppion, Darrell Schweitzer, Jonathan Thomas, Donald Tyson, Robert H. Waugh, and Stephen Woodworth.

Following up on the success of *A Mountain Walked*, this volume presents another dozen tales of the Cthulhu Mythos that show how H. P. Lovecraft's motifs, conceptions, and imagery have affected an entire century of weird writing. Beginning with a delightful parody of Lovecraft written by Edith Miniter in 1921, this anthology features "The Red Brain," a story of incalculable cosmic horror by Donald Wandrei; "The Beast of Averogne," in which Clark Ashton Smith plays a riff on "The Dunwich Horror"; and C. Hall Thompson's "The Will of Claude Ashur," an ingenious adaptation of "The Thing on the Doorstep." Ramsey Campbell, one of the leading weird writers of today, has always maintained his Lovecraftian roots, and in "The Pattern" he utilizes Lovecraft's theme of "conflict with time" to cataclysmic effect. The pioneering Thomas Ligotti ("The Sect of the Idiot") draws inspiration from Lovecraft's early tales, while Brian McNaughton ("Meryphillia") teases out the latent sexuality in Lovecraft's use of ghouls. Caitlín R. Kiernan's "The Peddler's Tale" is one of the few successful elaborations of Lovecraft's dreamland stories, while Jonathan Thomas uses Lovecraft's native town of Providence for a tale of alien races. This volume contains previously unpublished stories by W. H. Pugmire, Mark Samuels, and Ray Garton, all of which demonstrate their authors' skill at fusing Lovecraftian motifs with their own dark

vision. All in all, *The Red Brain* is a rich banquet of strangeness that no Lovecraft devotee will want to be without.

Toward the end of the year 1920 the Government of the United States had practically completed the programme, adopted during the last months of President Winthrop's administration. The country was apparently tranquil. Everybody knows how the Tariff and Labour questions were settled. The war with Germany, incident on that country's seizure of the

Samoan Islands, had left no visible scars upon the republic, and the temporary occupation of Norfolk by the invading army had been forgotten in the joy over repeated naval victories, and the subsequent ridiculous plight of General Von Gartenlaube's forces in the State of New Jersey. The Cuban and Hawaiian investments had paid one hundred per cent and the territory of Samoa was well worth its cost as a coaling station. The country was in a superb state of defence. Every coast city had been well supplied with land fortifications; the army under the parental eye of the General Staff, organized according to the Prussian system, had been increased to 300,000 men, with a territorial reserve of a million; and six magnificent squadrons of cruisers and battle-ships patrolled the six stations of the navigable seas, leaving a steam reserve amply fitted to control home waters. The gentlemen from the West had at last been constrained to acknowledge that a college for the training of diplomats was as necessary as law schools are for the training of barristers; consequently we were no longer represented abroad by incompetent patriots. The nation was prosperous; Chicago, for a moment paralyzed after a second great fire, had risen from its ruins, white and imperial, and more beautiful than the white city which had been built for its plaything in 1893. Everywhere good architecture was replacing bad, and even in New York, a sudden craving for decency had swept away a great portion of the existing horrors. Streets had been widened, properly paved and lighted, trees had been planted, squares laid out, elevated structures demolished and underground roads built to replace them. The new government buildings and barracks were fine bits of architecture, and the long system of stone quays which completely surrounded the island had been turned into parks which proved a god-send to the population. The subsidizing of the state theatre and state opera brought its own reward. The United States National Academy of Design was much like European institutions of the same kind. Nobody envied the Secretary of Fine Arts, either his cabinet position or his portfolio. The Secretary of Forestry and Game Preservation had a much easier time, thanks to the new system of National Mounted Police. We had profited well by the latest treaties with France and England; the exclusion of foreign-born Jews as a measure of self-preservation, the settlement of the new independent negro state of Suanee, the checking of immigration, the new laws concerning naturalization, and the gradual centralization of power in the executive all contributed to national calm and prosperity. When the Government solved the Indian problem and squadrons of Indian cavalry scouts in native costume were substituted for the pitiable organizations tacked on to the tail of skeletonized regiments by a former Secretary of War, the nation drew a long sigh of relief. When, after the colossal Congress of Religions, bigotry and intolerance were laid in their graves and kindness and charity began to draw warring sects together, many thought the millennium had arrived, at least in the new world which after all is a world by itself.

A definitive edition of stories by the master of supernatural fiction Howard Phillips Lovecraft's unique contribution to American literature was a melding of traditional supernaturalism (derived chiefly from Edgar Allan Poe) with the genre of science fiction that emerged in the early 1920s. This Penguin Classics edition brings together a dozen of the master's tales-from his early short stories "Under the Pyramids" (originally ghostwritten for Harry Houdini) and "The Music of Erich Zann" (which Lovecraft ranked second among his own favorites) through his more fully developed works, "The Dunwich Horror," *The Case of Charles Dexter Ward*, and *At the Mountains of Madness*. *The Thing on the Doorstep* and *Other Weird Stories* presents the definitive corrected texts of these works, along with Lovecraft critic and biographer S. T. Joshi's illuminating introduction and notes to each story. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and

notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

'Loathsomeness waits and dreams in the deep, and decay spreads over the tottering cities of men. A time will come - but I must not and cannot think!' H. P. Lovecraft (1890-1937) was a reclusive scribbler of horror stories for the American pulp magazines that specialized in Gothic and science fiction in the interwar years. He often published in *Weird Tales* and has since become the key figure in the slippery genre of 'weird fiction'. Lovecraft developed an extraordinary vision of feeble men driven to the edge of sanity by glimpses of malign beings that have survived from human prehistory or by malevolent extra-terrestrial visitations. The ornate language of his stories builds towards grotesque moments of revelation, quite unlike any other writer. This new selection brings together nine of his classic tales, focusing on the 'Cthulhu Mythos', a cycle of stories that develops the mythology of the Old Ones, the monstrous creatures who predate human life on earth. It includes the Introduction from Lovecraft's critical essay, 'Supernatural Horror in Literature', in which he gave his own important definition of 'weird fiction'. In a fascinating contextual introduction, Roger Luckhurst gives Lovecraft the attention he deserves as a writer who used pulp fiction to explore a remarkable philosophy that shockingly dethrones the mastery of man.

A selection of Repeater authors choose their favourite forgotten horror stories for this new anthology, with each also writing a critical introduction for the story of their choice. A selection of Repeater authors choose their favourite horror stories for this new anthology, with each writing a critical introduction for the story of their choice. Edited by novelist and Repeater publisher Tariq Goddard and "horror philosopher" Eugene Thacker, *The Repeater Book of the Occult* is a new anthology of horror stories that explores the ever-shifting boundaries between the natural and supernatural, between the real and the unreal. As the editors note, "In the grey zone between what appears and what is, lies horror. But horror writing is also a certain disposition, a way of thinking based on a suspicion regarding the world as it is given to us, and a doubt regarding the accepted ways of explaining that world to us - and for us." *The Repeater Book of the Occult* includes introductions by Repeater authors such as Leila Taylor, Carl Neville, Rhian E Jones, and Elvia Wilk, and features horror classics by Algernon Blackwood, Charlotte Perkins Gilman, and Edgar Allan Poe, as well as forgotten gems by authors such as W.W. Jacobs, Mark Twain, and Sheridan Le Fanu.
