Fresh, modern, and practical, Public Law provides law undergraduates with a unique approach to constitutional and administrative law, aptly demonstrating why this is an exciting time to be studying the subject. Writing in a fluid, succinct style, the authors carve a logical pathway through the key areas studied on the LLB, guiding students to a solid understanding of the fundamental principles. This theoretical grounding is then rooted in reality, with each concept applied to a hypothetical scenario (included at the start of each chapter) to set it into a practical context. While this practical element helps students to understand how the law applies and develop problem-solving skills, a trio of supportive learning features also encourages active engagement with and a critical appreciation of public law. 'Key case' boxes highlight and analyse the significant case law in each area; 'Counterpoint' boxes flag alternative viewpoints and areas of debate; and 'Pause for reflection' boxes prompt readers to consider the impact of laws, and what potential developments and reforms may lie ahead. Public Law's modern approach and unique combination of practical application and theoretically critical discussion makes it the ideal choice for students seeking to understand concepts not only in the abstract but in practice, helping them to develop the skills they need to succeed at university and beyond. Online Resources This title is supported by an online resources platform for students featuring guidance on approaching and analysing the real life scenarios in the book, a bank of multiple choice questions, legal updates, and links to useful material elsewhere on the web.

Blackstone's Statute Books have been designed specifically to provide students with a collection of statutes for use throughout their course, and now cover all the main law subjects. The series has been produced following careful research of the syllabuses of most law courses. As a result, the authors have been able to produce a concise collection of relevant statutes, eliminating some of the non-essential material and concentrating on the more important statutes. This latest edition provides material up to the election of the Labour Government to a second term of office in June 2001. The new material included falls into three parts. In relation to international human rights, the International Criminal Court Act 2001 gives effect to the Statute of the International Criminal Court and makes provision for genocide offences and war crimes in domestic law. In relation to police and policing, the Criminal Justice and Police Act 2001 reforms PACE and makes wider provision for dealing with crime and disorder, while the law of Terrorism Act 2000. Finally on the political front, the Political Parties, Elections and Referendums Act 2000 constitutes the Electoral Commission and provides for the registration and financial accountability of political parties and the Freedom of Information Act 2000 amends data protection and public records provisions to allow wider access to public information.
