

Blood Red By Cordelia Kingsbridge

'Ulysses' is a novel by Irish writer James Joyce. It was first serialised in parts in the American journal 'The Little Review' from March 1918 to December 1920, and then published in its entirety by Sylvia Beach in February 1922, in Paris. 'Ulysses' has survived bowdlerization, legal action and bitter controversy. Capturing a single day in the life of Dubliner Leopold Bloom, his friends Buck Mulligan and Stephen Dedalus, his wife Molly, and a scintillating cast of supporting characters, Joyce pushes Celtic lyricism and vulgarity to splendid extremes. An undisputed modernist classic, its ceaseless verbal inventiveness and astonishingly wide-ranging allusions confirm its standing as an imperishable monument to the human condition. It takes readers into the inner realms of human consciousness using the interior monologue style that came to be called stream of consciousness. In addition to this psychological characteristic, it gives a realistic portrait of the life of ordinary people living in Dublin, Ireland, on June 16, 1904. The novel was the subject of a famous obscenity trial in 1933, but was found by a U.S. district court in New York to be a work of art. The furor over the novel made Joyce a celebrity. In the long run, the work placed him at the forefront of the modern period of the early 1900s when literary works, primarily in the first two decades, explored interior lives and subjective reality in a new idiom, attempting to probe the human psyche in order to understand the human condition. This richly-allusive novel, revolutionary in its modernistic experimentalism, was hailed as a work of genius by W.B. Yeats, T.S. Eliot and Ernest Hemingway. Scandalously frank, wittily erudite, mercurially eloquent, resourcefully comic and generously humane, 'Ulysses' offers the reader a life-changing experience. Publisher : General Press

Excerpt from *The Plantagenet Roll of the Blood Royal: Being a Complete Table of All the Descendants Now Living of Edward III, King of England; The Clarence Volume, Containing the Descendants of George, Duke of Clarence* The present volume contains the names of some living (or very lately living) descendants of the Duke of Clarence,1 having between them lines of descent, being an average of a little under two descents each. It will thus be seen that the descendants of Duke George are much more numerous than those of Edward IV., while the number of intermarriages between his descendants have been considerably less. The great majority have only one line of descent, while a few have eight and more. The children of Herbert M. J. Stourton of Sunningdale appear to come first with fifteen lines, ten being through their father and five through their mother, a sister of Viscount Southwell. They were followed by those of the Hon. Bernard Constable Maxwell and his wife, a daughter of the 15th Lord Lovat, with thirteen, and those of Sir William and Lady (ne'e Weld) Vavasour with twelve. Lord Granard and his brothers and sisters have eleven, the children of Lord Petre and of his brothers and sisters have ten each, while those of Lord and Lady (ne'e Constable) Mowbray, Sir Henry and Lady (ne'e Petre) Dou hty-tichborne, and of Edmund and the Hon. Mrs. (ne'e Constable Maxwell) maxwell-stuart have nine. The Duke Gandolfi's children have eight each, as have those of his cousin, Mr. Fitzherbert Brockholes of Cloughton Hall. Two hundred and ten peers are descended from Clarence, Lord Granard coming first with eleven descents, and Lord Petre second with ten.
