In recent years horror and gothic themes have penetrated mainstream popular culture in a manner unseen since the horror boom of the 1970s. Primetime television viewers who before might not have shown interest in such late-night fare now happily settle down after dinner to watch zombie or serial killer shows. This collection of 54 biographical essays examines many overlooked and underrated figures who have played a role in the ever expanding world of horror and gothic entertainment. The contributors push the boundaries of how we define these terms, bringing into the discussion such diverse figures as singer-songwriter Tom Waits, occultist Dion Fortune, author Charles Beaumont, historian and bishop Gregory of Tours and video game designer Shinji Mikami. What if a mad man just pushed the reset button... on the whole world? And the world as we know it today just simply disappears. But somehow against all odds we survive. The McEnnis family faces this very problem, they take extraordinary measures by going into hibernation till the danger is over and wake up in a world not their own. America has become a myth, Benjamin Franklin is a God that wields lightning, Old Glory the name of the divine and Lady Liberty a Goddess who welcomes the dead through her golden door.

In *The Great Soul of Siberia*, renowned tiger researcher Sooyong Park tracks three generations of Siberian tigers living in remote southeastern Russia. Reminiscent of the way Timothy Treadwell (the so-called Grizzly Man) immersed himself in the lives of bears, Park sets up underground bunkers to observe the tigers, living thrillingly close to these beautiful but dangerous apex predators. At the same time, he draws from twenty years of experience and research to focus on the Siberian tigers' losing battle against poaching and diminishing habitat. Over the two years of his harrowing stakeout, Park's poignant and poetic observations of the tigers draw a fiercely compassionate portrait of these elusive, endangered creatures.

I have reached my breaking point. And now I will not, cannot be stopped. With the Soul Eater on the verge of god status, it's time for me to take a final stand, even if it means losing everything I love. Even if it means losing my life. I've got plenty of power on my side, and some I didn't know I could count on in the first place. But it's nothing compared to the army of the undead the Soul Eater is building up. And time is running out. They say that good always triumphs over evil. I hope that's true. Because the odds aren't in our favor, and the fate of the world is in our hands.

"All steps forward in the improvement of the human psyche have been paid for by blood." Further to this statement from C. G. Jung, Wolfgang Giegerich's third volume of *Collected English Papers* shows that the soul is not merely the innocent recipient or victim of violence: it also produces itself through violent deeds and expresses itself through violent acts. Beginning in primordial times with the ritual spilling of blood in animal and human sacrifice, a light was kindled within the darkness of what would otherwise

have been mere biological existence, the light of consciousness, mindedness, and "the soul." And following upon this, in the clearance thus created, the soul attained new statuses of itself on the historic battlefields of war and revolution. First-order killings gave way to second-order killings, the killings of metaphysics and philosophy. Turning around upon itself (even as it violently engaged those adversarial others through whom its self-relation was mediated) the soul learned to self-critically cut into itself. It was in this way, as the inwardness of the blood that was paid out for it, that psychology emerged. Topics include ritual slaughter as primordial soul-making, shadow integration and the rise of psychology, blood-brotherhood and blood-revenge, the alchemy of history, Kafka's "In the Penal Colony," child sacrifice, Islamic terrorism, and the animus as negation with special reference to Bluebeard.

Through nine seasons the TV show Supernatural has delved into social, philosophical, literary, and theological themes that not only add depth to the show, but reflect our era's intellectual concerns. This book contextualizes Supernatural within the renaissance of the fantastic in pop culture and traces its roots in folklore and Biblical narrative.

Mus Jojo Collier was born in the seventies in the West African state of Sierra Leone. He did the sciences but his love for the arts saw him embrace literature in English and fine and performing arts. He sings, writes songs, plays, poems and prose. The brutal ten-year war in his native country forced him into exile in the neighboring Guinea, where he learnt French. Most of the poems in this collection were inspired by emotions and experiences by him and real life people he watched from close and far distances. Poetry is stories artistically compressed in few lines.

Lady Caitlyn has lost everything – her husband, her throne, her home. With her husband lying brutally slaughtered at her feet and with his enemies at her door, she flees for her life. Desperate and terrified, and plagued by visions of an evil woman performing dark rituals, Caitlyn seeks sanctuary with an English lord. But when the one man who she feels she can trust betrays her, she escapes – and runs straight into the clutches of the woman from her visions. Herleva is a woman filled with ambition and greed; a woman who intends to be more than a commoner, and who gets what she wants by whatever means possible even if she has to practice the dark arts to achieve her goals. A woman who is a witch. Using magic and evil to cast the most hideous of spells, Herleva forces Caitlyn to assume the guise of a cat, a familiar. Having no choice but to do the witch's bidding, Caitlyn's life changed forever by the hideous enchantment. Only death can free her. The question is, whose?

A wizard girl wakes in an alley with no memory of her name or why she is even there. Her only clue is an old bookstore receipt in her pocket. Following this small clues leads her on a path toward love, war, mystery, betrayal, and truths greater than anyone could've imagined. What was the soul? Christians agreed that it was the immortal core of each human being. Yet there was no agreement on where the soul was, what it was, or how it could be joined to the body. The Smoke of the Soul explores the anxieties and excitement generated by the mysterious zone where matter met spirit, and where human life met eternity.

Spirit and Soul: Odyssey of a Black Man in America, Volume One, an engaging, edifying autobiography by Theodore Kirkland, offers critical insight and politically cognizant commentary on the past, future and real-time reality of race relations in America. His long career in law enforcement some 39 years total as a military police officer, Buffalo police officer, New York State parole board commissioner and adjunct professor begins by happenstance in the Air Force. Instead of being sent to gunnery school as he requested, he is ordered to report to the Army Military Police Academy in Camp Gordon, Georgia. Kirkland's narrative voice in this page turner is clear, self-effacing and relentlessly candid unapologetic for the black and white of his experience, and cautionary in his instruction for navigation through the gray. Yet in every syllable, there is a remarkable, palpable love for his family, friends and community and unyielding commitment to upholding the Constitutional promise that "all men are created equal." Spirit and Soul: Odyssey of a Black Man in America, Volume One is at once witty and wise; poignant, wistful and meticulously illustrative of an American perspective too often shadowed by stereotypes that contend that Black men contribute primarily to the prison population. It also is an important chronology of the evolution of African American life and experience from Jim Crow to contemporary "Post-racial America."

Alfa Ndiaye is a Senegalese man who, never before having left his village, finds himself fighting as a so-called "Chocolat" soldier with the French army during World War I. When his friend Mademba Diop, in the same regiment, is seriously injured in battle, Diop begs Alfa to kill him and spare him the pain of a long and agonizing death in No Man's Land. Unable to commit this mercy killing, madness creeps into Alfa's mind as he comes to see this refusal as a cruel moment of cowardice. Anxious to avenge the death of his friend and find forgiveness for himself, he begins a macabre ritual: every night he sneaks across enemy

lines to find and murder a blue-eyed German soldier, and every night he returns to base, unharmed, with the German's severed hand. At first his comrades look at Alfa's deeds with admiration, but soon rumors begin to circulate that this super soldier isn't a hero, but a sorcerer, a soul-eater. Plans are hatched to get Alfa away from the front, and to separate him from his growing collection of hands, but how does one reason with a demon, and how far will Alfa go to make amends to his dead friend? Peppered with bullets and black magic, this remarkable novel fills in a forgotten chapter in the history of World War I. Blending oral storytelling traditions with the gritty, day-to-day, journalistic horror of life in the trenches, David Diop's *At Night All Blood is Black* is a dazzling tale of a man's descent into madness.

Bloody Souls Soul Blood The Curse of Maire

Soul Blood is about a family curse and the devastating effects it has upon the lives of five little girls. Maire expected to birth the most powerful female conjurer born. Death of that child meant retribution must be had! Blaming the midwife for the loss, Maire felt justified cursing Adelle, and her kin. No males will ever be born to Adelle's family, and every thirteen year old girl bred until the most powerful conjurer is born; and taken to replace Maire's loss. Eunice, the last living family member, is certain her young son, Raphael, will be the one to finally create this powerful being. His life is shaped with that end in mind, regardless what he believes. Brite Eyes is determined to destroy the curse and stand up to Eunice and her son. Can she be powerful enough? Too many young lives have already been lost.

In the Soul Martial Continent, the soul beasts were revered. The strength of a soul beast often determined a person's future, a person's life and death. The weak were mediocre people who were bullied. When the strong were angered, blood would flow like rivers. [Previous Chapter] [Table of Contents] [Next Chapter] Close]

Equal parts troubleshooters and troublemakers, Keene and Lexa-Blue, along with the sentient ship, Maverick Heart, have been known to solve a problem or two. For the right price, that is. But even they aren't prepared for a desperate summons from a love Keene thought long past. For Daevin Adisi is now the Technarch of Brighter Light, one of the greatest corporate colony states in the Galactum, which is on the brink of war with Sotari, descendants of a people changed by nanogenetic experimentation. Seeking only to live a quiet, simple life free of the technology they blame for the worst part of their history, Sotari has struggled to co-exist with Brighter Light, a constant reminder of their dark past. And now, the uneasy truce has finally crumbled. In his last ditch attempt to save their world, Daevin has called upon Keene to help him finally bring peace.

Henry Hart establishes the connection between Robert Lowell - one of the most important American poets of the last fifty years - and one of the principal sites of current aesthetic theory, the sublime, a prominent tradition in literature, which traces journeys beyond ordinary language and behavior into exalted states. Lowell's casual interest in the sublime, which eventually became an obsession, dominated his poetry. By searching archives and manuscript collections that take us back to Lowell's beginnings at St. Mark's, Harvard, and Kenyon, the author

uncovers early and telling instances of the poet's interest in the poetics of sublimity. Hart illuminates the complexities of this poet's imagination in original ways, connecting Lowell firmly to the tradition of American Romanticism. He provides insights into Lowell's poems, especially the lesser-known works and discerns an allegorical pattern throughout the poetry that involves two interrelated elements: battles against patriarchal gods and failed, often demonic quests for transcendent ideals. He maintains that this pattern of battle and quest has its roots in Lowell's Oedipal struggle against his father, and that quest is essential to attaining an experience of the sublime. Linking these two concepts - the Oedipal struggle and the sublime - is entirely new in Lowell studies.
