"The popularity of The Bongo Book in addition to the high demand for resources on bongos prompted this second and more advanced book on bongo drumming. This follow-up reveals that the passion for the bongos is as great now as it was in the 1960's. Now, two more generations are discovering the joy of bongo drumming. What was lacking in the three decades were resources, a network and teaching material to guide students and hobbyists in the exploration of this fascinating instrument. The advent of the Internet with its web sites, newsgroups, and faster communication along with the flame and revival of bongo mania. Bongo Drumming is simply another step in the educational development of the bongos and an attempt to increase the awareness of this seemingly simple, yet immensely complex instrument. 2 CD's included."

Former journalist Richard Harris celebrated his retirement by embarking on what he called a “great daft adventure” in his small Bongo campervan - trying to spend one night a week in his van for 52 consecutive weeks. So all through the summer, autumn, winter and spring – through sun, rain, gales, ice and snow – he set off once a week in his ancient Bongo van. Just because he could. He kept it up every week – despite badly injuring his back (when he fell over inside the van) on one trip, and breaking his leg (when he slipped on a patch of wet grass) on another. “It started off just as a vague idea to occupy me in my retirement,” he says, “but that vague idea quickly grew into a mission and then an obsession. “I would never have guessed it would turn into such a marvellous, exciting and, at times, emotional adventure. “I ended up going to places I'd never dreamed of going, doing things I had never dreamed of doing and meeting people I'd never dreamed of meeting.”

A class of drum types evolved from the talking drum Rhythms refer to the diversity of accentuation, ebb, flow, styles, etc., of thought frequencies in the context of the poems in this anthology.
