"Excellent guide...with specifics on individual plants." - The New York Times. A bonsai is a miniature tree. Grown in a shallow dish, it resembles larger trees in all respects except size, and lives to an equally old age. The conventional bonsai requires a site in the open air where the plant is exposed to the sun, wind and rain in order to develop and remain healthy. In this book, however, Paul Lesniewicz looks at those species that can successfully be kept indoors all year round. He explores a vast variety of bonsai trees, including mini versions, which are only 3-6 inches tall, for those who are really lacking in space. Indoor Bonsai includes sections such as choosing a plant or growing it from seed, planting, general care, pests and diseases, shaping, wiring and pruning, and many other aspects, all explained in simple and straightforward terms. Advice is accompanied by step-by-step illustrations and spectacular colour photography throughout, to help you choose and care for your bonsai tree. Paul's guidance is not a one-size-fits-all approach; his sensible and easy-to-follow advice will help each gardener to create their own individual work of art.

Do I need to prune or trim my Bonsai? Should I keep my Bonsai inside or outside? How do I get those famous Bonsai shapes? How often should I water my Bonsai? This book answers any and all of your questions about Bonsai trees. From growing, shaping, repotting, trimming, watering, it's all here! While there are some basics you need to learn to keep your Bonsai flourishing, it's not nearly as difficult as most believe. This book points you in the right direction to get you started and keep your Bonsai's thriving.

book is all about. What art of Bonsai boils down to is taking a tree that is supposed to grow very tall and only letting it grow a foot or two. Even though a plant may be tiny, it does take time for the Bonsai to grow, and in our fast-paced world, anyone with enough patience to see this whole process through deserves a pat on the back. The journey is well worth it since you can count on the fact that you will learn a lot about yourself and about how far your discipline and patience can really go. Don't be fooled by the size of a tree; even though it is small, the rewards are immense. In this book you can expect to learn about: -Several styles of Bonsai sculpting -Should you grow Bonsai inside or outside -Picking the best species of trees -Making sure that the tree doesn't grow more than it should -And much more! It doesn't matter if you don't have prior gardening and cultivating experience. With a little bit of guidance and patience, you can also find out firsthand why this particular art form is revered by the increasingly more people. If you are ready to add a touch of class to your home and your garden, then scrolling over to the BUY button and clicking is the first step towards doing so.

This workbook is made for every bonsai artist and enthusiast. Also perfect as a present to surprise someone who is addicted to bonsai. With this journal you can plan the growing, care and maintenance of your bonsai throughout the whole year. Each spread is designed for one miniature tree. In the upper area of the first page some specific information about the bonsai can be registered, such as species, numeration, age and size. But most of the space is designed for planning and documenting all necessary tasks throughout the year, e.g. repotting and selecting the appropriate pot, pruning, wiring and fertilizing. The second page with a dot matrix on it can be used for detailed notes, sketches or photos regarding the development of your bonsai. The book provides space for a collection of 63 bonsai trees. The initial four pages are meant to be used as an index of your bonsai to obtain a quick overview.
