The burden of addressing the problems of urban society fall increasingly on cities as the federal government cuts back domestic spending. This book examines the roles of

mayors, councils, and administrators in governing and managing their cities. Positing that the internal dynamics of city governments are largely shaped by their structures, the author shows how council-manager governmental structures often foster more cooperation than do mayor-council structures. Svava provides contrasting models of interaction among officials in the two forms and shows how conflict and cooperation affect the performance of officials in the two structures; he contends that proper understanding of the roles and behavior appropriate to each will lead to equal effectiveness between the two.

The instant #1 New York Times bestseller! "It's the best memoir I've ever read."

—Oprah Winfrey "Will Smith isn't holding back in his bravely inspiring new memoir . . .

An ultimately heartwarming read, Will provides a humane glimpse of the man behind the actor, producer and musician, as he bares all his insecurities and trauma." —USA Today One of the most dynamic and globally recognized entertainment forces of our time opens up fully about his life, in a brave and inspiring book that traces his learning curve to a place where outer success, inner happiness, and human connection are aligned. Along the way, Will tells the story in full of one of the most amazing rides

through the worlds of music and film that anyone has ever had. Will Smith's transformation from a West Philadelphia kid to one of the biggest rap stars of his era, and then one of the biggest movie stars in Hollywood history, is an epic tale—but it's only half the story. Will Smith thought, with good reason, that he had won at life: not only was his own success unparalleled, his whole family was at the pinnacle of the entertainment world. Only they didn't see it that way: they felt more like star performers in his circus, a seven-days-a-week job they hadn't signed up for. It turned out Will Smith's education wasn't nearly over. This memoir is the product of a profound journey of self-knowledge, a reckoning with all that your will can get you and all that it can leave behind. Written with the help of Mark Manson, author of the multi-million-copy bestseller *The Subtle Art of Not Giving a F*ck*, Will is the story of how one person mastered his own emotions, written in a way that can help everyone else do the same. Few of us will know the pressure of performing on the world's biggest stages for the highest of stakes, but we can all understand that the fuel that works for one stage of our journey might have to be changed if we want to make it all the way home. The combination of genuine wisdom of universal value and a life story that is preposterously entertaining, even astonishing, puts Will the book, like its author, in a category by itself.

A merchant and his two sons leave Sicily on a voyage, but they are soon interrupted by a pirate from Algiers. When he takes them captive, they must fight not only for their own survival but also to forget the atrocities that they witness. An exciting historical tale of

brutality, survival, and humanity, this is perfect for fans of Robert Louis Stevenson's 'Treasure Island'. Robert Michael Ballantyne (1825 - 1894) was a Scottish author. Born into a family of famous printers and publishers, his expertise in juvenile fiction was undisputed, and he wrote over 100 hugely successful books in this genre. The most notable of these include 'The Coral Island', 'The Eagle Cliff', and 'The Gorilla Hunters'. Famed for his tendency to fully immerse himself into the environment of whichever story he was working on, his lively prose is unmissable for those who enjoyed Matt Haig's 'The Midnight Library'.

Travis Maurice Walker or otherwise known as Travis Grizzly is an American ex-Green Beret sniper who fought in the Afghanistan war. The six-foot-five, three-hundred-pound soldier was trained exceptionally well in hand-to-hand combat. In all his years he has never experienced defeat, even in the most extreme circumstances. In short, Travis Walker was born to be the perfect soldier-the perfect killing machine.On his final tour to Afghanistan, a week before coming home, Travis was struck in the head by an enemy's sniper bullet; it left him clinging to life. By miracle he survived, but would never be the

same. Afterwards he moved to Lake City, Colorado along with his beautiful wife to not only continue the healing process, but to start a new life. With less than four hundred living souls in this historically rich city, it made for a perfect secluded area to keep a man that was programmed to kill safely within his isolated cage. No one knew they had a walking time bomb living next door until the day the cage was left open. A record-breaking winter storm takes the city hostage, isolating the residents from the rest of the world in a blizzard-like prison. A perfect mixture of adultery, mistrust, and murder will unleash a terrible evil upon the city, hell-bent on wiping out an entire family, along with anyone who dares get in the way. But another force, a seemingly darker one, will simply be-hell-bent.

On her 120-acre homestead high in the Colorado Rockies, beloved writer Pam Houston learns what it means to care for a piece of land and the creatures on it. Elk calves and bluebirds mark the changing seasons, winter temperatures drop to 35 below, and lightning sparks a 110,000-acre wildfire, threatening her century-old barn and all its inhabitants. Through her travels from the Gulf of Mexico to Alaska, she explores what ties her to the earth, the ranch most of all. Alongside her devoted Irish wolfhounds and a spirited troupe of horses, donkeys, and Icelandic sheep, the ranch becomes Houston's sanctuary, a place where she discovers how the natural world has mothered and healed her after a childhood of horrific parental abuse and neglect. In essays as lucid and invigorating as mountain air, Deep Creek delivers Houston's most profound meditations yet on how "to live simultaneously inside the wonder and the grief...to love the damaged

world and do what I can to help it thrive."

A Time Magazine Must-Read Book of 2020 A Most-Anticipated Book of the Year: O, The Oprah Magazine * The New York Times * The Washington Post * Vogue * Bustle * BuzzFeed * Ms. magazine * The Millions * Huffington Post * PopSugar * The Lily * Goodreads * Library Journal * LitHub * Electric Literature The first adult novel in almost fifteen years by the internationally bestselling author of *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* "A stunning work of art that reminds readers Alvarez is, and always has been, in a class of her own." —Elizabeth Acevedo, National Book Award-winning author of the New York Times bestseller *The Poet X* Antonia Vega, the immigrant writer at the center of *Afterlife*, has had the rug pulled out from under her. She has just retired from the college where she taught English when her beloved husband, Sam, suddenly dies. And then more jolts: her bighearted but unstable sister disappears, and Antonia returns home one evening to find a pregnant, undocumented teenager on her doorstep. Antonia has always sought direction in the literature she loves—lines from her favorite authors play in her head like a soundtrack—but now she finds that the world demands more of her than words. *Afterlife* is a compact, nimble, and sharply droll novel. Set in this political moment of tribalism and distrust, it asks: What do we owe those in crisis in our families,

including—maybe especially—members of our human family? How do we live in a broken world without losing faith in one another or ourselves? And how do we stay true to those glorious souls we have lost?

Caldecott Award winner Brian Floca gives a heartfelt thank you to the essential workers who keep their cities going during COVID-19 quarantine in this tenderly illustrated picture book. We are here at home now, watching the world through our windows. Outside we see the city we know, but not as we've seen it before. The once hustling and bustling streets are empty. Well, almost empty. Around the city there are still people, some, out and about. These are the people keeping us safe. Keeping us healthy. Keeping our mail and our food delivered. Keeping our grocery stores stocked. Keeping the whole city going. Brian Floca speaks for us all in this stirring homage to all the essential workers who keep the essentials operating so the rest of us can do our part by sheltering in place during the COVID-19 pandemic.
