

Book Of Secrets The Esoteric Societies And Holy Orders Luminaries And Seers Symbols And Rituals And The Key Concepts Of Occult Sciences Through The Ages And Around The World

This book is about real magick, effecting real change, in a real world. There are some books on magick that teach it purely as spiritual advancement. There are others that teach it as a form of psychological self-help that effects only inner change. While magick can and should be both of these, it is something more. The Sorcerer's Secrets is about success in practical magick; it is a book that aims at change in both the outer and inner worlds. Beyond a mere spell book or training course, The Sorcerer's Secrets is a field manual on successful sorcery written by a professional sorcerer. The first part of the book lays out the qualities, concepts, and exercises necessary to attempt practical magick. The second part presents clear strategies for tackling almost any type of issue with sorcery. In this book you will learn how to: Attack problems from multiple angles, not just by casting a spell. Blend mundane and magickal action to ensure success. Figure out whether what you are doing is working. Fix it if it isn't. Go beyond readings, into magickal intelligence-gathering. Influence the minds of other people. Work most effectively on behalf of others. The Sorcerer's Secrets will help rescue the art of Magick from those who have ignored, downplayed, or just outright denied the existence of practical sorcery in favor of arcane titles, intangible results, and fantasy attainments.

A profound understanding of the surrealists' connections with alchemists and secret societies and the hermetic aspirations revealed in their works • Explains how surrealist paintings and poems employed mythology, gnostic principles, tarot, voodoo, alchemy, and other hermetic sciences to seek out unexplored regions of the mind and recover lost "psychic" and magical powers • Provides many examples of esoteric influence in surrealism, such as how Picasso's *Demoiselles d'Avignon* was originally titled *The Bath of the Philosophers* Not merely an artistic or literary movement as many believe, the surrealists rejected the labels of artist and author bestowed upon them by outsiders, accepting instead the titles of magician, alchemist, or--in the case of Leonora Carrington and Remedios Varo--witch. Their paintings, poems, and other works were created to seek out unexplored regions of the mind and recover lost "psychic" and magical powers. They used creative expression as the vehicle to attain what André Breton called the "supreme point," the point at which all opposites cease to be perceived as contradictions. This supreme point is found at the heart of all esoteric doctrines, including the Great Work of alchemy, and enables communication with higher states of being. Drawing on an extensive range of writings by the surrealists and those in their circle of influence, Patrick Lepetit shows how the surrealists employed mythology, gnostic principles, tarot, voodoo, and alchemy not simply as reference points but as significant elements of their ongoing investigations into the fundamental nature of consciousness. He provides many specific examples of esoteric influence among the surrealists, such as how Picasso's famous *Demoiselles d'Avignon* was originally titled *The Bath of the Philosophers*, how painter Victor Brauner drew from his father's spiritualist vocation as well as the Kabbalah and tarot, and how doctor and surrealist author Pierre Mabille was a Freemason focused on finding initiatory paths where "it is possible to feel a new system connecting man with the universe." Lepetit casts new light on the connection between key figures of the movement and the circle of adepts gathered around Fulcanelli. He also explores the relationship between surrealists and Freemasonry, Martinists, and the Elect Cohen as well as the Grail mythos and the Arthurian brotherhood.

The Book of Secrets Esoteric Societies and Holy Orders, Luminaries and Seers, Symbols and

Rituals, and the Key Concepts of Occult Sciences through the Ages and Around the World

Lowell, a former con man, reveals the secrets of cheating, scams, and hustles in this roller-coaster ride through bar bets, carnivals, Internet fraud, big and small cons, card and dice games, and more.

It is crucial to realize that "Outer Space", and all that is purported to exist beyond the known uppermost layer of The Earth's atmosphere, is really an occult metaphor for esoteric spiritual concepts. In essence, Outer Space, with its alleged cosmic events and forces, is merely an occult religion. These cosmic events and forces do not, in fact, exist in the real physical world. Contrary to popular belief, NASA has never seen anything beyond The Firmament, also referred to as "The Van Allen Radiation Belts", any more than George Lucas has. In fact, they BOTH have used Green Screen technologies to achieve the same illusion of Outer Space for the continued amusement and indoctrination of the masses into an occult, Jesuit Vatican designed religion called, "Astrophysics", where Heliocentrism is form of Pagan Sun worship. Necessarily so, this religion based upon the constant fixation on Stars, Galaxies, Planets, etc... dovetails quite seamlessly with Astrology, the believe in alien life, occult higher consciousness fantasies, and mystical realms. In this context, Galaxies, Solar Systems, Black Holes, Quasars, Massive Red Giant Stars, etc...may be interpreted as a kind of mystical playground of the mind, and the vast distances and magnitudes that the Outer Space metaphor offers gives wings to the fake expanded consciousness talked about in The New Age, which is nothing more than a repackaging of ancient Luciferianism. The Outer Space metaphor can be construed as a sort of esoteric conduit or platform, if you like, by which The Luciferian Occultists intended and still intend to ensnare the minds of the world towards the purpose of the eternal, willing, and hypnotic worship of Lucifer, The Angle of Light, but also The Angel of The Air. It is easy to see why the Outer Space illusion would be an appropriate metaphor for The Angel of Light and Air, of course, given the falsely presumed vast expanses of Outer Space with all of its magically pyrotechnic Supernovas, colliding bodies, Comets, and brilliant Stars...all of it mistakenly assumed to be monstrously further away and larger than what we actually observe with our eyes. As long as people look up in awe, fear, and reverence to the illusion of a vastly hyper-extending, randomly created, infinitely dangerous, cold, and hostile expanse, they will not be dwelling on the Loving Creator directly above them. They will be as an orphaned child cast out upon the dark, lonely, cobblestoned streets of night, the moon a but a ghostly galleon tossed upon the cloudy seas above them, and incapable of distinguishing between good and evil, up or down, or determining why they even exists. "In the cold, impersonal universe of Cosmic Evolution, there is no Design. No plan. No blueprint. No expectation. Life cannot even be regarded as having any more value or significance than non-life. All is nothing more than matter and energy, molecules and galaxies, colliding and repelling, forming and dissolving, organizing and dispersing. Endlessly. And in such a cold universe, there is no way to call ANYTHING, "evil". No basis upon which to object to anything at all. Because in such a universe, the desecration of a child is just another temporary random mechanical combination of matter and energy, no more or no less meaningful than a wave crashing on the shore, or a branch falling from a tree. It is a meaningless, hopeless, mechanistic worldview, that ultimately renders the individual, and humanity, as a whole, completely worthless.

In 1924, Paul Foster Case expanded his First Year Course by developing two advanced lecture series which he entitled Section uConcentration and Section D: Magic. The lectures built upon the material in the First Year Course(which had become known at this time as Section A:The Life Power and Section B: The Seven Steps to Spiritual Unfoldment). The Fraternity of the Hidden Light has recently published both of these lecture series as Occult Fundamentals and Spiritual Unfoldment - Volume 1: The Early Writings. This current volume

provides the two additional lecture series that complete the original fundamental course structure of Paul Case. Section C, Concentration, expounds the esoteric secrets of Meditation. This section is a very advanced series of lessons that not only develops the essential skill of concentration but commences the student upon the Path of Return with a series of powerful Qabalistic Meditations. These Meditations have a tendency to facilitate deep spiritual experience in those who are prepared and chose to participate. This lesson series indeed represents some of the most advanced material written by Paul Case. Section D, Magic, provides the esoteric secrets of Magic in a very rare exposition of the fundamental tenets of magical practice by one of the greatest occultists of the 20th century. Here again is material published by Paul Case that cannot be found in any of his later developed lesson series and provides insight into the tools of the trade practiced by Golden Dawn enthusiasts today. Traces America's relationship with occult movements and thinkers, covering such topics as Freemasonry, Spiritualism, and transcendentalism movements; the origins of the Ouija board; and the practices of famous historical figures.

Companion to the feature-length documentary, *The Kybalion*, starring occult scholar Mitch Horowitz and directed by award-winning filmmaker Ronni Thomas.

Examining the flaws of mainstream society, this collection of conspiracy theory, esoteric knowledge, and fringe subjects seeks to present solutions to current social, economic, and environmental world issues. This book encourages the exploration and integration of modern science with ancient wisdom, which will lead modern society towards advancement and enlightenment. Topics discussed include religious mythos, government manipulation, technological advances, and utopia.

The occult has been shrouded in mystery and convoluted terminology. *The Book of Confessions* removes that shroud and demystifies this sphere of human existence. It is the birthright of whoever desires to know this dimension of life to have access. Of course, the practises in this book, while they do lead to a heightened state of consciousness, should not be used to harm others. These formerly obscured secrets, revealed in the *Book of Confessions* in layman's terms, could be what you need to spice up your life or synergise your spiritual study. This book is a concise introduction to occultism and esotericism, which skips the fear-mongering and idle dismissal. Offering a new perspective on the practical applications such knowledge may have in the improvement of your life. You will find in the book: - Hermetic Principles that underpin all the complicated New Age explanations of the law of attraction. - Astro-mental meditation practises to awaken one of the deepest dimensions of your being. - Magical Perceptions that will change the way you see the world. - Experiments to help you get started such as: - Tulpa creation. - Astral projection. - Lucid dreaming. - Tools to assist the novice practitioner. - Energy body systems (Ten Sefirot, Chakras, Astro-mental energy centers...). - Modes of the Mind that are most conducive to energy work. - Meditations to develop dormant powers. - A detailed introduction to the Brahmacharya system that will enhance your practice. - A short discourse on the "Power of Belief" and the relation of science and spirituality. - A link to a free book that will unify the essence of many spiritual practises. and much more priceless knowledge, this is just the tip of the iceberg. © Ikiké Press, 2020

This book is the testament of a Shaman, Tantrika and Metaphysicist detailing all of his most esoteric knowledge about The Universe, Existence, Physics, Metaphysics, Spirituality, Shamanism, Magick, Personal Development, Success and Sexuality. This book is written in verse format just like the bible and many scriptures for easy

referencing of the information, but unlike most other scriptures this book reveals all of the most hardcore information that most religious authorities do not want you to know and have kept hidden for thousands of years. This is indeed a concise manifest of all of the secrets of the universe that you need to know to understand your life and reality. This book will challenge your mind as well as enlighten and empower you, and not only give you the knowledge of the universe and existence that you need to understand exactly how everything works, but it will give you an entire magickal tool chest for success in your life so you can make it what you want and change the world around you. This book is a very valuable and empowering testament that will give you the secret magickal power that the religious authorities have tried to keep away from the masses and all to themselves. If you have been searching for a way to enlightenment and spiritual attainment and power, you have just found it.

Like no other book, Manly P. Hall's legendary *The Secret Teachings of All Ages* is a codex to the esoteric traditions and ancient occult. Students of arcane practices, hidden wisdom and ancient symbols treasure Hall's magnum opus above all other works. Through his meticulous exploration of occult schools through the ages, the author highlights the common esoteric philosophy that has been handed down from civilization to civilization since antiquity. As Hall explores secret societies from past to present, ancient symbols suddenly make sense, folk legends take on a new dimension, and historical mysteries begin to reveal their secrets. In this monumental work, Hall covers topics such as Alchemy, Cryptology, Freemasonry, Gemology, Kabbalah, Mystic Christianity, Nicholas Flammel, Pythagorean Philosophy, Rosicrucianism and other Secret Societies, Tarot, the Hiramic legend, the pyramids, the Qabbalah, the Tree of the Sephiroth, the Zodiac, the identity of William Shakespeare, the teachings of Thoth Hermes Trismegistus, among others. Unlike modern occultists, the author does not shy away from exposing the great influence of Freemasonry and other secret societies on the world today. Furthermore, he does not shy away from explaining how occultism could be used for both nefarious purposes through demonology and black magic as well as for the betterment of humankind. It was apparent that materialism was in complete control of the economic structure, the final objective of which was for the individual to become part of a system providing an economic security at the expense of the human soul, mind, and body. -- Manly P. Hall, *The Secret Teachings of All Ages*
Publisher's note for the printed edition: in order to be more enjoyable during reading, this book is in 8.5" x 11" format. In the same spirit, the paper is cream-colored, which causes less fatigue to the eyes than white paper. All our publications are carefully crafted, both in terms of typography as well as design. Publisher's note for the Kindle edition: our Kindle publications are carefully crafted, with Table of Contents, Index, Footnotes and References when applicable. A strong emphasis has been put on the typography as well as the design. Your comments are welcome at discoverypublisher.com -- Thank you for choosing Discovery Publisher.

By explaining how to sire multicolored horses, produce nuts without shells, and create an egg the size of a human head, Giambattista Della Porta's *Natural Magic* (1559) conveys a fascination with tricks and illusions that makes it a work difficult for historians of science to take seriously. Yet, according to William Eamon, it is in the "how-to" books written by medieval alchemists, magicians, and artisans that modern science has its roots. These compilations of recipes on everything from parlor tricks through medical

remedies to wool-dyeing fascinated medieval intellectuals because they promised access to esoteric "secrets of nature." In closely examining this rich but little-known source of literature, Eamon reveals that printing technology and popular culture had as great, if not stronger, an impact on early modern science as did the traditional academic disciplines.

AMAZING WORKS FROM THE COLLECTION OF WILLIAM ALEXANDER ORIBELLO
REVISED AND UPDATED FORBIDDEN KNOWLEDGE NOW REVEALED --
PROSPERITY FOR ALL GUARANTEED! INCLUDES SEVEN GREAT MONEY
SECRETS! Here are the amazing revelations of William Alexander Oribello revised and updated to conform to the difficult times we find ourselves confronted with. Here is forbidden knowledge that was originally applied to Moses, the Three Wise Men and Jesus. As we approach the threshold of a Golden Age fill with chaos and confusion, humankind finds itself searching for practical answers to life's many problems. The author - who has been a notable researcher and teacher in Spiritual Science for nearly three decades - offers well-tested techniques that can be applied by anyone wishing to improve his or her life. In the pages of this magical book, you will learn how to release the awesome power of your inner self to: * Be prosperous, regardless of conditions around you by applying the SEVEN GREAT MONEY SECRETS. * Develop your Psychic Powers in a safe and powerful manner by UNLOCKING THE SECRETS OF NATURE. * Know and apply the hidden secrets to be found within COLORS, STONES and CANDLES, as well as the POWER OF THE SPOKEN WORD. * Discover the secret clues from nature that will reveal your future concerning love, money, and how to maximize your chances for good luck and success. You will also learn how to use a magic mirror to look into the future as well as how to find your individual lucky numbers to win at games of chance and bring you all that you deserve and desire. The principles taught in this revised edition of a most popular work are NOT of the devil, but are based entirely upon God's word as handed down by the true Masters of all time.

Bored with their work, three Milanese editors cook up "the Plan," a hoax that connects the medieval Knights Templar with other occult groups from ancient to modern times. This produces a map indicating the geographical point from which all the powers of the earth can be controlled—a point located in Paris, France, at Foucault's Pendulum. But in a fateful turn the joke becomes all too real, and when occult groups, including Satanists, get wind of the Plan, they go so far as to kill one of the editors in their quest to gain control of the earth. Orchestrating these and other diverse characters into his multilayered semiotic adventure, Eco has created a superb cerebral entertainment. The lavishly illustrated, oversized edition of the 250,000-copy bestseller, the essential book for everyone interested in secret societies

"The Secret of Dreams" by Yacki Raizizun. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

The Moon is not a cold, dead rock but a rich, fascinating world just as alive as

Earth • Investigates the Moon as the home of an alien intelligence who controls humanity • Examines several of NASA's Apollo missions and the findings they concealed • Reveals the many holes in the "Giant Impact" theory about the Moon's origins and the evidence for a hollow, artificial Moon • Explores the deep influence of the Moon on the collective mind of humanity and occult teachings about the Moon from the Qabalah, tarot, and other sources Despite being the most prominent celestial body after the Sun, the Moon has many qualities that science has yet to explain. Lunar rock samples reveal the Moon once had a magnetic field like the Earth, and seismic experiments by NASA suggest the Moon is at least partially hollow. For centuries people have observed lights, moving clouds and shadows, and even the disappearance of entire craters via telescope. Apollo astronauts repeatedly felt the presence of a "non-human intelligence" during their Moon visits, and many indigenous traditions speak of malevolent visitors from the Moon. A growing body of astrophysical and geological evidence shows the Moon is not an entirely natural world--that someone or something altered it long ago. Louis Proud explores the phases and movements of the Moon along with its ancient and mysterious features--its craters, maria, rilles, tunnels, and domes. He examines several of NASA's Apollo missions, showing not that NASA faked the Moon expeditions but that they concealed what the astronauts found there. He explains the many holes in the commonly accepted "Giant Impact" theory of the Moon's origins and reveals the evidence for a hollow, artificial Moon placed in orbit eons ago to observe Earth. Examining the deep influence of the Moon on the collective mind of humanity, Proud looks at what the Qabalah, the tarot, and other occult traditions say about the Moon and interprets G. I. Gurdjieff's teachings that "we are food for the Moon." He investigates the Moon as a gateway to another realm, as the Purgatory of Christianity, and as the home of an alien intelligence who controls and exploits humanity. Examining the Moon from both scientific and esoteric perspectives, Proud shows the Moon is not a cold, dead rock but a rich, fascinating world just as alive as Earth.

"Shines a floodlight on a topic that has been cloaked in obscurity . . . a landmark work in both intellectual history and political theory" (The Wall Street Journal). Philosophical esotericism—the practice of communicating one's unorthodox thoughts "between the lines"—was a common practice until the end of the eighteenth century. Despite its long and well-documented history, however, esotericism is often dismissed today as a rare occurrence. But by ignoring esotericism, we risk cutting ourselves off from a full understanding of Western philosophical thought. Walking readers through both an ancient (Plato) and a modern (Machiavelli) esoteric work, Arthur M. Melzer explains what esotericism is—and is not. It relies not on secret codes, but simply on a more intensive use of familiar rhetorical techniques like metaphor, irony, and insinuation. Melzer explores the various motives that led thinkers in different times and places to engage in this strange practice, while also exploring the motives that lead more

recent thinkers not only to dislike and avoid this practice but to deny its very existence. In the book's final section, "A Beginner's Guide to Esoteric Reading," Melzer turns to how we might once again cultivate the long-forgotten art of reading esoteric works. The first comprehensive, book-length study of the history and theoretical basis of philosophical esotericism, *Philosophy Between the Lines* is "a treasure-house of insight and learning. It is that rare thing: an eye-opening book . . . By making the world before Enlightenment appear as strange as it truly was, [Melzer] makes our world stranger than we think it is" (George Kateb, Professor of Politics, Emeritus, at Princeton University). "Brilliant, pellucid, and meticulously researched." —City Journal

"Crucial is to create the impression that, although the people have been exploited in the past, today the wealthy are at the mercy of an all-powerful government which is firmly in the hands of the people or do-gooding liberals." -The Occult Technology of Power This is the programme of the .01 percent! First surfacing in 1974 from underground sources, *The Occult Technology of Power* is a blueprint distilling the esoteric doctrines and technics of the global elite. These initiatory lessons from a cadre of technocrats is now available with a never before collected appendix of revelatory information. The publisher assumes no responsibility for those who use this book to expose those in control-or to join them. "A little gem of protocol which displays acute perception. A Satanic overview." -Anton Szandor LaVey, Cloven Hoof, Nov./Dec. 1974 "Written as if it were a set of lectures by the central philosophers of a master conspiracy. Their personal viewpoint is rational egoism, but they want to keep the wisdom of this perspective secret-since it is impossible to exploit a person who maintains a self-conscious, self-interested frame of reference... This reviewer is very pleased with the discovery of a text we had at first avoided because of its title. The little book is very much worth its price." -Joe Cobb, Reason Magazine, May, 1976

Esotericism is the search for an absolute but hidden knowledge accessed through mystical vision, the mediation of higher beings, or personal experience. In Western cultural history esoteric approaches to religion have often been in conflict with - and suffered at the hands of - more established forms of religious belief and practice. 'Western Esotericism' presents a very broad and engaging history of the people and ideas which have shaped occult history from antiquity to today. Throughout the history of esotericism the dynamic of concealment and revelation has characterized the search for secret knowledge. Pursued both publically and privately, esotericism has come to influence more mainstream religious practice and culture and has significantly shaped our understanding of modernity. Today, esotericism continues to be practised by a range of both established and new religious movements. 'Western Esotericism' presents the essential guide to one of the most fascinating, provocative, and sustained of religious traditions.

In order to attract readers, it was not uncommon for magical texts of the 16th century to take on the name of a notable figure. Such is the case with *The Book*

of Secrets of Albertus Magnus, whose secrets are, in fact, a compilation from a number of different sources by an anonymous author who was, according to editors Best and Brightman, probably one of Albertus Magnus' followers.

"Running alongside the mainstream of Western intellectual history there is another current which, in a very real sense, should take pride of place, but which for the last few centuries has occupied a shadowy, inferior position, somewhere underground. This "other" stream forms the subject of Gary Lachman's epic history and analysis, *The Secret Teachers of the Western World*. In this clarifying, accessible, and fascinating study, the acclaimed historian explores the Western esoteric tradition--a thought movement with ancient roots and modern expressions, which, in a broad sense, regards the cosmos as a living, spiritual, meaningful being and humankind as having a unique obligation and responsibility in it. The historical roots of our "counter tradition," as Lachman explores, have their beginning in Alexandria around the time of Christ. It was then that we find the first written accounts of the ancient tradition, which had earlier been passed on orally. Here, in this remarkable city, filled with teachers, philosophers, and mystics from Egypt, Greece, Asia, and other parts of the world, in a multi-cultural, multi-faith, and pluralistic society, a synthesis took place, a creative blending of different ideas and visions, which gave the hidden tradition the eclectic character it retains today."--Publisher's description.

Frightful fiction by masters from Lovecraft to Stoker to Crowley to Poe. Packed with stories selected and introduced by one of today's leading esoteric scholars, this book will do more than make your toes curl and your skin crawl. These tales reveal hidden truths and forbidden pursuits, and divulge the secrets of magical initiation. Covering topics from rituals to hauntings to the Devil himself, this one-of-a-kind volume includes selections from: Aleister Crowley * Ambrose Bierce * Arthur Machen * Edgar Allan Poe * Robert W. Chambers * Ralph Adams Cram * H.P. Lovecraft * Dion Fortune * Sir Edward Bulwer-Lytton * Bram Stoker As Lon Milo DuQuette writes in his introduction, horror takes its time. It creeps in, seeps in, and lingers. These stories will stay with you, biting at your heels from the shadows. Don't say we didn't warn you...

The magickal methods and esoteric knowledge of medieval Europe (476 to 1453 C.E.) form the ancestral backbone of modern ceremonial magick. To understand medieval magick, it's necessary to know the primary repositories of this knowledge - the grimoires of spells, incantations, and ritual instructions for working with angels and conjuring spirits. And to understand the grimoires, you must delve into the life and times of the magicians who wrote them. Scholar and magician Aaron Leitch sheds light upon the greatly misunderstood subject of the medieval mage in this comprehensive reference manual. In addition, he provides valuable comparisons among the magical practices described in the grimoires and various shamanic methods of working with the spirit world.

The Step-by-step practical guide to Occultism and Inner Exploration A colossal fence has been raised separating our current society from the flow of life and

magic that permeates the whole of Creation. Humanity is gradually succeeding in its self-destruction, asphyxiating itself through the suppression of what is beyond the mere five physical senses. The art of Occultism has been forgotten. In fact, Occultism has been despised, ridiculed and denigrated into a mere fantasy, make-believe or magical thinking. This book brings this ancient secret tradition back to life using a contemporary yet powerful method. This is a book centered on occult practices. Here the reader will find detailed occult practices that will assist him in exploring the subtle inner nonphysical realms, culminating in the unveiling of the highest mystery of Occultism. The occult practices are divided into primary and secondary phases which include, but are not limited to: Concentration & Control of Awareness The Power of Imagination & Intention Creating an Occult Laboratorium Steady Inner & Outer Gaze Burning the Shadow of Fear Infusing Vital Energy & Chakras Deep Trance States Discovering the Inner Temple Inner Body Travel Divine Infusion Discovery and communion with the Higher Self Beyond the Form of Divinity Interaction with Nonphysical Beings Evocations High Occultism We sincerely hope the reader enjoys this work and that it may serve as the catalyst for the discovery of the Occult.

From Egyptian mythology to Jewish mysticism, Rome and Greece to the druids and the gnostics, Tim Wallace-Murphy exposes a fascinating lineage of hidden mysteries and secret societies, continuing through the Templars, Rosicrucians, and Freemasons to our modern visionaries. This hidden stream of spirituality and that of sacred knowledge are inseparably entwined to form the single most important continuous strand in the entire Western esoteric tradition. This tradition exerted a seminal influence on the thinking of the builders of the great cathedrals; leading teachers in ecclesiastical schools; philosophers; playwrights; poets such as Shakespeare, Goethe, Blake, and W. B. Yeats; and on artists and Renaissance giants such as Leonardo da Vinci and Michelangelo. It is also the root from which sprang alchemy and modern science. Now, as more people are looking to find information on the alternatives to dominant religions and dogmas that have told us what to think and how to behave, as faith has been questioned by religious scandals, economic meltdowns, and an increasingly sick planet Earth, Wallace-Murphy reveals the secrets of the masters, including invaluable spiritual insights into everyday life that have been hidden throughout the ages. He shows us who kept this spiritual tradition alive despite appalling persecution, so that we in the twenty-first century might benefit from its accumulated fruits and ennoble our lives. Hidden Wisdom will be of immense interest to readers of the number one bestseller *The Lost Symbol* as it explains much of Dan Brown's focus on the ancient mysteries.

A fresh look at the role of astrology and alchemy in Renaissance thinking and everyday life.

The tenth-anniversary edition of the book that changed lives in profound ways, now with a new foreword and afterword. In 2006, a groundbreaking feature-

length film revealed the great mystery of the universe—The Secret—and, later that year, Rhonda Byrne followed with a book that became a worldwide bestseller. Fragments of a Great Secret have been found in the oral traditions, in literature, in religions and philosophies throughout the centuries. For the first time, all the pieces of The Secret come together in an incredible revelation that will be life-transforming for all who experience it. In this book, you'll learn how to use The Secret in every aspect of your life—money, health, relationships, happiness, and in every interaction you have in the world. You'll begin to understand the hidden, untapped power that's within you, and this revelation can bring joy to every aspect of your life. The Secret contains wisdom from modern-day teachers—men and women who have used it to achieve health, wealth, and happiness. By applying the knowledge of The Secret, they bring to light compelling stories of eradicating disease, acquiring massive wealth, overcoming obstacles, and achieving what many would regard as impossible.

A KEY TO THE MYSTERIES No other book in history has done more to clarify the Esoteric, mystical, and occult traditions of the world than Manly P. Hall's *The Secret Teachings of All Ages*. Now, historian Mitch Horowitz provides the first companion work to Hall's opus. *The Secret Teachings of All Ages* helps twenty-first-century readers enter and experience (or re-experience) Hall's hallowed pages and also clarifies and expands on some of the book's key themes and topics. Mitch explores developments and historical discoveries since Hall published his "Great Book" nearly a century ago and adds fresh dimensions to subjects including: • The antiquity and legacy of Ancient Egypt. • The mystical origins of the world's major faiths. • Strange beasts and anomalies in history and today. • The origins and esotericism of Tarot. • Secret Societies in Myth and Fact. • The enduring relevance of astrology. Authorized by Manly P. Hall's Philosophical Research Society, *The Secret Teachings of All Ages* is a feast of esoteric exploration on its own and a worthy companion to history's unparalleled encyclopedia arcana. "Mitch is a fantastic tour guide to the fringes of reason, high weirdness, deep esoterica, secret societies, and mystery religions." —BoingBoing "Has the rare gift of making the esoteric accessible to discerning masses." —HuffPost

From its earliest days, America served as an arena for the revolutions in alternative spirituality that eventually swept the globe. Esoteric philosophies and personas—from Freemasonry to Spiritualism, from Madame H. P. Blavatsky to Edgar Cayce—dramatically altered the nation's culture, politics, and religion. Yet the mystical roots of our identity are often ignored or overlooked. Opening a new window on the past, *Occult America* presents a dramatic, pioneering study of the esoteric undercurrents of our history and their profound impact across modern life.

From the strange symbols on a one-dollar bill to the secret signs of the Knights Templar and Freemasons, invisible societies, and the world of magic and alchemy, *The Book of Secrets* is a comprehensive introduction to the world of

secret and esoteric knowledge throughout history. It offers a doorway into the initiated secret traditions of the fascinating unseen spiritual world: its symbols, secret societies, and seers. You'll discover: Key Concepts: the Great Work, the Universal Force, Polarity, the Four Elements, Magick and Mysticism, Esoteric Anatomy, Qabalah, Alchemy, Astrology, the Astral Plane, and more. Symbolism: More than 100 secrets symbols, words, objects, including their meanings and the secret powers they invoke. Secret Societies and Holy Orders: The gatekeepers and the transmitters of sacred knowledge: Freemasons, O.T.O., Cathars, Templars, Assassins. Pineda places them all in history and geography and explains who they are/were and what they stood for. Luminaries and Seers: More than 200 legends and historical personages: Hermes Trismegistus, Jesus, Siddhartha, Osiris, and other seers from the Middle Ages, the Renaissance, the 19th and 20th centuries.

An illustrated guide to the occult history, serpent magic, and practical application of the I Ching • Reveals how the sacred language of the original eight trigrams of the I Ching was discovered by a wisdom serpent known as Fu Xi • Explores how the I Ching formed the basis of the earliest Taoist philosophies, its complex correlation with human DNA, and its relationship with artificial intelligence • Provides new contemporary analysis of each of the 64 hexagrams, their changing lines, and archetypes of the I Ching • Includes original artwork highlighting the serpent magic within the system and tools to help you interpret the I Ching based on your own individual experience One of the oldest books in the world, the I Ching has been used in China for millennia to open a dialogue with divinity, gain insight and wisdom, and pull aside the curtain of reality to reveal the light of the heavens. Yet, despite its popularity over thousands of years, few understand its mysterious origins, symbolism, or occult connections. In this illustrated guide, Maja D'Aoust applies her significant experience as a professional practitioner and scholar of the I Ching to provide a history of the oracle, explain the mechanisms at work behind it, and offer a new experiential approach to its interpretation. The author begins by examining the discovery of the I Ching by the first mythical emperor of China, Fu Xi, a divine being with the body of a serpent. She reveals how Fu Xi's eight original trigrams, also called the Ba Gua, provided a sacred language of symbols that allowed for communication between the diviner and the spirit world. Using the I Ching's principles of cosmology as a basis, the shamans of ancient China developed the earliest Taoist philosophies of nature, medicine, martial arts, and mathematics as well as ecstatic practices, war strategies, birth and death rituals, agricultural systems, and alchemical studies. D'Aoust further shows how the I Ching relates to the mathematical sequences of biology and human DNA, examining the correlation between the serpent's tail and the double helix. She reveals how the ways the oracle connects with your own inner knowing parallel the ways in which DNA repairs itself. Providing a new analysis of each of the 64 hexagrams and their changing lines and archetypes, the author explores each hexagram's meanings in depth, alongside original artwork highlighting the serpent magic within the system and tools to help you interpret the I Ching based on your own individual experience. Revealing how the oracle holds complex networks of meaning that language alone fails to capture, D'Aoust offers a new understanding of the Book of Changes and its many hidden lessons.

Tau Tia takes you on a journey into the unknown, an intriguing glimpse into the labyrinth of the esoteric occult secrets from the underground stream of Gnosis & Sophia. The unveiling of the Divine Feminine that has remained an enigma for thousands of years. Including a whole chapter containing the never before seen - Hidden Teachings of Mary Magdalene, who was the High Priestess and mystical teacher of Jesus, from the spiritual royalty bloodline. The truth about the Ancient Serpent Bloodline, including detailed genetic information. The shrouded mysteries surrounding the Templars & the profound allure of the Holy Grail. Also featuring magickal musings from the mind of a Mystic. How to start the 'Great Work'. Mystery School meditations & rituals to empower you.

New package for a cult classic. First published in 2003, *The Book of Lies* was hailed as a 21st grimoire and instantly became a cult classic. Now reformatted for the next generation of magicians and all counterculture devotees, it gathers an unprecedented cabal of occultists, esoteric scholars, and forward thinkers, all curated by Disinformation's former "wicked warlock" Richard Metzger. This compendium of the occult includes entries on topics as diverse and dangerous as Aleister Crowley, Secret Societies, Psychedelics, and Magick in theory and practice. The result is an alchemical formula that may well rip a hole in the fabric of your reality: Terence McKenna asks if we contact "aliens" with the smokable drug DMT Daniel Pinchbeck recounts his psychedelic and magical experiences Techgnosis author Eric Davis writes about H.P. Lovecraft Robert Anton Wilson writes about the similarities between Aleister Crowley and Timothy Leary Donald Tyson's "The Enochian Apocalypse Working" ask if the seeds of the end of the world sown in the Elizabethan era. Other contributors or subjects written about include Brian Barritt, Vere Chappell, Ida Craddock, Joe Coleman, Nevill Drury, Stephen Edred Flowers, T. Allen Greenfield, Gary Lachman, Anton Lavey, Peter Levenda, Grant Morrison, Michael Moynihan, Rosaleen Norton, Jack Parsons, Austin Osman Spare, and Tracy Twyman. It's all here and more!

So concludes what Levi considered to be his testament, his most important and final treatise, and a summation of his esoteric philosophy. This volume is the conclusion of the work he started as *Book One, The Heiratic Mystery or the Traditional Documents of High Initiation*, published as *The Book of Splendours* (Weiser, 1984). *The Great Secret* contains his final two works. In *Book Two, The Royal Mystery or Art of Subduing the Powers*, Levi discusses such topics as Evil, the Outer Darkness, the Great Secret, Magical Sacrifice, Evocations, the Arcana of Solomon's Ring, and the Terrible Secret. In *Book Three, The Sacerdotal Mystery or the Art of being Served by Spirits*, he expounds on the subjects of Aberrant Forces, the Chaining of the Devil, Sacred and Accursed Rites, Divination, Dark Intelligence, and the Great Arcanum.

A very long time ago Odin unlocked the secrets of the Runes. In two parts, *Secrets of Asgard* discusses their theoretical and a practical aspects. Part one focusses centres on the meaning of the individual runes and the myths, explaining the Aettir alongside Northern mythology. It describes each of the gods as well as the Nine Worlds etc. The second part centres on the application of the system, namely magic and divinatio and includes rituals and exercises. A thesis of practical rune magic is developed which is based on the Havamal 144 stanza. The analysis concludes that the Runes were traditionally regarded as actual spirits. The stanza explains how to make your own set as well as other talismanic objects. The practice of galdr-singing is discussed in more

depth to complement the Havamal 144 techniques. Then, a discourse is given on the most common Ancient Germanic magical formulae. They complement the practical work on talismanic objects. A separate chapter is given on divinatory practices. Useful information on dreamwork is added and numerous other exercises used to make contact with the subconscious mind through auto-suggestion, and many other useful ritual techniques and practices.

Mitch provides a compelling and illuminating twelve-chapter guidebook to Hall's encyclopedia arcana
