**Reality Transurfing: steps 1-5** Вадим Зеланд,2019-11-18 Transurfing is a powerful technology of managing reality. Apply it - and life will begin to change under YOUR order. The goal during using Transurfing doesn't reached, but implemented for the most part itself. It's impossible to believe , but only at first sight. The ideas presented in the book have already found practical confirmation. Those who tried to do the Transurfing, was surprised, bordering on delight. The surrounding world of Transurfer is inexplicably changing before our eyes.

*Reality Maker* Vadim Zeland,2019-07-26 The universe exists according to certain laws. Knowing these laws, a person can change life according to his desires. Reality ceases to exist as something external and independent in relation to man - he acquires the ability to subordinate it to his will. Speech in this book will be about Transurfing - it is a powerful technique that gives the power to create impossible, from an ordinary point of view, things, namely, to control fate at your discretion. Despite the fact that much of what you learn will seem quite unusual to you, remember: there is no fiction here - everything is real

**Tufti the Priestess. Live Stroll Through a Movie** Vadim Zeland, 2018-11-12 Meet the new world sensation. It's Tufti. Why is it that nothing seems to work out the way you want it to, despite the fact that you act according to your own free will? You might think that the reason why nothing is working out the way you want, is because that's just how life is. But the real reason things don't work out the way you want them to, is because you aren't acting according to your own free will - you are being directed by a script. Another reason things don't work out the way people want them to, is because they don't know how to take the right action to shape events the way they want. Rather than composing the reality of the upcoming film roll, they tend to battle with the reality they face in the current frame. Reality exists only in the here and now, and what is real is real only to the extent that it has taken place in the material world. You cannot change what has already happened. Yet when you fight with your current reality, that is exactly what you are doing, because everything that surrounds you consists of something that has already happened. If you want to change the script, you have to wake up and come alive inside the movie. Translation from the Russian language by Joanna Dobson

*Priestess Itfut* Vadim Zeland, 2020-07-30 Everyone's watching Tufti. Everyone's reading Tufti. Everyone's talking about Tufti. Some shout, We can't stand Tufti! Others shout, We want Tufti! So who is she Priestess Itfut, who goes by the second name Tufti? Tufti is not a made up character. She used to exist and in some sense she still does. This book describes the amazing adventures of the priestess and her friends in metareality. What happens there is not entirely fiction. Truth be told, it is not fiction at all. The reader will have to decide for themselves how much of it they wish to believe. This book does not promise a magic wand and you will not absorb the superpowers of its fabulous characters by reading it, but you can take Tufti's techniques away with you, as many others have done already.

**78 Days Practical Transurfing** Vadim Zeland, 2013-09-18 Transurfing is simple, yet powerful Reality Management Technique, developed by the Russian quantum physics researcher Vadim Zeland. Zeland's main goal is to present a set of techniques (which he calls Transurfing of Realities) for the attainment of practical goals. These techniques are of mental and metaphysical nature. Zeland supports these techniques by presenting a model of the universe that combines the elements of quantum physics with the idea of parallel worlds. As Zeland states, the use of the techniques is not dependant on the acceptance of his theoretical model. Some Transurfing techniques are very simple and practical. Zeland says: You can not hide from the inevitable reality. Your life is determined by circumstances and your place in society. Reality develops for the

most part regardless of your own will. For every I want there is its own You can't. In response to Give it to me you hear You can't get it. There is little you can you do in such circumstances.... As a rule, human beings behave unambiguously. In their attempts to get what they want, they try to influence this world straight on, by the principle Give it back to me. Direct impact, based on direct contact, is one of the ways of controlling something, but it is certainly not the most effective method of controlling reality. Transurfing is ...

**Parallel Universes of Self** Frederick Dodson,2021-03-14 Springing from physics, and featured in science fiction, the Parallel Worlds Theory is an earth-shattering revision of our understanding of reality. It says, simply, that everything that can happen does. Universes branch and branch in time, one for every alternate possibility. Far more than an intellectual exercise, the parallel universe principle can be applied in personal reality and everyday life. You can create your reality by becoming the parallel-world version of yourself for whom the experience you want is already real. This is your roadmap, your guidebook, to Parallel Universes of Self.

Steps to Personal Revival Helmut HAUBEIL,2020-03-17 On August 14, 2011, when I was in Kandergrund in the Bernese Highlands in Switzerland an important connection became very clear to me. I recognized a spiritual cause for why we are losing part of our youth. I was very shocked. I thought of my children and grandchildren. Since then I have been intensively occupied with this subject.Now I believe that the same spiritual cause is behind many of our problems; specifically the personal problems, in the local churches and the world-wide church. It is the lack of the Holy Spirit. If this is the cause, then we should urgently address this issue. If the cause can be eliminated or considerably reduced, then many problems will become superfluous or will be resolved.
