Many methods were developed in this field all over the world, but there are some basic concepts common to all. This method " RAJA NAADI " is developed by my GURUJI as well as my grandfather " IYYAMPALAYAM S.RAJAGOPAL ". His first method is " HORA METHOD ". He has developed this method by his vast research in studying our ancestor's works, books and their guidance. This method is exempted from many old stories and gives the formula type of explanations which are purely scientific. This book will give a very clear guidance in your life and also will improve your astrological knowledge and make you a good astrologer. This will surely throw a light on your approach towards your life.

The book principles of Nadi astrology is the very first book of Astrologer Gopalakrishnan is an eye opener in the world of Nadi astrology. Many people has not understood the usage of transit in Nadi astrology. this was the first book which explains clearly on the usage of the major transit like Saturn , Jupiter Rahu and Ketu. the lagna was used as the important starting point of the transit. Earlier most of the astrologers were using

the Chandra lagna as the important point of the transit. Also the lordship of the transit of the of the planet where used rather than the Rashi is in which the planets were translating. This has brought a lot of appreciation. There are various kinds of nadi which uses variety of techniques to predict. Of course the result can vary from nadi to nadi. For instance in Bhirugu Nandi Nadi the karakas are used for predictions like venus for marriage, jupiter for self. Meena nadi uses the nashaktra paddathi which was popularized by the K.P people. Also people do not use Nadi amsa. so this book covers everything. This book is an eye opener for many people who have been exposed to nadi astrology. Many people think that some ancient rishis have written in old leaves about every one lives and there is lot of mystery shrouded in the nadi astrology. This book reveals the secret techniques used by the nadi readers in their day to day reading. These techniques are not available to the normal public or to the well known professional astrologer. USP of The Book First time a book in India explains the techniques of nadi astrology clearly. Any one who has basic knowledge of astrology can use it very well. one can give stunning prediction using these techniques. The rules of transit are different from what is given in other normal books The principles of the dasa bhukthi reading is simply stunning superb simple. One can read the horoscope with out time of birth. Many examples are given for each of the chapters.

A most reliable guide to practical astrology, Notable Horoscopes does not contain startling predictions and amazing forecasts. But it is the product of investigations and studies by the author presented here in an orderly and scientific form but in simple language easily understandable by the average reader.

populist claims have inspired the author to come up with a series of books that will discuss the various aspects in astrology, putting together the research and findings by various groups and the experience gained during his journey. The purpose of the encyclopedia is an attempt to put a clear understanding of the process of astrology, taking into account the first basic principles and dealing with different topics. The encyclopedia which would consist of over eighteen books, is intended to be brought out over a period of two years. These would cover the basics in astrology and then go on to the predictive techniques, the nadi astrology, tajik, yogas, nakshatras, rectification of birth time, vargas, dashas, mundane prashna, muhurta, remedy and other aspects of interest. The advantage of this would be that both students and those who want to pursue research can progress the understanding of this science in a systematic manner. Also the complete set will be of great value to those in India and abroad who want to understand various levels and will give them the flexibility of dwelling into the complexities in a coherent manner. With the growing interest to learn this science in various countries, the readers there will find this series of books very useful. This is the first book in the series and is the most important. The foundation is based on the principles of basic astrology propounded by various schools of thought. The book covers signs, their impact, the planetary impact in each sign, the role of depositors, details on each planet and their relationship when in aspect and in the divisional charts as also the complexities they can pose. This book attempts at conveying that the basic importance has to be given to the planets, their placement and various relationship as a result of the same. The yogas, dasha, nakshatras etc. will be dealt in the other books that follow, but all have to be applied keeping in mind the first basic principles that are being enumerated in this book.

The Ancient Indian astrological system of prediction, namely the Naadi system, is unique in its accuracy in predicting the events in one's life. However, the rules are rather complex and have been closely guarded secrets, through the ages. There are several Naadi systems and each one has its own method, with slight variations. This book deals with its own Naadi method with an assurance for better accuracy in predictions. It presents complex rules of Planetary Progression, Retrogression and Exchange with examples and makes it less ambiguous. The methods of working out planetary positions at any period of time in an individual's life for accurate

Grantha in 11th century A.D. Thereafter the book gained unequalled admiration and was quoted in later compositions like Prashnamarg, Vidhyamdhaviyam and Rudra's commentary on Vrihad Jataka. The Malayalam literary composition like nniyaccicaritam carries citation from this great grantha. The earliest mention can be cited from Shri Govinda Bhattatiri of ?alakkulam (a.d 1237-95) who quoted it frequently. Shri Vishnu the son of M?dhavaacharya has written the Sanskrit commentary caturasundari, which is included in this work. Sriyut Puliur Puru?ottam ?ambudiri wrote the Malayalam commentary. This Grantha is the magnum opus of Horary astrology because of its historical value. This grantha is unique and different from most of the Jyotisha granthas. The grantha is neither too short nor too descriptive. The author mentions that he has done it intentionally so readers should not lose the interest or it should not become too complex. Level: This book is a part of advance Vedic Jyotisha related to ancient prashna system of Kerala.

It gives me immense pleasure to bring forth the second revised edition of my highly cherished work of Bhrigu Samhita, an ancient and unique treatise in predictive astrology. I was equally elated and feel ecstatic for having received encouraging as well as critical responses from the esteemed and avid readers. In deference to their valuable suggestions and also some ambiguity pointed by them, I have revised some part of the chapter on “Basic Astrology” and also brought about improvement and amplifications in certain parts of the analyses of various charts wherein the evolved principles which are specifically important in delineating horoscopes on the format of Bhrigu Samhita are further explained. This was done with a view to make the explanations more cogent in comprehend. This will also address the concern sown by the valued readers in some places of earlier narrations.

of astrology, whose origins began in Southern India, Nadi Astrology is based on an old-age belief that the one can decipher the past, present and future of all humans through the text written on palm leaves. It is a popularly believed that the great Hindu sages of the yore foresaw the past, present and future of all humans and hence, recorded these on tree barks and palm leaves. Nadi Astrology is practiced in the Tamil Nadu region as well as Kerala and other adjacent areas in South India. Simply put, it is an ancient method of recording data. Over the ages, people have come to believe that a thousand years ago, great Indian sages were granted a boon - to look into every human being's past, present and future lives. They had to power to look into the lives of people were not only dead, living but also those who were yet to be born! These sages then recorded these visions, i.e. data onto palm leaves in Tamil script. Today, these can be deciphered or read by Nadi astrologers or experts who have studied this branch of astrology. The term 'Nadi' in Tamil means 'in search of'. Therefore, the existence of Nadi astrology indicates that every human being is in search of his past and future. According to legends, these scriptures on palm leaves are scattered across different parts of India and some of them were first found in Tamil Nadu. It is widely believed that these pal scriptures, holding secrets to past and present were classified a thousand years ago during the

Chola reign in South India. The Nadis are named after the rishis and sages who originally recorded these findings. They are Suka Nadi, Kaushika Nadi, Brahma Nadi and Agasthiya Nadi. These Nadis are not easy to read as they are written in ancient Tamil and are in poetry form, i.e. in sonnets and couplets. Only expert linguists who have studied this form of astrology over many years can read them. A classical work based on n??? technique of prediction.

Dear Reader, We know that Nadi astrology is one of the oldest form of astrology originated from country of india. It is based on the belief that the past, present, and future lives of all humans were foreseen by Hindu sages in ancient time. Nadi Astrology is like a mirror of your karmas in the previous birth(s). While this is not entirely accurate, for simplicity's sake, let's say there are two options associated with your Karma. You either live out your mistakes or you can overcome them by performing corrective actions in a proactive manner - this goes for all living being. In this book I am going to give you 1000 predictive techniques which is mentioned in Nadi astrology. By using this techniques you can use any horoscope and predict many things easily. Among various Vargas, the relative importance of Navamsha is universally acclaimed. Astrologers consider it to be just next to birth chart or equal to birth chart or even better than the birth chart. Almost all astrologers

use Navamsha and birth chart together to assess strengths of various houses and planets before giving any opinion. In Vedic astrology, Navamsha occupies an outstanding position and draws one's attention for deeper understanding/ scrutiny due to its multifarious technique and usage. The additional inputs in the form of scintillating concepts by Jaimini and Nadi system have made the subject more engrossing. The author has tried to incorporate the same in the book. The study of a birth chart gives only the gross (Sthool) indications of characteristics of various houses and planets; while Navamsha offers their detailed (Sookshmatar) values. It is so because a Navamsha is basically equal to both in its size and extent to a quarter/ one fourth / pada of a Nakshtra, thereby giving it a stellar role. While a house represents a combined spectrum of 30 degrees, a Navamsha provides a microscopic view of 3° 20' or 1/9 part of a sign only.

If you want to study Astrology or just want to analyze your own horoscope, then this is the right book for you. the aforesaid system. His research includes various scientific angles, and has given the whole subject a new dimension. To conduct the original research, he has visited almost all the Naadi centers in India during the course of last 18 years, apart from individually meeting a thousands of persons to take on account the firsthand experiences. He has also presented a detailed paper called 'Comparative Study: Nostradamus and Naadi Granthas.' This revised and enlarged edition includes fresh astonishing experiences such as:- readings from blank paper, appearance of vibhooti upon the palm leaf, shocking episodes of Group Caption Rakesh Nanda throwing light on the ancient Maharishi's wisdom available in India. First time more than 220 addresses from all over Indian states have been presented in alphabetical order. Excerpts from the interview of Padamshree Dr. Vijay Bhaskar: "As I am a scientist; while thinking about the Naadi palm leaves, my entire focal point was the computational aspect of it. How do the Maharishis know in advance the names and other information about the native? After an in-depth study, I conclude: if the supercomputers of ten years from today compute this information, it will take 10,00,00,00,00,00,00,00,00,000 calculations to collect information of one native. Simply putting, it is mathematically impossible. In the terms of computer science, this is referred to as the NP complete problem." Here is sample how the name of a person appears in the leaf:

It has been a well-known fact that astrology was called the eye of the Vedas, for it threw light on matters relating

to timing events. The conduct of Vedic rituals had to be timed at a specific period, hence astrology was put to this use. In the modern context, this divine science is used to interpret birth charts to have an overview of an individual's personal and professional future in terms of success and prosperity. The book deals with this analysis at great length and enlightens a lay reader about the subject.

Mantreswar was the greatest astrologer of the 12th century from the South of India. He compiled in Sanskrit the principles of Predictive Astrology propagated by Maharshi Parashar, Jaimini and various other great astrologers in his famous work Phaldeepika. This is one of the best books on Predictive Astrology. It includes the essence of Parashar, Jaimini and many more masters. Four hundred and fifty Yogas of Bhavartha Ratnakar of Shri Ramanuja have been added to benefit the title Phaldeepika; Bhavartha Bodhini. The 28 chapters in the book cover various topics: the characteristics, house divisions, strength of planets, career, various yogas, raja yogas, marriage, children, longevity, periodic influence of planets, the effect of transits and ashtakvargas. The 11th chapter exclusively deals with the nativity of women; the 22nd chapter gives the interpretations and calculation of the Kalachakra dashas. This English edition also includes many horoscopes, tables and a glossary of Sanskrit and Hindi words. The language is easy to understand and even beginners after studying this book for a few months will be able to arrive at the right interpretations and timing of events.

This is not just a book. It is actually an encyclopedia of

Everyone who have some interest in KP astrology will definitely going to be benefited through this book. The best thing about the book is that it contains everything for a beginner and for an expert too.

Dear Reader, Nadi Astrology is one of the best methods for quick prediction. You can use these techniques to predict simple things easily. Here I am describing predictive techniques of 2nd (dhan bhav), 3rd (sahaj bhav) and 4th (matra bhava). Total 413 techniques is shared here. This is just a combination in rare text of astrology which is lost somewhere in India but I am presenting here and it can be really helpful in predicting. I hope you will enjoy the reading and benefit most of it from here. N?di Astrology (n??i jyoti?a) is a form of Dharma astrology practised in South india, and adjacent regions in India. Naadi talks about a person's past, present and future and is mostly concerned with material things like getting a job, construction of house, marriage, curing a disease, etc. It is one of the 2000 years old or might be more older than we can imagine. As we cannot say how old it is because I believe form the time humans existed on this planet Nadi astrology existed.

The origin of the Nadi astrology (palm leaf reading) can be traced back to approximately thousands years ago. It is said about nadi astrology that the Indian Rishis or sages had written the life patterns of each persons life on palm leaves by their Yogic Intuitive powers. These unique leaves were initially kept in the temple library. Later who were very much interested in knowledge

related to nadi astrology they got the leaves from the library. This is a traditional service and is being practiced by generations downwards. The primary center for Nadi-Shastra ( Nadi jothidam or Naadi josiyam) is in Vaitheeswarankoil, near Chidambaram in Tamil Nadu, a state in South India. Here Lord Shiva is said to have assumed the role of a 'Vaidhya' or 'Doctor', who alleviated the miseries of his devotees. It seems that these nadi palm leaves were originally written on animal skins and some leaves, and later nadi Astrology texts were copied on palm leaves. nadi Astrology sources was also preserved by applying oil extracted from peacock's blood.

The word 'Profession' brings into the horizon a belief of a person in his capabilities or inherent potention which a native has but also symbolizes specialization on a knowledge and academic preparations and finally it also brings forth the needs of livelihood and vocation. In the current environment, it is seen that a profession followed by an individual may not be akin to his inherent potential and with the number of fields increasing it is also very common to have individuals who have specialized in one field but are earning by engaging and adopting entirely different skill sets. It is common to have people in the Administrative Services who are Medical Graduates and Entrepreneurs with no specific knowledge skill but robust common sense. In this context, profession, determination and analyzing means a look at various aspects of the Horoscope. It means an analysis of education, knowledge, inherent nature, means of earning income and more complexed is determining the course and the
