On alternating weeks, Sasha and Ray vacation in the beach house their parents refused to give up after their divorce, but they never meet until one summer when their lives and those of their siblings intersect in ways none of them could have imagined.

From the New York Times-bestselling author of The Sisterhood of the Traveling Pants Ann Brashares comes her first adult novel In the town of Waterby on Fire Island, the rhythms and rituals of summer are sacrosanct: the ceremonial arrivals and departures by ferry; yacht club dinners with terrible food and breathtaking views; the virtual decree against shoes; and the generational parade of sandy, sunbleached kids, running, swimming, squealing, and coming of age on the beach. Set against this vivid backdrop, The Last Summer (of You and Me) is the enchanting, heartrending story of a beach-community friendship triangle and summertime romance among three young adults for whom summer and this place have meant everything. Sisters Riley and Alice, now in their twenties, have been returning to their parents' modest beach house every summer for their entire lives. Petite, tenacious Riley is a tomboy and a lifeguard, always ready for a midnight swim, a gale-force sail, or a barefoot sprint down the beach. Beautiful Alice is lithe, gentle, a reader and a thinker, and worshipful of her older sister. And every summer growing up, in the big house that overshadowed their humble one, there was Paul, a friend as important to both girls as the place itself, who has now finally returned to the island after three years away. But his return marks a season of tremendous change, and when a simmering attraction, a serious illness, and a deep secret all Page 1/28

collide, the three friends are launched into an unfamiliar adult world, a world from which their summer haven can no longer protect them. Ann Brashares has won millions of fans with her blockbuster series. The Sisterhood of the Traveling Pants, in which she so powerfully captured the emotional complexities of female friendship and young love. With The Last Summer (of You and Me), she moves on to introduce a new set of characters and adult relationships just as true, endearing, and unforgettable. With warmth, humor, and wisdom, Brashares makes us feel the excruciating joys and pangs of love—both platonic and romantic. She reminds us of the strength and sting of friendship, the great ache of loss, and the complicated weight of family loyalty. Thoughtful, lyrical, and tremendously moving. The Last Summer (of You and Me is a deeply felt celebration of summer and nostalgia for youth. All around brilliant space opera, I absolutely love it."—Ann Leckie, author of Ancillary Justice Ambassador Mahit Dzmare arrives in the center of the multi-system Teixcalaanli Empire only to discover that her predecessor, the previous ambassador from their small but fiercely independent mining Station, has died. But no one will admit that his death wasn't an accident—or that Mahit might be next to die, during a time of political instability in the highest echelons of the imperial court. Now, Mahit must discover who is behind the murder, rescue herself, and save her Station from Teixcalaan's unceasing expansion—all while navigating an alien culture that is all too seductive, engaging

in intrigues of her own, and hiding a deadly technological secret—one that might spell the end of her Station and her way of life—or rescue it from annihilation. A fascinating space opera debut novel, Arkady Martine's A Memory Called Empire is an interstellar mystery adventure. "The most thrilling ride ever. Bestseller "May this book cast its spell on all of us, restore to us some memory of our most warrior and softest selves." —The New York Times Book Review "A new kind of epic...A grand achievement...While The Prophets' dreamy realism recalls the work of Toni Morrison...its penetrating focus on social dynamics stands out more singularly." —Entertainment Weekly A singular and stunning debut novel about the forbidden union between two enslaved young men on a Deep South plantation, the refuge they find in each other, and a betraval that threatens their existence. Isaiah was Samuel's and Samuel was Isaiah's. That was the way it was since the beginning, and the way it was to be until the end. In the barn they tended to the animals, but also to each other, transforming the hollowed-out shed into a place of human refuge, a source of intimacy and hope in a world ruled by vicious masters. But when an older man—a fellow slave—seeks to gain favor by preaching the master's gospel on the plantation, the enslaved begin to turn on their own. Isaiah and Samuel's love, which was once so simple, is seen as sinful and a clear danger to the plantation's harmony. With a lyricism reminiscent of Toni Morrison, Robert Jones, Jr., fiercely summons the voices of slaver and enslaved alike, from Isaiah and Samuel to the calculating slave master to the

long line of women that surround them, women who have carried the soul of the plantation on their shoulders. As tensions build and the weight of centuries—of ancestors and future generations to come—culminates in a climactic reckoning, The Prophets fearlessly reveals the pain and suffering of inheritance, but is also shot through with hope, beauty, and truth, portraying the enormous, heroic power of love.

Lea David exposes the dangers and pitfalls of mandating memory in the name of human rights in conflict and postconflict settings.

"Oliver Sacks meets Stephen King" in this propulsive, haunting journey into the life of the most studied human research subject of all time, the amnesic known as Patient H.M. For readers of The Immortal Life of Henrietta Lacks comes a story that has much to teach us about our relentless pursuit of knowledge. Winner of the PEN/E.O. Wilson Literary Science Writing Award • Los Angeles Times Book Prize Winner NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • New York Post • NPR • The Economist • New York • Wired • Kirkus Reviews • BookPage In 1953, a twenty-seven-year-old factory worker named Henry Molaison—who suffered from severe epilepsy—received a radical new version of the then-common lobotomy, targeting the most mysterious structures in the brain. The operation failed to eliminate Henry's seizures, but it did have an unintended effect: Henry was left profoundly amnesic, unable to create long-term memories. Over the next sixty years, Patient H.M., as Henry was known, became the most studied individual in the history of neuroscience, a human guinea pig who would teach us much of what we know about memory today. Patient H.M. is, at times, a deeply personal journey. Dittrich's grandfather was the brilliant, morally complex surgeon who operated on Molaison—and thousands of other Page 4/28

patients. The author's investigation into the dark roots of modern memory science ultimately forces him to confront unsettling secrets in his own family history, and to reveal the tragedy that fueled his grandfather's relentless experimentation—experimentation that would revolutionize our understanding of ourselves. Dittrich uses the case of Patient H.M. as a starting point for a kaleidoscopic journey, one that moves from the first recorded brain surgeries in ancient Egypt to the cutting-edge laboratories of MIT. He takes readers inside the old asylums and operating theaters where psychosurgeons, as they called themselves, conducted their human experiments, and behind the scenes of a bitter custody battle over the ownership of the most important brain in the world. Patient H.M. combines the best of biography, memoir, and science journalism to create a haunting, endlessly fascinating story, one that reveals the wondrous and devastating things that can happen when hubris. ambition, and human imperfection collide. "An exciting, artful blend of family and medical history."—The New York Times \*Kirkus Reviews (starred review)

An exploration of life at the margins of history from one of Russia's most exciting contemporary writers With the death of her aunt, the narrator is left to sift through an apartment full of faded photographs, old postcards, letters, diaries, and heaps of souvenirs: a withered repository of a century of life in Russia. Carefully reassembled with calm, steady hands, these shards tell the story of how a seemingly ordinary Jewish family somehow managed to survive the myriad persecutions and repressions of the last century. In dialogue with writers like Roland Barthes, W. G. Sebald, Susan Sontag, and Osip Mandelstam, In Memory of Memory is imbued with rare intellectual curiosity and a wonderfully soft-spoken, poetic voice. Dipping into various forms—essay, fiction, memoir, travelogue, and historical

documents—Stepanova assembles a vast panorama of ideas and personalities and offers an entirely new and bold exploration of cultural and personal memory. "A heartfelt tale of an exceptional girl." —BCCB "Poignant...heartwarming." —School Library Journal Fish in a Tree meets The Thing About Jellyfish in this heartfelt middle grade debut about long-buried secrets, the power of memory, and the bond between a girl and her grandmother. All Lulu Carter wants is to be seen. But her parents are lost in their own worlds, and Lulu has learned the hard way that having something as rare as HSAM—the ability to remember almost every single moment in her life—won't make you popular in school. At least Lulu has Gram, who knows the truth about Lulu's memory and loves her all the more for it. But Gram has started becoming absentminded, and the more lost she gets, the more she depends on Lulu...until Lulu realizes her memory holds the very key to fixing Gram's forgetfulness. Once Lulu learns that trauma can cause amnesia, all she needs to do to cure Gram is hunt down that painful moment in Gram's life. With her friends Olivia and Max, Lulu digs into Gram's mysterious past. But they soon realize some secrets should stay buried, and Lulu wonders if she ever knew Gram at all. It's up to Lulu to uncover the truth before the only person who truly sees her slips away.

How do our brains store—and then conjure up—past experiences to make us who we are? A twinge of sadness, a rush of love, a knot of loss, a whiff of regret. Memories have the power to move us, often when we least expect it, a sign of the complex neural process that continues in the background of our everyday lives. This process shapes us: filtering the world around us, informing our behavior and feeding

our imagination. Psychiatrist Veronica O'Keane has spent many years observing how memory and experience are interwoven. In this rich, fascinating exploration, she asks, among other things: Why can memories feel so real? How are our sensations and perceptions connected with them? Why is place so important in memory? Are there such things as "true" and "false" memories? And, above all, what happens when the process of memory is disrupted by mental illness? O'Keane uses the broken memories of psychosis to illuminate the integrated human brain, offering a new way of thinking about our own personal experiences. Drawing on poignant accounts that include her own experiences, as well as what we can learn from insights in literature and fairytales and the latest neuroscientific research. O'Keane reframes our understanding of the extraordinary puzzle that is the human brain and how it changes during its growth from birth to adolescence and old age. By elucidating this process, she exposes the way that the formation of memory in the brain is vital to the creation of our sense of self.

Daniel tells me that he's always loved me. That I feel the same. That I always have. Not just in this life, but in my last life, and all my lives before. But I don't remember him. He says he is always searching for me. Always hoping that one day I will remember. But it is only he that carries the memory of our love. I Page 7/28

know that finding true love is never easy. Perhaps you have fought for it. Perhaps, like Daniel, you have endured the pain of it being unrequited. But I hope your quest ends happily. I hope you never have to face the heartbreak that inevitably awaits us. This is our extraordinary, unforgettable story. Unleash the hidden power of your mind It's there in all of us. A mental resource we don't think much about. Memory. And now there's a way to master its power. . . . Through Harry Lorayne and Jerry Lucas's simple, fail-safe memory system, you can become more effective, more imaginative, and more powerful at work, at school, in sports, and at play. • Read with speed and greater understanding. • File phone numbers, data, figures, and appointments right in your head. • Send those birthday and anniversary cards on time. • Learn foreign words and phrases with ease. • Shine in the classroom and shorten study hours. • Dominate social situations: Remember and use important personal details. Begin today. The change in your life will be unforgettable

A sweeping drama about the madness of war and the power of love that marks acclaimed novelist Sebastian Faulks's return, after twenty years, to the fictional territory of his #1 international bestseller Birdsong London, 1980. Robert Hendricks, an established psychiatrist and author, has so bottled up memories of his own wartime past that he is

nearly sunk into a life of aloneness and depression. Out of the blue, a baffling letter arrives from one Dr. Alexander Pereira, a neurologist and a World War I veteran who claims to be an admirer of Robert's published work. The letter brings Robert to the older man's home on a rocky, secluded island off the south of France, and into tempests of memories--his childhood as a fatherless English boy, the carnage he witnessed and the wound he can't remember receiving as a young officer in World War II, and, above all, the great, devastating love of his life, an Italian woman, "L," whom he met during the war. As Robert's recollections pour forth, he's unsure whether they will lead to psychosis--or redemption. But Dr. Pereira knows. Profoundly affecting and masterfully told, Where My Heart Used to Beat sweeps through the 20th century, brilliantly interrogating the darkest corners of the human mind and bearing tender witness to the abiding strength of love.

Hunger of Memory is the story of Mexican-American Richard Rodriguez, who begins his schooling in Sacramento, California, knowing just 50 words of English, and concludes his university studies in the stately quiet of the reading room of the British Museum. Here is the poignant journey of a "minority student" who pays the cost of his social assimilation and academic success with a painful alienation — from his past, his parents, his culture — and so

describes the high price of "making it" in middleclass America. Provocative in its positions on affirmative action and bilingual education, Hunger of Memory is a powerful political statement, a profound study of the importance of language ... and the moving, intimate portrait of a boy struggling to become a man.

A searing look at the effects of post traumatic stress on soldiers and their families, seen through the eyes of teenage Hayley. Hayley is struggling to forget the past. But some memories run too deep, and soon the cracks start to show. Stunning, hard-hitting fiction from an award-winning writer.

Library Reads Voter Favorite \* In the vein of The Time Traveler's Wife and Life After Life. The Invisible Life of Addie LaRue is New York Times bestselling author V. E. Schwab's genre-defying tour de force. A Life No One Will Remember. A Story You Will Never Forget. France, 1714: in a moment of desperation, a young woman makes a Faustian bargain to live forever—and is cursed to be forgotten by everyone she meets. Thus begins the extraordinary life of Addie LaRue, and a dazzling adventure that will play out across centuries and continents, across history and art, as a young woman learns how far she will go to leave her mark on the world. But everything changes when, after nearly 300 years, Addie stumbles across a young man in a hidden bookstore and he remembers her name. They tell me that my memory will never be the same, that I'll start forgetting things. At first just a little, and then a lot. So I'm writing to remember. Sammie McCoy is a girl with a plan: graduate at the top of her class and get out of her small town as soon as possible. Nothing will stand in her way--not even the rare genetic disorder the doctors say will slowly steal her memories and then her health. So the memory book is born: a journal written to Sammie's future self, so she can remember everything from where

she stashed her study guides to just how great it feels to have a best friend again. It's where she'll record every perfect detail of her first date with longtime-crush Stuart, a gifted young writer home for the summer. And where she'll admit how much she's missed her childhood friend Cooper, and the ridiculous lengths he will go to make her laugh. The memory book will ensure Sammie never forgets the most important parts of her life--the people who have broken her heart, those who have mended it--and most of all, that if she's going to die, she's going to die living. This moving and remarkable novel introduces an inspiring character you're sure to remember, long after the last page. NEW YORK TIMES BESTSELLER • A fascinating exploration of the intricacies of how we remember, why we forget, and what we can do to protect our memories, from the Harvard-trained neuroscientist and bestselling author of Still Alice. "Using her expertise as a neuroscientist and her gifts as a storyteller, Lisa Genova explains the nuances of human memory"—Steven Pinker, Johnstone Professor of Psychology, Harvard University, author of How the Mind Works Have you ever felt a crushing wave of panic when you can't for the life of you remember the name of that actor in the movie you saw last week, or you walk into a room only to forget why you went there in the first place? If you're over forty, you're probably not laughing. You might

even be worried that these lapses in memory could be an early sign of Alzheimer's or dementia. In reality, for the vast majority of us, these examples of forgetting are completely normal. Why? Because while memory is amazing, it is far from perfect. Our brains aren't designed to remember every name we hear, plan we make, or day we experience. Just because your memory sometimes fails doesn't mean it's broken or succumbing to disease. Forgetting is actually part of being human. In Remember, neuroscientist and acclaimed novelist Lisa Genova delves into how memories are made and how we retrieve them. You'll learn whether forgotten memories are temporarily inaccessible or erased forever and why some memories are built to exist for only a few seconds (like a passcode) while others can last a lifetime (your wedding day). You'll come to appreciate the clear distinction between normal forgetting (where you parked your car) and forgetting due to Alzheimer's (that you own a car). And you'll see how memory is profoundly impacted by meaning, emotion, sleep, stress, and context. Once you understand the language of memory and how it functions, its incredible strengths and maddening weaknesses, its natural vulnerabilities and potential superpowers, you can both vastly improve your ability to remember and feel less rattled when you inevitably forget. You can set educated expectations for your memory, and in doing so, create a better

relationship with it. You don't have to fear it anymore. And that can be life-changing.

In this "powerful" (New York Times Book review) collection of personal essays and landmark speeches by "one of the great writers of our generation" (New Republic), Elie Wiesel weaves together reminiscences of his life before the Holocaust, his struggle to find meaning afterward, and the actions he has taken on behalf of others that have defined him as a leading advocate of humanity and have earned him the Nobel Peace Prize. Here, too, as a tribute to the dead and an exhortation to the living are landmark speeches, among them his powerful testimony at the Klaus Barbie trial, his impassioned plea to President Reagan not to visit a German S.S. cemetery, and the speech he gave in Oslo in acceptance of the Nobel Peace Prize, in which he voices his hope that "the memory of evil will serve as a shield against evil."

In the conclusion to the "Wheel of Time" series, all of humanity is in peril as Rand al'Thor moves forward to break the seals on the Dark One's prison and the Last Battle will determine the fate of the world.

Featured in the film Twenty Feet From Stardom, the woman whose voice the New York Times said "is as embedded in the history of rock 'n' roll as Eric Clapton's guitar and Bob Dylan's lyrics" tells her story Right out of high school, Darlene Love began singing lead vocals for legendary producer Phil Spector, cutting such classic hits as the number one "He's a Rebel," "Da Doo Ron Ron," and "He's Sure the Boy I Love." As part of the girl group the Blossoms, she held a regular spot on television's Shindig!, and with Bob B. Soxx & the Blue Jeans she toured the country. Later, she sang backup—and collected numerous scintillating backstage stories—with, among others, Dionne Warwick, the Mamas and the Papas, and Sonny and Cher. Now in My Name Is Love, Darlene is ready to tell her tales about Elvis coming on to her backstage during his famous '68 Comeback Special, about wild parties she witnessed at Tom Jones's house, and about her love affair with Bill Medley of the Righteous Brothers. She also recalls how she found herself cleaning houses in Beverly Hills, heard herself on the radio, and vowed to make a comeback. That comeback has included roles in all of the Lethal Weapon movies, starring roles on Broadway, and headlining concert appearances worldwide. A dishy, behindthe-scenes showbiz memoir, My Name Is Love is also the inspiring story of a woman who refused to give up. "A fascinating epic tale."—The New York Post An Afghan American woman returns to Kabul to learn the truth about her family and the tragedy that destroyed their lives in this brilliant and compelling novel from the bestselling author of The Pearl That Broke Its Shell, The House Without Windows, and When the Moon Is Low. Kabul, 1978: The daughter of a prominent family, Sitara Zamani lives a

privileged life in Afghanistan's thriving cosmopolitan capital. The 1970s are a time of remarkable promise under the leadership of people like Sardar Daoud, Afghanistan's progressive president, and Sitara's beloved father, his right-hand man. But the ten-yearold Sitara's world is shattered when communists stage a coup, assassinating the president and Sitara's entire family. Only she survives. Smuggled out of the palace by a guard named Shair, Sitara finds her way to the home of a female American diplomat, who adopts her and raises her in America. In her new country, Sitara takes on a new name—Aryana Shepherd—and throws herself into her studies, eventually becoming a renowned surgeon. A survivor, Aryana has refused to look back, choosing instead to bury the trauma and devastating loss she endured. New York, 2008: Forty years after that fatal night in Kabul, Aryana's world is rocked again when an elderly patient appears in her examination room—a man she never expected to see again. It is Shair, the soldier who saved her, yet may have murdered her entire family. Seeing him awakens Aryana's fury and desire for answers—and, perhaps, revenge. Realizing that she cannot go on without finding the truth, Aryana embarks on a quest that takes her back to Kabul—a battleground between the corrupt government and the fundamentalist Taliban—and through shadowy memories of the world she loved and lost. Bold, illuminating, heartbreaking, Page 21/28

yet hopeful, Sparks Like Stars is a story of home—of America and Afghanistan, tragedy and survival, reinvention and remembrance, told in Nadia Hashimi's singular voice.

Zimbabwe, after being sentenced for murder. As part of her appeal, her lawyer insists that she write down what happened as she remembers it. The death penalty is a mandatory sentence for murder, and Memory is, both literally and metaphorically, writing for her life. As her story unfolds, Memory reveals that she has been tried and convicted for the murder of Lloyd Hendricks, her adopted father. But who was Lloyd Hendricks? Why does Memory feel no remorse for his death? And did everything happen exactly as she remembers? Moving between the townships of the poor and the suburbs of the rich, and between past and present, the 2009 Guardian First Book Award—winning writer Petina Gappah weaves a compelling tale of love, obsession, the relentlessness of fate, and the treachery of memory. You can pay a terrible price for keeping a promise... Evelyn Taylor-Clarke sits in her chair at Forest Lawns Care Home in the heart of the English countryside, surrounded by residents with minds not as sharp as hers. It would be easy to dismiss Evelyn as a muddled old woman, but her lipstick is applied perfectly, and her buttons done up correctly. Because Evelyn is a woman with secrets and Evelyn remembers everything. She can never forget the promise she made to the love of her life, to discover the truth about the mission that led to his death, no matter what it cost her... When Evelyn's niece Pat opens an old biscuit tin to find a photo of a small girl Page 23/28

with a red ball entitled 'Liese, 1951' and a passport in another name, she has some questions for her aunt. And Evelyn is transported back to a place in Germany known as 'The Forbidden Village,' where a woman who called herself Eva went where no one else dared, amongst shivering prisoners, to find the man who gambled with her husband's life... A gripping, haunting and compelling read about love, courage and betrayal set in the war-battered landscape of Germany. Fans of The Letter, The Alice Network and The Nightingale will be hooked. Readers are hooked on My Name is Eva: 'Could not put this book down, and heaven help anyone that tried to disturb my reading !... I absolutely loved this book !... I laughed, I cried, I cheered, I sympathized all because of Evelyn...I could so picture the setting and as Evelyn sets out to fool everyone, I thought you go girl !!...I don't want to say anything else but what a fantastic read... I can't recommend this book enough!!' Goodreads Reviewer, 5 stars 'What a magnificent read! Eva is amazing. One of the best characters in a book EVER! What a fantastic. beautiful, heart-wrenching tale, incredibly told. I absolutely loved every single page. I sat for the last 20% of the book in tears, sad but happy tears. An absolutely beautiful book.' Kim the Bookworm, 5 stars 'A poignant and evocative story of love, betrayal and bravery that kept me page turning and completely engrossed from start to finish. Loved it Page 24/28

and would definitely recommend.' NetGalley Reviewer, 5 stars 'A phenomenal story of courage, love, murder and all the atrocities that go with war. Eva is an extraordinary character, strong, loyal, smart, funny, loving, and brave. A phenomenal read!!' Goodreads Reviewer, 5 stars 'This may be my new favorite book!!!! I absolutely love the premise of the heroine faking dementia in her retirement home to cover up her knowledge of (and possible involvement in) questionable activities centering around WWII events. The tempo of this novel was perfect--kept me wondering until the very last page!' Goodreads Reviewer, 5 stars 'Absolutely loved this book and its riveting plot!... The author has successfully penned a debut novel that I would highly recommend without any hesitation. An excellent debut novel from Suzanne Goldring and I look forward to reading more of her work. Historical fiction is my favourite genre to read and this book was every bit as good as some of the well-known WW2-themed titles published in recent years.' Goodreads Reviewer, 5 stars 'This book was excellent! Totally kept my attention and I wanted to find out what would become of the main characters. Highly recommended.' Goodreads Reviewer, 5 stars 'Everything about this book is amazing. I love the main character Eva, the way the author integrates the past with the present, and the emotional plot that kept me hooked from the beginning to the end. I've

read over 30 historical fiction novels in the past year and this one is definitely in my top 10.' Netgalley Reviewer, 5 stars 'My Name is Eva is laugh out loud funny, sad in parts and had me glued to the pages... Wham!... I did not see "that" coming. Oh, the secrets Evelyn has!!!' Goodreads Reviewer, 5 stars 'This book is haunting and moving and told in a way that had me engaged in the story from the start. Recommended!' The Princess and the Pen. 5 stars 'This book had me hooked from the start....and because my grandparents are currently in assistedliving facilities, Evelyn's time in her assisted-living resonated with my heart. I loved her sassy, snarky personality and being privileged to see the inner workings of her mind. And I loved the love letters between she and her husband during WWII. I am excited to read all of Goldring's works! This is the first book of hers I've read, and it won't be the last!' The Book Distiller, 5 stars 'This novel had me hooked from the very first page! I always enjoy delving into historical fiction novels and My Name is Eva is the perfect example of why! This riveting book time hops between the 1940's, 1980's and present day (2016) to tell the tale of Evelyn Taylor-Clarke's life. Suzanne Goldring does a fantastic job with the pacing of this novel, I sometimes find historical fictions can get a little dry, but there wasn't any parts that I felt lagged—love that! The storyline was incredibly moving and depth filled! Evelyn is a  $_{Page\ 26/28}$ 

character that will definitely stay with me!' Steph and Chris's Book Review. 5 stars It's always a risk to play with memories, when you can't help but sink into a sea of others' wishes, hopes, and dreams ... but if losing myself means saving my mother, isn't it worth it? In the city of Craewick, memories reign. The power-obsessed ruler of the city, Madame, has cultivated a society in which memories are currency, citizens are divided by ability, and Gifted individuals can take memories from others through touch as they please. Seventeen-year-old Etta Lark is desperate to live outside of the corrupt culture, but she grapples with the guilt of an accident that has left her mother bedridden in the city's asylum. When Madame threatens to put her mother up for auction, a Craewick practice in which a "criminal's" memories are sold to the highest bidder before being killed, Etta will do whatever it takes to save her. Even if it means rejoining the Shadows, the rebel group she swore off in the wake of the accident years earlier. To rescue her mother, Etta must prove her allegiance to the Shadows by stealing a memorized map of the Maze, a formidable prison created by the bloodthirsty ruler of a neighboring Realm. Etta faces startling attacks, unexpected romance, and above all, her own past as she uncovers a conspiracy that challenges everything she knew about herself and the world around her. In a place where nothing is

what it seems, can Etta ever become more than a memory thief? The Memory Thief: Is perfect for fans of Leigh Bardugo and Victoria Aveyard Brings readers on an unforgettable journey during which Etta must learn—often the hard way—just what it will take to save her city and her mother Is a clean, coming of age YA fantasy by up-and-coming author Lauren Mansy
