"I should probably mention something right now before this story goes any further: my name is Theodora Grumman, and I am a liar." It's hard for Thea to write four truths a day in the notebook her mother gave her for the summer. Especially when her grandparents' house on the Jersey Shore is even more packed with family than usual, and her cousin Jocelyn won't leave her alone. Jocelyn just might be the world's neatest and nosiest seven-year-old, and she wants to know what's in Thea's notebook. But Thea won't tell anyone about the secret she has promised to keep--or how she lost her best friend (Truth #12), whose name was Gwen. Now Thea has to babysit in the afternoons, and all Jocelyn wants to do is spy on people. Neither of them expect to see Aunt Ellen and Aunt Celia at the boardwalk in the middle of the day, or for their aunts to lie and insist they were at work. Could it be Thea's not the only one in the family keeping secrets this summer?

Fiction. Translated from the Italian by William Weaver. Luigi Pirandello's extraordinary final novel begins when Vitangelo Moscarda's wife remarks that Vitangelo's nose tilts to the right. This commonplace interaction spurs the novel's unemployed, wealthy narrator to examine himself, the way he perceives others, and the ways that others perceive him. At first he only notices small differences in how he sees himself and how others do; but his self-examination quickly becomes relentless, dizzying, leading to often darkly comic results as Vitangelo decides that he must demolish that version of himself that others see. Pirandello said of his 1926 novel that it "deals with the disintegration of the personality. It arrives at the most extreme conclusions, the farthest consequences." Indeed, its unnerving humor and existential dissection of modern identity find counterparts in Samuel Beckett's Molloy trilogy and the works of Thomas Bernhard and Vladimir Nabokov.

"At once a film book, a history book, and a civil rights book ... without a doubt, not only the very best film book ... but it is also one of the best books of the year in any genre. An absolutely essential read." —Shondaland This unprecedented history of Black cinema examines 100 years of Black movies—from *Gone with the Wind* to Blaxploitation films to *Black Panther*—using the struggles and triumphs of the artists, and the films themselves, as a prism to explore Black culture, civil rights, and racism in America. From the acclaimed author of *The Butler* and *Showdown*. Beginning in 1915 with D. W. Griffith's *The Birth of a Nation*—which glorified the Ku Klux Klan and became Hollywood's first blockbuster—Wil Haygood gives us an incisive, fascinating, little-known history, spanning more than a century, of Black artists in the film business, on-screen and behind the scenes. He makes clear the effects of changing social realities and events on the business of making movies and on what was represented on the screen: from Jim Crow and segregation to white flight and interracial relationships, from the assassination of Malcolm X, to the O. J. Simpson trial, to the Black Lives Matter movement. He considers the films themselves—including *Imitation of Life*, *Gone with the Wind*, *Porgy and Bess*, the Blaxploitation films of the seventies, *Do the Right Thing*, *12 Years a Slave*, and *Black Panther*. And he brings to new light the careers and significance of a wide range of historic and contemporary figures: Hattie McDaniel, Sidney Poitier, Berry Gordy, Alex Haley, Spike Lee, Billy Dee Williams, Richard Pryor, Halle Berry, Ava DuVernay, and Jordan Peele, among many others. An important, timely book, *Colorization* gives us both an unprecedented history of Black cinema and a groundbreaking perspective on racism in modern America.

Recommends books on Jewish thought, beliefs, values, customs, humor, philosophy, and history, as well as anti-Semitism, the Holocaust, Israel, and general fiction

Eleanor Estes's *The Hundred Dresses* won a Newbery Honor in 1945 and has never been out of print since. Wanda claims she has one hundred dresses at home, but everyone knows she doesn't and bullies her mercilessly. The class feels terrible when Wanda is pulled out of the school, but by that time it's too late for apologies. Maddie, one of Wanda's classmates, ultimately decides that she is "never going to stand by and say nothing again."

A collection of 100 postcards, each featuring a different and iconic Penguin book jacket. From classics to crime, here are over seventy years of quintessentially British design in one box. In 1935 Allen Lane stood on a platform at Exeter railway station, looking for a good book for the journey to London. His disappointment at the poor range of paperbacks on offer led him to found Penguin Books. The quality paperback had arrived. Declaring that 'good design is no more expensive than bad', Lane was adamant that his Penguin paperbacks should cost no more than a packet of cigarettes, but that they should always look distinctive. Ever since then, from their original - now world-famous - look featuring three bold horizontal stripes, through many different stylish, inventive and iconic cover designs, Penguin's paperback jackets have been a constantly evolving part of Britain's culture. And whether they're for classics, crime, reference or prize-winning novels, they still follow Allen Lane's original design mantra. Sometimes, you definitely should judge a book by its cover.

One of the 20th century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

Dodie Smith's classic tale adapted into a playful and stylish new picture book *Dalmatians Pongo and Missis* live in London with their beloved owners. When Missis finds out she's going to have puppies, they're all thrilled! But, Missis doesn't just have one puppy . . . or two . . . or three . . . she has fifteen! When the puppies go missing, Pongo and Missis know that there's only one woman who can be behind the dognapping: the notorious Cruella de Vil. They strike out across the city and—with a little help from the street dogs of London—rescue their pups and many, many more from a terrible fate.

"A beautiful debut, funny, tender, and animated by a willingness to confront life's obstacles and find a way to survive. . . . It celebrates friendship, finds meaning in difficulty and lets the reader explore dark places while always allowing for the possibility of light. Lenni and Margot are fine companions for all our springtime journeys."—Harper's Bazaar, UK

A charming, fiercely alive and disarmingly funny debut novel in the vein of John Green, Rachel Joyce, and Jojo Moyes—a brave testament to the power of living each day to the fullest, a tribute to the stories that we live, and a reminder of our unlimited capacity for friendship and love. An extraordinary friendship. A lifetime of stories. Seventeen-year-old Lenni Pettersson lives on the Terminal Ward at the Glasgow Princess Royal Hospital. Though the teenager has been told she's dying, she still has plenty of living to do. Joining the hospital's arts and crafts class, she meets the magnificent Margot, an 83-year-old, purple-pajama-wearing, fruitcake-eating rebel, who transforms Lenni in ways she never imagined. As their friendship blooms, a world of stories opens for these unlikely companions who, between them, have been alive for one hundred years. Though their days are dwindling, both are determined to leave their mark on the world. With the help of Lenni's doting palliative care nurse and Father Arthur, the hospital's patient chaplain, Lenni and

Margot devise a plan to create one hundred paintings showcasing the stories of the century they have lived—stories of love and loss, of courage and kindness, of unexpected tenderness and pure joy. Though the end is near, life isn't quite done with these unforgettable women just yet. Delightfully funny and bittersweet, heartbreaking yet ultimately uplifting, *The One Hundred Years of Lenni and Margot* reminds us of the preciousness of life as it considers the legacy we choose to leave, how we influence the lives of others even after we're gone, and the wonder of a friendship that transcends time.

It seems like all of the good counting books stop at ten, or maybe one hundred, or if you're lucky, one thousand . . . but once you cross the quadruple-digit mark, there really aren't any good counting books available. "Zero, One, Two . . . One Hundred Thousand!" takes the next step and gets you all the way up to six digits, with each number presented clearly and sequentially.

Known to us only through North African manuscripts, and translated into English for the first time, A Hundred and One Nights is a marvelous example of the rich tradition of popular Arabic storytelling. Like its more famous sibling, the Thousand and One Nights, this collection opens with the frame story of Shahrazad, the gifted vizier's daughter who recounts imaginative tales night after night in an effort to distract the murderous king from taking her life. A Hundred and One Nights features an almost entirely different set of stories, however, each one more thrilling, amusing, and disturbing than the last. In them, we encounter tales of epic warriors, buried treasures, disappearing brides, cannibal demon women, fatal shipwrecks, and clever ruses, where human strength and ingenuity play out against a backdrop of inexorable, inscrutable fate. Although these tales draw on motifs and story elements that circulated across cultures, A Hundred and One Nights is distinctly rooted in Arabic literary culture and the Islamic tradition. It is also likely much older than Thousand and One Nights, drawing on Indian and Chinese antecedents. This careful edition and vibrant translation of A Hundred and One Nights promises to transport readers, new and veteran alike, into its fantastical realms of magic and wonder.

It could be their second chance at life...or it could be a suicide mission. CLARKE was arrested for treason, though she's haunted by the memory of what she really did. WELLS, the chancellor's son, came to Earth for the girl he loves -- but will she ever forgive him? Reckless BELLAMY fought his way onto the transport pod to protect his sister, the other half of the only pair of siblings in the universe. And GLASS managed to escape back onto the ship, only to find that life there is just as dangerous as she feared it would be on Earth. Confronted with a savage land and haunted by secrets from their pasts, the hundred must fight to survive. They were never meant to be heroes, but they may be mankind's last hope.

The story of a foundational aspect of publishing, from Gutenberg's press to today's digital type. It's common knowledge that the name Gutenberg and the words "moveable type" go together. What's far less known is that Garamond, Baskerville, and Bodoni aren't just font options in a word processing dropdown menu, but the names of some of the real punchcutters and type designers who raised the essential work of typography to the level of art. ? One Hundred Books Famous in Typography, the latest entry in the Grolier Club's prestigious Grolier Hundred series, is the story of art and technology working in harmony with each other, all the way from Johannes Gutenberg's ingenious development of a system for reproducing texts through the introduction of newer technologies like hot-metal line casting, phototype, and digital type. Featuring scholarly yet accessible context for the works discussed and their typographical significance, and illustrated with more than two hundred images, Jerry Kelly's book is the most comprehensive exploration yet of this essential facet of bookmaking and publishing.
