F1 builds on knowledge from paper C2 and introduces tax at a very basic level; it is not based on any tax regime. Financial reporting is a major part of the syllabus, both single company and group accounts are examined in the two '25-mark' questions in section C. New financial reporting topics introduced at this level are: group accounts; construction contracts; financial instruments; and leases. It has four main sections: The principles of business taxation The principles of regulation of financial reporting Preparation of financial statements which conform with IFRS Consolidated financial statements The study text concentrates on the key areas of the syllabus, taking into account the way in which topics are examined. The text has a step-by-step approach to producing financial statements and lots of exercises in which you can practice the workings. We guide you through the more problematic topics which can be brought into the preparation of single company and group financial statements, and give you plenty of examples.

The purpose of cost and management accounting is to provide managers with information which helps them to control, plan and make decisions. The second edition of this popular book, covers the principles and techniques of this subject area including the basic methods and procedures. It will prove invaluable to students on a wide range of business and professional courses.

A Core Study Text for the CIMA New Syllabus.

CIMA offers a business qualification with a finance focus, aiming to produce members with accounting prowess who are skilled in strategic decision-making. 98% of its members work in business, the highest proportion of any worldwide accountancy body. Paper E3 'Enterprise Strategy' is a wide-ranging exam that includes aspects of strategic analysis, choice and implementation. To pass, candidates need both technical knowledge and the ability to apply their knowledge to specific scenarios. The syllabus is split into four areas: \* Interacting with the Competitive Environment (20%) \* Change Management (20%) \* Evaluation of Strategic Options (30%) \* Implementation of Strategic Plans (30%) The first section explores the impact and influence of an organisation's environment on its strategy. An organisation needs to take account of its environmental context as well as its own internal capabilities when assessing the strategic options available to it. Having identified these options, it then has to evaluate them to decide which is the most appropriate to pursue. The E3 syllabus recognises that implementing strategic plans involves managing change, and 20% of the syllabus is now devoted to issues involved in managing the change process. Change Management has not previously been examined at Strategic Level in the CIMA exams. The final section of the syllabus looks at the ways organisations control and measure the performance of the strategies they have implemented. The E3 Study Text provides you with comprehensive coverage of the principles of business strategy and how they can be applied to design and implement enterprise strategies. The Text also offers a range of short case studies which illustrate how business strategy ideas are applied in the real world. In the E3 exam, your ability to apply knowledge to a scenario is as important as pure knowledge, but it is still crucial to have a sound understanding of the key terms and ideas. The 'key terms' feature in the text will help you identify these key terms, while the 'section summaries' provide a convenient overview of each section of the text.

BPP Learning Media provides comprehensive materials that highlight the areas to focus on for your exams and complement the syllabus to increase your understanding

CIMA C1 - Fundamentals of Management Accounting: Paper C1, Fundamentals of management accounting, introduces the knowledge and skills needed in the application of management accounting. Students will need to have knowledge of management accounting techniques and have an understanding of when and when not to use them. C1 is examined via a computer-based assessment containing fifty objective test questions. The syllabus has five sections: \* Cost determination \* Cost behavior and breakeven analysis \* Standard costing \* Costing and accounting systems \* Financial planning and control The C1 Study Text contains all you need to know for C1, featuring step-by-step guides to management accounting techniques such as process costing, which many students find tricky. All areas of the syllabus are explained fully and no prior knowledge is assumed. Key terms are identified throughout as grasping terminology is vital for both C1 and for future studies.

BPP Learning Media's Study Text for TOPCIMA will help you pass CIMA's Test of Professional Competence in Management Accounting case study exam. In preparing the Text we have taken note of past papers, questions put to the

examiners, the assessment methodology and previous case study exams. The key to the case is to prepare and to practise. Prepare by working through this Study Text before CIMA issues the pre-seen data. Later, practise with the BPP Learning Media TOPCIMA Toolkit that is written around the real pre-seen data. The Toolkit contains analyses and exercises to get you thinking, as well as a number of 'mock' unseens to get you ready for the real thing

The Enterprise Management Practice & Revision Kit allows you to apply your knowledge by putting theory in to practice. This is especially important for the E2 assessment because it is an integrated paper. Practicing exam standard questions will help you draw different areas of knowledge together. Two full mock exams allow you to apply your knowledge to both section A questions and longer section B questions. Through practice, you are equipped with the best techniques to face the exam and earn the maximum number of marks
