In this compelling psychological thriller, the battered corpses of three young students are found between Tower Bridge, Borough Market and the Shakespeare Globe Theater, warning a London already struggling with fear of terrorist attacks. The investigation is entrusted to the promising Italian-British detective of Scotland Yard, Sonny D'Amato, who must stop the serial killer before the list of the dead gets longer. The clues lead to investigating old cases of child abuse that may have triggered a weak, suffering mind. Sonny D'Amato will most likely get the promotion that he feels deserving, but without being able to rejoice. In fact, his soul will be hostage to the pain that extends plentifully from this sad and infamous inquiry that will make him lose sight of the difference between the victim and the executioner. Because, as Alexander Solgenitsin wrote, "the line separating good from evil crosses the heart of everyone".

17-year-old Sascha Naimann lives in Berlin's Russian ghetto with her two younger siblings and, until recently, her mother. She is precocious, independent, street-wise, and, since her stepfather murdered her mother several months ago, an orphan. Unlike most of her companions, she doesn't dream of escaping from the tough housing project where they live. Sascha's dreams are different: she longs to write a novel about her beautiful but nave mother and kill her stepfather. Sacha's story, candid and self confident, relates her struggle.

Just like any other mother, Samantha Bushell adores her two little girls. After an unhappy childhood and tormented by her memories of abuse and neglect, Samantha's life takes a downward spiral. With poor coping mechanisms and no-one to support her, alcohol becomes her only friend – and greatest enemy.

In the next 72 hours, Kenna may lose everything—her friends, her freedom, and maybe even herself. One kiss of the blade was all it took to get her sent to the psych ward for 72 hours. There she will face her addiction to cutting, though the outcome is far from certain. When fifteen-year-old Kenna is found cutting herself in the school bathroom, she is sent to a facility for a mandatory psychiatric watch. There Kenna meets other kids like her—her roommate, Donya, who's there for her fifth time; the birdlike Skylar; and Jag, a boy cute enough to make her forget her problems . . . for a moment. Madeleine Kuderick's gripping debut is a darkly beautiful and lyrical novel in verse, perfect for fans of Sonya Sones and Laurie Halse Anderson. Kiss of Broken Glass pulses with emotion and lingers long after the last page. Supports the Common Core State Standards

In the late summer and early autumn of 1938, ten-year-old Ruth Block, along with her father, mother and best friend, Miriam, must navigate the increasing pressure placed on the Jewish population in Frankfurt, Germany. Ruth grows more worried by the day. Her father's stationery store is shut down; she and Miriam are mocked in the street; their school is closed. Then one night in November, the family's flat is broken into. Ruth's father is dragged into the square and arrested, along with hundreds of other Jewish men. Ruth, her family, her friends and her community struggle to survive the fiery night and the terrifying, uncertain future ahead of them. Featuring non-fiction support material, a glossary and reader response questions, this story takes readers to Kristallnacht, the Night of Broken Glass, one of history's most important moments.

From the survivor of ten Nazi concentration camps who went on to create the New England Holocaust Memorial, a "devastating...inspirational" memoir (The Today Show) about finding strength in the face of despair. On August 14, 2017, two days after a white-supremacist activist rammed his car into a group of anti-Fascist protestors, killing one and injuring nineteen, the New England Holocaust Memorial was vandalized for the second time in as many months. At the base of one of its fifty-four-foot glass towers lay a pile of shards. For Steve Ross, the image called to mind Kristallnacht, the Night of Broken Glass in which German authorities ransacked Jewish-owned buildings with sledgehammers. Ross was eight years old when the Nazis invaded his Polish village, forcing his family to flee. He spent his next six years in a day-to-day struggle to survive the notorious camps in which he was imprisoned, Auschwitz-Birkenau and Dachau among them. When he was finally liberated, he no longer knew how old he was, he was literally starving to death, and everyone in his family except for his brother had been killed. Ross learned in his darkest experiences--by observing and enduring inconceivable cruelty as well as by receiving compassion from caring fellow prisoners--the human capacity to rise above even the bleakest circumstances. He decided to devote himself to underprivileged youth, aiming to ensure that despite the obstacles in their lives they would never experience suffering like he had. Over the course of a nearly forty-year career as a psychologist working in the Boston city schools, that was exactly what he did. At the end of his career, he spearheaded the creation of the New England Holocaust Memorial, a site millions of people including young students visit every year. Equal parts heartrending, brutal, and inspiring, *From Broken Glass* is the story of how one man survived the unimaginable and helped lead a new generation to forge a more compassionate world.

A powerfully written novel offering an intimate look at a beautiful marriage and how bipolar disorder and cancer affect it, *Dancing on Broken Glass* by Ka Hancock perfectly illustrates the enduring power of love. Lucy Houston and Mickey

Chandler probably shouldn't have fallen in love, let alone gotten married. They're both plagued with faulty genes—he has bipolar disorder, and she has a ravaging family history of breast cancer. But when their paths cross on the night of Lucy's twenty-first birthday, sparks fly, and there's no denying their chemistry. Cautious every step of the way, they are determined to make their relationship work—and they put it all in writing. Mickey promises to take his medication. Lucy promises not to blame him for what is beyond his control. He promises honesty. She promises patience. Like any marriage, they have good days and bad days—and some very bad days. In dealing with their unique challenges, they make the heartbreaking decision not to have children. But when Lucy shows up for a routine physical just shy of their eleventh anniversary, she gets an impossible surprise that changes everything. Everything. Suddenly, all their rules are thrown out the window, and the two of them must redefine what love really is. An unvarnished portrait of a marriage that is both ordinary and extraordinary, *Dancing on Broken Glass* takes readers on an unforgettable journey of the heart. An irreverent, allusive, scatological, tragicomic masterpiece that centers on the patrons of a run-down bar as they try to document the details of their lives in a country that appears to have forgotten the importance of remembering. In Republic of the Congo, in the town of Trois-Cents, in a bar called Credit Gone West, a former schoolteacher known as Broken Glass drinks red wine and records the stories of the bar and its regulars for posterity: Stubborn Snail, the owner, who must battle church people, ex-alcoholics, tribal leaders, and thugs set on destroying him and his business; the Printer, who had his respectable life in France ruined by a white woman, his wife; Robinette, who could outdrink and outpiss any man; and Broken Glass himself, whose own tale involves as much heartbreak, squalor, disappointment, and delusion. But Broken Glass fails spectacularly at staying out of trouble as one denizen after another wants to rewrite history in an attempt at making sure his portrayal will properly reflect their exciting and dynamic lives. Despondent over this apparent triumph of self-delusion over self-awareness, Broken Glass drowns his sorrows and riffs on the great books of Africa and the West. Brimming with life, death, and literary allusions, *Broken Glass* is Mabanckou's finest novel--a mocking satire of

the dangers of artistic integrity.

Reproduction of the original: Wives and Widows; or the Broken Life by Ann S. Stephens

The phone rings. The door slams. Suddenly, a tragedy that happens to “other people” happened to me. One minute of time – sixty seconds that I will play over and over in my mind for the rest of my life – one minute. The kaleidoscope of my life, which spun in beautiful tempo to cereal bowls, toy trucks, soccer balls, and practice schedules began spinning way too fast. Doors slamming and lights from emergency vehicles flashing. Why can't I breathe? I'm the mom; I can fix anything. Why can't mommy fix this? I want my life back. I don't want to hear that Bobby is in a “better place.” I don't want to hear that time will heal me. I don't want my kitchen counters covered with casseroles. I don't want to smile at the endless line of people awkwardly walking toward me saying phrases printed on sympathy cards, although I appreciate their support. I was a stranger in my own life. I was simply breathing in and out to the rhythm of what others needed from me. When I was unable to clear the fog that became my reality, my FAITH carried me. I decided that although my son was gone from this world, he would not be gone in spirit. Slowly, I noticed a new version of myself starting to appear. It was then that I decided to reconstruct my life after unspeakable loss.

The Simple Power of a Broken Life serves to bring meaning to and ultimately healing from the suffering and pain that accompanies the broken seasons of our lives. Drawing upon the brokenness of seven individuals from the Scriptures and their respective pain, a picture of hope and usefulness emerges that serves to begin to make sense of the mysteries, betrayals, rejections, heartaches, and disappointments that we all eventually come into contact with in one form or another. Not only do we each matter to God, but our brokenness actually sets us apart as being more likely to be used to impact other lives. Being fully convinced that God uses broken things, we find that our brokenness is the starting point in a deeper, more intimate experience with God. Broken lives may experience a beautiful and simple power in the midst of their pain and suffering that the Father can use as a rich blessing for other wounded souls. My strong desire is that the purpose of your pain and the healing of your heart will lead you into deeper waters of God's grace than you have ever known before and that multitudes of people will be helped on their journey because of your brokenness. Here's to believing that the simple power of your broken life will gloriously transform both you and all the lives God wants to touch through you!

The story of a father's relationship with his daughter and her struggles with mental illness.

This book is about finding the beauty in that which is painful. It is poetry as a method for healing old wounds and expressing what cannot be said out loud. The poems explore the feeling of isolation that comes from living in a society that does not understand, and the helpless stagnation of a life without direction. It is divided into four sections: life, pain, love, and veganism. Life is mostly about self-reflection and the frustration of uncertainty. The second section is about pain, both physical and emotional, the effects it has, and the methods of dealing with it. The third section covers love in all its many forms and the role it plays in romantic relationships, families, friendships, and in one's own mind. Veganism looks at humanity's abuse of animals and the planet and the sense of desperation that comes from feeling like the only one who sees it.

7 Questions about this book. 1. When did I write *Watch Your Step! Barefoot in a Broken-Glass World*? I began this project in 2010 when my oldest son was being deployed as an infantryman in the U.S. Army to Afghanistan. This was a difficult time for me, I knew my son was strong and capable, however, the question that kept coming back to me was, "is he really ready for this?" 2. What was your inspiration? With my son in the middle of combat, I kept asking myself was he ready? Was his training sufficient to meet the threats he would certainly face? The greatest danger to soldiers is I.E.D.'s (improvised explosive devices), thus the name, "Watch Your Step!" With this on my mind, I was studying the book of Proverbs with an expert on the original languages when I discovered that the word for wisdom in the original Hebrew "hockmah" defined as- "skill of technical work, craftsmanship, execution of battle tactics." The last part of the definition caught me by surprise. Although my son's deployment was the inspiration, the book is not about that, it is about our own battle tactics against the lure of an evil and fallen world. 3. What is the book about? The book is written to follow the Proverbs written by Solomon, the wisest man who ever lived. He wrote it as a warning from a father to his now grown children as they journeyed out on their own into the world. We are born with two powerful enemies—our own sinful natures and Satan—and it is our task to shun these enemies by learning how to identify and avoid the traps of life. 4. How can it help others? This book is written to share with my audience some of the traps I have identified through my own life experiences and to teach techniques for identifying and combating the pitfalls of life. 5. What does the book promote? Making decisions based on the unchanging truth of God's Word. 6. What is it against? Ruining ones' life, by making uninformed and foolish choices based on feelings, peer pressure and our own sinful natures. 7. What is your hope for this

project? First; that those who read it will recognize the areas in their lives they need to bring into alignment with the will of God. Secondly; by gaining biblical wisdom, they will avoid much self-inflicted pain and have greater success in their lives. Thirdly, they will learn to value their life and make the most of the time God has given them on this side of eternity. The true story of the intimate relationship that gave birth to the Farnsworth House, a masterpiece of twentieth-century architecture—and disintegrated into a bitter feud over love, money, gender, and the very nature of art. “An intimate portrait . . . alive with architectural intrigue.”—Architect Magazine In 1945, Edith Farnsworth asked the German architect Mies van der Rohe, already renowned for his avant-garde buildings, to design a weekend home for her outside of Chicago. Edith was a woman ahead of her time—unmarried, she was a distinguished medical researcher, as well as an accomplished violinist, translator, and poet. The two quickly began spending weekends together, talking philosophy, Catholic mysticism, and, of course, architecture over wine-soaked picnic lunches. Their personal and professional collaboration would produce the Farnsworth House, one of the most important works of architecture of all time, a blindingly original structure made up almost entirely of glass and steel. But the minimalist marvel, built in 1951, was plagued by cost overruns and a sudden chilling of the two friends’ mutual affection. Though the building became world famous, Edith found it impossible to live in, because of its constant leaks, flooding, and complete lack of privacy. Alienated and aggrieved, she lent her name to a public campaign against Mies, cheered on by Frank Lloyd Wright. Mies, in turn, sued her for unpaid monies. The ensuing lengthy trial heard evidence of purported incompetence by an acclaimed architect, and allegations of psychological cruelty and emotional trauma. A commercial dispute litigated in a rural Illinois courthouse became a trial of modernist art and architecture itself. Interweaving personal drama and cultural history, Alex Beam presents a stylish, enthralling narrative tapestry, illuminating the fascinating history behind one of the twentieth century’s most beautiful and significant architectural projects.

Out of Broken Glass is the true story of a young German Jewish boy who endures and overcomes Nazi terror and hardship and finds himself a lonely refugee among strangers in wartime England. Orphaned by the Holocaust, he comes to America where he serves in the U.S military and then converts an eight grade education into two college degrees and a successful professional career. He creates his own family, leads a colorful life that features extraordinary experiences and challenges to his past and to his faith and values. This is the uplifting memoir of Sel Hubert whose tranquil village life in Cronheim is shattered by the Nazis when, as a ten-year old, he is assaulted by his classmates and forced out of his school. Sent to live with strangers in Nrnberg, he becomes immersed in an Orthodox lifestyle and attends the Jewish school where he thrives scholastically. Caught up in the frenzy of a huge Nazi political rally, Sel maneuvers himself to look into the steely eyes of Adolf Hitler but escapes unhurt. No longer able to work and pay for Sels lodging, his father has to bring him home, only to live through the terror of Kristallnacht when the Nazis invade and trash their house and arrest his father who is sent to the notorious Dachau concentration camp. Devastated by that ordeal, Sel and his mother plead with the U.S. consulate for his fathers release and for permission to emigrate to the U.S. but are turned away. Expelled from their village, the family finds refuge with relatives in Augsburg, living in constant fear of further terror and arrest while trying desperately to flee Germany by any legal means. Suddenly, an offer comes to send just one child to safety in England on the Kindertransport. The Huberts face a cruel choice: which of their two children should they save -- thirteen year-old Sel or his older sister Emma? After a gut-wrenching family discussion, she is chosen in the hope that she can better help to secure a subsequent Kindertransport escape for him, which fortunately happens three months later. Sel bids an emotional farewell to his distraught mother and then travels with his father to the Munich railway station platform where he and hundreds of children say tearful good-bys before boarding a special train that takes them away from their parents, forever for most. He embarks on the terrifying lonely journey to freedom, not knowing where or with whom he will live and is taken in by a Jewish family King in London who makes him feel safe and welcome and restores his broken spirits. He develops close relationships with them and with the synagogue that sponsored his rescue and he writes reassuring letters home to his parents. But after only 6 weeks, he is again uprooted when, as war threatens, the government evacuates him with his school into the countryside where he is assigned to live with a childless Christian

couple in a small village that has no Jews. War breaks out and his fears about the fate of his parents trapped in Germany escalate when he learns that they were sent away. Lonely and yearning for religious sustenance, he seeks spiritual comfort by attending a church service where his Jewish soul is unexpectedly renewed and nourished. Too proud to remain on charitable support, he quits school and starts to work in an office at age fourteen. He later moves into a hostel for Kindertransport refugees in Cambridge where he feels rejuvenated among his own peers and learns to become a motor mechanic. He turns down an offer to enter an Orthodox rabbinic school, reluctant to embrace and commit to such a lifestyle. Early in 1945, he crosses the U-Boat infested Atlantic to accept an invitation to live with relatives in New York where he joins the US Army Air Corps (now U.S. Air Force) and attains US citizenship. As sergeant in the Air Transport Command, he personally pleads with Supreme Court Justice Robert Jackson to administer justice as he boards his military flight to be Chief Prosecutor of the top Nazis

There is a loud knock at the door. The Germans have arrived to take this Jewish family away. It is 1939 in Poland. The Huberman family were partly prepared and the three children escape through a secret passage. Can the Parents survive in a work camp? Will the children make it alone to Lodz? Who can they trust?

Symbolized by a three-hundred-year-old Seder plate, the religious life of Fred Behrend's family had centered largely around Passover and

the tale of the Jewish people's exodus from tyranny. When the Nazis came to power, the wide-eyed boy and his family found themselves living a twentieth-century version of that exodus, escaping oppression and persecution in Germany for Cuba and ultimately a life of freedom and happiness in the United States. Behrend's childhood came to a crashing end with Kristallnacht (the Night of Broken Glass) and his father's harrowing internment at the Sachsenhausen concentration camp. But he would not be defined by these harrowing circumstances. Behrend would go on to experience brushes with history involving the defeated Germans. By the age of twenty, he had run a POW camp full of Nazis, been an instructor in a program aimed at denazifying specially selected prisoners, and been assigned by the U.S. Army to watch over Wernher von Braun, the designer of the V-2 rocket that terrorized Europe and later chief architect of the Saturn V rocket that sent Americans to the moon. Behrend went from a sheltered life of wealth in a long-gone, old-world Germany, dwelling in the gilded compound once belonging to the manufacturer of the zeppelin airships, to a poor Jewish immigrant in New York City learning English from Humphrey Bogart films. Upon returning from service in the U.S. Army, he rose out of poverty, built a successful business in Manhattan, and returned to visit Germany a dozen times, giving him unique perspective into Germany's attempts to surmount its Nazi past.

Talented sculptress Tonya Mimms puts her artwork before everything, including her thirst for love. One drizzly morning she meets handsome accountant Malcolm Holland and beautiful bookstore owner Satin Pierce, and Tonya becomes the centerpiece of an erotic love triangle. Broken Lives is a gripping account of the twentieth century as seen through the eyes of ordinary Germans who came of age under Hitler and whose lives were scarred and sometimes destroyed by what they saw and did. Drawing on six dozen memoirs by the generation of Germans born in the 1920s, Konrad Jarausch chronicles the unforgettable stories of people who lived through the Third Reich, World War II, the Holocaust, and Cold War partition, but also participated in Germany's astonishing postwar recovery, reunification, and rehabilitation. Written decades after the events, these testimonies, many of them unpublished, look back on the mistakes of young people caught up in the Nazi movement. In many, early enthusiasm turns to deep disillusionment as the price of complicity with a brutal dictatorship--fighting at the front, aerial bombing at home, murder in the concentration camps--becomes clear. Bringing together the voices of men and women, perpetrators and victims, Broken Lives reveals the intimate human details of historical events and offers new insights about persistent questions. Why did so many Germans support Hitler through years of wartime sacrifice and Nazi inhumanity? How did they finally distance themselves from this racist dictatorship and come to embrace human rights? Jarausch argues that this generation's focus on its own suffering, often maligned by historians, ultimately led to a more critical understanding of national identity--one that helped transform Germany from a military aggressor into a pillar of European democracy.

A quest for redemption or an exercise in futility...? In the late 1930s in a Southern port city, Joseph Curcio meets his former student Amanda, who is now a street artist selling mosaics made of broken glass and who offers Joseph a place to stay at the abandoned fisherman's cabin where she lives. Joseph is an indifferent, homeless ex-alcoholic who once considered himself a progressive intellectual and the future mayor of his city. Now he begins to find strength in his platonic friendship with Amanda and resolves to resurrect his career by writing an autobiographical journal--a diary in which he hopes to confront and understand his failures, his lost idealism, and his past relationships with his immigrant father and the woman he once loved. What he cannot see, however, are the character flaws that were his undoing and which will take him once again from the brink of success to tragedy, violence--and possibly even death. This is Joseph Curcio's mosaic journal, composed of fragments of memory, pieces of accomplishment, holes of loss, and shards of guilt and regret too sharp to touch. Readers can follow the action as it unfolded in a series of narrated books that brings to life major events from history through first-hand

accounts, quotes from participants, diagrams, photographs, and timelines.

Over the last three decades, Kashmir has been ravaged by insurgency. While reams have been written on it - in human rights documents, academic theses, non-fiction accounts of the turmoil, and government and military reports - the effects of the violence on its inhabitants have rarely been rendered in fiction. Feroz Rather's *The Night of Broken Glass* corrects that anomaly. Through a

series of interconnected stories, within which the same characters move in and out, the author weaves a tapestry of the horror Kashmir has come to represent. His visceral imagery explores the psychological impact of the turmoil on its natives - Showkat, who is made to wipe off graffiti on the wall of his shop with his tongue; Rosy, a progressive, jeans-wearing 'upper-caste' girl who is in love with 'lower-caste' Jamshid; Jamshid's father Gulam, a cobbler by profession who never finds his son's bullet-riddled body; the ineffectual Nadim 'Pasture', who proclaims himself a full-fledged rebel; even the barbaric and tyrannical Major S, who has to contend with his own nightmares. Grappling with a society brutalized by the oppression of the state, and fissured by the tensions of caste and gender, Feroz Rather's remarkable debut is as much a paean to the beauty of Kashmir and the courage of its people as it is a dirge to a paradise lost.

After suffering years of anxiety and abuse, Jenny Wren-Patrick was diagnosed with bipolar disorder. And while learning about her condition helped to explain a lot of her confusion and mood swings, her consultant psychiatrist advised her to take another step forward and start to write down her life's story. Mending Broken Lives is the result, and for Jenny, writing it has unlocked many memories both good and bad, helping her to deal with the things she had buried deep down. She has received counseling at various times but still maintains that writing it all down has been the most help, and hopefully it will help others too—whether you are another soul with bipolar disorder, a professional studying bipolar disorder, or someone who has a friend or relative with this disorder. With the right support and understanding, there is light at the end of this long black tunnel.

Praise for *A City of Broken Glass*: “In this fourth novel in a superbly written historical mystery series, Rebecca Cantrell once again tells a fast-paced story about the indomitable Hannah Vogel, a journalist, mother and fervent anti-Nazi Berliner...Set against the haunting backdrop of Kristallnacht, the Night of Broken Glass, the novel holds many surprises for Vogel, who becomes trapped in Berlin with Anton and a former lover. Cantrell drops you into 1930s Berlin, and the fear and chaos swirl around you.” — USA Today “Cantrell's fourth historical featuring journalist Hannah Vogel (after *A Game of Lies*) is compulsively readable. A palpable sense of dread builds, as we know that Kristallnacht, the Nazi pogrom of November 1938, is imminent. This award-winning series succeeds at weaving a very personal story into a well-researched historical survey. In an increasingly crowded genre period, Cantrell's series stands tall.” — Library Journal (starred) “With compelling characters and a narrative which makes it hard to put down, *A City of Broken Glass* combines romantic thriller

with historical tragedy.” — Historical Novel Society “The opening of Cantrell’s gripping fourth novel featuring journalist Hannah Vogel (after 2011’s A Game of Lies) finds Vogel and her 13-year-old son, Anton, in 1938 Poland...Cantrell poignantly conveys the plight of Nazi Germany’s Jews through the story of one child.” — Publishers Weekly

A neighborhood cat observes the changes in German and Jewish families in Berlin during the period leading up to Kristallnacht, the Night of Broken Glass. This cat's-eye view introduces the Holocaust to children in a gentle way that can open discussion of this period.

My book is to tell my story of my life living through the child abuse and the hurt I endured of not being a Daddie’s girl. The struggle of trying to become a young girl who was always told that she is no good and will never become someone. Always trying to please my dad so, he will love me. The pain I endured physically when I never could do anything right in his eyes. How to this day, I’m trying to grow up the little girl in me and to show her the love while trying to help me. Let alone, love myself. To let parent’s, know that words do hurt. To tell my story on my experience with sexual assault from a fellow soldier and the great impact it had on my life as a young girl just coming out of high school and entering the military. Having what it took to become a soldier. The loss of my virginity. The, impacts that it has caused in my life. The thoughts of self-harm to escape who I became or who I was. Living a life in darkness. Walls built high and a mask for everyday to hide the pain and the feeling of unworthy. The thoughts of my father being right. No one will ever want me. The loss of my childhood friend who I lost thru suicide. The impact it has caused to this day. To bring awareness to other children and veterans that there is help and there are ways to cope. To let them see that they are not alone. To let you know I care. To let you know you are somebody.
