Summer Taylor had been dealt a bad hand her entire childhood. She was abandoned and left behind like trash by her parents who she would never know. Throughout her adolescence, she had no clear direction to her true identity. After being taken in by Miss Dangerfield, her only ally and possibility of a real family, things would soon change when Summer packs up and takes a job in a new state leaving behind all she'd ever known. She eventually finds love as she falls for Christopher Diamond, an inherited millionaire who swept her off her feet. As Christopher adds sunlight to Summer's dark world, he becomes all the happiness she could ever desire. However, nothing is as it seems... Summer finds herself running from that very perfect sunset that has turned into a cloud of darkness and starts flooding out her happiness and washing away every inch of her newfound perfect life. This novel centers around pure love that's driven by lust, manipulation, obsession, and danger. If you loved movies like Fifty Shades of Grey and Sleeping with the Enemy, this is a book for you.

My name is Ashlee. I am a victim of murder. Through a series of events and by two shots of a gun, I was made a widow at the age of 28, with my youngest child just six weeks old. I am a victim of infidelity. I have felt unlovable. I have felt rejected. I have had days in my life when I wasn't sure if I would ever take a breath again, let alone be able to raise my five children by myself. I have lived in fear. I have felt much heartache. I have felt truly broken to my core. I have carried some heavy burdens...not only of my own, but burdens put upon my shoulders by the death of my husband. I have felt alone. I have felt humiliated. I have been humbled to my knees. I have searched my soul to find my worth in this world, and in the life that was left for me. My world has been totally shattered. I have faced realities I never knew were possible, and found strength within myself to keep up the fight and live every day as if it was on purpose. I have been carried by Angels...both earthly beings and those unseen. I have found that being a "victim" doesn't mean we have an excuse to stop living. Being a victim means finding a reason for seeking a higher road. I have picked up the pieces left and carried on. I am a mother. We are survivors. In one way or another, we are all victims. There are times in our lives when we are forced to question who we are at our core. When we are presented with a path...we can go this way or we can choose that way. For some, this moment comes when the one person whom we love the most decides we are not enough. This person leaves us-at a most vulnerable moment-alone to search within ourselves for who we really are. We are left trying to find who it is that was left behind. Sometimes the person we love dies. Sometimes it is merely an internal battle we are facing...all alone inside our minds. Whatever the situation and wherever you have been...you have been hurt. You have felt alone. You have been abandoned, either by your parents, your lover, your friends, complete strangers, or even

yourself. We have all been at that crossroad where all we have left is ourselves. Sometimes these moments of lows have brought you to your knees and caused you to reflect and ponder your relationship with God...and other times they have made you question if He is even there, or if He knows you are alone. Whatever that moment has been for you, it is personal and real. It has defined and refined who you are, who you think you were, and who you want to become. This is my story...the defining moments that have truly brought me to my knees, the times when I've questioned to my core my very existence, and the experiences I've had that have shown me who I really am and who my Heavenly Father still needs me to become. The night of my husband's death was my darkest hour, but also the very moment when I saw firsthand that my Heavenly Father sent Angels on errands for me. He carried me. It was the hour when all my fears and all the pain of this world collided together and He was there...putting back together all the pieces, one step at a time.

When Jewher Ilham's father, Ilham Toti, was detained at the Beijing airport in February 2013 on charges of "separatism," Jewher had two choices: she could stay in China or fly to America alone. Jewher boarded the plane for Indiana and began a new life apart from her family and was half a world away when her father was sentenced to life in prison.

Through a series of interviews with novelist Adam Braver and scholar Ashley Barton, Jewher recounted her father's nightmare and her own transition from student to eloquent advocate for the Uyghur people. The resulting book, " Jewher Ilham: A Uyghur's Fight to Free Her Father," is an intimate, exclusive portrait that U.S. Senator Sherrod Brown calls "proof that Jewher and her people will not be silenced."

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

A man who personally taught both Lee Harvey Oswald and Jack Ruby how to shoot at a moving target reveals explosive new information about the Kennedy assassination and the role of LBJ in the cover-up that followed. Original.

In *The Long Silence*, first published 2011, Stephan Merk described the standing Maya Puuc architecture of a 100 square kilometer wide area in Northern Campeche, México. *The Long Silence (2)* presents the results of the architectural survey of an equally large and almost untouched region immediately south, and compares the results of both projects. With additional contributions by Nicholas Dunning and Eric Weaver, Daniel Graña-Behrens, Guido Krempel, and Karl Herbert Mayer.

Broken Silence, "A Military Whistleblower's Fight for Justice," is a modern-day Scarlet Letter story of how former Navy Lieutenant Commander Sy'needa Penland was convicted of adultery after she blew the whistle on defense contracting fraud. Those who operate in darkness and seek to cheat and defraud the government, banded together to destroy the former Supply Corps officer's impeccable career and used her conviction as an "example" to others. Differing from Nathaniel Hawthorne's romantic fiction, Broken Silence is a true survival story of a courageous military whistleblower's fight for justice. Similar to Hester Prynne in the Scarlet Letter, Sy' was forced to trade her gold oak leaf and stripes she proudly wore on her military uniform for a symbolic "A" of adultery. Interestingly enough, Sy' was "single." Adultery is not a crime in civilian court, but the Navy's top brass who went after the honest financial officer knew this could be a tool that would lead to her destruction. They wanted to "muzzle" her any way they could and used the military's justice system to silence her, until now.

In a time when technology penetrates our lives in so many ways and materialism exerts such a powerful influence over us, Cardinal Robert Sarah presents a bold book about the strength of silence. The modern world generates so much noise, he says, that seeking moments of silence has become both harder and more necessary than ever before. Silence is the indispensable doorway to the divine, explains the cardinal in this profound conversation with Nicolas Diat. Within the hushed and hallowed walls of the La Grande Chartreux, the famous Carthusian monastery in the French Alps, Cardinal Sarah addresses the following questions: Can those who do not know silence ever attain truth, beauty, or love? Do not wisdom, artistic vision, and devotion spring from silence, where the voice of God is heard in the depths of the human heart? After the international success of God or Nothing, Cardinal Sarah seeks to restore to silence its place of honor and importance. "Silence is more important than any other human work," he says, "for it expresses God. The true revolution comes from silence; it leads us toward God and others so as to place ourselves humbly and generously at their service."

Broken Silence brings together for the first time many of Japan's leading feminists, women who have been bucking the social mores of a patriarchal society for years but who remain virtually unknown outside Japan. While Japan is often thought to be without a significant feminist presence, these interviews and essays reveal a vital community of women fighting for social change. Sandra Buckley's dialogues with poets, journalists, teachers, activists, and businesswomen exemplify the diversity of Japanese feminism: we meet Kanazumi Fumiko, a lawyer who assists women in a legal system that has long discriminated against them; Kora Rumiko, a poet who reclaims and redefines language to convey her experiences as a woman; Nakanishi Toyoko, founder of the Japanese Women's Bookstore; and Ueno Chizuko, a professor who has tackled such issues as pornography and abortion reform both in and out of the academy. These women speak to a host of issues—the politics of language, the treatment of women

in medicine and law, the deeply entrenched role of women as mothers and caregivers, the future of feminism in Japan, and the relationship between Japanese feminists and "western" feminisms. Broken Silence will do much to dispel Western stereotypes about Japanese women and challenge North American attitudes about feminism abroad. With a timeline, glossary, and comprehensive list of feminist organizations, this is a long overdue collection sure to inform and excite all those interested in feminism and Japan.

At a time in history when fear of 'the other' has become commonplace, *The Broken Silence* is a timely book that shows a glimpse in the timeline of how Islam has been marginalized in society. It examines the impacts of economic sanctions on vulnerable populations and opens with an important essay by the author's daughter, published in the Huffington Post, that paints a bleak picture of the human costs of years of international sanctions against Iraq, including the deaths of over half a million children as reported by the United Nations. Her argument that desperate young people are driven to commit heinous acts of terror not out of religious fervour but as misguided reactions to injustices, is to this day, little recognized by politicians or the media. This powerful memoir explores the human cost of sanctions and the author's tireless efforts over many years to promote awareness and activism to have those sanctions lifted. Mohammed Javed's childhood and youth experiences instilled in him a commitment to compassion and caring. As the founder of I.LEAD (Islam. Learn. Engage. Achieve. Develop.), Mr. Javed brought together numerous groups and organizations to hold conferences to explore the many questions facing Muslims in the National Capital Region and beyond. Earlier, while living in Halifax, he became a regularly published op-ed writer. He also helped motivate Svend Robinson, then a Member of Parliament, to embrace the cause of lifting sanctions, and wrote many letters to the prime minister, cabinet ministers and interested MPs. Told with frank clarity and rounded out with copies of letters, emails, and articles, *The Broken Silence* explores the real causes of terrorism and its remedies. It also seeks to help non-Muslims to better understand this ancient religion and calls out to Muslims to explore the real values of Islam and regain its true spirit. Above all, it is a call for all ethnicities and religions to work collectively for a more peaceful, compassionate, and caring world for our children and grandchildren. Many thanks to: Lubna Javed Shamsia Quraishi Bassam Javed For the insightful editing service they have rendered for this work.
