Life explores the development of Lee's thoughts about Gung Fu (Kung Fu), philosophy, psychology, poetry, Jeet Kune Do, acting, and self-knowledge. Edited by John Little, a leading authority on Lee's life and work, the book includes a selection of letters that eloquently demonstrate how Lee incorporated his thought into actions and provided advice to others. Although Lee rose to stardom through his physical prowess and practice of jeet kune do—the system of fighting he founded—Lee was also a voracious and engaged reader who wrote extensively, synthesizing Eastern and Western thought into a unique personal philosophy of self-discovery. Martial arts practitioners and fans alike eagerly anticipate each new volume of the Library and its trove of rare letters, essays, and poems for the light it sheds on this legendary figure. “The first noteworthy treatment of its subject—and a definitive one at that...Fascinating narrative threads proliferate” (The New York Times Book Review). The most authoritative biography—featuring dozens of rarely seen photographs—of film legend Bruce Lee, who made martial arts a global phenomenon, bridged the divide between Eastern and Western cultures, and smashed long-held stereotypes of Asians and Asian-Americans. Forty-five years after Bruce Lee's sudden death at age thirty-two, journalist and bestselling author Matthew Polly has written the definitive account of Lee's life. It's also one of the only accounts; incredibly, there has never been an authoritative biography of Lee. Following a decade of research that included conducting more than one hundred interviews with Lee's family, friends, business

associates, and even the actress in whose bed Lee died, Polly has constructed a complex, humane portrait of the icon. Polly explores Lee's early years as a child star in Hong Kong cinema; his actor father's struggles with opium addiction and how that turned Bruce into a troublemaking teenager who was kicked out of high school and eventually sent to America to shape up; his beginnings as a martial arts teacher, eventually becoming personal instructor to movie stars like James Coburn and Steve McQueen; his struggles as an Asian-American actor in Hollywood and frustration seeing role after role he auditioned for go to a white actors in eye makeup; his eventual triumph as a leading man; his challenges juggling a sky-rocketing career with his duties as a father and husband; and his shocking end that to this day is still shrouded in mystery. Polly breaks down the myths surrounding Bruce Lee and argues that, contrary to popular belief, he was an ambitious actor who was obsessed with the martial arts—not a kung-fu guru who just so happened to make a couple of movies. This is an honest, revealing look at an impressive yet imperfect man whose personal story was even more entertaining and inspiring than any fictional role he played onscreen.

During early 1975, Ed Parker Sr. undertook to complete another masterful work on a specific Martial Arts topic--the Nunchaku. Made famous by the late Bruce Lee in the motion picture "Enter the Dragon" and often referred to as "chucks" or "Karate sticks," Ed shared a history of this man made weapon, for the first time. Acknowledged by the Martial arts weapons expert Tadashi Yamashita, as the "best book on the subject, it should be on the bookshelf of every Karateka." Curtis Wong, publisher of the internationally acclaimed "Inside Kung-Fu"

Magazine said it was "a must for all practitioners." After a brief introductory history of the nunchaku, Ed elaborated on the need for modern day adaptations of this ancient agricultural implement. Revealing for the first time, his own dynamic nunchaku techniques, with catches and movements capable of creating one startling impact after another. Fantastic Kenpo innovations were illustrated using extensive charts, diagrams, illustrations and hundreds of step by step photographic sequences. Ed executed practical self defense techniques against a multitude of unarmed and armed attacks. It is interesting to note that on the inside cover of this work, Ed is shown in a drawing by his brother, David Parker, wearing a Ninth Degree Belt. However, on the following page, it is stated that Ed is a Tenth Degree Black Belt. The reason is, that at the time of writing this innovative book, Ed was a Ninth Degree Black Belt. As a result of this masterfully exhaustive, inclusive treatise, Ed saw fit to take the recommendations of his senior Black Belts and accepted the honor and status of Senior Grandmaster of Kenpo. It seemed an almost fitting tribute that the February 1975 issue of Black Belt magazine wrote, "Many Kenpo stylists refer to Ed Parker as the last word on the proper way to do their techniques." Please see our website honoring Ed Parker Sr. at: edparkersr.com we have included the listing of his other publications and share the man that brought so much to the martial arts world

and the only Sr. Grandmaster of Ed Parker's Kenpo Karate.

"Bruce Lee is a complex and contradictory figure, and it's a formidable task to take on the multiple facets of his legacy—fighter, film star, philosopher, nationalist, multiculturalist, innovator. With an approach as multidisciplinary and iconoclastic as Lee's approach to martial arts, Bowman provides an original and exhilarating account of Lee as 'cultural event'. No one has done a better job of explaining why the martial arts 'legend' remains such an important and provocative figure."—Leon Hunt (Brunel University), author of *Kung Fu Cult Masters: From Bruce Lee to Crouching Tiger*. "Taking on Martin Heidegger and Slavoj Žižek as well as drawing on Jacques Derrida, Michel Foucault, Guy Debord, Jacques Rancière, Rey Chow, and Stuart Hall, among others, Bowman shows how Bruce Lee 'speaks' to the philosophical debates that frame our understanding of global popular culture today. Although Bowman may not be able to resolve the philosophical battles surrounding our ability to 'know' Bruce Lee, he does a remarkable job of articulating why Bruce Lee remains an essential force within not only world cinema but global culture — both 'high' and 'low.' Armoured with his philosophical nunchakus, Bowman goes to battle with anyone who may doubt Lee's ongoing importance, and this book will undoubtedly become essential reading for everyone (from philosopher to kung fu practitioner) interested in

popular culture and Asian cinema." Gina Marchetti (University of Hong Kong), author of *Romance and the "Yellow Peril": Race, Sex and Discursive Strategies in Hollywood Fiction*, and *From Tian'anmen to Times Square: Transnational China and the Chinese Diaspora on Global Screens, 1989-1997*. *Theorizing Bruce Lee* is a unique work, which uses cultural theory to analyse and assess Bruce Lee, and uses Bruce Lee to analyse and assess cultural theory. Lee is shown to be a major 'event' in both global film and global popular culture — a figure who is central to many intercultural encounters, texts, and practices. Many key elements of film and cultural theory are employed to theorize Bruce Lee, and Lee is shown to be a complex — and consequential — multimedia, multidisciplinary and multicultural phenomenon. *Theorizing Bruce Lee* is essential reading for anyone interested in Bruce Lee in popular culture and as an object of academic study.

This is the only independent biography of Bruce Lee, and it is complete in terms of both the martial arts and the movies.

Part of the Bruce Lee's Fighting Method series, this book teaches how to perform jeet kune do's devastating strikes and exploit an opponent's weaknesses with crafty counterattacks like finger jabs and spin kicks.
