

Btec Level 3 National It Student Book 1 Btec National For It Practitioners

The aim of this book is to provide comprehensive coverage of topics in Unit 1 of the BTEC Level 3 course in Information Technology in an interesting and approachable manner. If you are studying this course, you need to notice, read about, experience and analyse the impact and implications of current and emerging digital technologies. Examples and case studies from scenarios and events that have recently been in the news are used to bring the subject to life. Reading and discussing articles from quality newspapers, whether printed or online, discussing relevant TV documentaries, noticing and analysing the use of digital technology in countless aspects of life, as well as learning from a textbook, are all going to contribute to a successful exam result. The book is divided into six sections corresponding to the six Learning Aims outlined in the specification, complementing each of the PG Online teaching resource packs. These sections are divided into between four and eight chapters, each containing material that can be covered in one or two lessons. The chapters have in-text questions which can be used as discussion points in a lesson. An extra chapter at the end of Learning Aim B on "Drawing System Diagrams" will be useful for students faced with a question on the exam for which they are required to draw such a diagram. In addition to almost 100 in-text questions and discussion

points, there are over 80 end-of-chapter exercises that are designed to give practice in answering exam-style questions, using command words such as state, describe, explain, analyse. As much practice as possible is needed in answering such questions and getting feedback from the teacher so as to understand how to gain the maximum possible marks in the final exam. Covering 23 units of the new specification - supporting candidates wanting to complete an award, certificate or the full diploma.*Advice from former students shows current learners how to make their BTEC experience a stepping stone to success. *Put yourself in the professionals' shoes with case studies including new extended WorkSpace pages.*Edexcel's Assignment tips written by experts in the BTEC team, there's invaluable unit-by-unit advice on how candidates can get the most from their BTEC course. *Achieve your potential with assessment activities and clearly explained Pass, Merit and Distinction grades, throughout the textbook. *Functional Skills and Personal Learning and Thinking Skills are embedded in activities throughout the book.*Progress to Higher Education: with a dedicated chapter that helps candidates prepare for university life and learning.

This student book uses a strong visual approach to bring learning to life. It contains a knowledge section which motivates learners in the units where they traditionally struggle, a skills section focusing on the practical aspects and a projects section providing ideas for group work.
