"The Earth's vast surroundings are full of manmade infections. For good or bad, these infections have violated and transformed our bodies and senses in one form or another. Immune is a discovery of the "new body" surviving in an environment full of scientific manipulation, religious manipulation and social manipulation. In order to find ourselves, we must destroy ourselves. The human race craves the experience." -- Introduction.

Discover magical, remote locations around the world, from Africa to the Arctic, that will help you disconnect from modern life and enter a state of wonder. Silence. Calm. Open spaces. Radical. Visionary. Poetic. Inside Utopia shows the future of living that architects and designers have envisioned. Spectacular and reflective, unpretentious and efficient: the breathtaking Elrod House by John Lautner; the Lagerfeld Apartment near Cannes that seems like a set from a science fiction film; Palais Bulles in France with its organic and unique architecture. These interiors welcome habitation and spark curiosity while embodying the foundations of minimalism and bygone visions of the future. Inside Utopia delves into the rhyme and reason behind past designs that we still interact with today. The architects, the owners, and the craftsmen like Gio Ponti or Bruce Goff who work behind the scenes created amorphous interiors that invite the mind to wander. At the time they were futuristic, confident, utopian, idealistic-- we may not realize it, but they have shaped our current living concepts, and even now, they inspire us anew. Previously it has been difficult to attain access to these preserved interiors, but Inside Utopia

unearths what was before unseen.

How do you set up a children's room that is fun, colorful, or perhaps more traditional? One that leaves enough room for playing and daydreaming and makes children's heart beat faster? A child's room must be fun both for its smaller inhabitants and for the parents, who usually arrange them: it's here that budding young minds first begin to explore the world. These rooms have plenty to do, acting as a playroom, a place to sleep, a reading nook, and a space for young minds to concentrate and watch creativity unfold. Years can be spent playing and learning in a child's room, a sibling might move in, and exchanging laughter is a certainty. Setting up a children's room can be a wonderful challenge, and can bring the greatest joy to parents. Little Big Rooms offers inspiration for mothers and fathers, pairing priceless tips for new rooms or spaces in need of an update with furniture and accessory recommendations sure to please both young children and their discerning parents.

Everything you always wanted to know about the art market but were afraid to ask. A pioneering collector explains how to use passion and intuition to acquire key pieces or build a collection--even on a limited budget.

Learn for Life is a diverse collection of inspiring architecture and interiors that support progressive models of acquiring knowledge. New interpretations of kindergartens, schools, universities, and libraries are featured along with architecturally innovative offices and conference rooms. These examples are rounded out by more experimental projects that offer further perspectives on the rapidly evolving topic of how best to learn in the new millennium. The groundbreaking spaces promote learning by inspiring us, providing us with helpful tools, and facilitating opportunities for productive cooperation and the exchange of ideas within groups. In short, the work makes clear that the creative use of architecture and interior design not only provides a new physical framework for acquiring knowledge, but also revitalizes and advances the process of learning as a whole.

The Home Upgrade looks beyond big budget projects and explores homes where the seemingly impossible has been achieved. For architects striking out on their own, such projects offer the opportunity to flex their muscles and lead a project for the first time. Francesco Franchi's perceptive book about the future of the news and media industries in our digital age.

Newspaper Design showcases the best of editorial and graphic design from the most renowned newspapers across the world, and proves that skillful news design matters more than ever before. Over recent years, the world of news making has dramatically changed. Newspaper Design examines the forces that have transformed the industry and showcases the best of editorial design in the news context. Following the shift to digital, the role of visual journalists has evolved. As

our reading habits change, so do the ways in which designers deal with typography, grid systems and illustration in order to tell a story in the most engaging way. Newspaper Design discusses the daily challenges of journalists and editorial designers, and introduces the work of the teams behind some of the most influential newspapers, such as the New York Times, the Guardian, and Libération. Unique insights from professionals paired with outstanding visual examples reveal the inner workings of the news industry and make Newspaper Design a must-have for designers, publishers and journalists. A modernist take on Mediterranean aesthetics, a new movement in interior design embraces sumptuous minimalism through warm, earthy tones, and natural materials. In southern locations such as Australia, California, and Brazil, but also in places like New York and Copenhagen--the Mediterranean sensibility echoes itself in these locales through a variety of reasons, be it former colonial influences, a similar sunny climate, or simply an appreciation for the Mediterranean way of life. The New Mediterranean -- Homes and Interiors under the Southern Sun showcases inspiring residences and vacation homes around the world that combine rustic, earthy tones with colorful fabrics, ceramics and glass. The book introduces the designers, architects, and brands who are bringing the style to life, outlining key elements in order to show how to create this look at home. More than a design trend, this is a philosophy to transform interiors into havens of light,

craftsmanship, and simplicity.

Bauhaus minimalism meets tasteful elegance. The Brazilian architect Isay Weinfeld designs houses and hotels in style. From one side of the globe to the other, Isay Weinfeld is one of the most sought-after architects. Weinfeld is inimitable in the realm of combining modern elegance with tropical lightness. Under his hand, lushly landscaped courtyards and long corridors open into wide spaces; a view of a pool or a dramatic indoor waterfall. The Brazilian architect's works are characterized by glass and concrete, dark wood shades and soft color accents; all elements of a special brand of distinguished restraint. Isay Weinfeld, a volume dedicated to an architect who rarely discusses his own work, shows the full range of homes and hotels designed for prominent artists, actors, filmmakers, and businessmen. Previously unpublished photographs visually describe his work and discussions of unique projects give insight into Weinfeld's fine set of skills.

Bohemian Residence delves into the opulence and diversity of urban living across the globe. Urban landscapes offer a multitude of enticing options: from cozy apartments to chic duplexes to historic townhouses. Inhabitants' imaginations and distinct personalities reflect upon the canvas of a home's four walls. From Milan to London, Paris to Beverly Hills, colorful surroundings influence of furniture, accessories, and interior design. Conversations with those who outfit the spaces and with those who live within the sumptuous domiciles paint a narrative of modern materials and classic style. Bohemian Residence's detailed portraits take readers across the threshold and provide a tantalizing tour. Be it the witty elegance of the French, the boldness of an Italian modernist apartment, or enticing domestic cabinets of curiosity, these metropolitan dwellings illustrate and inspire the lavish possibilities of contemporary city living.

'Upgrade' breathes new life into forgotten architecture. Past structures are consciously preserved and revamped, expanded and altered, to create something exciting and enticing. 'Upgrade' explores architectural and design concepts that seek to enhance and repurpose our surroundings from slight changes to complete renovations. Extensions upon a rooftop. Factories turned into relaxing retreats. Wood additions contrasting with antique brick exteriors. Through engaging anecdotes and inspiring images, 'Upgrade' provides vibrant exemplars and enthusiasm for revamping existing spaces. Repurposing the unused: be it an empty chapel that becomes an inviting writer's nook or a rotten barn converted into a cozy living space for a small family. The projects illustrate the possibility of adding a touch of the new to the old: farmhouses adorned with modern glass additions or churches whose traditional lines now frame an office. What are ruins to some become another's architectural playground.

Go on the trip of a lifetime. Two Wheels South shows you how to realize your own journey. Two friends take the motorcycle trip of their life--From Brooklyn to Patagonia. Matias Corea shares his insights on how to prepare, choose the right motorcycle, what to pack, how to plan the route, where to camp and last but not least: How to prepare your mind. Setbacks and breaking down are part of the adventure, but preparation and being on the road teach you the confidence to tackle any problem. Follow Matias Corea and his friend Joel through the American South, Central America over the Darien Gap and beyond, over wooden cracking jungle bridges in Colombia and to dry lake high plateaus in Argentina. Feel the character of the roads and the smell of nature: Riding a motorcycle is one of the purest forms of traveling. After 7 months and 13 countries Matias and Joel have learned a lot while riding down south on their trusty BMW air-cooled G / S overland haulers and are ready to share their experience. Two Wheels South invites you on the experience of a lifetime. The retro-futuristic epoch is one of the most visually spectacular in architecture's history. The utopian buildings of the 1960s and 1970s never go out of style. This book compiles radical ideas and visionary structures. The notion of utopia proves as diverse as it does universal. From exuberant master plans to singular architectural expressions, the rise of the utopian architectural movement in the 1960s and 1970s represents a critical shift in ideology away from mid-century traditionalism. This period shakes off the conformity and conventions of the 1950s in favor of a more experimental post-war agenda. Marked by groundbreaking reinterpretations of both the single family house as well as more large scale developments, the embrace of utopian and generally progressive thinking mirrored the cultural revolution of the times.

These daring, charming, futuristic, and hopeful designs were not isolated to a particular part of the world. Visionary voices longing for a fresh approach to architecture began appearing across France, Japan, the United States, and beyond. The Tale of Tomorrow documents this prolific era in architecture--a time when anything felt possible as architects began to think further and further outside the box. The Tale of Tomorrow focuses exclusively on built manifestations of utopian ideas. Rather than mixing together abstract theorists with practitioners, this book focuses on the tangible embodiments of such forward thinking. Highlighting well-known projects as well as the more obscure and offbeat, the collection of utopian approaches compiled here maintain their visual power and infectious optimism nearly half a century later. These experimental structures, both large and small, appear in everyday places in stark contrast to their far-from-utopian contexts. In addition to featuring a range of whimsical architectural gestures, The Tale of Tomorrow also explores more brutalist styles of utopian thinking. This bold and iconic class of projects not only inspires a sense of awe and reverence towards one's surroundings but also demonstrates the broad spectrum of deeply personal solutions at play as each architect began to craft their ideal world. Whether an organically shaped residence or a towering sculptural complex, the projects in this book stand as poignant suggestions of what might have been and, perhaps what could still be.

Erik Spiekermann is the epitome of a typographer. This comprehensive book is the first to showcase his body of work and tell the story of his life.

Welcome to The House of Glam -- Lush Interiors & Design Extravaganza. Challenging convention with maximalist flair, expect to see custom wallpapers, elegant fabrics, and rich marble, as well as mid-century design icons, geometry and echoes of Memphis. A new, young generation of interior designers like David Alhadeff, Cristina Celestino and Nina Yashar with an emphasis on personality are creating homes that aspire to be as unique as their inhabitants, propelling residential design into the future. This diverse architectural landscape of the book is a feast for the eyes, where expressive colors, textures, unusual forms, and exotic materials combine to create a contemporary interpretation of an art deco or classic 1950s Hollywood film set interior. After all, designers are innate history buffs and there is a wealth of history in architecture, decorative arts, fashion, and film through the ages to cherry pick and play with. These homes dream big. The House of Glam invites you into the most exciting homes, from Italy to the USA, that embody this decadent, playful trend, profiling key studios and designers at the forefront of the movement.

This book presents a compilation of dream houses whose architecture deliberately breaks with their surroundings. Great inspiration for small spaces! Petite Places presents clever solutions for compact living. From living rooms and kitchens to bedrooms and bathrooms, small spaces can offer immense possibilities, if only the interior is well considered.

By showing a variety of projects in different styles - from reduced and pragmatic to cozy - *Petite Places* delves into how small homes are being designed today, delivering insights from interior designers and architects. Floor plans will allow you to translate inspirations from the book into your home. Living in small spaces is not a new phenomenon. By looking at pioneering projects from times gone by, one starts to understand where modern living concepts draw ideas from. Clever furniture and storage solutions create more room to cook, relax, read in a comfortable nook, or work from home. Explore how you can add striking changes to your modest home with only a few tweaks.

Based on Mr Hudson's identity, the book is featuring destinations for gays, but not necessarily gay destinations. It is about travelling in style for everyone who is looking for something different and special - no matter if men or women, travelling solo or as a couple. *Mr Hudson Explores* shows that every part of a trip is an incredible experience. The core content of the book will consist of 20 cities in the Northern Hemisphere and showcases the very best the destination has to offer. Each guide will give a general introduction to the city and, if applicable, its relevance for the gay community. It showcases various locations on culture and art, the most inspiring museum to visit, traditional and upcoming food places, best shopping experiences, music and nightlife: Where to go out, which bars do have the best drinks, and clubs you can have the most fun at the city's best parties and concerts. Depending on the location, day trips and activities can be included. Luxury accommodations and places to stay complete the range. The book will not just give descriptions of the places but also background information, telling the story of the owner, history or anecdotes.

Long-distance trekking, short day trips out of town, an extended weekend escapade; the first series installment of our bestselling *Wanderlust* has it all. Experienced outdoor enthusiasts and those lacing-up their boots for their first time: prepare to hike the diverse American landscape. Whether aiming to conquer epic expeditions, or simply complete a day hike to recharge, paths of every size await the intrepid wayfarer in *Wanderlust USA*, a book that serves as a blueprint for adventurous souls in search of new summits. Stunning photography and insightful tips from veteran long-distance hiker Cam Honan bring many bucolic treks to life, including the unmissable California ancient redwoods and misty waterfalls of Yosemite Park, as well as Utah's dramatic canyons, and the Atlantic cliffs of Maine.

With a pinch of salt and plenty of personality, kitchens have become the pulse of human life at home. What was once a purely utilitarian space has transformed into the room where we share our happiest experiences. We learn, fight, remember, entertain, discover, and embark on adventures through cooking. *Kitchen Living* delves into the space where we now spend most of our time. Whether looking to make small changes or a completely new kitchen redesign, we look at current technology and trends that have allowed these spaces to become more experimental. From kitchen designers to food writers to photographers, we go on a voyage through the kitchen interiors that inspire the people who have made food their life. Draw inspiration and learn life hacks on how subtle touches can create mighty solutions.

The Touch is a new collaboration between Nathan Williams of Kinfolk and Jonas Bjerre-Poulsen of Norm Architects that welcome readers into over 25 inspiring spaces where interior design is not only visually appealing but engages all of the human senses. Through beautiful homes, hotels, museums, and retail stores--from contemporary designs by Ilse Crawford and Bijoy Jain to classic cases by Arne Jacobsen--readers are invited to explore how experiencing elements such as light, nature, materiality, color, and community can deliberately bring us back to our senses and imbue every day with a richer quality. In addition to stunning photography and interviews with design industry leaders as John Pawson and David Thulstrup, the book also details philosophical and art history references that reflect the tradition of design

and color theory. For a deeper understanding of the concepts explored, The Touch includes an appendix which profiles architects such as Lina Bo Bardi and Richard Neutra. Heritage design pieces that helped influence this movement are also listed in the book. The Touch--Spaces Designed for the Senses by Kinfolk & Norm Architects. Published by gestalten.

Poetic spaces, surreal structures and dramatic visions. The extraordinary career of Ricardo Bofill is collected in this monograph, which reveals his inspiring approach to architecture, and to life. Ricardo Bofill is one of the 20th century's most unique architects and radical visionaries. With his Taller de Arquitectura he built spaces for everyday life with otherworldly aesthetics, that have been elevated to iconic status in countless films and images. His visions for urban and communal life challenged preconceived notions of shared space and proposed alternative styles of living. This monograph explores his revolutionary approach by profiling his greatest projects. Spectacular new photography, texts from experts and from Bofill himself are complemented by working drawings and floor plans. At a time when prevailing styles in architecture are becoming ever more homogenous, Bofill's fantastic creations satisfy a longing for originality, personality and progressive ideals.
