Building Your Dream: a Canadian Guide to Starting Your Own Business McGraw-Hill Ryerson

At the gullible age of under thirteen, Adnan decides it was time to start a journey. He feels restless and it bothers him no end. Whatever he has been thirsting for, he's ready, he thinks. He is gutsy, no doubt, both in mind and spirit. One day, toughened by inherent courage and determination, he runs away, unsure where he's heading, yet he continues. He knows his family will move heaven and earth to trace his whereabouts, but no one will find him. A twist of fate, however, intervened. He was back home after months of bizarre wandering, without his predilection.

All his boyish dreams end there, he thinks, but he was wrong. In 2005, his real journey begins, a real one, not the fanciful ones he had experienced, he thought extraordinary. He thinks he'll find the answers to his long time reveries by braving the odds and undermining the fears in a faraway land like Afghanistan.

Rich and Judy Hill had a dream: to build a simple handcrafted log home in Michigan's Upper Peninsula. But what began as a grand adventure soon morphed into a complex entanglement of blueprint designs, contractor problems, and unforeseen financial expense. Taking it upon themselves to complete the construction of a 2500 square-foot full-size log house while working with a very limited budget, the Hills unwittingly waded into the quicksand of dealing with unreliable subcontractors, cost overruns, and winter blizzards, as well as the unpredictable nature of building with logs. Their venture in the north woods of Lake Superior would test their persistence and resolve and teach them a great deal not only about themselves but about the risks and rewards of pursuing an obsessive American dream. In Stop Sabotaging Your Life: 3 Steps To Your Full Potential, acclaimed life coach Bruno LoGreco shares his simple path to achieving healthy mental and emotional independence. How many times have you caught yourself thinking something like this?: I'm not enough—good enough...smart enough...good looking enough...successful enough.... LoGreco says we sabotage our lives by focusing too much on being what others want us to be and do, and not spending enough time listening to our own hearts and minds.

Some people try to find self-acceptance and contentment through counseling, but end up trapped on the therapy treadmill. Others try to go it alone, but still end up in a tiresome process of navel-gazing that never leads to personal fulfillment. LoGreco offers a three-step plan to help you reach your own potential: self-awareness (recognize what you have been doing, and why); rebuilding values (learn a different way to do things); and reach your full potential (identify opportunities and set meaningful goals). You will learn to leverage your strengths to stop chasing illusions and work toward achieving your dreams. LoGreco doesn't claim his book will cure everything that ails you. As he says, "There is no secret formula, no magic pill that will make you happy, productive, and successful. You must challenge your beliefs and take back control of your choices. Don't just think outside the box—break out of it altogether." What clients and readers are saying about life coach, mentor, and motivational speaker Bruno LoGreco: "As a divorced mother of three, I've encountered many obstacles, mostly personal ones within myself. I wondered why I kept repeating the same patterns with the men I was dating and why it always ended badly, usually with me being hurt, and questioned what 'I' was doing wrong. Bruno taught me how to love myself again, how to respect myself and above all else, BELIEVE in myself.... Bruno saved me from my self-destructive patterns. Without his help, I wouldn't be the confident woman I am today. I am a better mother for that." —Cristina "The world is filled with very successful executives who for decades focus every waking minute on professional accolades and professional development [only to] realize they haven't taken the time out to focus on personal development in terms of a better balance in life, being in touch with their spiritual side and inner self, and even the fun side of life. That would describe me in the past.... I came across Bruno, and I knew he was the man. His personality exudes authenticity and geniality. The man simply knows his stuff, has this uncanny ability to read between the lines, and zero in instantly on underlying triggers. His structured approach steers you to address issues head on; challenges you to challenge yourself; opens your mind; helps you understand behaviors, experiences and patterns; gets you in touch with yourself; fuels a sense of purpose and passion; and escorts you to chart a new course to life. He never judges, but relentlessly encourages and empowers you. He's truly a brilliant, genuine and a humane person with an infectious enthusiasm to make you seize your inborn potential." —Adrian "If I had to sum up my experience with Bruno in one word, it would be 'awakened.' Bruno helped me see life from a different perspective, which is what I needed, but most importantly, he showed me how to do that myself without being dependent on him.... Bruno got me to step outside of my comfort zone and do things I normally wouldn't have done otherwise, which is undoubtedly the key to growth." —Blaine

In the four years between 1881 and 1885, Canada was forged into one nation by the building of the Canadian Pacific Railway. The Last Spike reconstructs the incredible story of how some 2,000 miles of steel crossed the continent in just five years — exactly half the time stipulated in the contract. Pierre Berton recreates the adventures that were part of this vast undertaking: the railway on the brink of bankruptcy, with one hour between it and ruin; the extraordinary land boom of Winnipeg in 1881–1882; and the epic tale of how William Van Horne rushed 3,000 soldiers over a half-finished railway to quell the Riel Rebellion. Dominating the whole saga are the men who made it all possible — a host of astonishing characters: Van Horne, the powerhouse behind the vision of a transcontinental railroad; Rogers, the eccentric surveyor; Onderdonk, the cool New Yorker; Stephen, the most emotional of businessmen; Father Lacombe, the black-robed voyageur; Sam Steele, of the North West Mounted Police; Gabriel Dumont, the Prince of the Prairies; more than 7,000 Chinese workers, toiling and dying in the canyons of the Fraser Valley; and many more — land sharks, construction geniuses, politicians, and entrepreneurs — all of whom played a role in the founding of the new Canada west of Ontario.

What are the things that you can see at the construction site? These are the small items that workers use to build buildings. It's interesting to note that knowledge of these tools might lead to a general understanding of how buildings are created. Who says having all your dreams come true is a good thing? Serenity Winters is taking the summer off. After her last year included crushing on the wrong guy (again), having her best friend move all the way across the country, and an unexpected loss she's still not prepared to deal with, she deserves it. And a visit to see Maia in California seems the perfect getaway. Beaches, bonfires and boys? Yes please! But Rennie's dreams aren't so easy to elude. Sketching what she can remember of them helps some, but her drawings are taking on a life of their own and the dreams they represent are starting to come true. Enter Alex, who may or may not be perfect. (No, who is she kidding? He's perfect. Great hair, plus he can quote Hamlet and Yoda? Come on!) But Alex has secrets of his own, namely a hidden ability to

transport himself through time using a book as a portal. Could it be that both Rennie and Alex are being drawn in to the same mystery? They better find out quickly, because her dreams are getting louder. And they know her by name.

A planet plagued with tumult from outsiders and divided by its own religious dichotomy could face extinction if their faiths are not united and an unholy artifact is destroyed. Safiro, the God of Death, and Sanguina, the Goddess of Life, created two heroes (Vytametas) -- mirror twins separated at birth yet destined to meet in a place where the future of their world will be decided by their powers. The only people who know not the ultimate purpose of the legendary Vytametas are the young heroes themselves. While the teenage Vytametas learn of their world and of their mission, they will be turned against each other by the two faiths they are meant to save: the demented Safiric Brotherhood and the shady Sanguinic Sisterhood.

IN A PLACE OF PEACE DURING A TIME OF WAR THE UNFORGIVEN WILL NOT GO FORGOTTEN. Edenville, 1940. In a rural hamlet where the majority of men are overseas to fight Hitler's Nazi war machine, someone is killing veterans of the first world war. Wartime Special Constable 'Lame' Eddie Sommers, a crippled rich boy and the butt of derision, is doing his best to fill a uniform he believes in, yet wears too large. Inexperienced and out of his depth, he turns to a former detective and veteran of the western front for assistance. Involving Marshall Geary might be his biggest mistake. Marshall wears a copper mask, as much to hide behind as to conceal his disfigurements. He struggles against howling flashbacks and the lingering stench of his own concealed crimes. In a town meant for sanctuary, repressed horrors awaken like worms in a collapsing coffin. The closer they get to the truth, the nearer everyone is dragged to their limits, their failings and their buried pasts.

In his forty years of experience as a salesman, Ronald R. Dobbs encountered two questions over and over on his quest for success: Why are some people successful when others aren't? What are the essential skills for success? In his own journey, Dobbs answered both questions for himself, and he now wants to share his experiences with readers. Dobbs shows how his own life story demonstrates the value of motivation and perseverance. He emphasizes the power of passion, commitment, attitude, and determination. Dobbs has written Dare to Dream: Creating Success for readers of all ages and backgrounds. A special section helps teens get an early start on their journey, but he also provides perspective and scope for those who believe life is over by the time they turn twenty. For others, Dobbs emphasizes that it is never too late to follow your dreams. Dobbs already shared the secrets of sales in Dare to Dream: Career Sales. In this companion book, he takes the focus off sales and onto basic success. Any fan of the first book will want this informative sequel. Anyone unfamiliar with the earlier work will still find this the perfect plan for success.
