For fans of USA Today bestselling authors Christina Lauren and Sally Thorne comes a hilarious romantic comedy about finding your family, finding yourself, and maybe finding love along the way. Being adopted never made Jane Smith feel unloved, just unlike the rest of her family. As her twenty-fifth birthday approaches, she is struck by an overwhelming longing to finally find her place in the world. So in a very un-Jane-like move, she books a last-minute ticket to Greece to find her birth father and the real Jane. All she knows about him is it that he was a tour guide named Dimitri. Armed with this knowledge and several surprise boxes of condoms from her mom (not embarrassing at all), Jane takes off. Within minutes of landing she makes two important discoveries. First, everyone in Greece is named Dimitri, and second, fate might be playing a sick joke on her when a sexy tour guide called Dimitri comes to fetch her from the airport. He offers to help Jane with her search---if she'll go on an adventure with him. Stable Jane would never risk a steamy vacation romance. But real Jane might finally be ready to listen to her heart. Will Jane find her biological father, or will she end up finding something else entirely? "Top Pick! Almost a Bride put a smile

Theodore Prime composed *Burning Desire* while a senior at Notre Dame High School in Lawrenceville, New Jersey. A writer of poetry since he was 12 years old, Theo often reflected upon the things a man in love thinks about but never says to the object of his affections. This collection of poems is his first attempt to capture the essence of these feelings—the yearning, the longing, the hurt, the anguish, and even the despair that torments a man who plays the game of love . . . and often loses. And while men certainly will identify with the feelings found here, it is the women among his readers whom Theo really is addressing. For it is they who finally will secure a window into a man's heart and see, perhaps for the first time, how vulnerable men really are.

The future of the Taiwan Strait is more wide open than at any other time in recent decades. Tensions between China and Taiwan have eased since 2008. But the movement toward full rapprochement remains fragile. Whether the two sides of the Strait can sustain and expand a cooperative relationship after years of mutual distrust and fear is still uncertain. The waters of the Strait are uncharted, and each side worries about shoals beneath the surface. The current engagement between Beijing and Taipei may make possible a solution to their six-decade-long dispute. Whether, when, and how that might happen is, however, shrouded in doubt. China fears the island's permanent separation, by way of either an overt move to de jure independence or continued refusal to unify with the mainland. Taiwan fears subordination to an authoritarian regime that does not have Taipei's interests at heart. And the United States worries about the stability of the East Asian region. Richard Bush, who studied issues surrounding Taiwan during almost twenty years in the U.S. government, explains the current state of relations between China and Taiwan, providing the details of what led to the current situation. And he extrapolates on the likely future of cross-Strait relations. Bush also discusses America's stake, analyzing possible ramifications for U.S. interests in the critically important East Asia region and recommends steps to protect those interests. "At the heart of the [Taiwan conundrum] is a question of definition. In a delightful follow-up to *Written in the Stars*, Alexandria Bellefleur delivers another #ownvoices queer rom-com about a hopeless romantic who vows to show his childhood crush that romance isn't dead by recreating iconic dates from his favorite films... *Brendon Lowell loves love*. It's why he created a dating app to help people find their one true pairing and why he's convinced "the one" is out there, even if he hasn't met her yet. Or... has he? When his sister's best friend turns up in Seattle unexpectedly, Brendon jumps at the chance to hang out with her. He's crushed on Annie since they were kids, and the stars have finally aligned, putting them in the same city at the same time. Annie booked a spur-of-the-moment trip to Seattle to spend time with friends before moving across the globe. She's not looking for love, especially with her best friend's brother. Annie remembers Brendon as a sweet, dorky kid. Except, the 6-foot-4 man who shows up at her door is a certified Hot Nerd and Annie... wants him? Oh yes. Getting involved would be a terrible idea—her stay is temporary and he wants forever—but when Brendon learns Annie has given up on dating, he's determined to prove that romance is real. Taking cues from his favorite rom-coms, Brendon plans to woo her with elaborate dates straight out of Nora Ephron's playbook. The clock is ticking on Annie's time in Seattle, and Brendon's starting to realize romance isn't just flowers and chocolate.
