This third collection of outstanding contributions from the Critical Management Studies (CMS) Division of the Academy of Management (AOM) continues to challenge business practice in ways not tackled by other more typical business case studies. There is a critical need for business educators to expose students and managers to the multifaceted phenomena of doing business in the twenty-first century; to support critical, reflective moral development; and to reflect and understand the complexities of organizational life. Is the system broken? Is there need for more systemic change? The

cases explore a number of critical issues at some of the largest industries and companies in the world, including wealth creation and human rights in mining, the CSR approaches at Coca-Cola, the palm oil industry, and the supply chain at Apple Inc. Online Teaching Notes to accompany each chapter are available on request with the purchase of the book. This innovative book is written in an accessible, compact style that sets forth and explains a sound framework for professional ethics that readers can quickly put into practice in analyzing and writing about cases. Through a series of moral conflicts, it aims at improving the skills of moral reasoning and achieving moral development.

Cases in Business Ethics provides the opportunity for students not only to discuss the application of ethical theories in managerial situations, but also to apply judgment and make decisions in a real-world context. This collection of cases focuses on business decision-making, and includes both short and long, more complex cases that highlight the practicalities of business practice and ethical theory. A beneficial feature of Cases in Business Ethics is the variety of ways in which the cases can be organized to fit the course curriculum.

Focusing on ethical challenges in program evaluation, this innovative book features six case-study scenarios that end at a point where the evaluator faces a significant decision about how to proceed. For each case, two distinguished evaluators offer insights on the best course of action to choose, and why. "What If?" boxes modify the details of the scenarios, inviting readers to reflect on whether these changes alter the ethical implications of the case. Six additional cases are presented with questions that guide readers to develop their own ethical analyses. The book is organized to follow the progress of an evaluation, from the entry/contracting phase through the utilization of results.

This collection of quality cases on business ethics addresses some of the most pertinent ethical issues in today's business environment. It goes well beyond matters of fraud and public relations to consider standards of professionalism, corporate decision-making structure, and the interface between ethical theory and economic practice. Through handpicked cases from a variety of areas as telecom, chemicals etc and business houses, this book illustrates how business ethics and corporate governance can be used to align business goals with ethical business practices and achieve better operational performance.

The Business Ethics Workshop by James Brusseu focuses on reality and engagement. Students respond to examples and contemporary cases that touch on their own anxieties, desires and aspirations, and this textbook drives that without sacrificing intellectual gravity. It incites student interest and gets to the core of ethical issues.

Distinguished ethics professors Veatch and Flack have teamed up to offer this remarkable collection of case studies based on the actual experiences of practicing allied health personnel in various fields.

Gain a better understanding of common threads and patterns of ethical challenges with cases and readings drawn from pop culture,

business, and history. BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS, 9E provides relevant issues, such as getting out of student loans-- the consequences and societal costs as well as benefit to graduates. Probing questions and content force you to look beyond emotions and opinions to evaluate the costs of ethical decisions, such as Edward Snowden's actions and whether they harmed or helped society. Cases provide historical perspective as you learn how individuals slip into behavior that lead to ethical and legal breaches. Real examples of business decisions gone awry in this market-leading collection of readings present patterns of behaviors and choices that often result in the destruction of businesses and personal lives. Perspective and insights provide a knowledge base for readers to recognize and resolve ethical issues.

This book provides a basis for class discussion about the responsible conduct of social science research. These 16 brief research ethics cases describe situations in which ethical dilemmas arise and present the student with the opportunity to think through the different implications for researchers. The cases emphasize different types of ethical dilemmas involving faculty, students, participants, and stakeholders. Students can discuss what happened, why it was or was not unethical, and what should be the consequences for the actors. Included are the original cases complete with learning objectives, teaching notes, and questions for discussion.

The 46 original case studies featured in this book demonstrate that in many business sectors, local people and foreigners are responding to the challenges of achieving business success while competing with integrity. Cases are divided into eight sub-topics discussing internet and social media issues, labor issues, corporate social responsibility, product and food safety, Chinese suppliers and production, environmental issues, corporate governance, as well as business and society in China. Each case is followed by a discussion section, with questions to prompt reflection. This book is a valuable resource for students of International Business and Management, as well as entrepreneurs and business managers working and doing business in China.

Contains case studies for courses in Business Ethics in the Philosophy or Business curriculum. This book is a collection of 35 original and reprinted contemporary cases that focus on ethical and social issues surrounding business. It makes the students aware of situations that require moral reflection, judgment, and decision-making.

Media Ethics: Cases and Moral Reasoning, Ninth Edition challenges students to think analytically about ethical situations in mass communication by using original case studies and commentaries about real-life media experiences. This market-leading text facilitates and enhances students' ethical awareness by providing a comprehensive introduction to the theoretical principles of ethical philosophies. Media Ethics introduces the Potter Box (which uses four dimensions of moral analysis: definitions, values, principles and loyalties) to provide a framework for exploring the important steps in moral reasoning and analyzing the cases that follow. Focusing on a wide spectrum of ethical issues facing media practitioners, the cases in this new Ninth Edition include the most recent issues in journalism, broadcasting, advertising, public relations and entertainment.

The quest for integrity in business is not only a reaction against malfeasance in business and associated calls for reform but also a search that stems from changes and new demands in the global business environment. Among the sources of these new demands are the expectations of stakeholders that corporations and their leaders will take more active roles as citizens within society and in the fight against some of the most pressing problems in the world, such as poverty, environmental degradation, defending human rights, corruption, and pandemic diseases. This book presents and critically discusses key case studies from all over the world, offering essential insights, practical advice, and guidance for any business leader wishing to lead an organization with reliable and proven integrity. The authors provide valuable

research results as well as real teaching tools for faculty and students.

Can a corporation have a conscience? What is wrong with reverse discrimination? Can ethical management and managed care coexist? Hoffman, Frederick, and Schwartz address these and many other current, intriguing, often complex issues in corporate morality. This introductory business ethics text contains a thorough general introduction on ethical theory, 54 readings, and 25 cases. Divided into five parts, each with an introduction that presents the major themes of its articles and cases, the text contains an impartial, point-counterpoint presentation of different perspectives on the most important issues being debated in business ethics. Each chapter ends with questions that can be used for student discussion, review, tests/quizzes, or for student assignments. The fourth edition has 27 new readings, 15 new cases, and 10 new mini-cases.

Filled with real-world case studies and examples of ethical dilemmas, *Understanding Business Ethics, Third Edition* prepares students and managers alike to make ethical decisions in today's complex, global environment. However, many societies still face serious issues related to unethical business practices. *Business Ethics and Diversity in the Modern Workplace* investigates the ethical frameworks within modern corporations and their impact on the communities they serve. With a focus on autonomous decision making in complex quandaries, this book is an all-inclusive reference source for students, researchers, practitioners, and managers who are concerned with the various ethical dilemmas within businesses, as well as evaluating moral issues impacting societal welfare.

Packed with real-life examples of business decisions gone awry, the book explores the complex issues of business ethics from the leaders' perspectives. This best-selling text offers a rare collection of readings which examines the business decision-making processes of many types of leaders, while revealing some of the common factors that push them over ethical lines they might not otherwise cross.

This book comprises multiple finance and ethics case studies. The purpose of the book is twofold. First, the case studies teach readers how to evaluate and determine resolutions to ethical issues in finance. Second, the reader will enjoy a journey with the author, a woman, over her years working in finance, through the use of case studies. These studies focus on ethical issues in finance which the author encountered over nearly a 30-year career in the industry. There are 10 case studies extracted from different sectors of finance. This broad range is a consequence of the author's experience from almost all sides of the business: the buy side, the sell side, equity research in Asia, equity sales, mutual funds, hedge funds, the finance academy, and consulting. Each case study has an engaging narrative describing the background, transactions, players, and ethical issues. The ethical issue is analyzed and resolved using the appropriate theories of moral philosophy. Descriptions and analyses are rigorous yet comprehensible, approachable, and entertaining. Apart from ethics determinations, the material in the book covers and explains a variety of specific, and even complex, financial transactions. In every transaction there is an explanation of the roles of various players involved. In this way, readers will learn about the work of people in different positions in finance from investment bankers and equity traders to portfolio managers and equity analysts. Through these case studies, readers also will get an understanding of major financial transactions and activities such as IPOs, secondary offerings, equity trading, and equity valuations. The book will appeal to practitioners, college and high school students, and lecturers who can use it to supplement courses in finance or business ethics.

This book equips readers with the knowledge, insights and key capabilities to understand and practice business activities from ethical and sustainable vantage points. In our interconnected global business environment, the impacts of business activities are under increased ethical scrutiny from a wide range of stakeholders. Written from an international perspective, this book introduces the theory and practice of ethical and sustainable business, focusing in particular on eco-environmental sustainability, intergenerational responsibilities, current disruptive technologies, and intercultural values of the business community and consumers. Written by an expert author who also brings to the fore non-Western concepts and themes, this book: features positive case studies, as well as transferrable and applicable key insights from such cases; highlights the importance of taking cultural differences into account; takes a transdisciplinary approach which considers findings from research fields including conceptual and empirical business ethics, behavioral economics, ecological economics, environmental ethics, and the philosophy of culture; weaves in pedagogical features throughout, including up-to-date case studies, study questions, thought experiments, links to popular movies, and key takeaways. Written in an accessible and student-friendly manner, this book will be of great interest to students of business ethics, environmental ethics, applied ethics, and sustainable development, as well as business practitioners striving toward ethical, sustainable, and responsible business practice.

Business Ethics Case Studies and Selected Readings South Western Educational Publishing

Business cases are at the heart of business ethics as a discipline. Analysis and reflection on the morality of business often is triggered by concrete cases. After four introductory chapters into recent developments within business ethics and the value of case analysis, the present volume offers extensive description of eight recent European cases, mainly stemming from The Netherlands and Belgium and all of them with a clear moral impact. Among them are the Lernout and Hauspie speech technology disaster, Heineken struggle with the promotion girls selling beer in Cambodia, cartels in the Dutch construction industry, the pharmaceutical

industry and the Aids crisis, and Unilever allegedly making use of child labour in the cotton industry in India. The book will be of interest to researchers as well as teachers of undergraduate and graduate courses in Business Ethics, Business in Society, Management and Organisation Theory and Strategic Management. It will also be useful for business practitioners eager to learn about business ethics by means of cases.

Business Cases in Ethical Focus is a new collection of in-depth case studies from around the world, covering all major areas of business ethics. Cases address a broad range of topics such as the ethics of entrepreneurship and finance, the challenges that diversity raises for business, and whistleblowing. The cases are provocative yet complex, conveying the difficulty of moral dilemmas and the potential for reasonable disagreement.

Addresses a broad range of the most current, intriguing, often complex issues and cases in corporate morality Provides impartial, point-counterpoint presentations of different perspectives on the most important and highly contended issues of business ethics Updated and significant case studies are included to reinforce student learning Now contains mini-cases based on actual MBA student dilemmas Each author has substantial experience in teaching, writing, and conducting research in the field

This book expands the current discussion on ethics, addressing the gap between "headline" ethics cases, which are often extreme and taken from a business context, and the everyday ethical challenges that we all face in school, work, relationships, and communities. Case studies throughout demonstrate concepts and provide opportunities for readers to apply theory as they consider everyday issues such as the temptation to lie about an arrest on a job application, peer pressure to steal or drink, and the implications of "ratting out" a classmate who is cheating or a co-worker who is stealing. By including a broad array of ethical challenges, this book makes ethics more accessible to the reader. Drawing from several academic disciplines, including social psychology and organizational behavior, this book explores the personal and environmental factors that influence our ethical decision-making. The book is appropriate for ethics courses in an array of disciplines as well as anyone interested in ethical challenges.

Case Studies in Environmental Ethics is a collection of more than 40 case studies covering diverse topics such as: genetic engineering, aesthetics, pollution, animal rights, population, and resource management. It is intended as a supplemental book for college courses primarily in Environmental Ethics. Each case presents factual information on a particular topic, followed by a discussion of the ethical implications of each topic and several insightful discussion questions. The cases are concise yet rich in detail and controversy to provide significant classroom discussion. These cases focus on philosophical and policy decisions that students are likely to encounter in their everyday lives. In addition, the book provides numerous sources and an Internet resources section to allow students to research the issues found in the cases.

This valuable book, written specifically for library and information science professionals, presents 125 case studies that combine theories of ethics and librarianship with practical, real-life scenarios. After an introduction to ethics in library and information science, chapters are devoted to ethical issues in five categories: intellectual freedom, privacy, intellectual property, professional ethics, and intercultural information ethics. Each chapter has a theoretical introduction to the issue under consideration followed by 25 case studies, each of which includes its own set of discussion questions. Perfectly suited to classroom use, these case studies help bridge the complicated gap between students, academics, and practitioners in the field by promoting critical thinking and responsible action. Instructors considering this book for use in a course may request an examination copy [here](#).
