

Business Ethics Case Studies And Selected Readings South Western Legal Studies In Business Academic Series 7th Seventh Edition

This third collection of outstanding contributions from the Critical Management Studies (CMS) Division of the Academy of Management (AOM) continues to challenge business practice in ways not tackled by other more typical business case studies. There is a critical need for business educators to expose students and managers to the multifaceted phenomena of doing business in the twenty-first century; to support critical, reflective moral development; and to reflect and understand the complexities of organizational life. Is the system broken? Is there need for more systemic change? The cases explore a number of critical issues at some of the largest industries and companies in the world, including wealth creation and human rights in mining, the CSR approaches at Coca-Cola, the palm oil industry, and the supply chain at Apple Inc. Online Teaching Notes to accompany each chapter are available on request with the purchase of the book.

Packed with real-life examples of business decisions gone awry, the 8th Edition of BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS explores the complex issues of business ethics from the leaders' perspectives. This best-selling text offers a rare collection of readings which examines the business decision-making processes of many types of leaders, while revealing some of the common factors that push them over ethical lines they might not otherwise cross. A combination of short and long cases, readings, hypothetical situations, and current ethical dilemmas, BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS provides a stimulating and thorough basis for evaluating business ethics, and encourages stronger values in future business leaders. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Cases in Business Ethics provides the opportunity for students not only to discuss the application of ethical theories in managerial situations, but also to apply judgment and make decisions in a real-world context. This collection of cases focuses on business decision-making, and includes both short and long, more complex cases that highlight the practicalities of business practice and ethical theory. A beneficial feature of Cases in Business Ethics is the variety of ways in which the cases can be organized to fit the course curriculum.

The fifth edition of Business Ethics addresses current, intriguing, often complex issues in corporate morality through 53 readings and 30 pertinent case studies. Now significantly updated, it includes new leading articles, related current cases, and mini-cases based on MBA student dilemmas. Addresses a broad range of the most current, intriguing, often complex issues and cases in corporate morality Provides impartial, point-counterpoint presentations of different perspectives on the most important and highly contended issues of business ethics Updated and significant case studies are included to reinforce student learning Now contains mini-cases based on actual MBA student dilemmas Each author has substantial experience in teaching, writing, and conducting research in the field

The Business Ethics Workshop by James Brusseu focuses on reality and engagement. Students respond to examples and contemporary cases that touch on their own anxieties, desires and aspirations, and this textbook drives that without sacrificing intellectual gravity. It incites student interest and gets to the core of ethical issues.

Understanding and appreciating the ethical dilemmas associated with business is an important dimension of marketing strategy. Increasingly, matters of corporate social responsibility are part of marketing's domain. Ethics in Marketing contains 20 cases that deal with a variety of ethical issues such as questionable selling practices, exploitative advertising, counterfeiting, product safety, apparent bribery and channel conflict that companies face across the world. A hallmark of this book is its international dimension along with high-profile case studies that represent situations in European, North American, Chinese, Indian and South American companies. Well known multinationals like Coca Cola, Facebook, VISA and Zara are featured. This second edition of Ethics in Marketing has been thoroughly updated and includes new international cases from globally recognized organizations on gift giving, sustainability, retail practices, multiculturalism, sweat shop labor and sports sponsorship. This unique case-book provides students with a global perspective on ethics in marketing and can be used in a free standing course on marketing ethics or marketing and society or it can be used as a supplement for other marketing classes.

Resolving Moral Issues in Business. The ethical landscape of business is constantly changing, and the new edition of Business Ethics: Concepts and Cases has been revised to keep pace with those changes most effecting business: accelerating globalization, constant technological updates, proliferating of business scandals. Business Ethics: Concepts and Cases introduces the reader to the ethical concepts that are relevant to resolving moral issues in business; imparts the reasoning and analytical skills needed to apply ethical concepts to business decisions; identifies moral issues specific to a business; provides an understanding of the social, technological, and natural environments within which moral issues in business arise; and supplies case studies of actual moral conflicts faced by businesses. This Books á la Carte Edition is an unbound, three-hole punched, loose-leaf version of the textbook and provides students the opportunity to personalize their book by incorporating their own notes and taking only the portion of the book they need to class – all at a fraction of the bound book price. Teaching and Learning Experience Personalize Learning - MyThinkingLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking - Business Ethics: Concepts and Cases provides summaries of basic ideas discussed within the text in its margins; presents conceptual materials first, and then offers discussion cases second through standardized chapters; all providing students the chance to critically think about the material they are learning. Engage Students - Study questions at the beginning of each chapter, definitions of key terms in the margins, a glossary, chapter-end study and discussion questions, end-of-chapter web resources, and chapter-opening concrete examples / cases all ensure students' complete understanding of the material. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic "MyTest" Test Bank or PowerPoint Presentation Slides. Note: MyThinkingLab does not come automatically packaged with this text. To purchase MyThinkingLab, please visit www.MyThinkingLab.com or you can purchase a valuepack of the text + MyThinkingLab(VP ISBN-10: 0205029760, VP ISBN-13: 9780205029761)

This highly effective text provides superior legal, ethical, and regulatory coverage while fully integrating practical business practices for tomorrow's business managers. Legal topics are explored and explained through real-world business examples (over 300 references to business are made in the text). In addition to a solid foundation in the law, students learn valuable legal and

ethical reasoning skills through a variety of critical thinking exercises. Students receive -- and appreciate -- practical advice on when it is necessary to call a lawyer, how best to use legal aid services and how to avoid legal trouble in the first place. This text fulfills current curricular and AACSB accrediting standards.

Delve into the core of ethics today in your course with the latest practical, applied coverage found in Ferrell/Fraedrich/Ferrell's BUSINESS ETHICS 2009 UPDATE. Whether you use this book as a supplement or primary text in your undergraduate or graduate course, the accessible, up-to-date approach provides unmatched insights into the complex environment in which contemporary managers make ethical decisions. The book's solid managerial framework and new updates highlight the latest developments in ethics and how they relate to overall ethics concepts, processes, and best practices used throughout successful business ethics programs. Your students see how ethics can play a critical role in key strategic business decisions. Captivating new cases and engaging examples reflect today's most recent business developments and crises. Rather than focusing on intellectual reasoning alone or a philosophical discussion of ideas, the book's proven learning features help students prepare and practice confronting the types of actual ethical dilemmas they will face in today's business world. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This book is a collection of fictionalised case studies of everyday ethical dilemmas and challenges, encountered in the process of conducting global health research in places where the effects of global, political and economic inequality are particularly evident. It is a training tool to fill the gap between research ethics guidelines, and their implementation 'on the ground'. The case studies, therefore, focus on 'relational' ethics: ethical actions and ideas that emerge through relations with others, rather than in regulations. This work was published by Saint Philip Street Press pursuant to a Creative Commons license permitting commercial use. All rights not granted by the work's license are retained by the author or authors.

Case Studies in Environmental Ethics is a collection of more than 40 case studies covering diverse topics such as: genetic engineering, aesthetics, pollution, animal rights, population, and resource management. It is intended as a supplemental book for college courses primarily in Environmental Ethics. Each case presents factual information on a particular topic, followed by a discussion of the ethical implications of each topic and several insightful discussion questions. The cases are concise yet rich in detail and controversy to provide significant classroom discussion. These cases focus on philosophical and policy decisions that students are likely to encounter in their everyday lives. In addition, the book provides numerous sources and an Internet resources section to allow students to research the issues found in the cases.

An innovative text that aims to deepen students' knowledge of business ethics through a multidisciplinary approach grounded in moral philosophy, management principles, business history, and economics. The text aims to help students make ethical decisions, demonstrate integrity in the workplace, and advocate for moral business practices. It also features content on further trends and topics that will help students build a deeper understanding of business ethics: A section on Personal Integrity in the workplace, unpacks ethical dilemmas that face employees in the workplace including conflicts of interest, cheating, whistle blowing, and bribery. A section on Corporate Values and Responsibilities delves into ethical issues related to the financial industry, competition, safety, privacy, and intellectual property. A section on Global Capitalism examines the ethical issues related to culture, justice, the internet, and environmental issues around the world. All content is supported by 40 contemporary case studies that allow students to grapple with a wide range of moral issues and apply ethical frameworks to a variety of situations at real-world organizations, including GlaxoSmithKline (GSK) in China, Firestone in Liberia, and the Apple Encryption Controversy. The book is complemented by online resources for instructors and students, including: Test Bank, PowerPoint slides, an Instructor's Manual with extensive case notes, Exercises and Activities, Multimedia resources, Quizzes, Flashcards, and SAGE Journal Articles. Suitable reading for undergraduate students on Business Ethics courses.

Business Ethics will equip students with the strategies necessary to analyse and improve the broad scope of business ethics today.

Business Ethics Through Movies: A Case Study Approach examines a wide range of ethical dilemmas, principles and moral reasoning that arise in contemporary business through a series of popular films and real-world case studies. Engages readers in learning about ethical theory by using movies and both national and international case studies in business as the vehicle for analysis and reflection Facilitates comprehension of ethical issues by showing how characters in films confront issues, make choices, and face the consequences Draws from a variety of actual cases in Business Ethics ? from the 1982 Tylenol poisoning and the 1989 Exxon Valdez disaster to recent examples such as the Foster Farms salmonella outbreak and the chemical spill in West Virginia Reveals the important role that ethics plays in setting the moral foundation of a business or corporation Develops critical thinking skills through applying analytical checklists to ethical dilemmas raised in films and in actual cases in Business Ethics

Business ethics is understood in a comprehensive and differentiated sense, as in recent years it has evolved under the influence of globalization. The present book examines inclusive growth, which includes more than just poverty alleviation and seeks to address the problem of equity through the enhancement of opportunities for all parties. This conforms to the fundamental task of business ethics, which is to enhance the ethical quality of decision-making and actions taken at all levels of business, i.e., at the personal (micro-), organizational (meso-), and systemic (macro-) levels and thus extending the narrow notion of business ethics as a niche for managers with good intentions. In the real world of competition and coordination, various situations produce various tradeoffs that the three pillars of the economy, i.e., Business, Government and Society have to pursue for their survival and sustenance. In this book, we look into many such case studies in which the strength of one component leads to a benefit for one of the other components and a detriment for the other, thus causing an imbalance between the three pillars. This book will be equally valuable to students, philosophers, decision-makers in business and policy-makers at large.

This collection of quality cases on business ethics addresses some of the most pertinent ethical issues in today's business environment. It goes well beyond matters of fraud and public relations to consider standards of professionalism, corporate decision-making structure, and the interface between ethical theory and economic practice. Through handpicked cases from a variety of areas as telecom, chemicals etc and business houses, this book illustrates how business ethics and corporate governance can be used to align business goals with ethical business practices and achieve better operational performance.

Packed with real-life examples of business decisions gone awry, the book explores the complex issues of business ethics from the leaders' perspectives. This best-selling text offers a rare collection of readings which examines the business decision-making processes of many types of leaders, while revealing some of the common factors that push them over ethical lines they might not

otherwise cross.

The quest for integrity in business is not only a reaction against malfeasance in business and associated calls for reform but also a search that stems from changes and new demands in the global business environment. Among the sources of these new demands are the expectations of stakeholders that corporations and their leaders will take more active roles as citizens within society and in the fight against some of the most pressing problems in the world, such as poverty, environmental degradation, defending human rights, corruption, and pandemic diseases. This book presents and critically discusses key case studies from all over the world, offering essential insights, practical advice, and guidance for any business leader wishing to lead an organization with reliable and proven integrity. The authors provide valuable research results as well as real teaching tools for faculty and students.

Filled with real-world case studies and examples of ethical dilemmas, *Understanding Business Ethics, Third Edition* prepares students and managers alike to make ethical decisions in today's complex, global environment. Bestselling authors Peter A. Stanwick and Sarah D. Stanwick explain the fundamental importance of ethical leadership, decision making, and strategic planning while examining emerging trends in business ethics such as the developing world, human rights, environmental sustainability, and technology. In addition to presenting information related to the Association to Advance Collegiate Schools of Business (AACSB), the text's 26 real-world cases profile a variety of industries, countries, and ethical issues in a way that is relevant and meaningful to students' lives. The Third Edition features new cases from well-known companies such as Disney and General Motors, new coverage of emerging topics such as big data and social media, expanded coverage of corporate social responsibility, and more. Using an applied approach, this text helps students understand why and how business ethics really do matter!

Many people think of business as a game of strategy, and argue that whatever works for business success is acceptable, even if it involves cheating, deceptions, and other improprieties. Jewish business law rejects this approach. Using specific case studies, this book analyzes the strategies that are impermissible, discussing deceptive advertising, negative advertising, pressure tactics in sales, insider trading, price matching, worker evaluations, termination policy, and many others. An excellent adult education volume.

Mediation Ethics is a groundbreaking text that offers conflict resolution professionals a much-needed resource for traversing the often disorienting landscape of ethical decision making. Edited by mediation expert Ellen Waldman, the book is filled with illustrative case studies and authoritative commentaries by mediation specialists that offer insight for handling ethical challenges with clarity and deliberateness. Waldman begins with an introductory discussion on mediation's underlying values, its regulatory codes, and emerging models of practice. Subsequent chapters treat ethical dilemmas known to vex even the most experienced practitioner: power imbalance, conflicts of interest, confidentiality, attorney misconduct, cross-cultural conflict, and more. In each chapter, Waldman analyzes the competing values at stake and introduces a challenging case, which is followed by commentaries by leading mediation scholars who discuss how they would handle the case and why. Waldman concludes each chapter with a synthesis that interprets the commentators' points of agreement and explains how different operating premises lead to different visions of what an ethical mediator should do in a given case setting. Evaluative, facilitative, narrative, and transformative mediators are all represented. Together, the commentaries showcase the vast diversity that characterizes the field today and reveal the link between mediator philosophy, method, and process of ethical deliberation. Commentaries by Harold Abramson Phyllis Bernard John Bickerman Melissa Brodrick Dorothy J. Della Noce Dan Dozier Bill Eddy Susan Nauss Exon Gregory Firestone Dwight Golann Art Hinshaw Jeremy Lack Carol B. Liebman Lela P. Love Julie Macfarlane Carrie Menkel-Meadow Bruce E. Meyerson Michael Moffitt Forrest S. Mosten Jacqueline Nolan-Haley Bruce Parady Charles Pou Mary Radford R. Wayne Thorpe John Winslade Roger Wolf Susan M. Yates

Maybe I Should. . . Case Studies on Ethics for Student Affairs Professionals (2nd ed.) offers graduate students and new student affairs professionals the opportunity to hone their knowledge of and sensitivities to everyday professional ethics. The second edition includes all new cases addressing contemporary topics across multiple functional areas, including: admissions and orientation, advocacy and inclusion, career and academic support, residence life and housing, student involvement and student conduct. Readers are encouraged to puzzle through each situation to identify, articulate, and provide rationales for plausible and preferred strategies for addressing ethical conundrums in their professional work. Benjamin and Jessup-Anger provide a framework for analyzing cases along with resources for incorporating professional ethics and case study analysis into formal education or staff development activities in student affairs.

Business cases are at the heart of business ethics as a discipline. Analysis and reflection on the morality of business often is triggered by concrete cases. After four introductory chapters into recent developments within business ethics and the value of case analysis, the present volume offers extensive description of eight recent European cases, mainly stemming from The Netherlands and Belgium and all of them with a clear moral impact. Among them are the Lernout and Hauspie speech technology disaster, Heineken struggle with the promotion girls selling beer in Cambodia, cartels in the Dutch construction industry, the pharmaceutical industry and the Aids crisis, and Unilever allegedly making use of child labour in the cotton industry in India. The book will be of interest to researchers as well as teachers of undergraduate and graduate courses in Business Ethics, Business in Society, Management and Organisation Theory and Strategic Management. It will also be useful for business practitioners eager to learn about business ethics by means of cases. Contains case studies for courses in Business Ethics in the Philosophy or Business curriculum. This book is a collection of 35 original and reprinted contemporary cases that focus on ethical and social issues surrounding business. It makes the students aware of situations that require moral reflection, judgment, and decision-making.

Asking Good Questions moves beyond a traditional discussion of ethical theory, focusing on how educators can use these important frameworks to facilitate critical thinking about real-life ethical dilemmas. In this way, authors Nancy Stanlick and Michael Strawser offer students a theoretical tool kit for creatively addressing issues that influence their own environments. This text begins with a discussion of key ethical theorists and then guides the reader through a series of original case studies and follow-up activities that facilitate critical thinking, emphasize asking thought provoking questions, and teach the student to address the complexity of ethical dilemmas while incorporating the viewpoints of their

peers. Additionally, Stanlick and Strawser include an extensive preface, a mind-mapping technique for analyzing and formulating arguments, and a six step process for approaching complex real-life moral issues. Each chapter incorporates suggested assignments, discussion questions, and references for further reading, and a guide for instructors offering a sample course schedule and suggestions on how to use this book effectively is also available. This text is designed to help educators engage students in a meaningful discussion of how historical theories apply to their own lives, providing rich and unique resources to learn about these critical issues.

This book comprises multiple finance and ethics case studies. The purpose of the book is twofold. First, the case studies teach readers how to evaluate and determine resolutions to ethical issues in finance. Second, the reader will enjoy a journey with the author, a woman, over her years working in finance, through the use of case studies. These studies focus on ethical issues in finance which the author encountered over nearly a 30-year career in the industry. There are 10 case studies extracted from different sectors of finance. This broad range is a consequence of the author's experience from almost all sides of the business: the buy side, the sell side, equity research in Asia, equity sales, mutual funds, hedge funds, the finance academy, and consulting. Each case study has an engaging narrative describing the background, transactions, players, and ethical issues. The ethical issue is analyzed and resolved using the appropriate theories of moral philosophy. Descriptions and analyses are rigorous yet comprehensible, approachable, and entertaining. Apart from ethics determinations, the material in the book covers and explains a variety of specific, and even complex, financial transactions. In every transaction there is an explanation of the roles of various players involved. In this way, readers will learn about the work of people in different positions in finance from investment bankers and equity traders to portfolio managers and equity analysts. Through these case studies, readers also will get an understanding of major financial transactions and activities such as IPOs, secondary offerings, equity trading, and equity valuations. The book will appeal to practitioners, college and high school students, and lecturers who can use it to supplement courses in finance or business ethics.

An important guide for senior management on structuring an organization to promote ethical behavior and enhance performance Designed for senior leaders of organizations—boards of directors; C-level executives; trustees; managing partners; government officials; and anyone tasked with a duty—Business Ethics: A Case Study Approach provides readers with an understanding of the human elements that drive ethical and unethical behavior and how to recognize indicators—both bad and good—of an organization's ethical make-up. Topics featured include: what drives individual decision making; how groups and environments influence decision making; the role of leadership; and much more. Case Histories in Business Ethics illustrates and extends the role of case histories in the teaching and study of business ethics. Typically, case histories are used to illustrate assertions or arguments, or to stimulate debate about an issue within business ethics. This volume examines that role, illustrating the link between case histories and mo
Can a corporation have a conscience? What is wrong with reverse discrimination? Can ethical management and managed care coexist? Hoffman, Frederick, and Schwartz address these and many other current, intriguing, often complex issues in corporate morality. This introductory business ethics text contains a thorough general introduction on ethical theory, 54 readings, and 25 cases. Divided into five parts, each with an introduction that presents the major themes of its articles and cases, the text contains an impartial, point-counterpoint presentation of different perspectives on the most important issues being debated in business ethics. Each chapter ends with questions that can be used for student discussion, review, tests/quizzes, or for student assignments. The fourth edition has 27 new readings, 15 new cases, and 10 new mini-cases.

Business Cases in Ethical Focus is a new collection of in-depth case studies from around the world, covering all major areas of business ethics. Cases address a broad range of topics such as the ethics of entrepreneurship and finance, the challenges that diversity raises for business, and whistleblowing. The cases are provocative yet complex, conveying the difficulty of moral dilemmas and the potential for reasonable disagreement.

The Second Edition of Case Studies in Organizational Communication: Ethical Perspectives and Practices, by Dr. Steve May, integrates ethical theory and practice to help strengthen readers' awareness, judgment, and action in organizations by exploring ethical dilemmas in a diverse range of well-known business cases.

This collection of quality cases and essays on business ethics addresses some of the most pertinent ethical issues in today's business environment. It goes well beyond matters of fraud and public relations to consider standards of professionalism, corporate decision-making structure, the interface between ethical theory and economic practice, etc.; contains cases that deal not only with ethical failures, but with ethical successes.

Business Ethics: Case Studies and Selected Readings Cengage Learning

This book expands the current discussion on ethics, addressing the gap between "headline" ethics cases, which are often extreme and taken from a business context, and the everyday ethical challenges that we all face in school, work, relationships, and communities. Case studies throughout demonstrate concepts and provide opportunities for readers to apply theory as they consider everyday issues such as the temptation to lie about an arrest on a job application, peer pressure to steal or drink, and the implications of "ratting out" a classmate who is cheating or a co-worker who is stealing. By including a broad array of ethical challenges, this book makes ethics more accessible to the reader. Drawing from several academic disciplines, including social psychology and organizational behavior, this book explores the personal and environmental factors that influence our ethical decision-making. The book is appropriate for ethics courses in an array of disciplines as well as anyone interested in ethical challenges.

Distinguished ethics professors Veatch and Flack have teamed up to offer this remarkable collection of case studies based on the actual experiences of practicing allied health personnel in various fields.
