Business Plan For Finance Company Molly Elodie Rose,2020-03-30 This business book is different. Unlike every other book you'll read with titles like How To Craft The Perfect Business Plan in 89 Incredibly Simple Steps, this book is different. It's a simple How To guide for creating a Business Plan that's right for you and your business and also an easy to follow workbook. The workbook will guide you through the process you need to follow. It tells you the questions that you need to consider, the numbers you need (and how to get them), and supporting documents you need to gather. The main purpose of a business plan is to aid YOU in running YOUR business. So the workbook has been designed for you to write the information in and refer back to as needed. If you need to supply your Business Plan to another party, such as a bank if you're looking for finance, then it's simple to type up the various sections for a professional document. Running your own business is both a challenging and daunting prospect. With a well-thought-out business plan in place (anticipating the challenges you'll face AND the solutions) it will be much less daunting and much more exciting. Good luck! Molly

Introduction Structure of the business plan Company and financing Company overview Strategic and market analysis
Industry analysis Competition Pricing Marketing plan Financial projections How to Create a Profit and Loss Statement
Executive Summary Conclusion The whole business plan Author Bio Introduction If you have bought this short book, you are probably thinking about starting your own business. We live in the 21st century and we have more business opportunities now than ever before. Today, it is possible to start a global online business and to manage companies that are thousands of miles away from home. The technology has made our lives much easier. The reason you are reading this book is probably not because you don't have the idea, but because you need to create a business plan and convince investors that what you plan to do is profitable. Before you continue reading this book, I want to tell you that there is nothing to be afraid of. Yes, writing a business plan is a bit difficult and complicated, as you need to pay attention to details, but yes, you can write it! In this short guide, we will go step by step through everything you need to know in order to write a business plan. Also, I am going to

create a fictitious company and create a business plan for it. That way you can see how a complete business plan is written step by step. Before we start, you need to know that when you are writing the business plan, you should not only think as yourself, but as the owner, as well. Remember, the goal is not to convince you. The goal is to convince the investors. So you need to put yourself in the position of the investor and make sure that what you have written is done really, really well. The key to writing a good business plan is not only to have all the sections written such as Marketing plan, financial projection, and so on, but also to have answered all the questions that the investor might have for the project you're presenting. Always keep this in mind. I will remind you of this many times during this book as I am going to write the potential questions with italic font. This was a short introduction to what to expect in this book. Now, let's get started!
