

Butterfly Politics

Americans today are being played, Big Time! The average voter has become a pawn in a high-stakes game of political maneuvering and chicanery that has moved beyond mere competition and challenge to something more closely resembling combat. Behind every sound-bite or online news byte is a surreptitious attempt to shape public opinion and spin events in a game of one-upmanship.

When you're running for local office for the first time, there are plenty of mistakes you can make. The good thing is that you're not the first person ever to face the challenges of running for office - even though sometimes it might seem like it. In this book, Craig W. Turner collects stories, advice, warnings and best practices from local candidates from around the country who have been there and done that. They've already seen what you're about to see, and they've generously shared their experiences for the benefit of you and other first-time candidates for local office. This is no poli-sci class. This is "in the trenches" life experience. Everyone interviewed for this book as part of The Campaign Coach Podcast, has run and won at least one election. Some are now retired, some have moved on to higher office, and some are still serving in the capacity we discussed in their interview. In these pages, you will find insights that no guidebook or online course can give you - they will inspire you, and scare you, and motivate you and smack you in the face with a reality check. But, they will also make you a stronger candidate. Whether it's talking with voters, fundraising, understanding local government policy, promoting your candidacy or even knowing how to best serve your community, learning from these people's experiences - and avoiding mistakes that they've already made for you - will give you a leg up on any opponent.

"By means of your democracy we shall invade you, by means of our religion we shall conquer you. Victory will come to us from the wombs of our women." The post Brexit Europe should aim to stop the creeping incursion of illiberal and authoritarian ideologies disguised as "religions" or "cultures" into the continent's liberal and democratic way of life. In most European nations, our adherence to liberal values has resulted in the growth of illiberal values. To put it differently our liberal societies began to tolerate the intolerant. If this trend is not stopped, its long term consequences will be catastrophic for the face of Europe as we and our ancestors have known it. Europe's tolerance and support of the wrongly called ideal of multi-culturalism has resulted in the growth of a continent of multi-faithism. The revival of a religious narrative as an inevitable backlash to the growth of alien religiosity amidst secular Europe is a disturbing phenomenon. It took Europe five hundred years of evolution to reach this stage of separation of state and religion. Michael Nimier

Since the advent of civil society, politicians have evolved various methods of acquiring and retaining power over the people. In discussing these methods, Aristotle, for example, noted that "the leader must cut off the heads of the largest poppies, destroy the proud and rid himself of outstanding men. He must employ spies, use women to report about men, ferment quarrels and keep the people busy and poor. He must show zeal in religion, but zeal combined with dignity and a certain reserve, which will save his piety from seeming artificial and insincere. He must bestow favours in person, but inflict punishment through the agency of the magistrates and the law courts. He has at all times to beware of assassins and especially of those who are willing to sacrifice their lives." In the early days of human political history, these methods, it must be supposed, existed as isolated methods of manipulating people. It was Niccolo Machiavelli who organized them into a systematic art. It is this art as applied in Kenya that is the focus of this book. The book, however, delves deeper beyond simple Machiavellianism to illuminate other methods of scientific mind manipulation that have evolved following remarkable advances in human psychology and

especially psychiatry. Indeed, the book sheds light on the development of knowledge in the field of psychology and sociology and provides profound insights into the social and psychological nature of man. Besides the scientific aspects, the book brightly illuminates the corridors of Kenya's political history in the period shortly before independence in 1963 to 2002. It also provides a refreshing encounter with renowned philosophers, including Socrates, Aristotle, Plato, Stuart Mill and Bertrand Russell, as their ideas bear on the development of thought on the governance of mankind. The book is certainly a must read for students and players of Kenyan politics as well as lovers of Greek classics including *The Odyssey* and *The Iliad*.

A timely and provocative look at the role political developments and the biology of nutrition play in world famine

The author uses prose and poetry to describe the nature of his unexpected relationship with a married woman. The book also features events which shaped his life from an early age as well as an analysis of current events and the alarming trends shaping our society. This work of nonfiction is told from an unabashed, conservative viewpoint. While highly critical of politicians and contemporary politics, there is a prevailing sense of optimism based on the power of individuality and spirituality.

This book will teach you about the importance of friendship. You will also find some words of advice on doing the right thing and finding happiness from the point of view of one of the characters. A butterfly by the name of Rainbow meets a very wise mollusk, Mr. Snail. They became the best of friends and... the adventure begins.

Gaby LeFevre is a suburban, Midwestern firecracker, growing up in the 80s and 90s and saving the world one homeless person, centenarian, and orphan at a time. With her crew of twin sister, Annie, smitten Mikhail, and frenemy Mel, she's a pamphlet-wielding humanitarian, tackling a broken world full of heroes and heroines, villains and magical seeds, and Northwyth stories. Beginning with a roadkill-burying nine-year-old and a gas-leak explosion, it follows Gaby as she traverses childhood and young adulthood with characteristic intensity and a penchant for disaster. Meanwhile, the large cast of compelling characters entertains and the Northwyth legends draw you into their magic.

A collectible hardcover edition of Julia Alvarez's modern Latinx classic about four sisters known as Las Mariposas, or the Butterflies, who fought to liberate the Dominican Republic from Rafael Trujillo's dictatorship, featuring a new foreword by Maxine Hong Kingston A Penguin Vitae Edition It is November 25, 1960, and three sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of the dictatorship of General Rafael Leónidas Trujillo. It doesn't have to. Everybody knows of Las Mariposas--the Butterflies. In this extraordinary novel, the voices of all four sisters--Minerva, Patria, María Teresa, and the survivor, Dedé--speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's storytelling, the martyred Butterflies live again in this novel of courage, love, and the human cost of political oppression. Penguin Vitae—loosely translated as "Penguin of one's life"—is a deluxe hardcover series from Penguin Classics celebrating a dynamic and diverse landscape of classic fiction and nonfiction from seventy-five years of classics publishing. Penguin Vitae provides readers with beautifully designed classics that have shaped the course of their lives, and welcomes new readers to discover these literary gifts of personal inspiration, intellectual engagement, and creative originality.

Caution: this book is a document from the future, on how the United States finally split into two independent republics in 2029, and its aftermath. The topic is so sensitive, that its futuristic author must be identified merely as John Doe, Ph.D. Dateline: 2029. The "One Nation, Indivisible," finally divides. - A political satire.

History of Gambia Political Governance and Economy. Democracy practices, Human right and Trade Management. A Book on Gambia Environment will guide you through. Political risk in the tiny West African state of "The Gambia" is high. Named after the small river around which its borders fluctuate, the country hosts a dictatorship established in a 1994 coup. The country also hosts Hizbollah operatives who conduct international financial transactions, and is one of the top African cocaine transshipment points to Europe. Local businesses are considering fleeing to Sierra Leone to escape a raft of seemingly arbitrary and protectionist laws promulgated by the President for potentially personal reasons. Many small business owners and foreign investors see Sierra Leone as a better alternative, and are considering migrating their businesses. However, according to Ease of Doing Business data from the World Bank, The Gambia has a fighting chance against its nearest competitor. In 2013

25th Anniversary Edition "A magnificent treasure for all cultures and all time." --St. Petersburg Times It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of Las Mariposas--the Butterflies. In this extraordinary novel, the voices of all four sisters--Minerva, Patria, María Teresa, and the survivor, Dedé--speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human costs of political oppression. Julia Alvarez's new novel, *Afterlife*, is available now.

Will love conquer all? With election night looming closer, Gwen McKindry and Clay Masterson's future together is within their grasp. The whole city is watching and they still can't afford to slip up, but they refuse to let anything keep them apart anymore. They can see the light at the end of the tunnel...and they can't reach it fast enough. Or will it condemn all? Despite Gwen and Clay's fortitude, they'll soon discover that others know about their relationship and are doing everything in their power to destroy their love. Clay will protect Gwen at all costs and Gwen is determined to make all of Clay's dreams come true. If they can just avoid psycho ex-fiances, controlling mothers, and the press, they can finally have their happily ever after. But will their faith in each other be enough to withstand everyone working against them? Or will their life together be over before it even has a chance to begin? **This is the third and final installment of the Possession and Politics trilogy. These are not standalone novels and should be read in order. Recommended for readers 18 and up due to mild language and sexual content and certain situations that some may find uncomfortable."

The defeat of House Majority Leader Eric Cantor on June 10, 2014, was the most stunning upset in modern political history. Shown by his own polling to be leading by 34 points in the Virginia district he'd represented fourteen years, outspending little-known primary opponent Dave Brat 40-1, Cantor - widely presumed to be the next Speaker - was crushed by eleven points. Typically, the elite media had totally missed the story, buying into the narrative of Cantor-the-inevitable. Meanwhile the Brat campaign was putting together a vast, highly motivated grassroots army that day by day, voter by voter, was exposing Cantor for who he really was: not the staunch 'young gun' conservative he played on TV, but one of the nation's leading RINOs (Republican in Name Only), indifferent to his constituents, deeply self-interested and a key behind-the-scenes Democrat enabler on Obamacare, immigration and spending. The architects of that remarkable, against-all-odds victory were 23-year old Zach Werrell and 24-year old Gray Delany. In 'How to Bag a RINO,' they reveal in detail how it was achieved, and

why it is a model for similar insurgent GOP campaigns across America as grassroots Republicans fight to take back their party, and the country. "This is the book the Republican Establishment does NOT want you to read" - Peter Schweizer, author of 'Clinton Cash' and 'Throw Them All Out.'

This is a print on demand edition of a hard to find publication. Contents: (1) Recent Developments: Parliamentary Elections 2009; Lebanon and Israel; Cluster-Bomb Coordinates; Arrests of Alleged Israeli Intelligence Agents; Hariri Tribunal; (2) U.S. Policy Toward Lebanon; (3) Political Profile: Demography; Civil War, Occupation, and Taif Reform; Syrian and Israeli Incursions; Taif Agreement; Syrian Withdrawal and Parliamentary Elections of 2005; U.N. Resolutions and the Tribunal; Sectarianism and Stability; Political Stalemate; Renewed Sectarian Violence; Doha Agreement; Unity Gov₂t.; (4) Current Issues in U.S.-Lebanon Relations: Confronting Hezbollah; Hezbollah's Al Manar TV; Lebanon-Syria Relations; The Shib₂a Farms; Extremist Groups in Lebanon; The Lebanese Armed Forces; (5) U.S. Assistance.

Artemis the Pig isn't like the other farm animals. He wants to fly with the butterflies and he's determined to build something to let him do just that! This delightful tale teaches the importance of creativity and perseverance in pursuing goals. Recommended for ages 3-10. Makes a great bedtime story.

Persuasively arguing that because urban apartheid was intentionally erected it can be intentionally dismantled, *The Black Butterfly* demonstrates that America cannot reflect that Black lives matter until we see how Black neighborhoods matter.

Veteran politicians' prayer book for Nation Building

This book is an assessment of the state of Black media, Black families, Black colleges, and Black churches. This discussion manual is a declaration of what must be done to start a MOVEMENT to save the children. This 90-page monologue is an appeal for Black America to reset our agenda by moving away from consumerism and our participation in the entertainment industrial complex and a call for us to return to education and spirituality.

This 120-page journal features: 117 wide-ruled lined pages 5.5" x 8.5" size - big enough for your writing and small enough to take with you smooth 55# cream-color paper, perfect for ink, gel pens, pencils or colored pencils a cover page where you can enter your name and other information a beautiful full-color cover illustration of luminescent butterflies in flight that wraps around the front and back covers a matte-finish cover for an elegant, professional look and feel This journal can be used for writing poetry, jotting down your brilliant ideas, recording your accomplishments, and more. Use it as a diary or gratitude journal, a travel journal or to record your food intake or progress toward your fitness goals. The simple lined pages allow you to use it however you wish. Journals to Write In offers a wide variety of journals, so keep one by your bedside as a dream journal, one in your car to record mileage and expenses, one by your computer for login names and passwords, and one in your purse or backpack to jot down random thoughts and inspirations throughout the day. Paper journals never need to be charged and no batteries are required! You only need your thoughts and dreams and something to write with. These journals also make wonderful gifts, so inspire someone you love today!

A Treatise on 2nd Amendment Rights in the 21st Century is the result of research and analysis intended to answer one primary question: Has there been a shift away from the Constitution in regards to the powers of the government and rights of the people,

creating an increasing threat of government tyranny and oppression, while subsequently restricting and prohibiting the right of the people to keep and bear arms through perceptual manipulation and circumvention? The Second Amendment, and the subsequent gun control debate, has now succumbed to the most polarized extremist ideologies since slavery. At its current pace, it will continue to follow the same path. These ideologies are fueled by the conflicting fears of government tyranny and domestic terrorism, along with a renewed sense of religious conflict. Many people follow one or the other of these extremist ideologies on pure emotion, without ever questioning facts or sound logic. A Treatise on 2nd Amendment Rights in the 21st Century goes beyond the prevalent extremist bias and is a logic based pursuit of the facts in a fair, balanced and yet often comical read that anyone can relate to. The scope of the Second Amendment right is evaluated from three intertwined perspectives; the evolution of the right itself, the actual need to have the right as evaluated through changes in scope of the militia and the military, and the people's perceptions of the right as a result of both legislation and the media. Part 1 is broken down by a chronological history of the evolution of the right and the subsequent legislation and events which have dramatically affected the right. Part 2 covers the concept of insurrection, religion and the media in relation to the Second Amendment right along with an evaluation of specific points of issue and major players in the current gun control debate. The conclusion offers a logic based framework for gun legislation policies going forward. A Treatise on 2nd Amendment Rights in the 21st Century is a pilgrimage down a path towards the heart of the Second Amendment right and it is a journey "we the people" are long overdue to take. Should you wish to embark on such a journey, the map is now in your hands.

This book explains the political rise of Donald Trump: why he appeals to voters, and why the united forces opposing him couldn't defeat his candidacy.

International Relations scholars have traditionally expressed little direct interest in addressing time and temporality. Yet, assumptions about temporality are at the core of many theories of world politics and time is a crucial component of the human condition and our social reality. Today, a small but emerging strand of literature has emerged to meet questions concerning time and temporality and its relationship to International Relations head on. This volume provides a platform to continue this work. The chapters in this book address subjects such as identity, terrorism, war, gender relations, global ethics and governance in order to demonstrate how focusing on the temporal aspects of such phenomena can enhance our understanding of the world. Contributors: Andrew Hom, Christopher McIntosh, Liam Stockdale, Alasdair McKay, Shahzad Bashir, Kevin K. Birth, Valerie Bryson, Kathryn Marie Fisher, Robert Hassan, Caroline Holmqvist, Kimberly Hutchings, Tim Luecke, Tom Lundborg, Tim Stevens and Ty Solomon. Sayings of a Sage is a modern day anthology of sayings and instructions. Be it witnessing the deaths of hundreds on the battlefields of Iraq, or while traversing through the streets of ghettos across America, many of the sayings, and perhaps some instructions, were composed during the most trying of times. The origin of the material, however, need not be imagined. All came manifestations of experience, yet much of the wisdom and observations could surely have been elaborated and re-expressed by learned scribes of antiquity whom I have studied over the past couple decades. There

can be no doubt, however, that Sayings of a Sage is thought provoking literature that wins readers with its compelling portrait of wisdom and inviting them to see life afresh, "wisely," through its wit, originality, and shrewd observation. The primary purpose of the book is to teach wisdom, not only to the young and inexperienced, but to also welcome the older generation into a school of thought often ignored. Wisdom in the ancient Near East was not theoretical knowledge but practical expertise. Jewelers who cut precious stones were wise; kings who made their dominion peaceful and prosperous were wise. Can one not be wise in daily life, too, in knowing how to live and traverse through life without experiencing both peace and trouble in the Creator's omniverse? Ultimately, wisdom, aims at the formation of character and behavior. Sarim the Sage

From a kid who shunned politics, to rescuing a political party from extinction, to leading a political party for a decade, to getting elected to public office, Pat Dixon tells the story of third party politics and the wacky adventures along the way. A mold-breaking memoir of Asian American identity, political activism, community, and purpose. Not Yo' Butterfly is the intimate and unflinching life story of Nobuko Miyamoto--artist, activist, and mother. Beginning with the harrowing early years of her life as a Japanese American child navigating a fearful west coast during World War II, Miyamoto leads readers into the landscapes that defined the experiences of twentieth-century America and also foregrounds the struggles of people of color who reclaimed their histories, identities, and power through activism and art. Miyamoto vividly describes her early life in the racialized atmosphere of Hollywood musicals and then her turn toward activism as an Asian American troubadour with the release of A Grain of Sand--considered to be the first Asian American folk album. Her narrative intersects with the stories of Yuri Kochiyama and Grace Lee Boggs, influential in both Asian and Black liberation movements. She tells how her experience of motherhood with an Afro-Asian son, as well as a marriage that intertwined Black and Japanese families and communities, placed her at the nexus of the 1992 Rodney King riots--and how she used art to create interracial solidarity and conciliation. Through it all, Miyamoto has embraced her identity as an Asian American woman to create an antiracist body of work and a blueprint for empathy and praxis through community art. Her sometimes barbed, often provocative, and always steadfast story is now told.

Haunted by an urgent voice she hears each time she reads a book by Carlos Castaneda, Gail seeks out Castaneda's apprentice, and she finds herself catapulted into a strange world of shamans, metaphysics, and ancient beings. She is thrust forward onto a dangerous path that takes her from the safety of her everyday world into the radiant landscape where true power lives. Here, she is introduced to an ancient couple, who have lived and loved beyond time itself. She offers up her heart to become a co-conspirator with them in an unbelievable task. She must journey into the ancient records and retrieve the knowledge that broke this ancient couple and humanity itself apart. The death-bed promise this

ancient couple made to each other eons ago is also the key to humanity's own resurrection. It is this—the Butterfly Promise—that will return us to our true powers and to our wholeness once again.

Many political parties base their political action and election program on an ideology. In social studies, a political ideology is a certain ethical set of ideals, principles, doctrines, myths or symbols of a social movement, institution, class, and/or large group that explains how society should work, and offers some political and cultural blueprint for a certain social order. A political ideology largely concerns itself with how to allocate power and to what ends it should be used. Some parties follow a certain ideology very closely, while others may take broad inspiration from a group of related ideologies without specifically embracing any one of them. The popularity of an ideology is in part due to the influence of moral entrepreneurs, who sometimes act in their own interests. Political ideologies have two dimensions: 1.Goals: How society should be organized. 2.Methods: The most appropriate way to achieve this goal. An ideology is a collection of ideas. Typically, each ideology contains certain ideas on what it considers to be the best form of government (e.g. democracy, autocracy, etc.), and the best economic system (e.g. capitalism, socialism, etc.). Sometimes the same word is used to identify both an ideology and one of its main ideas. For instance, "socialism" may refer to an economic system, or it may refer to an ideology which supports that economic system. Political ideology is a term fraught with problems, having been called "the most elusive concept in the whole of social science"; however, ideologies tend to identify themselves by their position on the political spectrum (such as the left, the center or the right), though this is very often controversial. Finally, ideologies can be distinguished from political strategies (e.g. populism) and from single issues that a party may be built around (e.g. opposition to European integration or the legalization of marijuana). This book attempts to divide the ideologies found in practical political life into a number of groups; each group contains ideologies that are related to each other. The names do not necessarily imply some hierarchical order or that one ideology evolved out of the other. They are merely noting the fact that the ideologies in question are practically, historically and ideologically related to each other. One ideology can belong to several groups, and there is sometimes considerable overlap between related ideologies. Also, keep in mind that the meaning of a political label can differ between countries and that parties often subscribe to a combination of ideologies. This book gives an overview of the many ideologies that form the backbone of the many types of political systems that exist. Also read the companion volume "The Many Forms of Government" at: <https://www.createspace.com/6057437> This book is designed to be a general overview of the topic and provide you with the structured knowledge to familiarize yourself with the topic at the most affordable price possible. The level of discussion is that of Wikipedia. The accuracy and knowledge is of an international viewpoint as the edited articles represent the inputs of many knowledgeable individuals and some of the most currently available general knowledge on

the topic based on the date of publication.

The dangerous turmoil provoked by the breakdown in Russo-Ukrainian relations in recent years has escalated into a crisis that now afflicts both European and global affairs. Few so far have looked at the crisis from the point of view of Russo-Ukrainian relations, a gap this edited collections seeks to address.

A Philosopher Looks at The Sense of Humor by Richard C. Richards is intended as a starting point for a philosophical discussion. A colleague once said that Richards writes about humor in a humorous way. He said there are serious books about humor, and humorous books, but a combination of the two occurs rarely. In this tour of the wide, wonderful world of the humorous, he touches upon such issues as what causes a sense of humor, whether it can be taught, what its value may be, how it is connected with happiness, and whether it should be placed on the endangered species list. He out of necessity explores the habitat of the amusing, the entertaining, and the comedic. There is considerable laughter in the world, and a more than abundant supply of things to laugh at. But since laughter and humor are only partially and not essentially connected, this may end up being a eulogy for the death of humor. Perhaps this book will cause it. We can only hope. This book may also be useful as a textbook in a classroom setting.

One act set in motion a chain of events that threatened one Catholic community's ability to thrive. It happened between 1945 and 1946 at the headquarters of the Archdiocese of Detroit in the Chancellor's office. Msgr. John C. Ryan called an emergency meeting with the cardinal... And so the stage was set for the years of turmoil that followed and the subsequent demise of this once vibrant church. Here comes the author who gives the reader an intimate look at her church, the township she grew up in, and its historical significance to World War II, Henry Ford's auto plant, migration from the south, and the housing crisis that was unfolding. The reader is introduced to the pioneers of this West Eight Mile Community who helped shape and establish this community that shaped her. But the book takes a different turn as the research uncovers forgotten secrets... Today (2014) this little church is in danger of closing its physical doors forever!! Stay tuned as this story continues to unfold.

A great American crank, in the best sense of the word, Charles Hoy Fort (1874-1932) spent his life hunting down reports of "anomalous phenomena"- "damned" events such rains of frogs, cattle mutilations, and UFO sightings- and studying them from a true outsider's perspective, one that characterized even objective science as wearing blinders in its approach to them. In this modern classic of analytical biography, Colin Bennett examines not only the life of this one-man investigator of real-life X-Files but his work as well, likening him to such diverse figures that loom in the cultural imagination as Lee Harvey Oswald and Shakespeare's Hamlet. A must-read for fans of the strange, this riveting book explores why the 20th century, which gave rise to conspiracy-theory philosophies and widespread distrust of social authority, embraced Fort so wholly that his name has been

immortalized in the adjective "Fortean." In the course of a delightfully misspent youth, COLIN BENNETT was employed as both a musician and as a mercenary soldier. He was far better at the second than at the first. Educated at Balliol College, Oxford, he is the author of the novels *Infantryman* and *The Entertainment Bomb*, and paranormal nonfiction including *Looking for Orthon*, a biography of George Adamski; *Politics of the Imagination*, a biography of Charles Fort; and *An American Demonology*, about the head of the 1950s UFO-hunting agency Project Blue Book.

Journeys To Success: The Millennial Edition is the fourth volume in this extraordinary book series. If you are looking for real-life stories that break the stereotype of today's younger digital natives, this is the book for you. Time to get rid of your Generational Stereotypes. Each author recounts their personal experiences, and sacred moments of complete and utter failure...and the wisdom gained and the lessons learned that gave them the strength to dramatically shift their mindset. Based on the success principles of Napoleon Hill, each author begins their story from the worst moment in their lives—the turning point—revealing the driving force behind what they do today to make this world a better place. Award-winning business author Brad Szollose and Napoleon Hill Instructor Tom Cunningham bring together 21 of the most extraordinary Millennials ever assembled for a deep dive into what it takes to be successful. Believe this is a generation of coddled brats that need emotional stroking to get through life? Guess again. Get ready for an eye-opening journey. Whatever your current circumstances or life situation, the stories in *Journeys to Success: Volume 4: The Millennial Edition* will deeply connect and shed light on the fact that this generation is mentally tough, unwilling to play it safe and doing big things. And we warn you in advance: this book contains strong language and intense situations that would crush a less developed soul. A must read gift for anyone who wants to understand Millennial Thinking. Authors include: Lacey Ann Moen-Rubleski, Ryan D. Kelly, David Benzaquen, Chad De Luca, Andrew Fayad & Simon Casuto, Katrina Lockard, Sebastian Edmond, Mark Jackson II, Sara Gabriella, David Torres, Danielle Rubenfeld, Gabriel Garcia, Adam Hommey, Kristi Crum, Lee Constantine, Sania Jamil, Chris Ake, Jay Patel, Kirk Holmes and Carmelo "Scotty" Ramos. Foreword by Brad Szollose. Introduction by Tom "too tall" Cunningham.

The miniscule motion of a butterfly's wings can trigger a tornado half a world away, according to chaos theory. Catharine A. MacKinnon's collected work on gender inequality—including new pieces—argues that the right seemingly minor interventions in the legal realm can have a butterfly effect that generates major social and cultural transformations.

The Butterfly Defect addresses the widening gap between the new systemic risks generated by globalization and their effective management. It shows how the dynamics of turbo-charged globalization has the potential and power to destabilize our societies. Drawing on the latest insights from a wide variety of disciplines, Ian Goldin and Mike Mariathan provide practical guidance for how governments, businesses, and individuals can better manage globalization and risk. Goldin and Mariathan demonstrate that systemic risk issues are now endemic everywhere—in supply chains, pandemics, infrastructure, ecology and climate change, economics, and politics. Unless we address these concerns, they will lead to greater protectionism, xenophobia, nationalism, and, inevitably, deglobalization, rising inequality, conflict, and slower growth. *The Butterfly Defect* shows that mitigating uncertainty and

risk in an interconnected world is an essential task for our future.

Anita de la Torre never questioned her freedom living in the Dominican Republic. But by her 12th birthday in 1960, most of her relatives have emigrated to the United States, her Tío Toni has disappeared without a trace, and the government's secret police terrorize her remaining family because of their suspected opposition of el Trujillo's dictatorship. Using the strength and courage of her family, Anita must overcome her fears and fly to freedom, leaving all that she once knew behind. From renowned author Julia Alvarez comes an unforgettable story about adolescence, perseverance, and one girl's struggle to be free.
